The Baldy View ROP Student Success Awards Ceremony is held annually and recognizes exceptional high school students from Chaffey Joint Union High School District, Chino Valley, Claremont, and Upland Unified School Districts for their accomplishments in their ROP Career Technical Education courses as well as award student scholarships to deserving recipients. We are very proud of our students and look forward to honoring them.

Baldy View ROP Superintendent, Dr. Shelley Adams shared, "The safety and health of our students and staff remains prioritized as we respond to the challenges of COVID-19, by adhering to state level school site closure recommendations. However, Baldy View ROP is sensitive to the disappointment that many students, parents, and stakeholders are feeling at the inability to hold traditional ceremonies right now and wanted to find a unique way to celebrate student achievement during these extraordinary times." Thank you to all involved to make this virtual event possible.

## STUDENTS SPOTLIGHTS

### Chaffey Joint

Angelyna Chavez is a Montclair High School Senior currently taking the Medical Assisting course. Angelyna explains “ I was excited about learning both administrative and clinical skills and was enthralled by having the chance to attain the lessons.” Medical Assisting has helped Angelyna with her time management skills while learning how to control stress under pressure. Angelyna expresses, “Overall, this ROP course has been a challenging, but helpful experience. It has given me an idea of the responsibilities a person has when working in the medical field”. After college, Angelyna plans on being a physician assistant. Thank you for sharing this story, Mrs. Garcia!

### Chino Valley

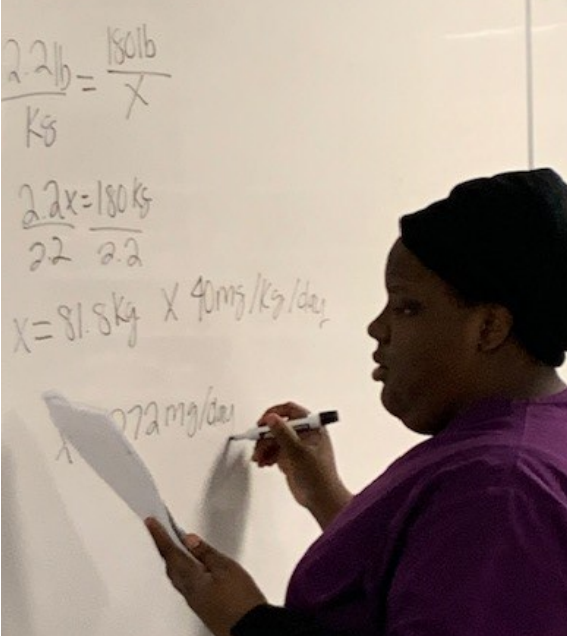

Chino Hills High School Junior, Raegan Reed is currently enrolled in Event Planning. She signed up for the class to expand her knowledge of event planning. “ She enjoys working in a class that promotes creativity and organization skills. When asked her view of the importance of this course, Raegan stated, “This program is important for students because it allows them to explore different career paths, further their education beyond stem classes, and could help students figure out what it is they want to do in life. Especially students who are unsure of what career they want to pursue.” After college Raegan plans to be a creative director. Thank you for sharing this story, Mrs. Rodgers!

## STUDENTS SPOTLIGHTS

## Claremont

Claremont High School Sophomore, NyKalya Crews, is currently enrolled in the Healthcare Occupations course held at the Career Training Center. This course peaked her interest due to the hands-on approach to the medical field and the different career prospects within the health industry. She praises the class on properly teaching terms and suffixes in healthcare enabling her to better communicate with patients and fully understand their needs. Most importantly, NyKalya learned leadership and public speaking skills as well as how to properly read and write various medical terminologies. NyKalya plans to become a nurse. Thank you for sharing this story, Mr. Garcia!

## Upland

Laith Haddad is a Senior at Upland High School and is currently enrolled in the Medical Assisting course. His choice to take this course was based on learning hands-on experiences and to reinforce his skills in healthcare, from family connections in healthcare. Laith states, "One of the most important things that I've learned as an ROP student is that patient care is always the most important thing." ROP is important because it provides students an edge when they are competing with others with relevant experience and reinforce your future. Laith plans to become a Physician specializing in orthopedics. Thank you for sharing this story, Mrs. Garcia!

Hybrid Program: Distance and hands-on with adherence to state of CA COVID-19 guidelines.

## Thriving During COVID - 19

### Superintendent, Dr. Shelley Adams

Dear Baldy View ROP Stakeholder:

Gov. Gavin Newsom and Tony Thurmond, state superintendent of Public Instruction, have called upon school districts across the state to remain closed through the remainder of the 2019-20 academic year, while continuing the education of all students through distance learning.

Baldy View ROP, in collaboration with all 33 school districts in San Bernardino County and the 2 JPA ROPs, as well as the county superintendent and the county Department of Public Health, has made the decision to put the safety of students and staff foremost and extend the closures of our schools for the remainder of the school year.

It is out of an abundance of caution that our public school agency is making this difficult decision to help stop the spread of the novel coronavirus – or COVID-19. This decision to extend the closure of our school sites comes during unprecedented times as we look to support our communities in following protocols and guidance for physical distancing. Despite the closing of our school sites, education of our students must continue and acknowledgment of our students' accomplishments will continue.

Our remarkably talented instructors, classified support staff, and administrators remain committed to providing the students of Chaffey Joint Union High School District, Chino Valley Unified, Claremont Unified, and Upland Unified School Districts with relevant learning of career technical education through distance learning via online platforms.

We are continuing to work with the state Department of Education, state board agencies, and our partnering school districts to provide guidance on grading, graduation, college and career readiness, and state board certifications. As updates concerning these issues become available, we will share additional information. Continue to visit our website ([www.baldyviewrop.com](http://www.baldyviewrop.com)) for updates and information.
