

Hello, my name is Heather Shaw. I am very excited to teach 2nd grade and get to know you and your child.

This year begins my 15th year at Rudy. My first year at Rudy, I was a reading tutor. Since then, I have taught Kindergarten, Third, Fifth, and now Second. I have absolutely loved teaching 2nd grade. I love how the students are excited about learning and their loose teeth. 😊

Becoming a teacher has been one of my greatest accomplishments. Rudy has wonderful students, families, staff, and friends that make Rudy a great place to be.

Outside of Rudy, I enjoy all that Colorado has to offer. My favorite winter activity is skiing. Thankfully, I live in place that offers many mountains to play on at any given time of the year. During the warmer months, hiking and camping in our beautiful mountains keeps me busy. Some of my other favorite things to do are read, garden, visit with friends, and travel.
