## Baldy View ROP by the Numbers 2018-2019

**Total Enrollment 2018-2019:  
6,205 Students Across 14 Industry Sectors**

**Thank you to all students who enrolled in Baldy View ROP courses this past year. It is an honor to prepare you for career and college!**

## Welcome to our New Commission: President Sue Ovitt, Vice President Nancy Treser-Osgood, Member Joe Schaffer, and Member Jack Young

Sue Ovitt was first elected to the Chaffey JUHSD Board of Trustees in 2008 and has served in all Board positions during her tenure. Sue completed the CSBA Masters in Governance program to better serve students and the district. Following high school, she graduated from Chaffey College and then transferred to the University of Redlands where she earned a BS Degree in Sociology. The ensuing year, she earned a Lifetime Elementary Teaching Credential.

**Sue Ovitt**

An active participant in the community, Sue is President of Baldy View ROP, Chair of OPARC, Board member of West End Family Counseling Services and The Leaven – serving at-risk elementary age children in their living communities with afterschool tutoring and mentoring. She is dedicated to CJUHSD by supporting college and career readiness; equipping classrooms with state-of-the-art technology & teaching strategies; fostering effective relationships with parents, businesses, cities & adjacent school districts; and ensuring that all students are safe.

Sue is married to her husband Gary, who taught at Chaffey High School for 35 years. Gary serves on the Chaffey College Governing Board. They have one married daughter, Amanda and one granddaughter. Sue, Gary and Amanda all graduated from Chaffey High School.

**Nancy  
Treser-Osgood**

Nancy Treser-Osgood has a Master of Arts in Religious Education from the Claremont School of Theology and a Bachelor of Arts in English from Pomona College. She also studied at the University of Copenhagen in Denmark. Nancy is a trustee for the Council for Advancement and Support of Education (CASE) serving over 88,000 members in 82 countries. She travels to Washington, DC to meet with other educational leaders from throughout the world. An active parent and community member, Nancy has served on the Claremont Educational Foundation (CEF) and Claremont After School Program (CLASP) boards, and volunteered for the Claremont High School Boys Soccer Boosters, Cross Country, and Speech and Debate teams. She is a member of the University Club, League of Women Voters, Community Friends of International Students, Curtain Raisers, and Campus Women. She and her husband Peter have two sons who attended Chaparral, El Roble, and Claremont High School.

**Joe Schaffer**

Joe was first elected to Chino Valley USD Board of Education in 2018, after being a long-time parent volunteer at the school site level as well as several district committees. Joe and his wife Sandy moved to Chino Hills in 2003. Their daughter Peyton attends school in the district.

Joe medically retired from the Orange Police Department at the rank of Corporal. He also worked as a corporate officer for his family's manufacturing business before retiring in 2017. Joe is active in community service and volunteers his time at various local charities. Joe currently sits on the Board of Directors for the Ignite Volleyball Club and Foundation in Chino, is a past Board Member for the North Orange County Family YMCA, a former high school athletics coach and former Commissioner for the City of Chino Hills Parks and Recreation Commission.

Joe graduated from Troy High School in Fullerton and went on to earn a Bachelor's degree in Criminal Justice from California State University, Fullerton. Joe also graduated from the Orange County Sheriff's Academy and has taken several advanced courses related to public safety and community leadership. He hopes to utilize his past training and experience, both in the private and public sectors, to help guide the direction of CVUSD.

In his free time, Joe enjoys golfing, camping with his family in their RV, relaxing at the river, going on cruises, and spending time with family and friends.

**Jack Young**

Jack Young grew up in Michigan and attended the University of Michigan - Flint. He began teaching in Del Rio, Texas and received his Master's Degree from Baylor University. He moved to California in 1989, and worked in the Ontario-Montclair School District as a teacher, assistant principal, principal, and district office administrator. His administrative credential is from the University of California - Riverside. In 2016 he was elected to the Upland Unified School District Board of Trustees, and is a member of the Baldy View Regional Occupational Program (ROP) Commission. When he lived in Texas he was a volunteer fireman. He has been a long time HAM radio operator and a volunteer for Helping Out Pets Everyday (H.O.P.E). He currently works at the University of La Verne supervising student teachers, and volunteers at Foothill Family Shelter.

Jack met his wife, Robyn, while traveling in Germany. Jack and Robyn have one daughter, Heather who graduated from Upland High School. In his spare time he likes to read, exercise, listen to music and perform with the Music Masters, a swing band in Upland.

