

Colorado Springs School District 11
DAC (District Accountability Committee) Accreditation Subcommittee Meeting Minutes
Monday, November 8, 2021 (5:00pm-6:30pm)

www.d11.org/Page/6992

Recording of meeting commenced at 4:55pm

Meeting Attendees:

Brenda Miller, Clara Hoellerbauer, David Khaliqi, Julie Ott, Lyman Kaiser, Marion Clawson, Natasha Crouse, Stacy Brisben, Thom Moore, Trish Nixon, Velvet Stepanek

Agenda discussion:

I. Attendance, behavior, early warning

Brief overview of Unified Insights platform (via Hoonuit/PowerSchool) was given. This discussion will take place in January when the data is fully available and accurate.

II. Enrollment – Dr. Khaliqi

November 10th is final upload to CDE regarding October Student Count. October 1st is the day that we document any student who enrolls or withdraws and then we look at a few days preceding and following October 1st, and track and gather documentation for students enrolling from outside. This is also where we monitor attendance over an 11-day period to get an accurate account of attendance (enrollments and withdrawals).

DecisionInsite (via Hoonuit/PowerSchool) is a new tool we are using where we send DecisionInsite our data and they overlap it with other data (census and demographical data). This tool allows us to select data for boundaried areas of the district in small or large scales of whichever boundary is specifically set, including where our out-of-district students live, where our non-D11 attending students live, special program availability, before and after school programs at each particular school, potential enrollment analysis reporting, etc., all in an easy to use tool which has report building capabilities. This tool would be a good use for marketing, mailing/contact lists, to reach out to families that have left our District to find out what the decision-making factors were when choosing to leave, etc. We need to improve on marketing, improving our perceived image, and making connections with families in our District.

Reviewed Executive Insite Report (available here www.d11.org/Page/6992)

III. Baseline Growth Data (math focus, comparison to state)

Time did not allow for discussion but information can be found via the CDE website:

<https://www.cde.state.co.us/district-school-dashboard>

Next DAC Accreditation meeting will take place Monday, December 13th, 2021 from 5:00pm-6:30pm

DAC Accreditation meeting minutes can be found in the DAC Drop box:
