Notice will be given five (5) days prior to the event, whenever possible, and the District will provide substitutes.

D. Personal Days, Family Illness and Bereavement Days

1. Personal Days

The District will grant to each member up to three (3) days of personal leave per year in addition to accumulated sick days without financial loss. These days will be granted when requested upon receipt of a written statement that such leave will be used for personal business that cannot be conducted outside of the school day, that applications for any personal leave day to be taken on a day immediately preceding or immediately following any three day weekend, holiday or school vacation, be on a form containing a detailed statement of the reason for such request, which may be approved at the discretion of the Building Principal, with final approval by the Superintendent. No more than five percent (5%) of the members shall be granted simultaneous personal leave days. Unused personal leave days will be added to accumulated sick leave at the end of each school year, except as provided by the terms of the Sick Leave Bank provisions.

2. Family Illness

Each member of the instructional staff may use up to ten (10) days of family illness leave per year chargeable to the member's sick leave allowance. Whenever an individual exceeds the 10 days of Family Illness Leave, the individual may request and the Superintendent may allow, in the Superintendent's sole discretion, additional days of family illness leave be deducted from the individual's accumulated sick leave total.

For the purpose of this provision, the term "immediate family" is defined as including the unit member's parents, spouse, significant other, children, siblings. Additional requests may be allowed under this clause at the discretion of the District and/or its representatives.

3. Bereavement Days

Each member shall be granted leave for the death of an immediate family member for up to three (3) consecutive days per incident. Such leave is nontransferable and non-accumulative. For the purpose of this provision, the term "immediate family" is defined as including the unit member's parents, grandparents, spouse, significant other, children, siblings or the parent of a spouse, brother-in-law or sister-in-law of unit member. Attendance at funerals of more distant relatives or close associates may be allowed under this clause at the discretion of the District and/or its representatives. At the discretion of the Superintendent additional days may be granted.

E. Sick Leave

In cases other than sudden or emergency illnesses or disabilities, the member is expected to give his or her best estimate of the onset and expected length of necessary sick leave as early as such estimate can be practicably made. The sole purpose of such notice shall be to enable the administration to have ample time to arrange for a substitute. In no case shall the member's estimate be binding upon them for the actual commencement or duration of necessary sick leave.

1. Each member shall be allotted a total of fifteen (15) days of sick leave per year accumulative to two hundred 215 days.
2. Regularly employed certified, part time personnel shall receive sick leave proportional to the time employed within the District.
3. Records of member attendance and accumulated sick leave shall be kept by the school office and a copy of each individual's record shall be given to him/her at the opening of school.

F. Maternity Leave for a Period of Disability

Maternity leave is a paid leave for a period of disability that refers to the period before, after, and during pregnancy confinement in which the unit member is disabled due to the pregnancy. While on paid medical leave accumulated sick days will be assessed on scheduled school days only.

*Question and Answer Booklet is available from District Office and/or Association President.

G. Child Rearing Leave

Each member shall be permitted an unpaid Child Rearing Leave up to a maximum of one (1) year upon the birth or adoption of a child. A maximum of one (1) additional year may be granted at the sole discretion of the Board of Education. Such leave must commence upon adoption or birth or, in the case of a member taking pregnancy disability leave, immediately following such disability leave. Members will give the District advance notice as soon as practicable of their best estimate of the inception of such leave. Requests for Child Rearing Leave shall be submitted in writing to the Superintendent for action by the Board of Education. At the time of the request for Child Rearing Leave, the member shall include a written statement of the intended date of return. The return date shall ordinarily be at the beginning of a semester, quarter or academic trimester (Elementary School staff). Any variation from the intended date of return must be transmitted in writing to the Superintendent for approval at least sixty (60) days in advance of the original date of return. If the child rearing leave will extend into the following school year, the employee must notify the district by April 1st of the current year.

*Question and Answer Booklet is available from District Office and/or Association President.

H. Other Leave

Non-Paid Leaves of Absence: The Board of Education may, at its discretion, upon individual application grant leaves of absence for other than maternity and adoption leave purposes. For leaves of less than five (5) months duration, the District will continue its contributions to the existing medical and hospital insurance plan, during such authorized leaves of absence. Upon returning to regular service, the member will be paid the contract salary increase due the year of return.

