

# Northwest Early Elementary Traffic Flow Pattern

Northwest  
Elementary

Parking  
Lot

**When dropping off or picking up, move to the next open spot next to the curb. Quickly have your child exit the car and then drive into the passing lane so that the next car can take your spot. Look for the helpers to signal open spots along the sidewalk. Keep the passing lane clear so cars can move in and out (no stopping/parking) in front**

**Drop off Spots**-this lane is next to the curb. Park only to drop-off and then move into passing lane.

**Passing Lane and exit only**-turn right to go to NWEL or turn left into our parking lot to exit to Lansing Ave.

**Lansing Avenue**
