Academics

ACADEMIC INTEGRITY

Students are expected to put forth their best effort on tests and assignments. Assisting others is prohibited when it would constitute academic dishonesty. Prohibited events include, but are not limited to, using or sharing prohibited study aides or other written materials on tests and assignments. Academic dishonesty also includes sharing, collaborating or communicating with others on tests or assignments, before or during tests or assignments in violation of directions by the class instructor. Academic dishonesty may also include knowingly sharing false information or knowingly misleading another to reach a false answer or conclusion.

Violation of the policy may result in discipline as deemed appropriate by the instructor or administration, based on the nature and seriousness of the offense.

Blatant plagiarism or cheating - 1st Offense – No grade on assignment, 2nd Offense – Failure of class (may result in forfeiture of membership in NHS and/or class ranking of Valedictorian and Salutatorian).

Credit by Examination

A student who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student's educational records, may gain credit for a course by passing an examination designed to measure proficiency or mastery of identified standards (knowledge and skills). A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

Credit for Proficiency

In addition to credit by completing classroom or equivalent work in a course, a student may receive credit toward a diploma or a modified diploma by one or more of the following options, if the student demonstrates defined levels of proficiency or mastery of recognized standards through:

1. Classroom or equivalent work that meets Common Curriculum Goals and academic content standard required by OAR 581-022-1210;
2. Classroom or equivalent work;
3. Passing an appropriate exam;
4. Providing a collection of work or other assessment evidence; and/or
5. Providing documentation of prior learning experiences.

Transcript Evaluation

Transfer credits and attendance may be accepted or rejected at the discretion of the district consistent with Oregon Administrative Rules and established district policy, administrative regulation and/or

school rules.

ALTERNATIVE EDUCATION PROGRAMS

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

In-District Alternative Education Programs

Examples of alternative education program options are not limited to, but include:

1. Evening classes;
2. Tutorial instruction;
3. Small group instruction;
4. Professional technical programs;
5. Work experience;
6. Instructional activities provided by other accredited institutions;
7. Community service;
8. Independent study;
9. Expanded Options Program;
10. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

Nondistrict Alternative Education Programs

1. Other school(s)/program(s);
2. Community college;
3. Others as approved by the district.

The district pays the alternative education program cost or an amount equal to 80 percent of the district's estimated current year's average per student cost, whichever is less, for placing students in non district alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semiannual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ANIMALS IN THE SCHOOL

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability and animals approved by the superintendent that are part of an approved district curriculum or co curricular activity are allowed in district facilities.

Companion and comfort animals are not considered service animals.

Animals, except those service animals serving persons with a disability, may not be transported on a school bus.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSIGNMENT OF STUDENTS TO CLASSES

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Parent requests to place a student in a particular class may be submitted to the principal or a counselor within the first 10 days of the respective semester. Requests to change a student's assigned class at other times must be directed to the Assistant Principal. Final decisions are the responsibility of the Assistant Principal or designee.

ATTENDANCE

All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend a public full-time school, unless otherwise exempted by law. Staff will monitor and

report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

Any person who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.095.

The district will notify the parent in writing that, in accordance with law, the superintendent will schedule a conference with the non attending student and their parent(s) to discuss attendance requirements. The written notice will include the following:

1. The superintendent or the designee has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a Class C violation;
3. A citation may be issued by the district; 4. The parent has the right to request:
 - a. An evaluation to determine if the student should have an individualized education program (IEP), if the student does not have one; or
 - b. A review of the student's current Individualized Education Program (IEP).
5. A conference with the parent and student is required. The conference may not be scheduled until after an evaluation or review as described in item 4 above, if requested by the parent, has been completed.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577(1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

ABSENCES AND EXCUSES

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;

3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required; 6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent or guardian. If the parent or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal or religious considerations.

A student who leave school during the day must bring a note from their parent. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The school nurse will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades.

TARDY POLICY

On the third tardy for any one class during a semester a major referral is written, parent/guardians are contacted and a lunch detention is assigned.

TRUANCY

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

AWARDS AND HONORS

Pleasant Hill Middle School will honor students for their accomplishments regularly throughout the academic year.

BICYCLES ON CAMPUS

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law.

The district assumes no liability for loss or damage to bicycles.

CLOSED CAMPUS/OPEN CAMPUS

Campus is closed for Middle School at all times. High School students only have an open campus.

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the band, choir, and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

COMPUTER USE

Students may be permitted to use the district's electronic communications system only to conduct business related to the management or instructional needs of the district or to conduct research related to education consistent with the district's mission or goals. Personal use of district computers, including e-mail access, is strictly prohibited for personal use, in addition to official district business consistent with Board policy, the general use prohibitions/guideline/etiquette and other applicable provisions set forth in administrative regulations.

The district's electronic communications system meets the following federal Children's Internet Protection Act (CIPA) requirements:

3. The online activities of students are monitored;

4. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
5. Procedures are in place to help ensure the safety and security of students when using email, chat rooms and other forms of direct electronic communications;
6. Unauthorized access, including so-called "hacking" and other unlawful activities by students online is prohibited;
7. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
8. Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted received or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited.

To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

Students and parents may also expect teachers to request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher’s preparation period or request that the teacher call the parent to arrange a mutually convenient time.

The counselor may also make available information about community resources to address personal concerns. Ms. Hill can be reached at jhill@pleasanthill.k12.or.us and (541) 736-0774.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. If the cost is \$50 or more, the district will notify the student and parent. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fees, Fines and Charges.

