DRESS CODE & GUIDELINES

Formal wear must meet the following criteria without additional covering, i.e. scarf, shawl, coat, jacket, etc.

- Strapless dresses, strapped dresses and halter-tops must be properly fitted and may not be cut lower than the natural waist in the back.
- No low-cut dresses that over expose cleavage in the front or side for females, and males must have chest covered at all times.
- Dresses must be fingertip length; slits must extend past fingertip length.
- All dresses must cover the midriff region (*area of the body between chest and waist aligned with the outside of the shoulders*) and be modest.
 - Two piece dresses are allowed provided they do not exceed one inch in midriff coverage.
- Mesh, lace, skin color, or any other “see-through” material does not count as coverage for the required areas addressed in this code.
- Dress blue jeans or trousers must be neat, clean, properly fitted and not expose the underpants.
- All male students are required to wear a collared, buttoned up shirt. The shirt may not be removed or unbuttoned more than two buttons from the collar.

If a student or parent has a question as to whether a garment is acceptable or not, then the student/parent is responsible for obtaining “pre-approval” from a same gender campus administrator. The campus administrator has the final authority to determine whether grooming or attire is appropriate for the event.
