The date of graduation is not set until April 1 of the school year. Students may be denied participation in the graduation ceremony if they have outstanding obligations or fines owed to the school. In addition, students may be excluded from graduation exercises for disciplinary reasons.

### ***Class Rank & Course Leveling***

All students will receive a ranking as determined by their performance as compared with that of their grade-level peers. Class Rank is calculated by students' weighted cumulative grade point average. A ranking is assigned after the completion of two semesters at Griswold High School.

| Course Level      | Weight | Impact on Weighted GPA Example<br>(final grade x weight) |
|-------------------|--------|--|
| Advanced (AP/ECE) | 1.20   | 80 x 1.20 = 96.0   |
| Honors            | 1.15   | 80 x 1.15 = 92.0   |
| Standard          | 1.10   | 80 x 1.10 = 88.0   |
| General           | 1.05   | 80 x 1.05 = 84.0   |

Students are encouraged to enroll in courses that provide appropriate challenge and rigor and in alignments with their college and career aspirations.

### ***Schedules***

Student schedules are released in August. Students must maintain 7.0 credits per year with a maximum of one Study Hall per semester. Seniors in good academic standing are permitted to enroll in 6.0 credits with a maximum of one Study Hall per day. The Griswold High School Course Catalog is updated annually and is available on the [School Counseling website](#).

Students who earn a 75 or higher in all classes from the previous quarter are eligible for Cafe Study Hall. Students who earn between a 70-74 in AP/ECE courses will be permitted in Cafe Study Hall so long as all other courses have a grade of 75 or higher. Students who earn below a 75 in one or more courses will be placed in a Silent Study Hall, which provides a more structured environment. Eligibility is reviewed and schedules are changed on a date designated by the School Counseling Office following the finalization of quarter grades.

### ***Schedule Changes***

The Add/Drop occurs during the first two weeks of the school year for first semester and full year courses and during the first two weeks of the second semester for second semester courses. After the Add/Drop period ends, students are no longer able to pursue schedule changes with the exception of course level changes.

A course level change can occur throughout the school year if recommended and all efforts to remain in the course are exhausted. In this case, grades to date will follow the student into the new placement. Additionally, this may have an impact on the student's overall schedule.

Students who pursue dropping a course after the Add/Drop period will receive a Withdraw-Fail (WF) on the transcript, which calculates as a 60 into the student's GPA. In this instance, a course is only dropped with the permission or acknowledgement from the parent/guardian, the school counselor, and an administrator.

### ***Course Appeals***

Griswold High School values teacher recommendations for course placement. We recognize, however, that students may want to challenge themselves with more rigorous coursework.

Students may appeal their course recommendation by completing a Course Appeals Form in the School Counseling Office. To ensure successful completion of the course, students who appeal into a course will have their grade monitored and are expected to hold a minimum of a 75 average at the end of the first quarter. If students are not meeting the minimum grade, they will be placed in the course originally recommended. This may affect a student's schedule/elective options.

### ***Homework***

Homework is an integral part of the instructional program and learning process, which allows students to follow through on their personal commitment to academic work. Access to homework assignments may be obtained through Infinite Campus and/or individual teacher's Google Classrooms.

### ***Midterm and Final Exams***

Students are expected to report for their Midterm and Final Exams for all courses, with the exception of Study Halls. These assessments are essential to the teaching and learning process. All full year courses will have both a Midterm and a Final Exam. Semester-long courses will only have a Final Exam. Attendance of Midterm and Final Exams is mandatory. Students who are tardy will be permitted into their exam room only with teacher permission. No students will be allowed to leave an exam before the scheduled time, except in the case of a medical emergency. Only those students with excused absences will be allowed to make up their assessment.

Seniors with a Final Grade of a 90 or higher prior to Final Exams may be exempt from Final Exams.

### ***Summer School***

Griswold High School offers Summer School for credit recovery in courses required for graduation only. Students must have a final grade between 55-64 to be eligible and registration is at the expense of the parent/guardian. Students may only earn credit for one Summer School course per subject area during their high school career. Students who recover their credit will receive a revised grade of 65 on their transcript.

## Student Activities

### *Athletics*

Dear Parent / Guardian and Prospective Athlete:

I would like to welcome you to the Griswold Public Schools Department of Activities and Athletics. I look forward to getting to know you as you progress through our athletic programs. This handbook is designed to provide information about the Griswold Public Schools athletic programs available to you. It also serves as a guide for all athletes, parents and coaches.

Successful athletic programs include: a positive experience for every athlete and a great sense of camaraderie and unity within their team; an environment that ensures high ethical standards and expectations for fairness, equity, and sportsmanship for all of our student athletes and coaches. In addition, successful programs also include dedicated coaches, active support from the student body, outstanding leadership from school administrators, and a great sense of pride in the entire community. The Athletic Department's goal is to facilitate all those facets together to create the best athletic programs possible.

A *true* "Wolverine" is someone of high moral character with a great work ethic. They will contribute to a team in many different roles and always strive for improvement, in practice and competition. Wolverines play hard, play fair, and are dedicated to being the best they can be on the field and in the classroom. Experiences gained from athletic competition will benefit future endeavors as a productive member of society.

A complete athletics practices and policy manual, including the Athletic Code of Conduct and consequences, can be found [HERE](#).

Thank you,

Stephen Cravinho  
Campus Wide Activities and Athletic Director

### ***National Honor Society*** **(Ms. Debbie Laliberte)**

Students are selected for National Honor Society in accordance with the guidelines provided in the National Honor Society Handbook point system method. Students selected must demonstrate scholarship, service, character and leadership. Initial screening for National Honor Society verifies the student's satisfaction of the scholarship element, and is done on the basis of the student maintaining a weighted grade point average of "88". Academically eligible students will receive notification that they are academically eligible and be requested to fill out the Student Activity Information Form showing how they satisfy the leadership, service and character requirements. Faculty and staff will be notified of those students who have returned the form indicating that they desire to be considered for the National Honor Society, and will be requested to submit comments on the demonstrated leadership, character and service of the students with whom they are familiar. That information will be assembled by the faculty advisor and disseminated to the five member faculty council appointed by the Principal for evaluation and assessment on the basis of a four point scale, 0 being that the student failed to demonstrate the area in question and 3 indicating that the student provided strong demonstration of the attribute. The results of the assessment of each member will be summed for each of the three areas of leadership, service and character, and a total point value (the sum of the points assigned for the three areas) will be assigned. Students will be ranked on the basis of the total points. The faculty council will then meet and discuss each student to determine

eligibility on the basis of the strength of the package submitted by the student, and the assessment of faculty and staff. It is crucial for the students to fill out the Student Activity Information Form completely, and document carefully how they have demonstrated each of the attributes to be considered, as the quality of this submission is a major factor in their selection or non-selection.

### **Maintaining Eligibility**

Students selected to the National Honor Society are expected to continue to demonstrate the attributes of scholarship, leadership, character and service. Students are expected to attend at least one National Honor Society meeting per month, and to participate in National Honor Society service activities. Students who fail to maintain the standards of academic performance or behavior will be dismissed in accordance with the guidelines of the National Honor Society Handbook. Specifically, students are required to maintain the minimum unweighted grade point average of 85 specified in the National Honor Society handbook. They are also expected to maintain a passing grade in all subjects. Failure to maintain either of those requirements will result in the students being placed on academic probation for a quarter. Subsequent failures will result in a hearing before the Faculty Council, which will most likely result in permanent dismissal from the National Honor Society. Dismissal will be subject to appeal as specified in the National Honor Society Handbook and in the district's disciplinary appeals process. The National Council and the NASSP do not have authority to hear or make any decisions regarding appeals in dismissal cases.

