### **Field Trips**

Many times throughout the year parents may be asked to volunteer in the classroom, go on field trips or attend special events. Every adult over the age of 18 must have a criminal history on file prior to being permitted to assist in school or with students. Criminal History checks are available online at:

Criminal history checks should be completed at the beginning of each school year or at least two weeks prior to volunteering or visiting to have on hand as it takes time to get the results back.

When a student or adult on a field trip has a life-threatening food allergy, sack lunches will be prepared by the school's food service department for all participants on the field trip. A chaperone or other adult attending the trip who has a life-threatening allergy requiring accommodations is responsible for alerting the school nurse or building administrator at least five days in advance of the trip. All participants, students, and adults, will be required to purchase the specially prepared lunch in an effort to keep all students and adults safe from a potential allergic reaction that could result in death.

Procedures:

1. If a student has a life-threatening food allergy, the child's parent should be encouraged to attend the field trip to monitor the child.
2. A specially prepared lunch will be provided by the school's food service department to meet food allergy guidelines.
3. Students and adults attending the field trip will purchase the lunch through the school's food service department. Free and reduced lunch status will be applied as usual.
4. No outside food, lunches, or snacks will be allowed.
5. A trained school employee, such as a classroom teacher, will accompany the class on the field trip and will maintain an epinephrine auto-injector for each student with a life-threatening allergy.
6. A copy of the student's Life-threatening Allergy Management Plan (LAMP) will be taken on all field trips. The school employee will follow the student's LAMP.
7. In all situations where epinephrine is given, a staff member will immediately call 911.
8. The parents or legal guardians will be notified after calling 911 as stated in the LAMP.

Students will not be permitted to leave during the school day with anyone other than a parent or guardian. If your child needs to leave with anyone else, please contact the school office. If your child is not going home the usual way, you are required to send a note to the teacher indicating the change and the length of the time for the change. **Students will not be permitted to change transportation without a note or a phone call from the parent or guardian to the office before 2:00 P.M.**

## **Emergency School Closing**

If the weather is extremely severe and safety is a factor, the Superintendent may decide to close schools. The announcement will be posted on multiple approved CCSC social media platforms (CCSC Twitter (@CCSCSchools, Facebook, Class DoJo), and local radio and TV news stations. Written and electronic notification of which platforms and news media stations will be utilized will be sent home with students annually. Any current working phone number that is subscribed to the school messenger system in the school database will be notified of school changes via a recorded phone call from the *School Messenger System*. Instructions on how to subscribe to *School Messenger* will be sent home with students annually and posted on the CCSC website and in school newsletters. Please update your phone number with the front office upon any change.

## **Fire and Disaster Drills**

In case of fire or emergency, a planned route of evacuation has been established for each area of the building. These routes are explained by the teachers and practiced in the form of drills.

## **Personal Property**

Students are not permitted to have any personal items that disrupt the learning environment or pose a danger to students or school property. Electronic devices, tablets, portable music/video/game players and toys, such as dolls, action figures, mini skateboards, trading card games (Pokemon), fidgets, and slime, are not permitted at school during the academic day, after school clubs, school sponsored trips, or on school transportation. Secure storage for devices is not available. Schools are not responsible for lost or stolen items. Students who must carry cell phones may keep their cell phones powered off in their backpacks while at school or school sponsored activities. Cell phones are permitted only for contacting parents or guardians at dismissal from school sponsored activities. Students who are in possession of prohibited items, or are using cell phones during unauthorized times, will have them confiscated and given to the school administrator. Parents will be required to come to the office to pick up any confiscated items.

### **Balloons and Flowers**

Due to student health concerns, balloons and flowers are not permitted at school. Many students have allergies to items and they are not allowed on buses. Please help us keep kids safe and healthy.

### **Lunch and Breakfast Programs**

Both breakfast and lunch are offered every day school is in session. Breakfast is offered in the classroom daily, unless there is a special meeting, field trip, or event, in which case, breakfast is still offered in an alternative location such as the cafeteria. Breakfast is free for all students in Crawfordsville Community Schools.

School lunch fees are charged daily to students who receive a school lunch, or extra milk from the school cafeteria. Students who qualify for free or reduced fee meals will be charged accordingly.

Applications for free or reduced meals may be completed at registration or online at: <https://www.lunchapp.com/>.

Unpaid meal balances will be processed as outlined in School Board Policy 8510 at the end of each academic school year.

