

DOUGLAS COUNTY SCHOOL DISTRICT
Request to Develop a New Course

Approval is being sought to develop a new course in accordance with District Regulation #221(b).

Descriptors/Data indicating student need(s) for this new course include:

Proposed Title of Course: _____

School(s): _____ Grade Level(s): _____

Subject Area: _____ Credit: _____

Relationship to Existing Courses (prerequisites, course sequences, etc.):

Possible impact on other district or school courses/curriculum:

Costs of personnel or curricular materials (textbooks, supplemental materials, lab supplies) associated with this course:

Course Description:

Please attach the scope and sequence for the proposed new course. The scope and sequence must list the major course objectives, with their corresponding match to the Nevada State Standards, as well as possible assessments and suggested resources. The scope and sequence should be typed on the appropriate template that can be obtained from the Education Services, Area 3. Please submit an electronic, as well as hard copy, of the scope and sequence when turning in this form.

A course may be *tentatively* approved without the scope and sequence in order to solicit student interest, however, a new course will not appear in the master schedule without an approved scope and sequence.

Nevada content standards have been reviewed and followed, as appropriate, in developing this course.