## School Services

### ***School Counseling Services***

The School Counseling Program at Griswold High School is founded on the belief that students are individual learners capable of reaching their academic, social-emotional, and career potential when appropriate, comprehensive supports are in place. Students are provided developmental opportunities in a safe, supportive environment that fosters student growth. Collaboration with educational and community members further enhances this process so that students are equipped with the knowledge and skills to be both productive and successful.

The School Counselors of Griswold High School provide services through:

### ***Direct Student Services***

Direct services are in-person interactions between school counselors and students and include the following:

- *The School Counseling core curriculum:* This curriculum consists of structured lessons designed to help students attain the desired competencies and to provide all students with the knowledge, attitudes and skills appropriate for their developmental level. The school counseling core curriculum is delivered throughout the school's overall curriculum and is systematically presented by school counselors in collaboration with other professional educators in classroom and group activities.
- *Individual student planning:* School counselors coordinate ongoing systemic activities designed to assist students in establishing personal goals and developing future plans.
- *Responsive services:* Responsive services are activities designed to meet students' immediate needs and concerns. Responsive services may include counseling in individual or small-group settings or crisis response. Additional resources that may be collaborated with are the Student Supervisor, Associate Principal, Principal, School Social Worker, School Psychologist, and/or a Clinical Referral.

### ***Indirect Student Services***

Indirect services are provided on behalf of students as a result of the school counselor's interactions with others including referrals for additional assistance, consultation and collaboration with parents, teachers, other educators and community organizations. The Health Office hours are from 7:30AM to 2:30PM and the office is staffed by a Registered Nurse and a School Health Aide. Students who need to visit the Health Office must have an agenda signed by the teacher with the exception of an emergency situation. Students who are ill should report to the Health Office for assistance, or to call parents.

Students who are granted an early dismissal from the Health Office may not participate in after-school extracurricular/athletic activities or events on the day of the Health Office dismissal.

*A doctor's note is required anytime a student is hospitalized and/or sustains an injury that requires absence from Physical Education class, or impacts physical activity, i.e. fractures, strains, sprains, etc.*

### *Accidents*

All accidents must be reported to the nurse immediately, including accidents, which occur on the way-to, while in, and going home from school. The teacher or coach reporting the accident is to complete the accident report form available in the Health Office.

### *Use of AEDs in School*

An AED (Automated External Defibrillator) is a portable medical device that may be used in the event that someone has a cardiac emergency. Griswold High School has invested in this technology to further insure the health and safety of people on the high school campus. Campus patrol, medical staff, and athletic and coaching staff are trained to effectively and appropriately use them. An AED is located outside the cafeteria in the main hallway, and campus patrol carries one in his car after school. Coaches also have the ability to sign out an AED to have with the team when they go to an away sporting event.

### *Medications*

Students requiring medication during the school day must have the medication in the Health Office. Medications are to be given to the school nurse by an adult, unless other arrangements are made between the nurse and the parent/guardian of the child. Connecticut State Law requires authorization on file in the Health Office signed by physician and parent, describing medication, dosage, and possible side effects. **All medications (including over the counter) must be kept by the nurse and distributed by her at the appropriate times. A copy of the Authorization to Administer Medication Form can be found on our school website and in the Health Office.**

All medication needing to be given during school hours is given by the school nurse. **In her absence, a school administrator or teacher may administer medications.**

**DO NOT** send medication of any kind in any amount to school with your child with instructions for him/her to “take it on his/her own.” The student will not be permitted to assume this responsibility. If your child must receive medication during school hours, please abide by the following:

1. An [authorization form](#) from the doctor must be completed and signed by the parent and the prescriber. This must include the name of the medication, dosage, route, administration time and length of time to be given. No medication may be given without a **written doctor's order**.

A \$5.00 replacement fee will be charged for all unreturned elevator keys. Students must be given permission by a school

administrator to ride the elevator and/or accompany a student who has been given permission to use the elevator.

The regulations have been formulated for the protection of your child. We appreciate your cooperation. If any problems or questions arise, please contact the Health Office at (860) 376-7647 between 7:30 a.m. and 2:30 p.m.

### ***Learning Commons***

(Mrs. Laureen Anthony)

The goal of the Griswold High School Learning Commons is to be the central point for student and teacher activities. The Learning Commons is staffed by Mrs. Anthony, certified Library Media Specialist. We strive to educate our students to search for and manage information effectively and efficiently and encourage our students to be lifelong learners. The mission is accomplished by:

- Offering a place for academic work during study halls and after school based on personnel availability.
- Providing instruction in Information Literacy; including research techniques and evaluation of information.
- Offering activities that stimulate interest in reading for information and pleasure.
- Maintaining a collection of resources and reading materials for all readers in various formats.
- Supporting the school's curriculum and reading initiatives.

Students who are registered for Virtual High School courses use the computers in the library during that class period.

We have e-readers available for student loan for a four week period. Before students are allowed to check the e-reader out, they must hand in a signed permission slip from their parent/guardian. In signing the permission slip, the parent/guardian agrees to be responsible for the replacement cost of the e-reader (\$130.00) if the item is lost or damaged.

Books are checked out for a four week period. If books are not returned the student is responsible for the replacement cost of the item. Seniors are required to pay all outstanding fees before being allowed to participate in senior class activities at the end of the school year.

### ***Community Service***

Community Service Coordinator

(Ms. Jaselyn Caviness)

The community service coordinator is responsible for the expectations of the community service graduation requirements as set forth by the board of education. At present students from the class of 2023 must complete 30 hours of community service, 10 hours a year, in order to earn the 1 credit required in order to graduate. (please note that 10 hours were removed due to the pandemic shut down of all schools back in march of 2020.) The classes of 2024 and later must earn 40 hours of community service, 10 hours a year, by the time of their senior year to earn the 1 credit required for graduation.

Each incoming class will have a community service assembly to discuss the guidelines and expectations. Mrs. Caviness will reach out throughout the year and continue to share opportunities, advise projects and track your student's hours. for more information, guidelines and hours forms please visit the community service website:

<https://www.griswold.k12.ct.us/ghs/student-life/capstonecommunity-service>

### ***Student Success Team / Multi-Tiered System of Support***

Students are referred for SST services through classroom cohort teacher recommendation following communication with parents and school counseling staff. The SST meets twice weekly to review student referrals and monitor intervention plans. Close communication on intervention plan success is maintained with parents. For more information, please contact School Psychologist John Cormier.

At Griswold High School, success for all students is the goal. Early intervention is believed critical to improving learning outcomes. Working collaboratively with teachers, related service staff, families, and students, the Student Success Team (SST) plays an integral part in the early intervention process. The Team's focus is to clarify the needs of students showing a lack of success in assigned courses, develop and monitor data-driven intervention plans, and provide supplemental instruction in reading, writing and math when needed. Additionally, assistance with academic organization/planning may be provided through skill center participation. Consultation and short-term intervention services with school counseling staff takes place for students requiring social-emotional assistance. Students continuing to show academic difficulty despite progressing through tiered interventions of increasing intensity may be referred for more intensive and long-term intervention services through a Section 504 Team meeting or Planning and Placement Team (PPT) meeting.

