

Starved Rock for Voc Tech Ed - 190

Starved Rock Associates for Vocational and Technical Education supports a diverse region that is primarily rural, but includes many significant industries (Manufacturing, Energy Production, Tourism, and Farming). We are a large region in terms of square mileage covered, and represent a diverse population ethnically.

- Computer Repair
- Cosmetology
- Culinary Arts
- Drafting
- Entrepreneurship
- Fire Science
- Graphics Communications
- Health Occupations
- Horticulture
- Machine Technology
- Residential Wiring
- Welding

System Highlight

The SRAVTE region provides great opportunity in almost all Programs of study. The region continues to grow in the number of industry certifications its students are earning (MOS, OSHA, MTA, ECE Level, CNA licensing, Food Managers and Handlers, Snap-On Multimeter, Auto Desk, Quickbooks), as well as in the participation rate for CTE and Ag programs.

System Goals 2021-2022

- The system looks to increase opportunities for students to take with them and increased number of college credit and industry certifications as they matriculate to post-secondary opportunities.

Career Connected Learning
for All Students

Why CTE?

Career Connected Learning

Career and Technical Education (CTE) prepares students for high-skill, high-wage, in-demand employment that furthers Illinois' global competitiveness. CTE programs provide learners with the skills, knowledge, and confidence they need to thrive in college and careers. All students benefit from Career Connected Learning that emphasizes real-world skills within a selected career focus. Students gain practical knowledge while discovering and preparing for success in potential careers.

Benefits of CTE

High school students involved in CTE are more engaged, graduate at higher rates and typically go on to postsecondary education.

Taking one CTE class for every two academic classes minimizes the risk of students dropping out of high school.

CTE students are prepared to be college- and career-ready by providing core academic skills, employability skills and technical, job-specific skills.

Career and Technical Education (CTE) Student Enrollment 2021

96%

Graduation rate of Illinois CTE students
