## **Carroll ISD Tops DFW Rankings with A+ Rating from Niche.com**

*Southlake, TX* - Carroll Independent School District (CISD) is celebrating another year at the top amongst school districts in DFW. This recognition comes along with an A+ rating from Niche.com, a leading platform for researching and comparing schools throughout the United States.

The school ranking site analyzes test scores, college readiness, and graduation rates, as well as reviews from parents and students for its scores. CISD students consistently perform well on all metrics: STAAR test mastery in both reading and math are significantly higher than state averages; ACT and SAT scores are above the national average; and 99% of graduating students go on to higher education. The district has also won the UIL Lone Star Cup eight times, and had a record number of National Merit Scholar Finalists in 2023.

“We are thrilled to be recognized as the top district in DFW and to have received an A+ rating from Niche.com,” said Superintendent of Schools Dr. Lane Ledbetter. “This achievement reflects the dedicated efforts of our outstanding educators, staff, students, and the entire Carroll ISD community. We are committed to fostering a learning environment that not only challenges and empowers our students, but also nurtures their growth as responsible, compassionate, and innovative citizens with integrity and strong character.”

This accomplishment is a testament to CISD’s comprehensive approach to education, which encompasses rigorous academic programs, robust extracurricular offerings, and a collaborative partnership between educators, parents, and the community at large. The district remains committed to its pursuit of excellence, continually evolving to meet the needs of its diverse student body to prepare the leaders of tomorrow, while upholding the values that have defined CISD for generations.
