Message from Principal Norman...

Dear Odyssey ECCO Families,

Thanks for a great start to the school year! I am very excited as I visit classrooms and see students and instructors engaged in meaningful educational experiences that range from deep Socratic seminars to in-depth and exciting science labs. I see thoughtful and meaningful intention, that maximizes student achievement on a daily basis. Odyssey ECCO is committed to making sure that all our students are valued, inspired to give their best, and supported to be successful in their pursuit to complete their associates degree while in high school. All we do centers around this mission and as a team of instructors, students, families, and community members, we can achieve this!

Students, please know I am impressed by your effort over this 1st quarter. Remember to continue to make those positives choices in and out of the classroom, be present, and give back to your community when possible. Above all, know that Odyssey ECCO cares about you, as we stretch and grow you into the young adults we know you can become. Remember, phoenix R.I.S.E to meet their challenges and we are here to support you.

Sincerely,
Sean Norman

Odyssey ECCO sudoCYBER NCCSA Chapter CTSO Hosts U.S State Department International Leadership Visitors Program

At the request of the Colorado Springs EDC and Colorado Springs World Affairs Council our sudoCYBER CTSO students hosted a group from the U.S. State Department's International Leadership Visitors program.

The focus of this U.S State Department program was cybersecurity. Our 34 visitors were all cybersecurity experts visiting from 30 different countries from around the globe.

Our students utilized their cyber and network skills and knowledge to prepared and demonstrate a range of concepts and technologies including, how threat agents can use network management tools such as Wireshark and Nmap as offensive tools, password security and building simulated networks using Cisco Packet Tracer.

Congratulations to our students for making the visit to our Cyber Lab "the highlight" of their nation-wide tour.

Odyssey ECCO sudoCYBER CTSO Team Captures First Place in the Inaugural Colorado Springs Mayor's Cyber Cup PSA Video Competition

Students from high schools across El Paso participated in the inaugural Colorado Springs Mayor's Cyber Cup PSA Video Competition. For the competition, students created 30 second, Cybersecurity Public Service Announcement (PSA) videos on one of three topics. Six teams from our sudoCYBER CTSO organization participated in the competition. All students participating in the competition and their parents/guardians were invited to a luncheon at the Broadmoor International Conference Center during the National Cybersecurity Center Symposium to celebrate the program and recognize the winners. The first place winning team of Alex Umana and Kyle Donahoo captured the hearts and minds of the judges with a creative Cyber Bullying PSA.

On [Colorado Free Application Day](#), you can apply for FREE at Colorado's 32 public colleges and universities and several private institutions.

How does it work? Students must submit a completed admissions application between 12:01 a.m. and 11:59 p.m. on Oct. 15, 2019 only. Any admissions applications that have been started but not submitted may not be granted a waiver. Each institution will have a unique process to waive the admissions application submission fee. Visit the [Colorado Free Application Day webpage](#) to find specific information by institution.

To take advantage of [Colorado Free Application Day](#), it's best to have all admissions application materials prepared, double-checked and reviewed before October 15. That way, you can submit a high-quality, complete application and improve your chances of getting accepted.

Colorado Free Application Day caps off Colorado Applies Month, a statewide campaign that encourages high school seniors to successfully apply to a job or higher education program and submit their [Free Application for Federal Student Aid](#) (FAFSA).