ARTICLE XIII - EMPLOYEE COMPENSATION

A. Traveling Expense

Mileage Compensation for approved use of personal cars in the conduct of school business will be based on the amount the Board of Education approves at the annual reorganizational meeting. Payment will be made upon presentation of a trip log and claim form. Payment of claims will be on a monthly basis. Claims must be presented by the first Wednesday of each month.

B. Traveling Teachers

Traveling teachers will be paid a stipend per semester, which will be inclusive of mileage, set-up and travel time. The stipend will be \$850 per semester. Employees not traveling on a daily basis will be paid on a pro-rated basis per the following:

- Travel every other day – 50% of stated amount shown
- Travel one, two, three or four days per week – 20%, 40%, 60%, 80% respectively, of stated amount
- Traveling teachers are expected to attend open houses in both of the buildings they teach in

Since these stipends receive Board approval, payment will be made automatically at the end of each semester. Only 10 month employees administratively assigned are eligible.

C. Summer Employment

The regular summer work day shall be six (6) working hours. In lieu of the hourly rate, the individual may opt for in-service credit to be added to the base salary.

D. Approved Ancillary Pay

WFA members who are participating in pre-approved school-based curriculum or committee work outside of the contractual school day/year will be compensated at the rate of \$35 an hour. WFA members preparing and presenting professional learning sessions will also be compensated at this rate for pre-approved planning and presentation time.

E. Additional Credit Hours After Initial Hiring

1. Masters Degree

Teachers who attain a Masters Degree after their initial hiring, and who submit transcripts verifying the same, will be compensated at the rate of one thousand five hundred dollars (\$1,500). This shall be permanently added to the teacher's base salary. In order to be compensated during a given school year, the verifying transcript must be received by the 1st Friday of the first week of school that year. *If the candidate for the Masters Degree has added credit to their base salary prior to finishing their Masters, the amount credited will be deducted from the \$1,500 stipend.*

<i>Course hours previously reimbursed</i>	<i>Amount credited at completion</i>
3	\$1350
6	\$1200
9	\$1050
12	\$900
15	\$750
18	\$600
21	\$450
24	\$300
27	\$150
30	\$0

In addition, staff working towards a Masters Degree will be reimbursed for one course per school year at the current State University rate. In order to receive tuition reimbursement, written application shall be made to the Superintendent by the employee and the Superintendent's written approval must be received prior to enrollment in the course or program. To be reimbursed for tuition, the employee shall submit to the District Business Office, upon satisfactory completion of the course, official receipts for tuition expenditure and a transcript from the Registrar's Office.

The district will only give credit for one Masters Degree in a teacher's career unless written permission has been granted prior to starting classes.

2. Credit beyond the Masters Degree

Full tuition reimbursement (at current State University rate) will be compensated to the Master + 60 level. In order to receive payment or tuition reimbursement, written application shall be made to the Superintendent by the employee and the Superintendent's written approval must be received prior to enrollment in the course or program. To be reimbursed for tuition, the employee shall submit to the District Business Office, upon satisfactory completion of the course or program, official receipts for tuition expenditure and the official transcript from the Registrar's Office. Staff will be reimbursed for one course per year at the state tuition rate. Additional course reimbursement will be considered by the Superintendent in state-wide shortage areas or district need areas.

The other option for reimbursement is to have the credit added to the base salary at the rate of \$45 per credit hour up the limit of Master's + 60.

3. In-service Credit

In-service credit must be pre-approved by the District Office. Approved in-service credit will be added to a WFA Member's base salary at the rate of \$45 for 15 hours of in-service.

1. In-service credit for offsite workshops or courses must be pre-approved
2. In-service opportunities offered by the district will be clearly identified and do not need prior approval
3. Teacher proposed in-district in-service workshop proposals must be submitted to the Director of Curriculum, Instruction and Assessment for pre-approval.