### ***Homeless Students***

The Board shall make reasonable efforts to identify homeless children within the district, encourage their enrollment and eliminate existing barriers to obtaining their education. It is the policy of the Board of Education that no child or youth shall be discriminated against or stigmatized in this school district because of homelessness. Homeless students, as defined by federal statutes, residing in temporary housing are entitled to certain school services per the McKinney-Vento Act. Students who are experiencing homelessness should contact the **Griswold High School's Homeless Liaison, Stefanie Burelle, for more information @ (860)376-7640.**

## **School Procedures**

### ***Age of Attendance***

Parents and those who have the control of children five years of age and over and under eighteen years of age, are obligated by Connecticut law to require their children to attend public day school or its equivalent in the district in which such child resides, unless such child is a high school graduate or the parent or person having control of such child is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools. The parent or person having control of a child seventeen years of age must consent to such child's withdrawal from school. The parent or person shall exercise this option by personally appearing at the school district office to sign a withdrawal form. The district shall provide the parent or person with information on the educational opportunities available in the school system and in the community.

A child who has attained the age of seventeen and who has voluntarily terminated enrollment in the district's schools and subsequently seeks readmission may be denied readmission for up to ninety school days from the date of such termination unless the child seeks readmission to the district not later than ten (10) school days after such termination in which case the Board shall

provide school accommodations to such child not later than three school days after such child seeks readmission.

A child who has attained the age of nineteen or older may be placed in an alternative school program or other suitable educational program if he/she cannot acquire a sufficient number of credits for graduation by age twenty-one.

### ***Attendance Policy***

At Griswold High School, we believe that promptness and regular attendance contributes to success, both in school and later in life. Regular attendance in classes will promote academic success and help students to develop positive work habits. Regular school attendance is the single most important factor in school achievement and success. In contrast, research shows that missing too much school (chronic absence and truancy) can lead to school drop-out, academic failure and juvenile delinquency. To that end, our attendance policy and practices will assist students in becoming responsible individuals who will become productive members of society.

The Griswold High School Attendance Improvement Plan is based on the most recent research and guidelines published by the Connecticut State Department of Education and aligns with Griswold Public Schools Board of Education Policy. This document contains information regarding the most recent updates to Griswold High School's attendance practices.

### **Definitions**

**"Absence"** shall mean an excused absence, unexcused absence or disciplinary absence, as those terms are defined by the State Board of Education or an in-school suspension that is greater than or equal to one-half of a school day.

**"Chronically Absent"** is an enrolled student whose total number of all (excused, unexcused, and disciplinary) absences at any time during a school year is equal to or greater than ten percent of the total number of days that such student has been enrolled at such school during such school year.

**"Excused Absence"** a student's absence from school shall be considered "excused" if written documentation of the reason for such absence has been submitted within ten (10) school days of the student's return to school and meets the following criteria:

1. For absences one through nine, a student's absences from school are considered "excused" when the student's parent/guardian approves such absence and submits appropriate documentation to school officials.
  - a. Such documentation includes a signed note from the student's parent/guardian, a signed note from a school official that spoke in person with the parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional, as appropriate. Documentation should explain the nature of and the reason for the absence as well as the length of the absence. Separate documentation must be submitted for each incidence of absenteeism.
2. For the tenth absence and all absences thereafter, a student's absences from school are considered excused for the following reasons:

- a. Student illness (must be verified by a licensed medical professional to be deemed excused, regardless of the length of the absence);
- b. Religious obligations;
- c. Death in the student's family or other emergency beyond the control of the student's family;
- d. Mandated court appearances (documentation required);
- e. The lack of transportation that is normally provided by a district or sending district;
- f. Extraordinary educational opportunities pre-approved by District administration and to be in accordance with Connecticut State Department of Education guidance;
- g. Children of Service Members: An enrolled student, whose parent or legal guardian is an active duty member of the armed forces, as defined in section 27-103, and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting, shall be granted ten days of excused absences in any school year and, at the discretion of the Board of Education, additional excused absences to visit such child's parent or legal guardian with respect to such leave or deployment of the parent or legal guardian. In the case of such excused absences such child and parent or legal guardian shall be responsible for obtaining assignments from the student's teacher prior to any period of excused absence, and for ensuring that such assignments are completed by such child prior to his or her return to school from such period of excused absence.

**“Disciplinary Absence”** shall mean any absence as a result of school or district disciplinary action. Any student serving an out-of-school suspension or expulsion should be considered absent. Such absence is not considered excused or unexcused.

**“In attendance”** shall mean a student if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion will have his or her attendance recorded as such.

1. A student serving an out of school suspension or expulsion shall be reported as absent unless he or she receives an alternative educational program for at least one half of the regular school day. In any event, the absence is considered a disciplinary absence, and will not be designated as excused or unexcused.
2. On early dismissal days and days shortened due to inclement weather, the regular school day for attendance purposes is considered to be the amount of instructional time offered to students on that day. For example, if school is open for four hours on a shortened day scheduled, a student must be present for a minimum of two hours in order to be considered “in attendance.”
3. Students placed on homebound instruction due to illness or injury in accordance with applicable regulations and requirements are counted as being “in attendance” for every day that they receive instruction from an appropriately certified teacher for an amount of

time deemed adequate by the administration so as to ensure that the student is able to successfully return to the regular classroom setting.

"**Mental Health Wellness Day**" describes a school day during which a student attends to his/her emotional and/or psychological well-being in lieu of attending school. Students may take two (non-consecutive) mental health wellness days during the school year. These absences will be considered "excused".

"**Tardy**" shall mean arriving at school or class after the designated start time.

"**Truant**" shall mean a student who has four unexcused absences in any one month, or ten unexcused absences in one school year.

"**Unexcused absence**" any absence from a regularly scheduled school day for at least one half of the school day, which is not excused or considered a disciplinary absence. The determination of whether an absence is excused will be made by the building principal or his/her designee. Parents or other persons having control of the child may appeal that decision to the Superintendent or his/her designee, whose decision shall be final.

1. A student's absence from school shall be considered unexcused unless:
  - a. The absence meets the definition of an excused absence and meets the documentation requirements.
  - b. The absence meets the definition of a disciplinary absence, which is the result of school or District disciplinary action and are excluded from these State Board of Education approved definitions.

## ***Policies***

When a student reaches a certain number of absences, that student will be referred to the Attendance Committee. The committee's responsibilities include creating intervention plans, assisting families and students, providing resources to improve attendance, and potentially involving state organizations if needed. This approach aims to address attendance issues and ensure that students are actively engaged in their education.

When the school in which a child is enrolled receives no notification from a parent or other person having control of the child is aware of the child's absence, a reasonable effort shall be made by school personnel or volunteers under the direction of school personnel to notify by telephone and by mail such parent or other person having control of the child.

Responsibility for completion of missed classwork lies with the student, not the teacher. Unless a student has an extended illness, all make-up work will be complete within five days after the student returns to school.

**NOTE:** Teachers are not obligated to provide work for class periods where a student has accrued an unexcused absence.

## ***Morning Arrival At School***

Students arriving at school BEFORE 7:20 AM will report directly to the cafeteria to wait for dismissal to Period A. Any student having a morning meeting with a teacher must show a signed agenda to the staff person in the cafeteria to be allowed within the building.

### ***Class/Study Hall/Detention Cuts***

Students discovered as absent *unexcused* from class, study hall, or detention will be referred to the office. A student who fails to report to teacher-assigned detention will be referred to the office for further discipline. Excessive cutting and/or failure to report to office detentions will result in further disciplinary measures by school administration. Students are reminded that all cuts, including class, study hall, and detention, will have a negative impact on the credit appeals process.

### ***Early Dismissals***

1. A written request for early dismissal signed by the student's parent/guardian must be presented to the main office by 9am on the day of dismissal.
2. Request notes must contain the date, time, reason for dismissal, and telephone number of parent/guardian for verification. Acceptable reasons for dismissal include:

### ***Family Vacation/Trips***

Griswold High School strongly discourages travel outside of school vacation periods. Students will be required to notify the office of any trips scheduled during the school year. Students and parents/guardians should realize that if extended vacations contribute to excessive absence, an appeal for reinstatement of credit will not be possible.

