Career Technician - Alexis Silva

Alexis Silva is the Career Technician at Ontario High School and has a passion for student achievement. Ms. Silva has worked in the Chaffey School district for three years. Previously, she was a dance coach and has been a Career Technician for the past year. She shares, "My experience as a Career Technician has been especially rewarding during the pandemic with helping students adapt to new challenges while providing help with anything college or career related." She was inspired to become a Career Technician from her own story. "I chose this position because when I was in high school, I was told that I wouldn't be able to get into college, let alone afford it." Ms. Silva put herself through school and completed her Bachelors and Masters Degree. "One thing I tell my students to inspire them is there is always a solution to the problem. Don't dwell on it, just figure it out." She loves sharing her story with students to show them how they can attend and afford college. Thank you, Ms. Silva, for sharing your story!

IN HONOR OF OUR HEROES

Memorial Day was officially established as a national public holiday in 1868 by General John A. Logan, head of a group of Union Veterans. The holiday was originally called Decoration Day—named for the decoration of soldiers' graves—but the name gradually changed until it officially became Memorial Day in 1967. JUNETEENTH

Freedom Day

JUNETEENTH DAY

1865

Juneteenth celebrates the end of slavery in the United States. It is also known as Emancipation Day, Juneteenth Independence Day, and Black Independence Day. On June 19, 1865, Major General Gordon Granger arrived in Galveston, TX, and announced the end of the Civil War and the end of slavery. Although the Emancipation Proclamation came 2½ years earlier on January 1, 1863, many slave owners continued to hold their slaves captive after the announcement, so Juneteenth became a symbolic date representing African American freedom.