## Head Lice Guidelines

Crawfordsville Community Schools Health Services’ guidelines on head lice, or pediculosis, are drawn from the latest science and evidence-based practices. Guided by research and position statements from the Centers for Disease Control (CDC), the American Academy of Pediatrics, the National Association of School Nurses, Harvard University, the Indiana State Department of Education, and the Indiana State Department of Health, we strive to keep students in the classroom to avoid interference with the learning process.

**Facts:**

- Head lice are parasitic insects that live on blood they draw from the scalp
- Lice cannot jump or fly; they travel by crawling
- Lice deposit eggs, called “nits,” on the hair shaft approximately ½ inch from the scalp
- Live lice are transmitted from one person to another through direct head-to-head contact and close household contact, such as sharing a bed and/or personal hair items.
- Lice cannot be transmitted by animals, grass, soil, etc.
- Lice can only live about two days away from the human head
- Lice do not cause disease—they are inconvenient and can cause severe itching, but they are not dangerous in any way and are not considered a health concern.

**Practice:**

The school nurse or her specific designee may evaluate children for signs and symptoms of head lice. CCSC Health Services staff may exclude students from school for active infestations of live head lice. Families must be diligent in combing out nits and completing any treatment regimen as directed.

**Prevention:**

Anyone can contract head lice. Lice are not indicative of cleanliness or socioeconomic status. Avoid head-to-head contact with others. Teach your child not to use other people’s personal hair items or hats.

**Communication:**

Please contact your school nurse if you suspect your child may have head lice so we can evaluate your child and work with you. CCSCC Health Services staff shall maintain the privacy of students found to have head lice.

**Treatment:**

The school nurse or primary care provider can provide families with information about effective treatments for head lice. Pesticide sprays and other chemical treatments are not recommended due to their toxicity and potential for side effects. Ineffective and/or unsafe treatments also include gasoline, kerosene, over-the-counter lice treatments, and products intended for use in animals. The school nurse may recommend evaluation by the primary health care provider to confirm the diagnosis of head lice and/or to obtain prescription treatment.

**Attendance:**

Students who have been excluded from school for head lice are expected to complete the recommended treatment and return to school as soon as the treatment is completed. Keeping a student home all day for the treatment of head lice is often unnecessary and will not be considered an excused absence unless the school nurse has recommended this.

For more information regarding head lice, please visit the health services section on our school website.

### **Compulsory Attendance**

A child is required to attend school beginning with the school year in which the child becomes 7 years of age (IC 20-33-2-6). A child who will attend a nonaccredited, nonpublic school is required to attend school no later than the date on which the child becomes 7 years of age (IC 20-33-2-8). Note that the starting age for kindergarten, age 5 by August 1, does not affect the starting age for First Grade. There is no requirement that a child must be 6 years old by August 1 in order to attend First Grade. Responsibility for a child's attendance in school falls under (a) the student (IC 20-33-2), (b) the parent (IC 20-33-2-27), and (c) the school corporation administrator and the administrator of any other educational, correctional, charitable, benevolent institution, or training school having children under the institution's authority (IC 20-33-2-29). In most cases, a child is required to attend school until the child graduates or becomes 18 years of age.

### **Chronic Absenteeism**

Chronic absenteeism is defined as students absent from school for ten percent (10%) or more of a school year for any reason. "Under IC 20-33-2-25, the 'Superintendent or an attendance officer having jurisdiction **shall** report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court **or the department of child services.**"

### **Habitual Truancy**

IC 20-20-8-8 defines habitual truancy as a student who has been absent for ten (10) days or more from school within a school year without being excused or without being absent under a parental request filed with the school.

### **Exceptions**

The following are not counted as absences (excused or unexcused) in accordance with Indiana Code.

- Page or honoree in the Indiana General Assembly
- Witness in judicial proceedings. This includes any required court appearance such as probation hearings
- Helper to a political candidate, a political party, or to a precinct election board on the date of an election

### **School Grounds**

A student may leave the school grounds while school is in session only after securing permission from the administration. Upon returning to school, students should report to the main office to sign in. Leaving the building without permission will be regarded as truant. Students who become ill at school should report to the clinic. The clinic will contact the parent if it is determined the student should go home. Students who are potentially ill **MUST** report to the clinic; any student leaving school grounds without direct permission from the clinic or an administrator may be considered truant.

### **Perfect Attendance Criteria**

A student who has not had an absence, been late to school, or had an early dismissal from any class throughout the school year is considered eligible for a perfect attendance award. A perfect attendance award will allow up to three tardies in a school year. School-sponsored activities do not count as an absence.

