COLORADO SPRINGS SCHOOL DISTRICT ELEVEN

Dr. Michael J. Thomas, Superintendent Phoebe Bailey, Assistant Superintendent – Personnel Support Services

District Accountability Committee Full DAC Committee Meeting

Thursday, February 18, 2021 6:00 – 8:00pm Via WebEx

1.	Welcome/Introductions- Velvet Stepanek, DAC Chair- 5 minutes
2.	GoGuardian Software Use – John McCarron, Assistant Superintendent-Technology Services – 20 minutes
3.	Facilities Master Plan Community Input & Outreach – Josh Chism, Devra Ashby, Susan Miller 60 minutes
4.	Budget Subcommittee Update – Michael Reyes – 5 minutes
5.	Accreditation Subcommittee Update – Jane Tucker – 5 minutes
6.	Training & SAC Support Subcommittee Update – Lyman Kaiser – 5 minutes
7.	Finish Capacity Report Information – Lyman Kaiser – 15 minutes
8.	Closing – Velvet Stepanek – 5 minutes

T & SS meetings, March 2, April 6, May 4, via WebEx or Volunteer Services Conference Room if in person

SAC Training, April 8, via WebEx or Tesla if in person DAC meetings, March 18, April 15, May 13, via WebEx or Tesla if in person

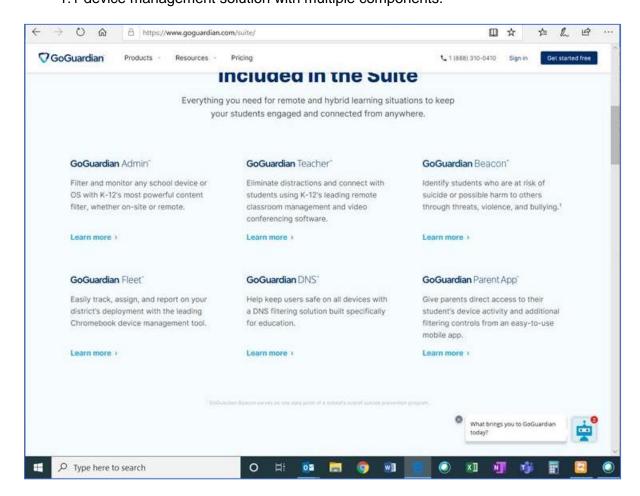

2021-2-18 District Accountability Committee GoGuardian Q&A

The DAC is concerned about student engagement during these times. Some schools are using a program called GoGuardian. Please explain how the district is using this software? Is it being used at all schools or only some? Is it potentially going to be used everywhere?

1. Please explain how the district is using GoGuardian software.

Seven Middle Schools piloted GoGuardian as a Proof of Concept (POC) this semester and many elementary schools also expressed interest. GoGuardian is a comprehensive 1:1 device management solution with multiple components:

- Initial testing included GoGuardian Teacher for classroom management and GoGuardian Admin for internet filtering and monitoring.
- The GoGuardian Admin testing was discontinued due to overlap/conflicts with the existing Internet content filter.
- GoGuardian Teacher enables teachers to know what students are doing on their devices, and keep them on-task. Key classroom management tools include:
 - Viewing and locking student screens
 - Screen sharing for teacher and student
 - Viewing, restricting, and closing student browser tabs
 - Off-task alerting and reporting.

2021-2-18 District Accountability Committee GoGuardian Q&A

2. Is GoGuardian being used at all schools or only some?

- Due to the complexity of testing multiple device types, adding additional schools, and technical considerations, the POC was limited to GoGuardian Teacher using Chromebooks at middle schools.
- The following middle schools purchased GoGuardian Teacher for the remainder of the school year. Each school purchased a different number of licenses for their school:
 - 1. Holmes
 - 2. Jenkins
 - 3. North
 - 4. Russell
 - 5. Sabin
 - 6. Swigert
 - 7. West.

