## CTE AUTHORIZATIONS ARE ALTERNATIVE LICENSES

Almost 10 percent of current D11 CTE teachers come from non-traditional backgrounds and are working under a CTE authorization.

We have to change how we measure, reward and encourage experience. The old paradigm of college degrees, credits and teaching experience is broken.

D11 has to walk the walk that CTE has been talking.

# RECRUITMENT AND RETENTION

**We have failed to meet state set benchmarks for non-traditional enrollment 2 years in a row.**

**While the formula is complex, and some elements are beyond our control, the bottom line leads to recruiting more non-tradition genders in gender-traditional CTE programs, as well as recruiting more minorities.**

# HOW DID WE DO IN 21-22...

# **CTSO Task Force & New Program Manager Task Force**

**Two areas of need require TASK FORCE level attention this year.**

**The growth of CTSO programs has led to outstanding success in CTSO activity. Our commitment to compensating professional development and CTSO has led to a budget crisis. We need to examine how to budget CTSO work effectively.**

**The district has launched an initiative to support teachers who work at a program coordination level. We need a TASK FORCE to define the work and expectations of CTE Program Coordination.**
