

EQUIPMENT, BOOKS AND MATERIALS

The Baldy View Regional Occupational Program Commission recognizes that student learning is enhanced when students have access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Commission-approved curriculum, instructional materials also should be up to date.

The Superintendent or designee shall develop procedures for determining the sufficiency of Baldy View Regional Occupational Program (ROP) instructional materials in providing accurate, current information and ensuring that students have access to standards-based materials. When new instructional materials have been chosen in accordance with the ROP's selection and evaluation policy, the Commission shall make final decisions regarding their purchase.
