

How to change 2-Sided printing default to 1-Sided (Recommended)

To change your Konica Minolta default print driver setting on your computer workstation from 2-sided to 1-sided, follow these steps:

- From your computer workstation, select **Control Panel > Devices and Printers**
- Right-click on your Konica device
- Select **Printing Preferences**
- In the Print Type dropdown menu, select **1-sided**
- Click **Apply**
- Click **OK**