Psychologists will receive the stipend upon being hired in the District with the 60 hours completed. School Counselors will receive the stipend when the 60 hour program is completed. If a teacher is used as a substitute, the teacher will be compensated at the rate of \$25 per class period covered, in addition to their regular salary. If a teaching assistant is used as a substitute, the teaching assistant will be compensated at the rate of \$20 per class period covered, in addition to his or her regular salary. If a teaching assistant covers a class during their lunch or planning they will be compensated at the rate of \$25.

ARTICLE XIV- TERMS & CONDITIONS OF EMPLOYMENT

A. Pay Dates

All members of the “instructional unit” will be paid on a bi-weekly basis. If any pay day falls on a date when school is not in session, the checks will be distributed on the last day of school prior to the vacation period, when and to the extent that this can be legally accomplished.

Each unit member shall choose one of the following two pay schedules: Twenty-one (21) equal pay periods through the school year or twenty-six (26) equal pay periods, with the additional pay periods paid as a lump sum on the last pay day of the school year.

B. Credit For Teaching Experience

Salary credit for prior teaching experience up to and including seven (7) years is to be granted to any teacher accepting a position in the Williamson school system. Credit for service beyond seven (7) years may be negotiated on an individual basis.

C. Credit For Military Service

The District will grant salary credit up to four (4) years for active military service in the armed forces of the United States performed by members of the faculty, regardless of when such military service occurred, except that such credit will be rounded off to the nearest year, and that such credit shall not be retroactive.

D. Policy and Administrative Manual

Up-to-date copies of the District Policy and Administrative Manuals shall be available for review on the District website. Employees are encouraged to become familiar with the contents of Board Policy Manual. Specific Board policies which the District expects employees to know and enforce will be made a part of the teacher handbook. In the event the policy is extensive in nature, its number and title will be referenced in the teacher handbook.

E. Work Day

The work day for all unit members shall consist of seven (7) hours and thirty (30) minutes inclusive of a duty free lunch.

F. Duty Free Lunch Time

There shall be a minimum of one-half hour of duty free lunch time for each unit member each day.

G. Employee Assignment

Any proposed change in the assignment of an employee relative to subject area, level, building or number of classes, will be discussed with that employee by the administrator. The employee’s suggestions and ideas, relative to the change, will be considered in the administrator’s final determination. The employee’s qualifications and seniority at the present grade level or assignment will also be considered.

H. Class Size/Mainstreaming

The District recognizes the need to maintain appropriate class size in regard to teacher/pupil ratio and will make every attempt to keep class sections at a reasonable size so that effective instruction can be insured. Class sizes may vary depending on a variety of factors (grade level,

grouping practices, scheduling factors). Student support needs should be considered when determining class size. Before a mainstreamed placement is finalized, a meeting with the receiving teacher will be held.

I. Employee Protection

- (1) An employee will immediately report, in writing, all cases of assault and/or battery suffered by them in connection with their employment to their Principal.
- (2) The District will reimburse employees for reasonable cost of any clothing, dentures, eyeglasses, hearing aids, or other similar items which are damaged or destroyed as a result of an assault and/or battery suffered by an employee while acting in the discharge of their duties within the scope of their employment.

J. Non-Tenured Teachers

If a probationary teacher who is denied tenure requests the reason for such denial, the reasons shall be provided orally by the Superintendent, unless requested in writing by the teacher.

K. Teacher Planning and Preparation

Whenever a teacher is absent, a clearly marked book containing short-range plans, a daily schedule and any other material that may be of value to a substitute teacher shall be made available to the Building Principal, so that the instruction of the students may reasonably continue.

L. Teacher Dismissal

No tenured teacher shall be dismissed or disciplined without just cause.

M. Just Cause

No unit member enjoying the benefits of tenure shall be disciplined or dismissed except for just cause and by the process provided for in this article. No charges under this article shall be brought more than three years after the occurrence of the incompetence or misconduct, except when the charge is of misconduct constituting a crime when committed.