### **Attendance Policy**

Students in the high school or middle school are marked absent when they are not in attendance for twenty (20) or more minutes during any class period. Students in the elementary schools are marked absent when they are not in attendance for 90 minutes or more than half of a day. Administrators, counselors, attendance officer, and teachers at will continuously monitor student attendance and

communicate the importance of regular attendance to students and parents. There are two major types of student absences: **1) Excused** – defined as absences for which the student’s whereabouts are accounted for at the time of absence and reason for absence is school approved and **2) Unexcused** – defined as absences for which there is no verification of a student’s whereabouts or absences that are not school approved.

### **Clarification of Excused Absences**

Excused absences are defined as absences for which the student’s whereabouts are accounted for at the time of absence and reason for absence is school approved. Excused absences with parental/guardian notifications include, but may not be limited to:

- 1) Personal illness requiring a practitioner’s care, and extended absence due to a physical or mental impairment which substantially limits one or more major life functions, will be considered individually.
- 2) Death and funerals of members of the household and/or immediate family: Up to five (5) days will be allowed any student for absence due to the death of father, mother, guardian, brother, sister, grandparent, spouse, or child. One (1) day of absence will be allowed due to the death of any other blood relative such as first cousin, aunt, nephew, or brother-in-law or sister-in-law.
- 3) Legal, medical, and dental appointments should be cleared with the school before the appointment when possible. The student must bring back a written signature back from the practitioner or agency no later than 48 hours after the appointment.
- 4) Emergency illness in family, when arrangements could not be made by the family. (Example – Mother taken to hospital)
- 5) School sponsored activities require clearance from the administration.
- 6) Religious services must be verified by an official form and a parent phone call. Clearance to attend should be received by the administration in advance of the event.
- 7) Court appearances are excused only when court appearances are verified by a subpoena or formal court verified documentation. Clearance should be received from the administration in advance.
- 8) Absences due to serving as a legislative page or election poll worker must be verified by the legislator or election candidate inviting the students per Indiana Code.
- 9) College orientations or visitations are limited to juniors and seniors wishing to visit a college, university, or technical school. One (1) day during the junior and two (2) days during the senior year may be approved by the administration. Verification from the college or university is required upon the student’s return to school.
- 10) Military examination.

\* Students will be given 1 day of make-up work for each day of excused absence. It is the student’s responsibility to request the make-up work.

\*Any absence other than illness that exceeds 3 days or that occurs during final exam week, the week prior to or following Christmas and spring vacations requires a parental request. Students are to accept the responsibility of notifying their teachers and making arrangements for assignments prior to these special absences. Forms for these absences must be picked up in the main office and approved by the administration.

### **Family Vacations/Pre-Approved Absences**

**Parents are encouraged to vacation during scheduled school breaks.** Students who wish to apply for prearranged absences should use the following application procedure. Administrative discretion will be used to determine if the application is approved. Applications from students with poor attendance records will be denied.

- The parent must personally file a request with the school one full week **prior to the absence**.
- It is the responsibility of the student to inquire about make-up work.

### **Interventions for Unexcused Absences**

The following chart outlines guidelines for administrator and attendance officers in dealing with unexcused absences in an effort to improve student attendance.

<b>Administrator and/or Attendance Officer Action Steps</b>	
<b>Number of UNEXCUSED Absences</b>	<b>Interventions for UNEXCUSED absences</b>
1-3	<ul style="list-style-type: none"> <li>• Verify absences, call home, after school detentions</li> </ul>

<i>School administrators shall determine final interventions.</i>	

**AUTOMATED ATTENDANCE NOTICES WILL BE SENT BY EMAIL TO PARENTS AT REGULAR INTERVALS WITH A TOTAL COUNT OF ABSENCES AND TARDIES. ATTENDANCE ACTION STEPS APPLY TO UNEXCUSED ABSENCES AND TARDIES ONLY.**

### **Elementary School Dress Code**

Dress code rules are necessary to maintain a positive learning atmosphere. Clothing considered acceptable outside of the school setting is *not* always acceptable in school.

