Spring 2023

Hello and happy spring! Earlier this semester, we welcomed KHS alum and published author Susanne Davis to the library for 2 writing workshops and a job shadow. "I thought she was really inspirational," said senior Cherish Hitchew.

Explore Britannica School for beginning research on any topic. To access this comprehensive online encyclopedia, use the login: killingly and the password: learn.

This spring we also held a parent paper-arts workshop where we made butterfly book sculptures out of old books. It was a fun afternoon of crafting in the library! We will be doing more paper-arts workshop next school year.

Our online catalog is Destiny. You can find all our library materials here.

Coming up:

Summer Reading!

Students may check out one book from the library for their reading over summer break. Happy reading!