1. Family vacations and trips should not be scheduled during exam periods, such as Midterms, Finals, AP, PSAT, SAT, and NGSS testing.
2. Students must submit completed Pre Planned Absence Form to the Associate Principal prior to the absence in order to be eligible to make-up assignments.

### ***Assemblies***

An assembly is called when important information is discussed with a class, whole-school celebration or student performance. Students are expected to enter the auditorium or gymnasium and be seated promptly in the designated area for each class. Appropriate behavior is expected.

### ***Book Bags/Backpacks/Purses***

Book bags and backpacks are designed to transport books and other items needed for school activities between home and school. Book bags, backpacks, and large purses/handbags are a space and safety issue in the hallways and in the classrooms and should be stored in lockers during the school day and until dismissal at 2:19. *Any purse/handbag that is big enough to carry a textbook is too large to carry around school and should be stored in the student's locker.* **Students who have medical issues or other needs which would require them to carry a backpack, must first receive permission from the School Administration and/or the Nurse before toting book bags throughout the building during the school day.** Eligible students will receive a "Backpack Pass", which student will keep attached to his/her bag at all times.

### ***Bring Your Own Device (BYOD)***

Griswold High School acknowledges the valuable role technology plays in education to support access to information, seamless collaboration, and as a means of organization and communication. It is our intention to allow access to electronic devices during school hours (7:35 AM – 2:15 PM) for educational and productive uses and to promote appropriate use and etiquette in a public setting.

Inappropriate or irresponsible use of privately owned devices is unacceptable. If this occurs, the devices can be confiscated by a faculty/staff member and turned into the Student Supervisor or an administrator. **Access to personal technology resources during the school day is considered a privilege and not a right.** Students are expected to make responsible and ethical decisions at all times when using their devices.

Griswold High School has a strictly enforced policy regarding the use of cell phones and personal electronics during school time. We ask for parent/guardians help with the enforcement of this policy. If you wish to reach your student please call the main office at 860-376-7640 for urgent matters or email [ghsoffice@griswoldpublicschools.org](mailto:ghsoffice@griswoldpublicschools.org) for less urgent

messages. We will be using the following protocol for student use of cell phones during class time.

### ***Cell Phone Rules***

- Students will ONLY be permitted to use their cell phones during lunch and passing time or at the discretion of the classroom teacher..
- The restriction of use of cell phones is extended to connected devices that includes but is not limited to tablets, earbuds, speakers, and smartwatches.

### ***Cell phone use enforcement policy***

If student uses phone after the teacher has warned them, the teacher will then:

#### ***1st Offense***

Student will be sent to the main office to hand in their cell phone. They will be allowed to pick up the phone at the end of the day.

#### ***2nd Offense***

Student will be sent to the main office to hand in their cell phone. Their parent/guardian will be contacted and the phone will be released to the student later that day.

#### ***3rd Offense***

Student will be sent to the main office to hand in their cell phone. The parent will be contacted and be asked to pick up the phone from school at their earliest convenience. The student will be required to check their phone in at the office at the beginning and end of school each day for two weeks. This will be continued possibly for increased timeframes with additional infractions.

Thank you in advance for your support with our efforts to provide a learning environment free of distractions for all GHS students.

### ***Search Of Privately Owned Electronic Devices***

Based on the nature of the infraction, the device could be searched by administration if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating school or district policy or the law. Any such search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. (*Acceptable Use Policy 6141.321(a)*)

Throughout these guidelines, we will refer to “privately owned technology devices” as those devices that students bring to school that they own themselves; examples of privately owned devices include, but are not limited to, cell phones, IPod, iPad, headphones, earbuds, laptops, tablets, e-readers, and calculators. The use of privately owned devices is permitted according to the following conditions:

- **Classroom use and storage of privately owned devices is at the discretion of the teacher and must be connected to an educational purpose;** They cannot be used at any other times within the classroom without teacher permission. Failure to comply with teacher directives and expectations related to classroom cell phone use will be considered insubordination.
- **Faculty and administration have the right to confiscate electronic devices if the student is using the device during unauthorized time or inappropriately.**

- All electronic devices must be put on silent mode during school hours to prevent interrupting the educational setting;
- Privately owned devices are the responsibility of the students who bring them to school, and no student will be *required* to bring his/her device to school.
- ***The school will not assume any responsibility for devices that are lost, stolen or damaged.*** In addition, the Administration is not required to investigate incidents involving lost, stolen, or damaged devices.
- Privately owned devices may be used during Cafe Study Hall under the supervision of the study hall teacher;

### ***Use Of Earbuds/Headphones***

It is increasingly important for students to understand *responsible, safe, and ethical use of technology*. Therefore, **students are allowed to responsibly use earbuds during passing times, in the cafeteria during lunch waves, and at the classroom teacher's discretion.** Students should be alert and present during the school day, so they are aware of their surroundings and can hear important announcements, instructions, and alarms with limited distractions. Thus, students should limit earbud use to one ear during passing times, and keep the volume of their music to a minimum, so they are able to hear instructions and announcements. Failure to use earbuds responsibly will result in loss of the privilege and possibly disciplinary consequences.

**Noise canceling headphones/headsets are prohibited and may not be worn, used, or visible during the school day.**

**If a student's privately owned device and/or earbuds/headphones are confiscated by a faculty member due to improper or unauthorized use and are turned into the office, the following procedures will be followed:**

- **1<sup>st</sup> Offense:** the device and/or earbuds are held until the end of the school day and the student can retrieve it from the office after school has ended;
- **2<sup>nd</sup> Offense:** the device will be held in the office until the end of the day, and administration will contact parents/guardian; detention will be issued
- **3<sup>rd</sup> Offense and beyond:** the device will be held in the Student Supervisor's office until the end of the school day; administration will require a parent meeting.

Improper use of electronic devices is strictly prohibited and will result in disciplinary action. Some examples of improper use of technology (whether it is privately owned or district owned) include, but are not limited to:

- Any activity that interferes with the operation of the District's wireless or wired network;
- Sending any form of harassing, threatening, or intimidating messages at any time to any person (such communications may also be a crime). This includes cyber-bullying;
- Gaining or seeking unauthorized access to Board technology resources;
- Damaging Board technology resources;
- Accessing or attempting to access any material that is obscene, pornographic, or otherwise inappropriate;
- Using any device to photograph, audio record, or video record another individual without the permission of the individual and/or a school staff member;

- Using devices in a manner that disrupts the educational environment; or taking any action prohibited by any Federal or State law.

### ***Bulletin Boards And Postings***

Bulletin boards are essential for communicating information about the official and social life of Griswold High School. The following guidelines should be observed:

1. Notices may not be posted without permission of a faculty advisor.
2. All notices should be neatly lettered.
3. Posters and notices should clearly indicate the date, day, time and place of the event or meeting.
4. Groups/individuals should remove posters/notices when the event has happened.
5. Unauthorized posters/notices will be removed by the administration.

### ***Cafeteria And Lunch Guidelines***

Students are prohibited from leaving school grounds to purchase food/beverages and may not order food delivery to GHS while school is in session. Failure to comply with this rule may result in disciplinary consequences.

Lunch drop-offs by parents/guardians should not be a regular practice and may only occur in the event that the student failed to bring his/her lunch to school. In the unlikely event that a parent/guardian needs to drop-off lunch to his/her child, then a staff member will greet the parent at the main entrance. Photo identification will be required, and the student will not be called out of class to retrieve his/her lunch from parents/guardians.

