"Children first, learning always at the school with the BIG ideas!"

August 25, 2023

The Romulus Central School District is pleased to announce a meal certification option available to schools participating in the National School Lunch Program and School Breakfast Program called the Community Eligibility Provision (CEP). The provision enables each student enrolled in the participating schools to receive breakfast and lunch at no charge on days when school is in session, regardless of income.

Each student will be allowed one full breakfast and one full lunch per day, under the certification.

**Please note, that a student must select a "complete reimbursable meal," if they do not, each item they purchase will be considered a la carte and will have to be paid for. If a student only wants a milk with their meal, there will be a charge for the milk. Milk alone is not a reimbursable item through the CEP program. In order to be reimbursable, a student would have to get a fruit and vegetable with their milk. Please contact Kelly Updyke with any questions regarding meals.*

No further action is required on your behalf to participate. However, the **District encourages families to complete** the Community Eligibility Provision (CEP)/Household Income Eligibility Form to help secure future grants and funds for the school meal program.

Families completing the form may drop it off at school, mail Kelly Updyke, 5705 Route 96, Romulus, NY 14541, or email it to kupdyke@romuluscsd.org

Families with questions please call (866) 810-0345 ext. *326

We are excited about this program and the positive impact it will have on our students' well-being and academic success. Thank you for your support in making Romulus a healthy and thriving environment for everyone!