3. Is GoGuardian potentially going to be used everywhere?

- Possibly we have a great opportunity coming later this semester/summer.
 District 11's content filter contract is up for renewal and will go out for a competed RFP process.
- Many Internet filtering companies have unique school-level components within their systems, such as website monitor, language filters, reports, student device management, etc.
- There are many companies that would love to have our business now that we are a 1:1 school district, including but not limited to GoGuardian.
- Instructional Technology and the Technology Division are excited to partner with other departments during this RFP to ensure the school/classroom/teacher voice and need are included when deciding on the next content filter and device management system.
- Our commitment during this RFP is to include teacher/school needs gained from the POC use of GoGuardian and look for a product that can satisfy all needs that have been identified.

Colorado Springs School District D11 Facilities Master Plan (FMP) Draft Recommendations

BOARD OF EDUCATION | AGENDA

- Framework
- Community Engagement
- Rebuilding D11
- Costs by Category and Priority
- Planning and Implementation

It's time to address

- Aging facilities
- A new Academic Master Plan
- A new Facilities Master Plan
- Equitable education and programs for all students

PRINCIPLES BEHIND THE PLAN Rebuild, Reimagine, Rediscover D11

DIII SON

EQUITABLE ACCESS TO HIGH-QUALITY LEARNING ENVIRONMENTS

Promotes equity

 All schools will receive priority repairs with options created to provide equitable access to high-quality facilities district-wide

Created from data, drives towards the vision

 Options are created to meet the needs of each planning area as identified by the data and informed by stakeholders

Community engagement materially impacts each step

 Engagements help inform the vision, planning priorities, options developed, and the final recommendations

Transparency throughout the process

 The project website provides up-to-date documents from the process with notices of upcoming events

All options are created to be "trade-up" scenarios for students

 No option will be considered if it does not improve the learning environment for students

Align the Facilities Master Plan with the Strategic and Academic Master Plans.

PRINCIPLES BEHIND THE PLAN Rebuild, Reimagine,

s time to deimagine, ocover D11

EQUITABLE ACCESS TO HIGH-QUALITY LEARNING ENVIRONMENTS

Data shows the smallest elementary schools are the oldest, have the highest condition needs, the highest percentage of students who choice out of the boundary, and serve the highest percentage of students on free and reduced lunch.

The FMP recommendations prioritize rebuilding D11 schools in the worst condition, prioritizing investments in those schools serving the highest percentage of students on FRL, where the highest percentage of students currently choice-out of their assigned ES boundary.

*the remaining investments recommended in the FMP pertain to districtwide schools, district-run charter schools, and districtwide investments in all MS and HS.

COSTS PER SQUARE FOOT ASSUMPTIONS

Assumptions:

- [1] Estimate of costs for ES, MS and HS were secured by estimates from 3 local contractors, two local school districts, and incorporates recent comparative capital project costs.
- [2] Renovation costs assume approximately 2/3 cost of rebuild of facility based on estimates provided by local contractor.
- [3] Repurpose pricing assumes \$15 per sq ft for demolition, asbestos abatement costs prior to demolition, and \$1M for an ES and \$2M for a MS to convert sites to a park-like setting.
- [4] 25% soft costs to be added to incorporate design fees, contingencies for unforeseen conditions and overhead and management fees.
- [5] Escalation rate of 5% per year was utilized.
- [6] Pricing utilizes 2024 projected rates as this will be the midpoint of the bond program.

											464,020,357
									Options 1 - 2.1	\$	255,585,089

Financial Assumptions:

\$25M: General Fund – \$5 million per year over 5 years.

\$75M: Mill Levy Override 2017 – \$15 million per year over 5 years.

\$350M: Bond – proceeds from sustaining current mils (no tax increase). Target Fall 2021.

\$450M: Phase 1 – 2021-2026

REBUILDING D11 | CRITICAL PATH TO NOVEMBER

Steps	Board acceptance or modification of the plan (<1 month)									
between	Review of capacities and locations for alignment with Academic Master Plan (<3 months)									
now &	Create a plan for all sites being repurposed (<5 months)									
November	Develop and implement communications plan (in process, Communications team)									
	Develop staffing implementation plan (Human Resources Team)									
	Continued community outreach ~ boundary evaluations									
	Consider updating Educational Specifications									
	Consider pre-design work to promote equity and cost-savings