**Common courtesy, social distancing, and adherence to school rules is expected from all students in the cafeteria and on the senior patio area.**

### ***Connection Program***

The Griswold High School Advisory/SEL Program will support the social, emotional, and academic development of each student by providing on-going interaction with faculty members through discussion and planned activities in the classroom setting. Sessions will occur during Connections on Wednesdays.

Attendance and participation are key components to the success and effectiveness of each advisory. All students are expected to attend. Students who are frequently dismissed during Advisory/SEL may be required to meet with the Associate Principal, who will investigate the purpose of frequent dismissals and determine if further action needs to be taken to improve students' attendance in advisory.

### ***Computers***

The Griswold Public School District believes in the educational value of communications, the Internet, and electronic information services, and recognizes their potential to support its educational program, the curriculum and student learning. Resource sharing, communications, and innovation capabilities for both students and teachers have been increased with access to telecommunications and the Internet. The District will make every effort to protect students and teachers from any misuses or abuses as a result of experience with electronic information service. It is therefore imperative that members of the school community conduct themselves in a responsible, decent, ethical, and polite manner while using any network. Further, they must abide by all local, state, and federal laws.

Free access to the computer network implies a level of trust and personal responsibility on the part of each user. It is expected that activities conducted on the computer network will be appropriate for the educational environment and within the expected and intended use. All users are expected to co-exist on the network and any one person's use will not negatively impact access or infringe upon the use of any other person. Access to social media sites is prohibited.

1. Users are expected to remember their login names and their personal passwords. Students are cautioned against sharing their passwords with others to prevent unauthorized access to files. Private passwords safeguard the integrity of each user's files on the network.

2. Programs are loaded onto the network for use within the scope of the GHS network. Any attempt to download programs to disk for personal use at another site is software piracy (i.e. theft). Abusers may forfeit access to the network and may be subject to the school discipline policy..
3. The network administrator and faculty have selected programs on the network to fulfill specific needs within the educational environment. Computer games or entertainment programs do not fall within these guidelines. Students are not permitted to load additional programs to their own files on the network or to the hard drive of any computer from disk, or to download programs from any other drive on the network to their own files. Abusers may forfeit access to the network and may be subject to the school discipline policy.
4. Students found tampering with or altering the setup/configuration of any computer, thereby infringing on the use of the next person, may forfeit their access to these areas and may be subject to the school discipline policy.
5. Students are expected to notice and comply with any written instructions posted on any individual computer in any area of the building as well as any verbal instructions given by the person in charge of the area (i.e. "Do not log out of this computer").
6. Any problems with any computer should be addressed immediately to the faculty in charge of the area.
7. The administration and the network administrator reserve the right to modify and/or expand these guidelines as the changing technology or situation may warrant.
8. Any misuse of a computer may subject students not only to GHS sanctions, but also to applicable Connecticut General Statutes, including Section 53a-251, "Computer Crime."

### ***Directory***

Certain information regarding student records is considered directory information. Directory information includes, but is not limited to, one or more of the following items: parent's name and/or email address, student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographic, computer and/or video images, grade levels, electronic mail address, awards received in school, and most recent previous school attended. Directory information may be released by the district to anyone who requests it, unless the parent or eligible student objects to the release. If you would like to restrict the release of the above information, please fill out and return to the high school counselor's office, the "Restrict Directory Information Form" that was mailed to you in your summer packet. If you need an additional form, please contact the school counseling office at extension 4162. A new form must be completed by the parent/guardian and submitted for each school year.

### ***Dress Code***

#### **Philosophy**

Student dress codes should support equitable educational access and should not reinforce gender or cultural stereotypes. Student dress codes and their enforcement should not lead to or

reinforce marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, household income, gender identity, cultural observance or disability.

Students are encouraged to dress in clothing appropriate to maintaining a safe learning environment that is responsive to the specific needs of different classroom environments (e.g., protective clothing in lab settings, athletic attire in PE classes, etc.). Our goal is to ensure that all students are treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style.

Restrictions on freedom of student dress may be applied whenever the mode of dress in question:

- 1) Is unsafe either for the student or those around the student.
- 2) Is disruptive to school operations and the education process in general.
- 3) Is contrary to law.

No restrictions on freedom of dress will be imposed which:

- 1) Violates the students' civil rights.
- 2) Enforce particular codes of morality or religious tenets.
- 3) Attempt to dictate or adjudicate style or taste.

### ***Dress Code Expectations***

**Certain body parts must be covered for all students:**

Clothes must be worn in an appropriate manner, so that certain body parts are covered with opaque (not able to see through) material.

### **Students Must Wear:**

- **Shirt** with fabric covering the front, back, and on the sides under the arms.
- **Bottom:** pants, sweatpants, shorts, skirt, dress, and/or leggings
- **Shoes:** activity-specific shoe requirements are permitted (e.g. for PE classes or sports)

### **Students May Not Wear:**

- Hats or hoods and/or distracting head coverings, worn for religious reasons.
- Clothing that advertises substances that are illegal for teens (drugs, alcohol, nicotine products), weapons, or language (Hate speech, profanity, pornography) or writing that is otherwise inappropriate or offensive based on gender, race, ethnicity, religion, sexual orientation, household income, gender identify, cultural observance, or disability.
- Sunglasses, unless required by a doctor.
- Any apparel or accessories signifying gang or group affiliation
- Chains or metal studded items.
- Outerwear, including long coats, trench coats, dusters, blankets, etc.
- Students shall not dress in a manner that undergarments are exposed.
- The following items of apparel may not be worn : shirts that are transparent, short shirts showing the back and midriff, tank tops, strapless, one shoulder, off the shoulder and halter tops and swimming apparel.
- All pants shall be worn so that the waistband is worn at the waist.
- Shorts and skirts that do not reach around mid-thigh length.
- Athletic compression shorts (generally made of spandex, also known as volleyball shorts)
- Pajamas, lounge pants, certain types of leggings and slippers. Pajamas are defined by fabric type and print.
- Final determination of these definitions will be made by the administration.

Students are expected to comply when asked by a staff member to adjust any clothing or to remove inappropriate items. Students who refuse to comply will be referred to an administrator.

**1<sup>st</sup> violation:** Warning and possible change of clothing;

**2<sup>nd</sup> violation:** Change of clothing, parent notification

**Additional violations:** Parent/guardian and student mandatory meeting; further disciplinary action may be taken.

### ***Educational Materials***

The student is responsible for notebooks, writing materials and other such items necessary for class work. It is each student's responsibility to come to class fully prepared and ready to participate in a learning experience.

Library books, textbooks, instruments, uniforms, and other educational materials are loaned to the students for their use, and shall be returned when requested by school authorities. Teachers shall emphasize to students that texts and materials are the public's property, and should be appropriately cared for. Students must pay the full replacement cost of any book or material lost or damaged beyond ordinary wear.

Students who fail to return or pay for texts and materials promptly may be excluded from extracurricular activities and ceremonies, such as high school graduation.

### **Textbooks**

Class textbooks are issued to students at the beginning of each school year. These books are the property of Griswold High School and are on loan to the individual student and should be treated with care. Students are encouraged to cover books to reduce wear and tear.

All textbooks issued to each student will be logged electronically into our Follett Textbook Manager software in order to maintain accurate inventories and student accountability. At the end of the course, the student is responsible for the condition of textbooks issued to him/her. If a book is lost or returned in poor condition, the student will pay the replacement cost of the book. Seniors who have not returned or paid the replacement cost of missing books will not be permitted to walk at the graduation ceremony in June.