## 2019 Baldy View ROP Counselor & Career Technician Luncheon

Baldy View ROP held its Counselor and Career Technician Luncheon on Wednesday, February 6 at the Rancho Cucamonga Goldy S. Lewis Community Center. The event was attended by administrators, counselors, and career technicians from BVROP's partnering school districts. Commission Member Jack Young was also in attendance.

The luncheon featured various presentations and speakers covering topics including construction progress at the Career Training Center (CTC) in Ontario, BVROP courses that are dual enrolled with Chaffey College, and a look-ahead at what to expect in the BVROP Logistics course coming to the CTC Fall 2019.

Guest speakers included Aldo Fierro of UPS, student guest speaker Nancy Joaquin who shared her impactful experience in the BVROP Law Enforcement Occupations course, and BVROP alum and Institutional Advisory Member David Ayala who currently works as an engineer for UPS. BVROP staff including Coordinators Adder Argueta and Crystal Whitley, Special Projects & Grants Liaison/Program Specialist - Curriculum and Instruction Shawneece Coyle, Special Projects & Grants Liaison Christine Pendergraph, and Transportation Distribution Logistics Instructor Kermit Boyd also presented.

Thank you to all the educators who attended the event. We are grateful for your dedication to all students and your support of the opportunities BVROP courses provide them as they prepare for career and college!

Coordinator Crystal Whitley, Law Enforcement Occupations Long-Term Substitute Instructor James Schickel, Superintendent Shelley Adams, Ed.D., Law Enforcement Occupations Instructor Kelly Binks, and Baldy View ROP Commission Member and Upland Unified School District Board Member Jack Young

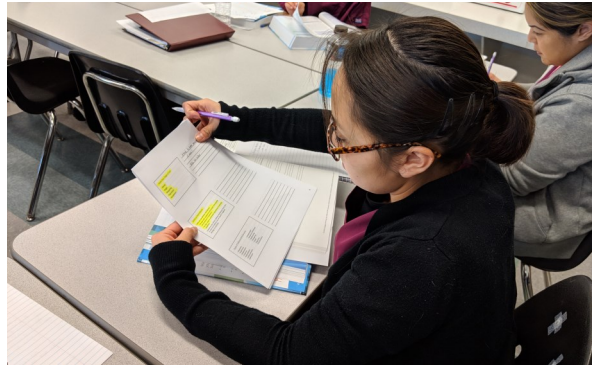

BVROP alum and Institutional Advisory Member David Ayala speaks about the importance of ROP and how he became an engineer for UPS

BVROP student Nancy Joaquin speaks about the positive impact ROP has had on her career goals

# MEDICAL ASSISTANT 2019

*Invest today, work tomorrow!*

Left: Newly enrolled Medical Assistant students in class setting the foundation to what they will learn this semester.

I looked at other Medical Assistant programs and found they just weren't for me. Baldy View ROP offered me a Financial Aide package that works for my needs and working with an instructor that explains things so well is helping to set me up for success.

- Angelica Bautista

Baldy View ROP celebrated the start of the 2019 Medical Assistant program on Monday, January 14th. The course is led by long-time instructor, Jessica Garcia, who is a celebrated alum of ROP herself. Over the course of 39 weeks, Ms. Garcia will prepare students to learn the many skills of administrative and clinical medical assisting. Students will also train to earn their Phlebotomy certification.

Highlights of this year's class? In addition to these students beginning their pathway to success in a growing, in-demand field, students will be the first to train in a newly remodeled, state-of-the-art skills lab devoted specifically to the Medical Assistant program! When asked what she is looking forward to, Medical Assistant student, Angelica Bautista, replied, "I'm looking forward to the hands-on training we'll receive in the skills lab and during our internship. It'll help prepare me for a career in healthcare."

Classmate, Karla Leimer, explained the school's accreditation, convenient Monday through Friday schedule, and small class size were key in her decision to enroll with Baldy View ROP. "The 8 to 12 schedule gives the instructor the opportunity to explain course material thoroughly, yet still offers me the flexibility to work while I'm training to become a Medical Assistant."

Cheers to a successful program!

I've only been in class a few weeks, but I'd definitely recommend Baldy View ROP to someone looking at a career in the health field. Ms. Garcia is thorough in her lectures and offers perspective that I can use as I train.

-Karla Leimer

## SNAPSHOT:

**Start Date:** Monday, 01/14/19

**Location:** Career Training Center

**Dates:** Monday—Friday,  
8 am to 12 pm

**Duration:** 39 Weeks

**Highlights:** Newly remodeled classroom and state-of-the-art skills lab!

# Calm, Confident & Competent

BVROP LVN Student Saves Patient's Life and Shows How CTE is Preparing Her for A Career in Healthcare!