1. Shoes must be worn. Athletic footwear is preferred for the safety of students on the playground and during physical education classes. Students must have athletic shoes for PE. During the warmer months sandals are permitted only when they have an ankle strap. Flip flops and other backless footwear are not permitted.
2. Clothing and/or accessories that are indecent, unsafe (i.e., no chains), unhealthy, unclean, too brief, or so unusual that it distracts other students or teachers may not be worn. Hair styles must not be considered a distraction to the learning environment (this includes Mohawks, fauxhawks, and large spikes).
3. Sleeveless tops are permitted, but no tank tops or spaghetti straps/no large arm hole openings. No abbreviated clothing or layering over abbreviated clothing (halter tops, midriff tops, tube tops, or low necklines) unless the underneath top is totally covered. Shirts and tops must be long enough to be able to tuck into pants and stay tucked in.
4. Skirts, dresses, and shorts must be no more than three inches above the knee. Pajama wear is not allowed unless it is a special theme day. Pants must be worn at the waist and not drag on the floor or be excessively baggy. **Holes above the knee are not allowed. Students will not be able to repair clothes on site using tape.**
5. Tights/leggings/yoga pants must be accompanied by a fingertip length or longer top or dress.

6. Clothing that is tight, flimsy, torn or ripped to the point of immodesty, or clothing that depicts violence or vulgarity of any kind may not be worn. Clothing and personal possessions with objectionable wording, sexually permissive wording/pictures, satanic symbolism, gang related symbolism, inappropriate pictures, or that which advertises alcohol, tobacco, or drugs are not acceptable.
7. Students are not to wear hats, bandanas, headgear, hoods and/or gloves inside the school building during regular school hours.
8. Sunglasses not medically prescribed are prohibited.
9. Administrative discretion will be the final determination of dress code violations.

### **Dress Code - continued**

If the manner of dress, grooming, or appearance disrupts the normal educational process, necessary steps will be taken to correct the situation. Students in violation of the dress code will be given three options to correct an inappropriate appearance:

Option 1: Use clothes provided by the school

Option 2: Call a parent or guardian to bring a change of clothes

Option 3: 1-day of in-school suspension

### **Code of Student Conduct**

The Code of Student Conduct shall apply to all students at all times on all Board of Education property including: school buildings, school grounds, school vehicles, and at all school-related activities including, but not limited to, school field trips and school sports events whether such activities are held on school property or at locations off school property.

The complete Board Approved Code of Student Conduct Policy can be viewed online at the following link:

<http://cville.schoolwires.net/cms/lib8/IN01906578/Centricity/Domain/293/Bylaws%20and%20Policies.pdf>

### **Cheating**

Students are expected to take pride in their work and be responsible for their own assignments. Therefore, unless a teacher specifically designates an assignment as a group project, students are expected to complete projects and assignments on their own. Cheating is a serious offense. If students are caught cheating, there will be consequences.

Examples of cheating are as follows:

1. Copying another student's work when an assignment is intended to be done individually
2. Giving/accepting answers from others when not permitted by the teacher
3. Using someone else's work and presenting it as your own
4. Plagiarizing or using someone else's words without giving that person credit
5. Turning in the same document for two different assignments/classes
6. Using "cheat sheets"
7. Using a calculator or other aid when not permitted by the teacher
8. Taking credit for group work without contributing to the effort

Cheating offenses will result in the following: 1st offense - 0 on the assignment (calculated as 0% in figuring grades) and student/administrator conference required and telephone call or meeting with parent. Further offenses will lead to more severe consequences, which could include the student receiving an F for the grading period.

### **Bullying/Teasing/Harassing**

Bullying by a student or groups of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student through overt, repeated acts or gestures, including verbal or written communications transmitted and/or physical acts committed, or any other similar behavior is prohibited. Parents or students who suspect that repeated acts of bullying are taking place should report the matter to the school administration. Crawfordsville Elementary Schools take bullying very seriously. We have implemented a systemic anti-bullying education and prevention program. The best way to end bullying anywhere is to talk about it, report it, take action, and monitor. Parents are asked to communicate with their child and the school administration. Together we believe we can make each child feel safe and secure.

*The Bully Report and Investigation Form is located on the corporation website of your child's school under the "For Parents" link. <https://www.cville.k12.in.us/Page/558>*

### **Discipline**

It is the expectation that all elementary students will demonstrate good character and demonstrate a commitment to their education by following all school procedures and expectations. Because students are responsible for their behavior while enrolled in Crawfordsville Schools, they may receive consequences for violating school rules. Grounds for receiving consequences apply when a student is on school grounds immediately before, during, and immediately after school hours and at any other time when the school is being used by a group, including summer school. They also apply while students are off school grounds at a school activity, function, or event, or traveling to and/or from school or a school activity, function, or event.

Elementary discipline consequences may include: restorative practices, verbal reprimand, apology, confiscation of an item, relocation, redirection, timeout, lunch detention, after school detention, in-school suspension, out-of-school suspension, expulsion, loss of privileges, behavior plan, and/or parent contact by written notice, phone call, or conference.

