

CURRICULUM DEVELOPMENT AND EVALUATION

The Baldy View Regional Occupational Program (ROP) shall adopt a curriculum which reflects career technical education philosophy, responds to student needs and abilities and is consistent with the requirements of law. Insofar as possible, this curriculum shall meet job market and business and industry needs.

The ROP shall establish procedures which ensure that the curriculum development and evaluation process includes input from teachers, administrators and business/industry representatives.

In addition, the Baldy View Regional Occupational Program Commission may require a biennial review of the career technical curriculum as needed in response to student assessment results; feedback from teachers, administrators, or parent/guardians; new research on program effectiveness; or changing student and community needs.

(cf. 0500 - Accountability)

(cf. 6190 - Program Evaluation)

The Commission shall establish a review cycle for regularly evaluating the ROP's curriculum in order to ensure continued alignment with state and ROP goals for student achievement.