Did you hear? Baldy View ROP's Licensed Vocational Nursing program just earned its third consecutive quarter with a 100% pass rate on the NCLEX exam! Congratulations to the Vocational Nursing staff and recent graduates! How is this success possible? Hard work, dedication, and a curriculum that prepares students for the responsibility of being the next generation of nurses.

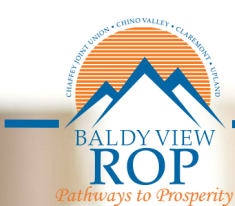

The NCLEX exam isn't the only place that Licensed Vocational Nursing students are showing they are ready to lead the nursing field. During a clinical rotation this past month, LVN student, Cindy Aguilar, jumped into action to save the life of a patient in her care. While checking on her patient, Cindy realized the patient's O2 reading was low. Without hesitation, Cindy sought out her clinical instructor, Ms. Pat Dodd, and requested assistance. During this time, the patient stopped breathing and a code was called.

"The training received in class definitely helped prepare me for a situation like this. It gave me the confidence to act in a real life scenario. Baldy View ROP's LVN program is preparing our class to be the nurses we want to be." Cindy's knowledge, calm reaction, and quick thinking helped save her patient's life. Congratulations Cindy, and all of our Licensed Vocational Nursing students, for your hard work and exciting success!

If you're interested in beginning your pathway to prosperity as a Licensed Vocational Nurse, enrollment for our next cohort is coming soon!

Licensed Vocational Nursing Student, Cindy Aguilar, shows what it takes for a nursing student to succeed in her clinical rotations.

# SPOTLIGHT ON THE STUDENTS

## Principles of Engineering

AHS students Joshua Mora & Utkarsh Bhandari pitch their bridge design

Presentations are a central part of the BVROP Principles of Engineering course at Ayala High School (AHS) in Chino Valley Unified School District (CVUSD) with Instructor Michael Collins. On Thursday, January 24, six pairs of students from the course took their presenting skills to a new level as they pitched proposed pedestrian bridge designs to the community at the Chino Hills City Council Chamber. Students worked in class to design a hypothetical bridge to aid in pedestrian traffic at Ayala High School. The projects covered extensive ground in the engineering process including

research, cost analysis, math, science, and

artistic imagination. The goals of each bridge was not only to be functional but to fit in aesthetically with the campus.

AHS sophomore Sidney Ackerman shared, "This project helped me to practice communicating my ideas. If you're not able to communicate what you're proposing, then people will not receive the information the right way. Communicating is a big part of engineering."

Sidney's project partner, AHS sophomore Joshua Seri, added, "It's inspiring to learn from Instructor Collins and to see what's possible in engineering. The best part about this project was the freedom we had to be creative. It really helped us get used to the design process."

CVUSD Director, Secondary Curriculum & Instruction Julian Rodriguez, Ed.D., BVROP Assistant Superintendent of Educational Services Forest DeRenzo, Ed.D., AHS Principal Diana Yarboi, CVUSD Associate Superintendent, Curriculum, Instruction, Innovation, & Support Division Grace Park Ed.D., Chino Hills Council Member Ray Marquez, Instructor Michael Collins, Chino Hills Vice Mayor Art Bennett, CVUSD Superintendent Norm Enfield, Ed.D., AHS Engineering Department Chair Esibon Syiem, AHS Activities Director Deborah Weiss, and Chino Hills Senior Engineer Carl Hassel with AHS Principles of Engineering students

A student analyzes his code for his prototype of Bloons Defense

## Computer Programming & Game Design

Students in the BVROP Computer Programming & Game Design course at Claremont High School with Instructor Brent Gilson worked in groups to recreate a prototype version of a popular computer game called "Bloons Tower Defense." The students' prototypes served to showcase the functionalities of the game. In order to create their prototypes, students developed programming to replicate various functions within the game, including currency and health meter systems, path-finding abilities for the playable characters, and artificial intelligence systems to provide challenges for the gameplayer.

"Students created their prototypes in just three weeks using advanced and complex programming methods. They worked their way up to functioning games after starting out with a blank coding canvas," Instructor Gilson shared

Students focused on utilizing the concept of "lists" in programming to allow game objects to replicate themselves, and instantiate in certain locations within the game through the use of holding multiple locations within the lists. This helps ensure the game's functionality as objects need to appear and reappear throughout the course of game play in order to create the interactive elements that make the game possible.

Special thanks to Instructor Gilson for sharing this story!

