

Dear Kindergartner,

Welcome to Room 122! My name is Mrs. Sundholm, and I am excited to be your teacher this year. We are going to have so much fun learning together!

I will teach you all about reading and writing. One of my favorite times of the year is when we do an author study of Mo Willems. We learn about Elephant & Piggie, Knuffle Bunny, Pigeon and more. We even get to learn how to draw these characters and use speech bubbles! I can't wait to see how you draw Elephant & Piggie.

I will also teach you all about math. One of my favorite days in kindergarten is when we celebrate the 100th day of school. We do lots of fun 100th day activities, and one of our class puppets, Zero the Hero, comes to celebrate with us. I bet you will like it, too.

There is also time for art, playing on our playground, meeting new friends, and having Plan Do Review (what we call Choice Time).

A little bit about Mrs. Sundholm

I grew up in the Seattle area and have spent most of my life here. I am married and have one son and one daughter. I enjoy reading, going for morning walks, gardening and spending time in Chelan. My family and I hiked, swam, and visited friends and relatives this summer.

Mrs. Sundholm at 5 years old. (I'm a little older than that now.)

See you very soon! I can't wait to hear what you did this summer!

Love,

Mrs. Sundholm
