

DCS Weekly Update

JANUARY 18, 2022

Josh Ingle

Character Word Of Month:
SACRIFICE

Virtual Learning Wednesday & Thursday

Dear DCS Families,

We appreciate your time and attention to the COVID-19 survey information you all recently completed. Based on the response we received from families and DCS staff members, there are an increasing number of confirmed COVID-19 cases and potential cases waiting on test results. **As a result, DCS will continue with virtual learning on Wednesday, January 19, and Thursday, January 20.**

The primary data points driving this decision for the next two days are as follows:

- The sharp increase in confirmed COVID-19 cases among our students and staff within the last several days
- The number of staff members who are not able to be on campus until later in the week due to confirmed COVID-19 cases or household quarantines

At this time, it appears that many of our students and staff members can return to campus on Friday, January 21. Therefore, we will continue to monitor the data over the next couple of days and communicate further updates as soon as possible.

Sincerely,

Josh Ingle
Superintendent
Dade County Schools