# Class Collaboration

## STAGE TECHNOLOGY, CONTEMPORARY MODERN DANCE, & DANCE: HIP HOP

Stage Technology students work backstage during the dress rehearsal at the UHS Highlander Auditorium

Students enrolled in the BVROP Stage Technology course at Upland High School (UHS) with Instructor Eric Mensen produced a dance show featuring students in the BVROP Contemporary Modern Dance and Dance: Hip Hop courses taught by Instructor Anna Jarrell, which are also at UHS. The performances allowed Stage Technology students to continue developing their backstage skills, including lighting, sound engineering, and set design while supporting their fellow students in the opportunity to showcase their ability before a live audience at the UHS Highlander Auditorium.

UHS senior and Stage Technology student Ian Myers shared his appreciation for being able to work with exciting sound equipment in support of the show. “We use state-of-the-art audio mixers. It’s great to use equipment that I would see if I were to work in another venue, and it’s very fun playing with the music for this dance show to create an exciting feel for the audience.”

UHS senior and Contemporary Modern Dance student Carabeth McKernan shared, “This year I’ve been lucky to work with the Stage Technology crew. They put so much work into the shows. It’s not just a matter of us as performers dancing on stage, but the crew making sure the lighting looks good, the sound is right, and that the production is successful. I’m so grateful for all the hard work they do on our behalf.”

Dance: Hip Hop students practice their set during the dress rehearsal at the UHS Highlander Auditorium

## Alumni Profile

**“The Baldy View ROP Dental Assisting course is well known for providing an exceptional hands-on curriculum that provides exceptional dental assistants.”**

**- Rosalinda Olague, RDA, Senior Specialist, Dental Assistant National Strategy and School Relations, Pacific Dental Services**

Rosalinda Olague, RDA, began her highly successful career in dental assisting as a student with Baldy View ROP. Rosalinda took the BVROP Registered Dental Assistant course during her senior year at Los Osos High School within Chaffey Joint Union High School District. While enrolled in the course, Rosalinda interned at the North Rancho Cucamonga Dental Group.

“The ensuing nine months would be full of cone cuts, suction, sterilization, preparing the work area, and performing any task that was needed,” Rosalinda shared. “I was fortunate to be able to work alongside team members who not only showed exceptional patient care, but also demonstrated their commitment to my career development.”

After completing her course and internship, Rosalinda began working as a registered dental assistant with Pacific Dental Services, whom she has worked for since 2008. She started her PDS career as a lead registered dental assistant at Monet Dental Group from 2008 to 2015. In 2015, Rose was promoted to Regional Back Office Manager for PDS’ South Inland Empire and San Diego regions, and in 2016, she graduated from La Sierra University with a Bachelor of Arts in Psychology. In April 2018, Rosalinda joined the Pacific Dental Services National Support team as Senior Specialist for Dental Assistant National Strategy and School Relations. PDS recognized Rosalinda for her exceptional commitment and passion for creating Healthier, Happier Patients® by awarding her the company’s 2017 XP (eXtraordinary Performance) Platinum Award.

Rosalinda was appointed by then Governor Jerry Brown to the Dental Board of California in April, 2018. She is currently giving back to Baldy View ROP as an advisory member for the RDA course. Special thanks to RDA Instructor Carol Gallegos for sharing this story!

# January PD

We held our January Professional Development on Saturday, January 26<sup>th</sup> at the BVROP Administration Office. The PD's theme was "Interconnections," and focused on concept of "whole to part" and "part to whole" in reference to course design, unit breakdown, section breakdown, and the daily breakdown for all components of a powerful CTE course. Assistant Superintendent of Educational Services Forest DeRenzo, Ed.D., opened the PD by discussing BVROP's place as a regional, state, and national leader in CTE, Director of Personnel Services Lisa Porter provided updates from her department as they relate to BVROP employees, and Program Specialist - Curriculum Development Elizabeth McGraw addressed the importance of Mental Health Awareness for students and educators. Instructors also received information regarding the upcoming Baldy View ROP Community Open House and Career Fair taking place at the BVROP Career Training Center October 19, 2019! Chaffey Credit Union sponsored the event and provided prizes. Congratulations to Programming & Game Design/Computer Programming & Informatics Instructor Brent Gilson for winning the tablet for his active role on Twitter! Congratulations as well to Student Services Specialist Art Holguin and Registered Dental Assistant Instructor Carol Gallegos who won raffle prizes!