### ***Evacuation Procedures***

All persons in the building are expected to respond to the first sound of an evacuation alarm or public announcement. Evacuation instructions are posted by the door in every classroom and should be reviewed and followed exactly.

Students should walk from the building to the predetermined area (*a safe area away from buildings and emergency vehicles*) or in some instances to an alternate site. In either situation, all students are required to follow instructions and stay with their assigned teacher with whom they exited when the alarm or public address sounded. Faculty, staff, and students will only re-enter the building when signaled (*all clear*) by the administration or his/her designee. All students will remain with their assigned teacher or support staff from the time the alarm sounds until they return to class or receive further instructions from the administration or designees.

If students are not in a regular classroom, they should evacuate under the direction of the nearest faculty or staff member and adhere to the procedures outlined above. Students who use

the Refuge Area are to remain in that area until the designated faculty member or proper authority arrives and provides direct instruction.

False alarms, pranks or not adhering to these procedures are subject to the school discipline policy, and may result in police notification and arrest.

### ***Field Trips***

Trips away from campus can be valuable teaching tools, providing real life experiences, demonstrations, and hands-on activities related to curriculum goals. Field trips designed to stimulate student interest and inquiry provide opportunities for social growth and development and are considered an appropriate extension of the classroom.

**Student participation in field trips is subject to the following guidelines:**

1. Students participating in a school-sanctioned trip must submit an authorized permission slip, signed by a parent/guardian. Any money necessary for the trip should be submitted at the same time.
2. Students will not be allowed to participate in a field trip if it is felt that their absence from other classes would be detrimental to their academic success.
3. Students may not be allowed to participate in field trips if they have any accountabilities including but not limited to unserved detentions or suspensions.
4. Students participating in field trips are responsible for all class material covered that day in all of their other classes.
5. Students shall not be penalized in one class/course for participating in a field trip for another class/course.
6. Exemplary conduct is expected of all students involved in a school-sanctioned trip. All school rules are in effect while on the trip.
7. Students are to leave from school and return to school in the transportation provided.
8. Participation in certain field trips may have academic or behavior qualifying requirements, with approval of the administration.

**Participation in field trips is a privilege.** The administration reserves the right to limit/deny a student's participation at any time.

### ***Food And Beverage***

Due to health, cleanliness and safety concerns, the consumption of food and beverage by students is restricted to the cafeteria and/or classroom at the teacher's discretion. Special programs and situations involving food and beverages in classrooms may be planned with the permission of a staff member and/or administration. Students are not permitted to distribute food or beverages in classrooms without the teacher's/administration's approval. All students and staff are expected to utilize the recycling bins and trash containers located throughout the building.

Vending machines are available in the cafeteria for students to use before school, after school, or during lunch time. Students should not be purchasing items from the vending machines during any other time throughout the school day unless they've been authorized to do so by a staff member or administrator.

### ***Gambling***

Gambling is NOT PERMITTED in school. This includes card playing, betting pools of any type, and other games of chance.

***Guests/Shadowing*** A shadowing program allows a prospective student from a tuition town to accompany a GHS student for a day. All student visitors must be pre-approved by their sending district's administration and GHS's School Counseling Office and have completed the forms necessary to arrange the visit. Shadowing is highly encouraged to take place on designated Shadow Days.

### ***Lockdown Procedures***

Should an emergency or crisis arise in a particular area of your school, "Code Red," "Code Yellow," or "Code Green" will be announced over the intercom. When the announcement is heard, students will be requested by faculty, staff, and administrators to execute the prescribed lockdown or evacuation procedures according to our district crisis plan. In a Code Red, all faculty, staff, and students must immediately go into lockdown and must be out of sight, with no movement or sound. In a Code Yellow scenario, all faculty, staff, and students will be in a modified lockdown in which no one moves around the building at all. Everyone stays where they are, but classes can resume within the classrooms. In a Code Green, all faculty, staff, and students must evacuate to the determined locations in a safe and orderly fashion. In all three instances, it is important to remain calm, patient, and wait for further instructions from administration.

### ***Lockers***

Each student is assigned a locker at the beginning of the school year. Lockers are intended for storage of books, jackets, hats and/or outerwear, book bags/backpacks, and other items for use in school and in school-sponsored activities. **Students are not permitted to share a locker and are cautioned not to share their locker combination with others.** GHS assumes no responsibility for articles misplaced or stolen from lockers.

## **Student Behavior**

Our ideal environment is one in which the dignity of each individual is respected. In this environment, all are expected to respect themselves and others, act as responsible, productive citizens and demonstrate the ability to solve problems, predict consequences and make appropriate choices.

The student is the reason for our being. All members of the Griswold High School Community know that our students have diverse backgrounds and needs. Our charge and challenge is to accept these differences and meet each student's needs as we educate the adult citizens of tomorrow. We are responsible for creating a school climate characterized by an atmosphere of respect for the rights and dignity of others.

The success of our students in our school system is dependent upon creating a safe, inclusive, and secure environment where the behavior of all is conducive to successful learning. The desire for a quality life in our schools and our community compels us to expect and teach our students to be responsible, productive adult citizens.

The Griswold High School community recognizes that family involvement and commitment can help students achieve success in school. Each child's education is the shared responsibility of the school, the parent, and the student. This collaborative partnership can help motivate, support and encourage the student.

Within our school and classrooms we must set clear expectations for student behavior with a range of appropriate consequences. Every staff member must be a model of a responsible, productive citizen.

Students must be given the knowledge and taught the skills for becoming responsible, productive citizens. The dignity and self-worth of every individual in the school community must be promoted and respected. Developing responsible, respectful, problem-solving citizens who are able to predict consequences and make wise behavior choices is one of our goals as educators.

### ***Bus Conduct Policy***

**Responsibility for the safe transportation of the students lies with the Griswold Board of Education**, and in order to carry out that responsibility, certain rules and regulations regarding bus discipline have been established.

Free bus transportation is provided to students (including vocational technical school students) who are eligible based upon the transportation policy of the Board of Education. Free bus transportation, however, is not an unlimited right granted the student. The student will be held to reasonable regulations, which, if abridged, may cause the student to be excluded from bus transportation. All Griswold school district rules and regulations apply while students are on the bus.

A student may be suspended or expelled in accordance with Board policy covering suspension and expulsion for a period of time from bus transportation and school. The regulations for the conduct of students riding on school buses are as follows:

### ***Student Behavior While Boarding and Departing the Bus***

Students will:

- Be at the designated bus stop before the designated time;
- Wait for the bus on the shoulder of the highway, or sidewalk if available, in the designated area;
- Wait until the bus comes to a complete stop before attempting to board;
- Enter the bus in an orderly manner without pushing, crowding, loud talking or horseplay;
- Not bring articles of any injurious or objectionable nature aboard the bus;
- Depart in an orderly manner without pushing, crowding, loud talking or horseplay;
- Go directly to their destination after leaving the bus.

