kindness**

Counselor Mission:

To provide students with opportunities, support, and skills to become productive and effective individuals inside and outside of the school building. To provide students with an environment of care, positivity, and belief in their unlimited potential. Last, but certainly not least, to collaborate with staff, parents, and the community in order to best support the student population.

About Me:

I am thrilled to be returning for my second year as the school counselor at Freedom Elementary, where I am dedicated to fostering a nurturing and supportive environment for our students. Beyond the school walls, I find joy in traveling and exploring all that Volusia County has to offer alongside my faithful companion, Nash, my four-legged adventure partner. Coffee is my fuel, and I'm always eager to explore new coffee spots in the area. Originally hailing from Long Island, I hold a deep affection for the beach, making it a cherished destination that never fails to rejuvenate my spirit.

Education:

I went to Long Island University and graduated with my Masters in School Counseling in 2020. I hold additional certification in the practice of Mindfulness and have extensive knowledge in mental health.