1. If the District desires to discipline a tenured unit member by the imposition of a written reprimand, a suspension without pay of twenty (20) days or less, or a fine of not more than five hundred dollars (\$500), the following procedure will apply:
 - a. The Superintendent shall give the unit member written notice of the discipline desired and of the charge or charges constituting just cause for the discipline. The Superintendent may also, but shall not be required to, specify the remedial action which the unit member will be required or recommended to take toward correcting the behavior which resulted in the charge(s) being brought against the unit member.
 - b. Within ten (10) days of service upon the unit member of the written notice as provided in (1) above, the unit member shall have the right, but shall not be required, to meet with the Superintendent to discuss the disposition of the charge(s). The unit member shall have the right to representation at such a meeting. Within fourteen (14) days of service of written notice upon the unit member, he/she shall have the right to elect one (1) of the following options for disposition of the charge(s).

- (1) The unit member may consent in writing to the imposition of the proposed discipline or a mutually agreeable alternative, including any remedial action. The notice of charge(s) and of the final disposition, with the unit member's consent endorsed upon or attached to it, will be placed in the unit member's personnel file and the discipline will be imposed. In such case the unit member's consent shall be deemed a waiver of the unit member's rights under section 3020-a of the Education Law.
 - (2) The unit member may elect in writing to have the charge(s) disposed of by the procedures specified in section 3020-a of the Education Law. If the unit member so elects, the Superintendent shall forthwith commence such a proceeding.
 - (3) The failure by the unit member to make a timely election of either option (a) or (b) above shall constitute a waiver of the unit member's rights under section 3020-a of the Education Law. In such case a copy of the notice of charge(s) will be placed in the unit member's personnel file, and the proposed discipline will be imposed. Such action shall not be subject to the grievance process provided by this Agreement.
2. If the District desires to dismiss or discipline a tenured unit member by the imposition of a suspension without pay of greater than twenty (20) days or a fine of more than five hundred dollars (\$500), and the charge(s) concern pedagogical incompetence or issues involving pedagogical judgment, the following procedure will apply:
 - a. The Superintendent shall give the unit member written notice of the desired discipline and of the charge(s) constituting just cause for discipline. The Superintendent may also, but shall not be required to, specify the remedial action which the unit member will be required or recommended to take toward the correcting the behavior which resulted in the charge(s) being brought against the unit member.
 - b. Within ten (10) days of service of the written notice upon the unit member as prescribed in 1 above, the unit member shall have the right, but shall not be required, to meet with the Superintendent to discuss the disposition of the charge(s). The unit member shall have the right to representation in such a meeting. Within fourteen (14) days of service of written notice upon the unit member, he/she shall have the right to elect either one of the following options for disposition of the charge(s):
 - (1) The unit member may consent in writing to the imposition of the proposed discipline or mutually agreeable alternative, in which case a copy of the notice of charge(s) and of the final disposition, with the unit member's consent endorsed upon or attached to it, will be placed in the unit member's personnel file, and the discipline will be imposed. In such case the unit member's consent shall be deemed a waiver of the unit member's rights under section 3020-a of the Education Law.
 - (2) The unit member may elect to enter into an improvement period, which shall automatically stay any further proceedings on the charge(s). In such case the unit member's election shall be deemed a waiver of the unit member's rights under section 3020-a of the Education Law and an

agreement that the charges will be disposed of by arbitration as hereafter provided. The Superintendent will immediately schedule a meeting with the immediate supervisor, the unit member, and a representative of the unit member's choice, for the purpose of commencing a process for improving the unit member's performance. The improvement period shall commence with this meeting and shall not be less than 60 school days nor more than 120 school days. The unit member shall be required to design and execute a professional improvement plan intended to substantially remediate the pedagogical inadequacies specified in the charge(s) within the period allotted. The improvement period shall be supervised by the unit member's immediate supervisor.

The improvement period may include a period of mandatory or voluntary suspension from regular duties for the purposes of planning, training, workshops, observation of and consultation with other professionals, or other activities intended to prepare the unit member to return to the performance of regular duties.