### ***Student Behavior on the Bus***

Students will:

- Wear masks at all times while on the bus;

- Follow safety and social distancing guidelines put forth in GPS reopening operational plan;
- Remain seated until ready to depart the bus;
- Obey the driver at all times;
- Not exhibit aggressive behavior (fighting, pushing, tripping, etc.);
- Refrain from putting any part of their body out of any window;
- Not throw objects in or out of the bus;
- Not use tobacco, drugs, or any controlled substance in any form;
- Refrain from spitting or littering;
- Refrain from unnecessary noise;
- Not tamper with bus equipment;
- Refrain from rude, discourteous and/or annoying conduct;
- Not swear and/or use vulgar language;
- Not distract the driver;
- Not open windows without permission;

### *Violation Procedure*

1. The first reported and confirmed violation shall require the driver to fill out a written report, on a form supplied by the school system, and turn in the report to school administration. A copy of the report shall be mailed to the parent(s) and the original filed in the school office.
2. The second reported and confirmed violation shall follow the same procedures used in the first violation with the following additions. The student may be relieved of the privilege to ride pending a meeting by the student and parents with the building administration at which time the principal or associate principal shall determine when the privilege to ride will be restored. Maximum loss of riding privilege is 1-10 days.
3. A third reported and confirmed violation, the student shall be relieved of the privilege to ride and may be suspended from school (all suspensions and expulsions will be in accordance with Board policies and state statutes) pending a meeting by the student, parents, and bus driver with the principal or associate principal at which time the principal or associate principal shall determine whether the student may be relieved permanently of the privilege to ride and when the student shall be permitted to return to school.
4. **Vocational Technical School Students** - Vocational Technical School bus drivers will present students with an **Incident Referral Notice** concerning student behavior. It is the student's responsibility to share this notice with the parent/guardian in case the incident is severe enough to warrant immediate (following school day) bus suspension.

Parents/guardians should contact Griswold administration as soon as possible after reviewing the bus Incident Referral Notice. All Vocational Technical School infractions will be handled as outlined in sections 1-5.

**Note:** Suspendable behavior will be handled according to the Board policy covering suspension and expulsion. In addition, students and their parents shall be held liable for any damage or abuse caused by them. **Serious 1<sup>st</sup> or 2<sup>nd</sup> offenses may result in immediate loss of riding privilege, as well as suspension from school.**

If a student loses his privilege to ride the school bus, either temporarily or permanently, parents will be responsible for ensuring that their child gets to school.

***Notice to Students and Parents Regarding Use of Video Recorders on School Buses***

The district will be videotaping bus routes at random during the upcoming school year. Each bus has been equipped with a video monitor box, in which a video recording device may be installed. Students will not be notified when a recording device has been installed on their bus.

Tapes shall be reviewed on a routine basis by the Principal and evidence of student misconduct will be documented. Students found to be in violation of the district's bus conduct rules shall be notified and disciplinary action initiated.

Videotapes shall be treated as protected student records under the Family Educational Rights Privacy Act. The following guidelines shall apply:

1. Parents or students who wish to view videotape in response to disciplinary action taken against a student may request such access under the procedures set out in the Video Surveillance policy and regulation.
2. Persons unrelated to a disciplinary incident shall not be permitted to view bus videotapes.

***Bus Note/Pass***

A student may not arbitrarily ride any bus other than his/her designated bus nor may he/she leave the bus at any stop other than his/her regular stop.

***The Family Education Rights And Privacy Act (FERPA)***

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as

an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel). A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.)

The right to file a complaint with the US Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, US Department of Education, 400 Maryland Avenue, SW Washington DC 20202-4605.

### ***Hallway Pass***

Students in the hallway while classes are in session must have a signed agenda verifying a legitimate reason for being out of class. Students accompanied by a staff member do not require an agenda.

### ***Honesty & Academic Integrity***

In accordance with the Griswold Public School's mission statement and objectives, Griswold Schools will develop a culture that promotes responsibility, respect, honesty, and integrity. The Griswold High School Vision of the Graduate sets civic and social expectations for student learning including that the student accepts responsibility for his or her own actions and behavior and recognizes the importance of social and civic responsibilities to the community.

For the purposes of this policy, here on forward the term assessment refers to homework, assignments, tests, quizzes, essays, projects, and any academic work performed by a student. Acts of Academic Dishonesty are defined as, but not limited to, the following:

***Plagiarism:*** presenting another's work (ideas, design, words, writing) and implying that it is original. Griswold High School deciphers between *Intentional Plagiarism* and *Unintentional Plagiarism*, which are defined as follows:

#### **Intentional Plagiarism**

- Obvious, substantial, verbatim reproduction of information. Example: cutting and pasting from a source and failing to give credit to the original author
- Fabrication of sources, inventing/counterfeiting sources, falsification of page numbers, or other deliberate mis-documentation
- Submission of others' work as the student's own. Example: having a parent or another person write an essay and submit it as one's own work, purchasing or copying pre-written papers, work completed with a tutor or other instructional aide reflecting the tutor or instructional aide has done the majority of the work, etc.

#### **Unintentional Plagiarism**

- Inadequate paraphrasing
- Improper citation or documentation that misrepresents a source
- Insufficient citation of factual information not held to be common knowledge (*common knowledge* is defined as facts readily available from a variety of sources)
- Poor integration of direct quotations with the student's own writing

- Paraphrasing/summarizing an unoriginal thought without proper citation and/or acknowledgement to the person who originated the thought.

***Cheating:*** deliberately seeking one’s own gain or assisting in another’s gain in academic, extracurricular, or other school work in order to (or with the intent to) obtain an unfair advantage. Examples: unauthorized exchange of information during a test or while others are taking a test, using unauthorized materials to complete an assessment, unpermitted collaboration on assessments (including copying another student’s work), sharing test questions, selling/supplying your work, etc.

***Lying or Committing a Fraud:*** to make a statement one knows is false, with the intent to deceive the evaluator or with disregard for the truth; to give a false impression. Examples: fabrication of data or information, citing sources in a bibliography not used in the academic exercise in order to meet a minimum requirement of sources, changing a grade in a teacher’s grade book.

***Multiple submissions:*** submitting substantial portions of any academic exercise more than once without prior authorization and approval of the teacher. Examples: Turning in the same paper for Freshman English and Sophomore English.

***Stealing:*** encompasses taking or appropriating without the right or permission to do so and with the intent to keep or improperly use the school work or materials of another student or the instructional materials of a teacher. Example: stealing copies of tests or quizzes, stealing another student’s homework.

***Determination of Academic Dishonesty***

Parents and school counselors must be informed immediately by the teacher(s) involved when a student is suspected of Academic Dishonesty. Teachers will complete an Office Referral to be submitted to the Student Supervisor and provide documented evidence of the misconduct. The Student Supervisor/Associate Principal and Library Media Specialist will review the information and determine if evidence exists to show that academic dishonesty has occurred and, if so, what definition applies. The Student Supervisor/Associate Principal will inform the teacher, school counselor, parent, and student of the outcome.

***Response to Academic Dishonesty***

For the purpose of the actions below, *Academic* consequences will be imposed by the teacher of record and the *Disciplinary* consequences will be imposed by the Student Supervisor and/or Administration.

### ***Student Agenda***

Each student is given an agenda at the beginning of the school year. The agenda is the property of Griswold Public Schools. A \$5.00 replacement fee will be charged to all students who lose, deface, or destroy their agenda.

### **Why Do We Issue Each Student a School Agenda?**

This School Agenda has been designed to help students manage their time and plan their day, so they can take an active part in controlling academic achievement.

All students attending Griswold High School are **required** to maintain and carry an agenda at all times. Students who do not possess an agenda will be required to obtain a signed hallway pass from a faculty/staff member.

Teachers will expect students to record homework assignments in their agendas, and they may ask students to show them that this has been done. Students should be aware of exactly what each teacher expects and when assignments are due. Students should also be aware of their standing in each course at any time during the year.

### **Student Code of Conduct**

The GHS community is striving for an environment in which the dignity of each individual is respected. All members are expected to treat others as they would like to be treated, and assume responsibility for their behavior and actions.

Requiring appropriate student behavior and self-discipline is intended to produce a positive and safe atmosphere with few interruptions of teaching and learning. All students are expected to demonstrate the ability to make appropriate choices, and accept the consequences for any inappropriate ones.

