## VISIONING WORKSHOPS OUTCOMES – GUIDING PRINCIPLES

- **AGILITY**

The collective, institutional, and personal capacity to identify, react, respond, and embrace ever-changing conditions.

- **AGENCY**

Providing all students the opportunity to explore, experience, choose, and follow their own passions, honoring different styles, interests, and choices.

- **TRANSFORMATION**

A catalyst for changing our expectations of education, community, and personal development; building new relationships between students, educators, and industry.

- **RESTORATION**

Minding, mending, and renewing the community, economy, natural environment, and educational mission; strengthening the whole person (physical, cognitive, emotional).

# Design Thinking

Workshop participants worked in teams to organize a “kit of program parts” into a vision for the new school.
