DCHS TOP 10 STUDENT SPOTLIGHT

#1 Sydney Kidd

Who was your favorite Teacher?

My favorite teachers were Mrs. Sigler and Dr. Bailer because they expressed genuine care for their students and always gave me extra help when I needed it in class.

Who would you like to thank?

I would like to thank my parents and grandparents for constantly pushing me to take the extra mile in academics and to be the best version of myself I can be.

What's next? Where do you see yourself in 10 years?

I plan to attend Berry College while pursuing a degree in Business Studies- Financial and Spanish Language. In 10 years, I see myself with a steady job to assist people with financial assistance and have a family.

What advice would you give 9th graders?

I would tell upcoming 9th graders to try their hardest in class and become involved in different activities within the school.

What is your best memory of being a DCHS Wolverine?

My best memory at DCHS when my 9th grade AP Human Geography teacher, Mr. Prince, performed "Welcome to the Jungle" wearing a fake wig at the Teacher Talent show.

What will you miss the most?

I will miss the pep rallies and the teachers the most.

If you could change one thing, what would it be?

If I could go back and change one thing about my high school career, I would attend more of DCHS's athletic games in 9th grade.

What advice would you give 9th graders?

High school isn't even close to as scary or imposing as some people may make it seem. If anything, it'll be 10x more fun than middle school. Just work hard and be yourself, and these will be your most enjoyable, and memorable, 4 years of school yet.

What is your best memory of being a DCHS Wolverine?

My best memory of being a DCHS student is when the entire AP Chemistry class hid from Dr. Bailer to prank him.

Josee Biddle

Who was your favorite Teacher?

My favorite teacher is Dr. Doug Bailer. I have had him for three out of four years of high school. In each class, he has made learning fun and interesting, though the course material might be ridiculously difficult (lookin' at you, AP Chemistry).

Who would you like to thank?

I would like to thank my entire family, specifically my parents, for helping me get to where I am today. Without their guidance, I would not be the person that I am becoming.

What's next? Where do you see yourself in 10 years?

I plan on attending Dalton State to obtain a degree in elementary ed. In 10 years, I see myself teaching and living right here in Dade County. I have enjoyed my time here, and I don't plan on leaving any time soon. I also hope to have a family of my own. My life would not be complete without running a miniature cow and donkey farm in my free time.

What advice would you give 9th graders?

Don't take your grades too seriously. While it is important to meet deadlines and make good grades, sleepless nights and ridiculously high expectations can sometimes do more harm than good. Teachers are willing to work with you if you are willing to do the work.

What is your best memory of being a DCHS Wolverine?

Though AP Chemistry was the hardest class I have ever taken, it is responsible for the majority of my favorite memories as a student at DCHS. We "accidentally" made fireworks, caught things on fire, and took Dr. Bailer's doctorate degrees on nearly a daily basis. The 10 of us in that class grew to be extremely close, so we made tons of inside jokes.

What will you miss the most?

I will miss everything about Friday's during football season. Pregame videos at pep-rallies, scrambling to get hair and makeup done before report time. I will miss playing the Alma Mater at the end of every football game as the football team yells the words.

If you could change one thing, what would it be?

I would go back in time and go to my junior prom. I totally missed an opportunity to wear a sparkly dress.

Name student you admire and tell us why.

A fellow student I admire is Ella Ballard. She has been by my side since we met in middle school. In hard situations, she has provided me with Christian guidance and advice that portrays her extreme level of maturity. She balances a heavy schoolwork load and extracurriculars, yet still performs at exceptional levels in everything she does.

What is your favorite food, book, and movie?

My favorite food is hibachi steak with fried rice, my favorite book is Fahrenheit 45, and my favorite movie is Walk the Line.

What programs have you been involved in while at DCHS

Flute section leader, assistant drum major, and drum major