#### ***All students are expected to:***

1. Respect the educational process and environment through the display of appropriate language, attitude and physical behavior.
2. Respect and honor the rights of school staff and other students to work and learn in an environment free of intimidation and harassment.
3. Maintain satisfactory attendance and punctuality to school and class.
4. To know and follow the policies, procedures, and rules of the school and each classroom teacher.

**The following behaviors are considered unacceptable by Griswold High School and will result in an administrative hearing to determine suspension and/or expulsion from school. The behaviors listed below apply to actions during school hours anywhere on school property and during all school-sponsored activities:**

1. Any purposeful action (s) that results in bodily harm to another human being.
2. Use or possession of a deadly weapon, dangerous instrument, or anything that is used as a weapon. (Possession defined as on self or school property.)
3. Use, possession, sale or distribution of drugs, drug paraphernalia and/or alcoholic beverages on school premises or at any school-sponsored activity. (Per the Griswold BOE Drug/Alcohol/Tobacco policy)
4. Acts of arson.
5. Acts of stalking, bullying, or any other actions that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed or molested.

**Consequences for noncompliance for the expectations listed above shall include, but not be limited to, those listed below. The severity or the repetitive nature of a student's behavior will be given consideration when determining appropriate consequences.**

### ***Off-Campus Misconduct***

Students are subject to discipline, up to and including suspension and expulsion, for misconduct which is seriously disruptive of the educational process or is a violation of a publicized Board policy, even if such misconduct occurs off-school property and during non-school time.

Such discipline may result whether: 1) the incident was initiated in the school or on school grounds, or 2) even if the incident occurred or was initiated off-school grounds and non-school time; if after the occurrence there was a reasonable likelihood that return of the student would contribute to a disruptive effect on the school education or its process by threatening:

1. The school's orderly operations;
2. The safety and proximity of school property;
3. The welfare of the person's who work or study there.

Examples of the type of such off-school misconduct that may result in such discipline include but are not limited to:

1. Use, possession, sale, or distribution of dangerous weapons; (as defined C.G.S. [53a-3](#), [53-206](#), and [29-35](#))
2. Use, possession, sale, or distribution of illegal drugs; or
3. Conduct involving violence, threats of violence or use of weapons and whether injuries occurred;
4. Involvement of other students from the school or gang involvement;
5. Conduct involving the use of alcohol.

Where any such activity has the reasonable likelihood of threatening the health, safety or welfare of school property, individuals thereon, and/or the educational process.

A student found to be in possession of a firearm or deadly weapon shall be expelled for one calendar year unless said expulsion is modified on an individual case basis.

### ***Gang Activity Or Association***

Gangs which initiate, advocate, or promote activities which threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessories, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, presents a clear and present danger. This is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur.

Incidents involving initiations, hazings, intimidations, and/or related activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

The Superintendent will establish procedures and regulations to ensure that any student wearing, carrying or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize gang membership, or causing and/or participating in activities which intimidate or affect the attendance of another student shall be subject to disciplinary action.

### ***Hazing***

Hazing, harassment, intimidation or any act that injures, degrades, or disgraces a student or staff member will not be tolerated. Any student who engages in such behavior is subject to disciplinary action including suspension, expulsion or referral to law enforcement officials.

No person in charge of a school sponsored activity will permit the above mentioned behavior. Violations will result in disciplinary action.

### ***Definitions Of Disciplinary Interventions***

**HALLWAY RESTRICTION:** Utilized when a student's educational performance is hindered by their inability to use unsupervised time appropriately. The student will not be allowed unsupervised out of any classroom at any point during the day (except to use designated restrooms). The student and parent(s) may be notified that any hallway activity (bathroom, locker, support services, etc.) will take place between classes and will not have a negative impact on class tardiness, attendance, or behavior.

**LUNCH DETENTIONS:** The administration and faculty shall and can detain students during scheduled lunch waves for disciplinary purposes. Prior to reporting to the designated detention room, students will have an opportunity to get lunch from their classroom or quickly purchase lunch in the cafeteria and bring their lunch to the detention room. Students will eat their lunch in the assigned detention room and are expected to comply with the rules and expectations that are set forth by the designated supervisor. Parents will be notified prior to their child serving the assigned lunch detention.

**AFTER-SCHOOL DETENTION:** The administration and faculty shall and can detain students after school for disciplinary purposes. Parents will be notified prior to their child staying after school. A detention slip will be completed by the teacher and given to the student along with an explanation and verbal instructions. Students will be instructed to give the detention slip to

their parent/guardian for review, signature, and return it to the teacher the following school day. After school detentions will be held until 3:30 pm.

**IN SCHOOL SUSPENSION (ISS):**The goal of in-school suspension is to allow for disciplinary action to identified students without a school absence. It will provide a setting where students, parents and educators commit themselves to dealing with problems in a structured setting. This setting will provide an environment that is removed from the normal school routine and activities.

- An in-school suspension assignment is the temporary isolation of a student from classes while under proper supervision. It is an alternative step utilized in an effort to address and correct a student's behavior.
- Students will be removed from the regular classroom and cafeteria atmosphere and expected to accomplish specific assignments and adhere to the strict observance of the rules of the in-school suspension program.
- All electronic devices will be confiscated by the ISS Supervisor for the duration of the in-school suspension.

**OUT OF SCHOOL SUSPENSION (OSS):** Shall be defined as an exclusion from school privileges or from transportation services for no more than ten (10) consecutive school days, provided such exclusion shall not extend beyond the end of the school year in which such suspension was imposed. Students who violate more serious rules or who repeatedly violate school rules will be given out-of-school suspension. Students who are suspended may not take part in any extracurricular activity and may not be present on school property.

**EXPULSION:** Shall be defined as an exclusion from school privileges for more than ten (10) consecutive school days and shall be deemed to include but not be limited to, exclusion from the school to which such student was assigned at the time such disciplinary action was taken, provided that assignment to a regular classroom program in a different school in the district shall not constitute a suspension or an expulsion. Such a period of exclusion may extend to the school year following the school year in which the exclusion was imposed, up to one calendar year. Prolonged expulsion requiring coursework to be completed outside through tutoring or other arrangements made by the Board may affect grade weighting for courses taken and may consequently affect class ranking.

**SEARCH AND SEIZURE:** School authorities are authorized to conduct searches of students or their property when reasonable suspicion indicates that a particular student is in possession of an item or a substance that represents a material threat to school routine or is prohibited by school board regulations or by law. Student property shall include, but not be limited to, purses, book bags and cars. If students don't have access to their cars during school hours, the justification for searching student-driven cars is removed. School authorities in cooperation with the police department reserves the right to conduct sniff searches with dogs on school property and student-driven cars.

**NON-EMERGENCY SITUATION:** Students requesting support services from Mr. Cormier, Mrs. Avalos, School Counselors, Athletic Director, Student Supervisor, or Administration on a non-emergency basis should have their agenda signed before school, after school, or during their lunch period. Students should not be stopping by between classes and no student should be sent from any class without an escort.

**EMERGENCY SITUATION:**Students requesting or teachers requiring any of the above mentioned support services for an emergency situation or any situation that involves

intervention beyond your means must be processed through the main office. Faculty and staff will contact the student supervisor (Ext. 4159) or the Associate Principal (Ext. 4161) to come to their classroom to arrange an escort. If a student supervisor does not answer the phone, call the main office at Ext. 4150.

***Behavior Intervention Structure***

The following chart outlines examples of inappropriate behaviors or actions and the degrees of consequences that may be sanctioned. The maximum degree may be used for a first-time violation if it is of an unusually serious nature. Parents/guardians will be contacted regarding disciplinary incidents and consequences specific to your child. Information regarding other students is confidential.