Chaffey FCU President Kevin Posey, Instructor Brent Gilson, and Chaffey FCU Director of Business Development Michelle Lemoine

## Staff News and Notes

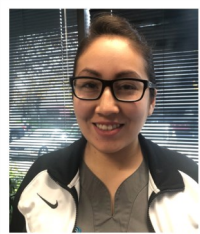

### Superintendents' Symposium 2019

Superintendent Shelley Adams, Ed.D., attended the Association of California School Administrators Superintendents' Symposium in Monterey, CA from January 29 - February 1. This annual event brings school leaders from around the state together as they engage in professional learning, networking, and advocacy. Superintendents review the governor's budget, state-of-the-state and the state-of-the-district. This year, State Superintendent of Public Instruction Tony Thurmond addressed attendees. The event featured several keynote speakers. Adam Steltzner, recognized as one of NASA's most brilliant engineers, discussed the importance of fostering a culture of collaborative innovation, Colonel Athens, Director of the Naval Academy's Vice Admiral James B. Stockdale Center for Ethical Leadership discussed the power of integrity. Sabba Quidwai, Education Development Executive with Apple discussed learning with technology, and Ken Wesson, former higher education faculty member and administrator, discussed the neuroscience of learning for educational organizations and institutions throughout the United States and overseas. The Symposium also included various workshops and presentations on topics such as employee retention, policy and politics, diversity, foundations for a high performing culture, technology & innovation, social media, and emergency preparedness.

Pictured left: Claremont Unified School District Superintendent Jim Elsasser, Ed.D., Baldy View ROP Superintendent Shelley Adams, Ed.D., and Chaffey Joint Union High School District Superintendent Mathew Holton, Ed.D. at the 2019 Superintendents' Symposium

## Welcome to Baldy View ROP!

### **Maria Aguilera-Garcia**

**Instructor - Healthcare Occupations/Health Support Services**

Maria Aguilera-Garcia is the new Healthcare Occupations and Health Support Services Instructor at Chino Hills High School. Maria is currently working on her Master in Education from USC and obtaining her single subject teaching credential. She holds a Bachelor of Science degree in Cellular and Molecular Biology from California State University, Dominguez Hills, a Certified Medical Assistant certification from Downey Adult School, as well as a Certified Ophthalmic Assistant certification. Building upon her experience and education, Maria is looking forward to assisting students become knowledgeable about the healthcare industry while preparing them for their future career. As one of thirteen siblings, Maria loves to spend time with her family. When not commuting to her student teaching assignment or attending class at USC, Maria enjoys spending time with her two-year-old daughter, Lisa. Welcome, Maria!

### **Michael Whilhite**

**Instructor - Criminal Justice/Careers in Public Service & Safety**

Joining Baldy View ROP as the new Criminal Justice and Careers in Public Service instructor is Michael Whilhite. Michael will be teaching classes at Hillside, Claremont, and San Antonio High Schools. Graduating first in his class from the Los Angeles County Sheriff's Department Academy, Michael worked at the Twin Towers Correctional Facility in the Custody Division before medically retiring with a back injury. Much of his work focused on working with inmates suffering from mental illnesses in what is now the largest mental health facility in the United States. His educational background is equally exciting and as impressive as his professional expertise. Michael holds an Associate in Science from Cypress College, a Bachelor of Arts degree in Philosophy from the University of California, Irvine, and a Master of Arts in Philosophical Psychology from California State University, Irvine. As evident by his educational background, Michael possesses a perpetual love of learning, a trait that he looks forward to sharing with students. He hopes to offer guidance to students on what a career in public service has to offer. When not in the classroom, Michael enjoys weight training, hockey, martial arts, and spending time with family and friends. Welcome, Michael!

### **Kenneth Jones, Jr.**

**Instructor - A+ Computer Repair**

Kenneth brings over 25 years of professional and teaching experience as the new A+ Computer Repair Instructor at the Baldy View ROP Career Training Center. With a passion for technology, Kenneth earned his first certificate in basic electronics as a high school student. He holds various related industry-recognized certifications including CompTIA Security+ and Microsoft certifications. Kenneth earned his Associate in Social Sciences with a minor in Computer Science from Sacramento City College, a Network Systems Engineering degree from The Institute of Technology, a Bachelor of Psychology with a minor in Information Systems and a Master of Arts degree in Teaching and Learning with Technology from Ashford University, and a Master of Science in Applied Psychology from Walden University. In addition to holding several industry certifications, Kenneth is a doctoral candidate for his Ph.D. in Clinical Psychology. As an entrepreneur, college professor, and therapy specialist, Kenneth has served in group homes as a counselor and program director working with at-risk youth. He also has experience working as a system engineer with the Department of Defense and the Transportation Security Association. Welcome, Kenneth!

special

# THANK YOU

to our partners & sponsors

*Baldy View ROP would like to extend a special thank you to our generous partners and sponsors. Thank you for your support in preparing students for career and college!*
