

Assessment criteria overview

Assessment for language acquisition in all years of the programme is criterion-related, based on four equally weighted assessment criteria:

Criterion A	Comprehending spoken and visual text	Maximum 8
Criterion B	Comprehending written and visual text	Maximum 8
Criterion C	Communicating in response to spoken and/or written and/or visual text	Maximum 8
Criterion D	Using language in spoken and/or written form	Maximum 8

Subject groups **must** assess **all** strands of **all** four assessment criteria **at least twice** in **each year** of the MYP.

In the MYP, subject-group objectives correspond to assessment criteria. Each criterion has eight possible achievement levels (1–8), divided into four bands that generally represent limited (1–2); adequate (3–4); substantial (5–6); and excellent (7–8) performance. Each band has its own unique descriptor that teachers use to make “best-fit” judgments about students’ progress and achievement.

This guide provides the **required assessment criteria** for phases 1 to 6 of MYP language acquisition. In response to national or local requirements, schools may add criteria and use additional models of assessment. Schools must use the appropriate assessment criteria as published in this guide to report students’ final achievement in the programme.

Teachers clarify the expectations for each summative assessment task with direct reference to these assessment criteria. Task-specific clarifications should clearly explain what students are expected to know and do. They might be in the form of:

- a task-specific version of the required assessment criteria
- a face-to-face or virtual classroom discussion
- a detailed task sheet or assignment.
