

Dear Parents,

This year we will be more restrictive on negative balances as we try to minimize the number and amount of negative balances.

We understand some payments can be overlooked. If you have a negative balance, we would like some form of payment as soon as possible as the balance is well beyond the due date. We do have an Angel Fund program available for those who qualify.

We will be sending out email reminders when an account reaches any negative balance.

When an account reaches -\$150.00 your student will only be allowed to purchase the main entrée and a water until the account is current.

If your student's account reaches -\$200.00 your student's will account will be suspended until the balance is current.

All Payments can be made online. We also accept cash and check made out to Taher which can be dropped off at the front Lourdes office or in the kitchen with a cashier. Payments can also be made on <https://www.ezschoollapps.com/>

If you have any questions please feel free to reach out at my email Jason.Hughes@rcsmn.org