(3) The unit member may elect in writing to have the charge(s) disposed of by the procedures specified in section 3020-a of the Education Law. If the unit member so elects, the Superintendent shall forthwith commence such a proceeding.

c. At any time after the 61st school day but no later than the 120th school day of an improvement period, as defined in 2(c) above, the Superintendent shall give the unit member a final written notice stating whether the Superintendent is satisfied with the unit member's remedial efforts and withdraws the charge(s) or that the Superintendent intends to proceed with the charge(s). If the Superintendent is satisfied with the resolution of the charge(s), a copy of this written notice signed by the Superintendent shall be attached to the original notice of charge(s) in the unit member's personnel folder. If the Superintendent intends to proceed with the charge(s), the unit member shall have ten (10) school days from receipt of this notice from the Superintendent to demand arbitration of the charge(s).

The arbitration shall be conducted in accordance with the rules of the American Arbitration Association. The costs of arbitration shall be borne equally by both parties and the arbitrator's decision shall be final and binding.

3. Any charge(s) against a tenure unit member which are not provided for by 1 or 2 above shall be disposed of according to the procedures of section 3020-a of the Education Law.

N. Reduction In Force

In the event there is a reduction in the number of employees by the District, the following procedures and requirements will apply:

1. The Williamson Faculty Association will be notified of the number of employees to be laid off.
2. The reduction in work force will be accomplished through attrition to the extent possible.
3. In the event it is impossible to effectuate any or all of the reduction in force by attrition, then the least senior employee in the relevant tenure area as defined by the most recent statutes, rules and regulations of the Commissioner of Education, will be laid off.

4. Employees so laid off will be placed on a preferred eligibility list for a period of not less than seven (7) years.
5. To the extent possible, the District will make an effort to place the laid off employee in another position.
6. In the event an employee is laid off during the school year, and until such time as the employee achieves other full time employment in the field of training, the District will continue medical/dental premium payments for the balance of the school year.

O. Personnel Files

Each member may inspect the contents of their own personnel file and make copies of any documents therein, provided that letters of recommendation for the employee and college placement folders, which will be kept in a separate envelope, will not be subject to review by the employee. The employee shall be entitled to have a representative accompany them during such a review. No material critical of the employee's conduct, service, character or personality shall be placed in the personnel file unless the employee has had an opportunity to review such material, and to acknowledge receipt by affixing their signature to the file copy, with the express understanding that such signature in no way indicates agreement with the contents thereof, and may submit a written response to such material. Their response shall be reviewed by the Superintendent or Building Principal and attached to the file copy. A copy of any material removed from the file will be given to the employee.

The District will attempt to accommodate the requests of employees to review their files as soon as practicable. It is expected that employees will provide reasonable notice to the office for review of the personnel file during the open office hours and while the appropriate office personnel are on duty. Upon first review of the file, the employee will initial and date the items in the file. This initialing indicates merely that the item has been seen and does not indicate agreement with the contents. Any new material placed in the file subsequent to the first initialing will be initialed and dated when the employee reviews the file again.

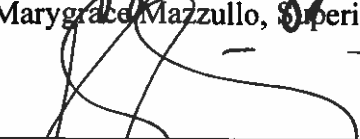

ARTICLE XV - MUTUALITY OF OBLIGATION

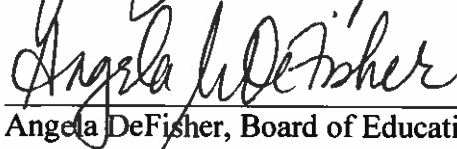

- A. It is understood and agreed that the District and the Association will make every good faith effort to carry out the spirit as well as the letter of this agreement, subject to the law. Both parties further agree to take no action that will demean the process or be contrary to the laws of the State of New York pertaining to strikes or work stoppages by public employees for the duration of this agreement. The parties further agree that negotiations will not be re-opened on any item whether contained herein or not during the life of this agreement.
- B. The District hereby amends its rules and regulations to the extent necessary to give effect to the provisions of this agreement. District rules and regulations not altered by this agreement are considered to be ongoing policy and shall remain in effect unless altered specifically by this agreement.

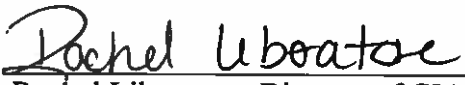

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the 6th day of April 2022.
