

PARENTS

**New parents follow this Guide
to setup an Observer account
in Canvas**

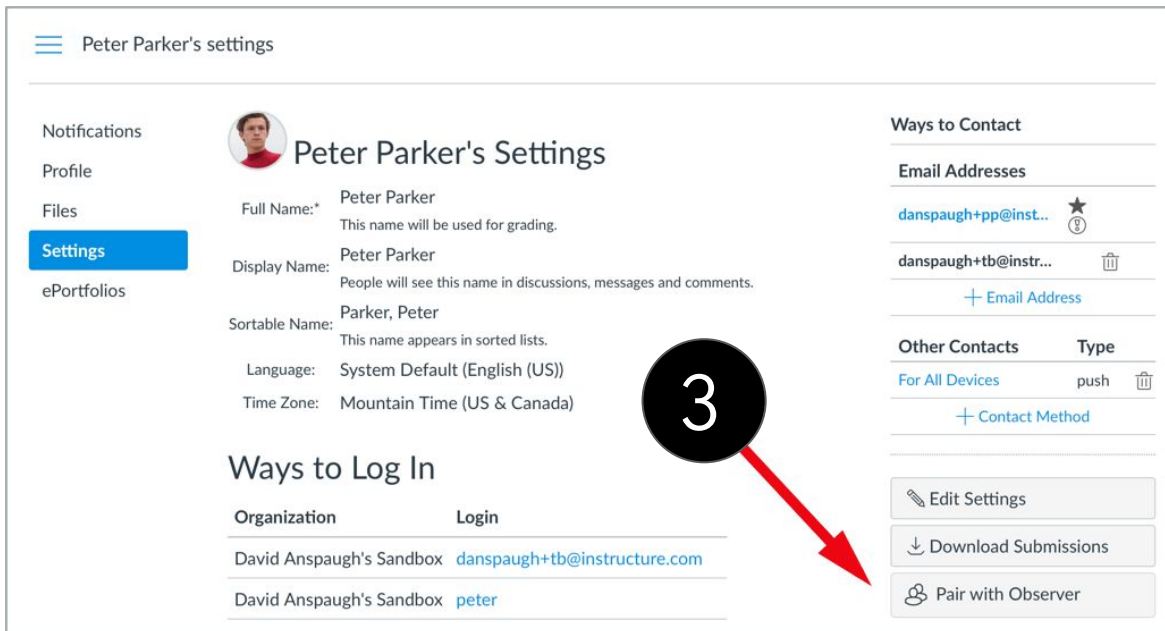

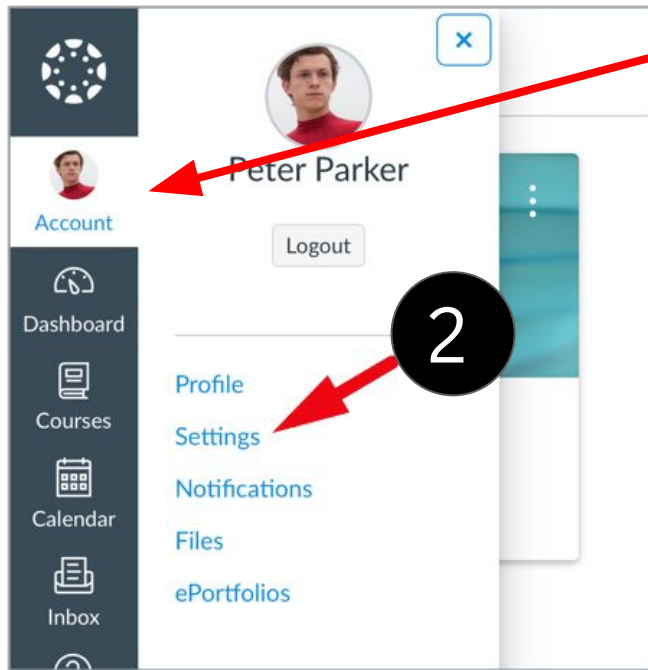

canvas

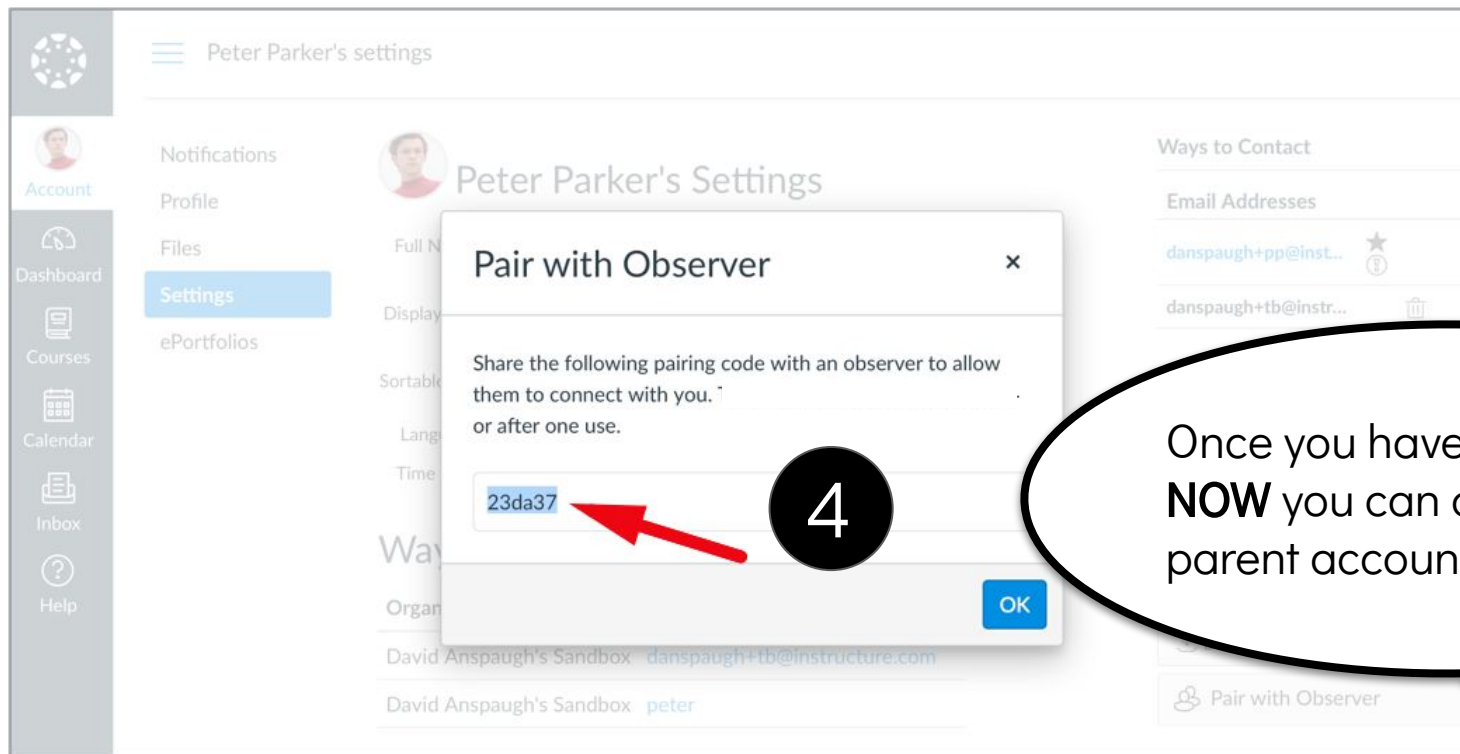

Sit with your child and have them login to their Canvas account on their device.

1. Your child needs to tap first on where it says “Account”.
2. Then, they need to tap on “Settings”.

3. Tap on “Pair with Observer”.

Once you have this code, **NOW** you can create a parent account in Canvas.

4. This will generate a “pair with observer code”. The code will last for 7 days or **after one use**.

Help

1. After you login to your Canvas account **online**, tap on "Account".

2. Now tap on "Observing"

3. Here is where you enter the student pairing code that your child generated.

Observing

Student Pairing Code

+ Student

Students Being Observed

Follow Steps on the next few slides if you are interested in using the Canvas Parent App.

Reminder: You **MUST** create your Canvas Account online via the website... **NOT** thru the app.

Important Items to Note

1

Download the Parent App.
It is available for both iOS and Android
devices.

The icon will look like the image below.

