***“BENEFITS FOR CHILDREN WITH
DISABILITIES”***

Many people think of Social Security just as a Retirement program. Although it is true that most of the people receiving Social Security receive Retirement Benefits, many workers receive benefits because they are disabled, and the agency also pays benefits to children with disabilities.

Learn about:

- Social Security Administration's Concept of Disability for children
- Eligibility requirements for Supplemental Security Income (SSI)
- Application process and required documentation
- Disability Determination
- Appeals Process

This workshop is free, but registration is required.