The discipline plan applies to all students unless otherwise specified in an alternative document, such as an Individualized Education Plan (IEP). The Crawfordsville Community School Corporation's policy for Student Discipline, Grounds for Suspension/Expulsion, and Substance Abuse Policies are located in the Corporation School Board Policy and are applicable to all elementary students. All students will be afforded due process rights as outlined in Indiana Code 20-33-8-18.

### **Lethality Examination**

In our attempt to provide a safe and secure educational environment, we may require students to take a lethality examination at the expense of their parents. Should a student make a verbal threat indicating

bodily harm to oneself or to another student, faculty or staff member, or should s/he indicate behavior alluding to massive destruction of school property, that student will be suspended from school. During the suspension dates, parents/legal guardians will be required to take the student to a certified clinic to undergo a test to determine the mental well-being of the student. Once the results of the examination are provided to the school and the results indicate the student is not a threat, s/he will be reinstated to attend classes. The school counselor will help make arrangements for the lethality examination, if necessary.

### **In-School Suspension**

In-school suspension will be assigned by the administration to students who cannot conform to the school policies. Failure to follow the rules of ISS will result in additional days in ISS or out-of-school suspension. While assigned to in-school suspension, the student will be isolated and classroom work will be provided. Students completing assigned classroom work will receive full credit. Assigned time to in-school suspension is considered an educational alternative and is not considered an absence. Students are required to bring study and reading material. Students will have the necessary amount of time to eat lunch and restroom breaks will be provided. If students do not successfully complete the requirements of the in-school suspension program, additional time will be assigned. Students assigned to in-school suspension may not participate or attend extra-curricular activities. If a student is assigned to in-school suspension on a Friday and a Monday, the student may not participate or attend school activities on the weekend.

### **Out of School Suspension**

This action is generally used for suspensions of 1 to 10 days. Administrators will use their discretion to determine whether students are provided their regular assignments and credit is given for successful completion of those assignments. Students assigned to Out of School Suspension may not participate or attend extra-curricular activities. If a student is assigned to Out of School Suspension on a Friday and a Monday, the student may not participate or attend school activities on the weekend.

Users are expected to respect the web filter as a safety precaution, and shall not attempt to circumvent the web filter when browsing the Internet. A CCSC or grant-funded mobile device’s primary function is for classroom and educational purposes. Users shall abide by the same acceptable use agreements when using school devices off the school network as on the school network. Users are expected to treat these devices with extreme care and caution; these are expensive devices that the school is entrusting to your care. Users shall immediately report any loss, damage, or malfunction to IT staff. Staff and students may be financially accountable for any damage resulting from negligence or misuse. ## **Personally Owned Devices**

The Crawfordsville Community School Corporation technology department is dedicated to our staff and students in creating, supporting, and maintaining a 21<sup>st</sup> century learning environment.

After adhering to prerequisite conditions found in the student handbooks, CHS students and all staff members may bring in their own devices to access the internet and collaborate with other staff or students in support of their teaching and curriculum. These devices must be connected to the CCSC BYOD network, while use of student BYOD devices is determined by classroom teachers. Personally-owned devices, including printers, wireless access points, storage devices, physical or virtual servers, and similar equipment, shall not be connected to the school network without express permission from CCSC IT staff. In some cases, such as dance competitions (etc.), a separate network may be provided for personally-owned devices. Please remember, this Acceptable Use Policy applies to privately-owned devices accessing the CCSC BYOD network.

### **Netiquette**

Staff and students should always use the Internet, network resources, and online sites in a courteous and respectful manner. Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use trusted sources when conducting research via the Internet. Users should remember not to post anything online that they wouldn't want students, parents, teachers, or future colleges or employers to see. Once something is online, it's out there – and can sometimes be shared and spread in ways you never intended.

### **Cyberbullying**

Cyberbullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, trolling, and cyberstalking are all examples of cyberbullying. Don't be mean. Don't send emails or post comments with the intent of scaring, hurting, or intimidating someone else. Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime. Remember that your activities are monitored and retained.

### **Limitation of Liability**

CCSC will not be responsible for damage or harm to persons, files, data, or hardware. While CCSC employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. CCSC will not be responsible, financially or otherwise, for unauthorized transactions conducted over the CCSC networks or technology.

### **Pest Control Policy**

---

The Crawfordsville Community School Corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect students from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while avoiding potential pesticide exposure to children.