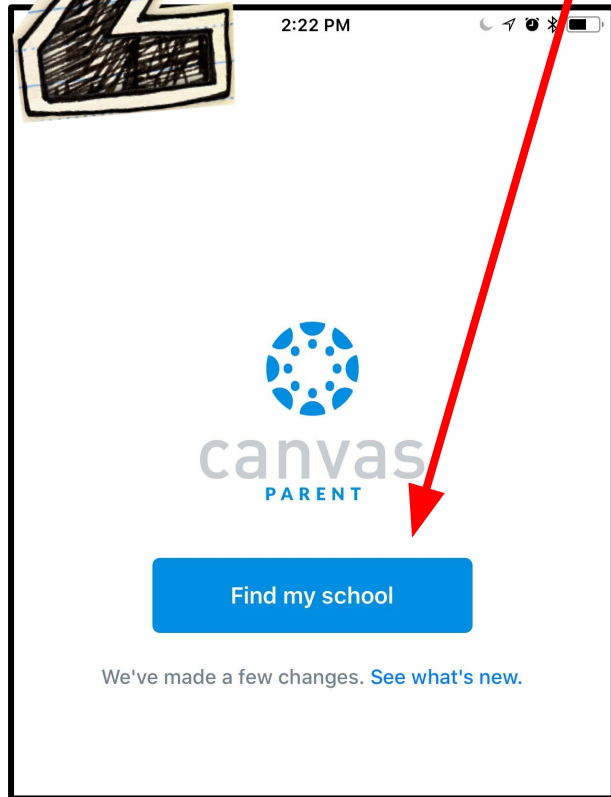

[iOS App Link](#)

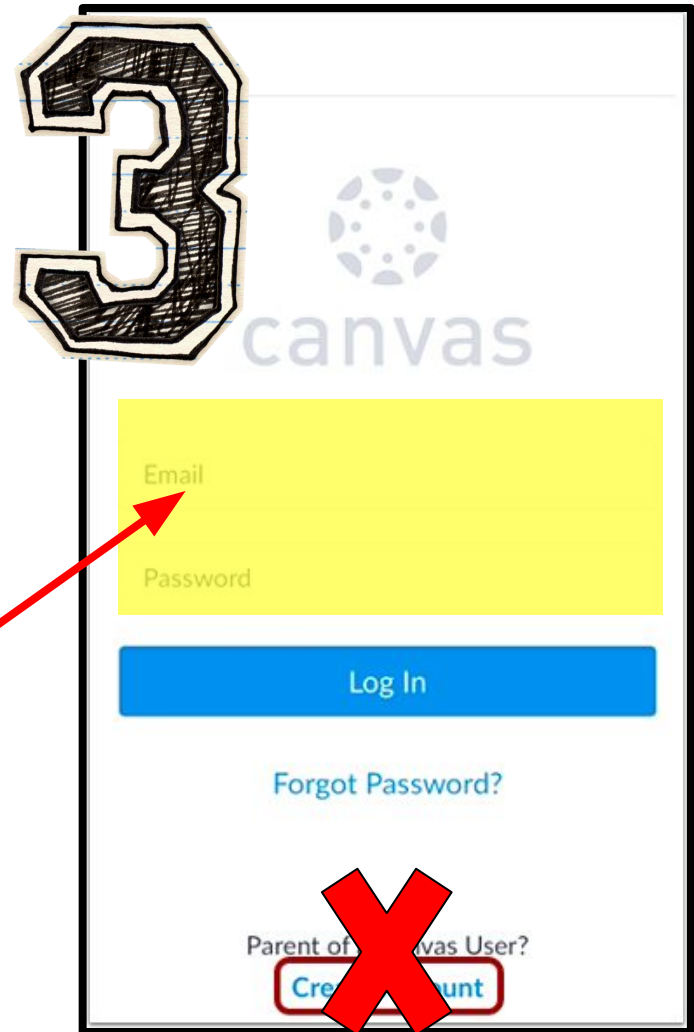

[Android App Link](#)

2 Tap Find my school... type
Magnolia ISD

Login to your
account that you
already created
on the website...

The screenshot shows a mobile application interface for a Canvas LMS. At the top is a blue header bar containing a hamburger menu icon on the left, a circular profile picture of a person with red hair, and the name "Emily Boone" followed by a small downward-pointing arrow. Below the header, there is a list of courses. Each course entry includes the course name, a sub-identifier, a grade, and a percentage. The courses listed are: "Biology 102" (BIO 102) with a grade of "B+" and "87.41%", "Canvas Course" (Canvas 101) with a grade of "No Grade", "History 210" (HIST-210) with a grade of "C+" and "79.92%", and "Intro to Marketing" (M101) with a grade of "No Grade". At the bottom of the screen is a navigation bar with three icons: a book icon labeled "Courses", a calendar icon labeled "Week", and a bell icon labeled "Alerts" with a red circle containing the number "3" next to it.

Items to Note:

Use the down arrow to toggle between children if you have several in Canvas.

ALWAYS go to Infinite Campus to check grades, NOT CANVAS.

Canvas will not have all assignments and assessments in it, only some.

Communicate with teachers via email, not CANVAS.
