California State Senator Connie Leyva visits Baldy View ROP Career Training Center

Students attending Baldy View ROP summer school received a special visit their final week of the summer term. California State Senator, Connie Leyva (D-20th Senate District), toured the Baldy View ROP Career Training Center in Ontario on Tuesday, July 21st.

Senator Leyva is a significant proponent of Career Technical Education (CTE), of which Baldy View ROP offers over 70 courses. Along with State Senator Mike McGuire, Senator Leyva introduced Senate Bill 148 which allocates nearly \$1 billion to CTE funding over the next three years.

Of her visit, Senator Leyva shared, “For many years, I have known about the great work at Baldy View ROP Career Training Center, so I am excited to have the opportunity to tour the center and witness firsthand the wonderful learning opportunities happening every day under the leadership of Superintendent Shelley Adams and her team. From preparing our future pharmacy technicians to our next vocational nurses, Baldy View ROP offers limitless opportunities to help train our workforce of tomorrow. As the State Senator representing the 20th State Senate District, I look forward to working with Baldy View ROP in the years ahead to help continue opening doors and ensuring successful outcomes for Inland Empire students.”

Superintendent Shelley Adams said of the Senator’s visit, “We appreciate Senator Leyva’s support of Baldy View ROP and her commitment to ensuring that students continue to receive the hands-on training CTE provides to prepare them for the 21st century workforce.”