DANCES/SOCIAL EVENTS

The rules of good conduct and grooming shall be observed for school dances and social events. Guests will be expected to observe the same rules as students attending the events. The person inviting the guest will share responsibility for the conduct of the guest. A student attending a dance or social event may be asked to sign out when leaving before the end of the activity. Anyone leaving before the official end of the activity will not be readmitted.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, they may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year, for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Detention

A student may be detained outside of school hours for not more than two hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of

the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property.

The district may require a student to attend school during nonschool hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property without a parent or participate in activities directed or sponsored by the district, in accordance with board policy JGD.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or

3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

DISTRIBUTION OF MATERIAL

All aspects of K-12 school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school-sponsored media. School sponsored media prepared by student journalists are subject to reasonable time, place and manner restrictions pursuant to state and federal law.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a nonstudent without the approval of the administration.

Materials not under the editorial control of the district may be subject to administrative review, restricted or prohibited, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district.

All materials requested for distribution require approval of the administration.

The district may designate the time, place and manner for distribution.

If material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved.

A non approval may be appealed to the superintendent. If the material is not approved by the superintendent within three days it is considered non approved. This non approval may be appealed

to the Board at its next regular meeting when the individual shall have a reasonable period of time to present their viewpoint.

DRESS AND GROOMING

Responsibility for dress and grooming rests primarily with students and their parents. However, the district expects student dress and grooming to meet standards which ensure that the following conditions do not exist:

1. Disruption or interference with the classroom learning environment;
2. Threat to the health and/or safety of the student concerned or of other students.

Students who represent the school in a voluntary activity may be required to conform to dress and grooming standards and may be denied the opportunity to participate if those standards are not met.

No clothing depicting drugs, alcohol, tobacco products, or weapons, pornography of any kind is permitted.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Student in violation of the district's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The district's drug, alcohol and tobacco prevention program will be reviewed and updated annually. Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

EXTRACURRICULAR ACTIVITIES

All students, regardless of their ability levels, are encouraged to take part in extracurricular activities and the many worthwhile learning experiences that involvement in student government, student clubs, organizations, athletics and other activities has to offer.

Interested students should contact the office for additional information.

All such funds will be expended for the purpose of supporting the school's extracurricular activities program. The principal and activities director are responsible for administering student activity funds. The student body treasurer serves as the student government representative in administration of student activity funds.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements.

A gang is defined as any group that identifies itself through the use of a name, unique appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (gestures, handshakes, etc.) signifying gang membership or affiliation. Although HIV, AIDS and HBV* are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where nonintact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person. Since any risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

All medication to be administered by the district is to be brought to school by the parent in its original container. Medication not picked up by the parent within [five] school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the district.

In situations when a licensed health care professional is not immediately available, designated trained staff may administer to students, by means of injection, epinephrine, glucagon or other medications as prescribed and allowed by Oregon law (OAR 851-047-0030).

A process shall be established by which, upon parent written request, a backup prescribed auto injectable epinephrine be kept at a reasonable, secured location in the student's classroom.

Naloxone (Narcan)

ORS 339.871: protections against school staff against criminal or civil liability if use naloxone: "Naloxone or any similar medication that is in any form available for safe administration and that is designed to rapidly reverse an overdose of an opioid drug to a student or other individual who the school administrator, school nurse, teacher or other school employee believes in good faith is experiencing an overdose of an opioid drug."

Pre Measured Doses of Epinephrine

A premeasured dose of epinephrine may be administered by trained, designated district staff to any student or other individual on school premises who the personnel believe, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

Self-Medication

Students in grades K-12 are permitted to self-medicate prescription and nonprescription medication upon written request and permission of the parent and principal permission, subject to age appropriate guidelines. In the case of prescription medication, permission from the physician or other licensed health care provider is also required. Such permission may be indicated on the prescription

label. An instruction for a student to self-medicate with a prescription or nonprescription medication during school hours will include an assurance the student has been instructed in the correct and responsible use of the medication from the prescribing physician.

Other students who must carry medication may also be permitted to self-medicate when the necessary permission form and written instructions have been submitted.

All medication must be kept in its appropriately-labeled, original container. The student's name is to be affixed to nonprescription medication.

Students may have in their possession only the amount of medication needed for that school day. Except for manufacturer's packaging that contains multiple dosage, the student may carry one package. Sharing or borrowing nonprescription or prescription medication of any kind is strictly prohibited.

Permission to self-medicate may be revoked if the student is found to be in violation of these requirements. Students may also be subject to disciplinary action.

Contact the school office for additional information and forms.

STUDENT SEARCHES

Searches

District officials may search the student, their personal property and property assigned by the district for the student's use at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion based upon specific and articulated facts to believe that the student personally poses or is in possession of some item that poses an immediate risk or serious harm to the student, school officials and/or others at the school.

Searches shall be "reasonable in scope", that is, the measures used are reasonably related to the objectives of the search, the unique features of the official's responsibilities and the area(s) which could contain the item(s) sought and will not be excessively intrusive in light of the age, sex, maturity of the student and nature of the infraction. Strip searches are prohibited by the district.

District officials may seize any item which is evidence of a violation of law, Board policy, administrative regulation or school rule, or which the possession or use of is prohibited by such law, policy, regulation or rule.

District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as lockers and desks, may be routinely inspected at any time. Students have no expectation of privacy regarding these items/areas. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety and to reclaim overdue library books, texts or other instructional materials, property or equipment belonging to the district. The student will generally be permitted to be present during the inspection.

Items found which are evidence of a violation of law, policy, regulation or school rule may be seized and turned over to law enforcement or returned to the rightful owner, as appropriate.

Questioning of Students

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that when an Oregon Department of Human Services or a law enforcement official is questioning a child whom the investigating agent believes may have been a victim of abuse of a child, the investigator may exclude district personnel from the investigation and may prohibit personnel from contacting parents.
