

# **Cultivating Joy: A Floral Workshop**

**Instructor: Victoria Thompson**

Come learn something new, (re)connect with nature, and enjoy the company of fellow floral enthusiasts! In this hands-on, three-hour workshop, you will learn the fundamentals of centerpiece design and styling.

Each participant will choose from an array of seasonal flowers and leave with a beautiful arrangement of their own creation.

Victoria Thompson, owner of Olive+Grace Stems, is a Piedmont-based floral designer. She is excited to share her enthusiasm for floral design and the rewarding, connective qualities it can bring.

**Cultivating Joy**
