exp3 CAREER EXPLORATION DAY

Monday, October 16, 2023

Cor Jesu's exp3 is a **free-of-charge**, one-day innovative learning experience where students spend the day on site at a host facility, discovering career options and exploring them via hands-on experiences and personal interaction with professionals. Corporations, professional practices and non-profit organizations in the St. Louis area, who have an interest in supporting education and see value in educating the bright young women of Cor Jesu about their area(s) of expertise, serve as the career hosts. Timing for the day varies and is determined by each host/site. Unless otherwise specified, students are responsible for their transportation to and from the host site. Students are assigned to sites on a first-come, first-served basis with deference, as appropriate, to juniors and seniors.

If you have any questions about exp3 or Cor Jesu's Corporate Partners Initiative, please contact Cynthia Wilhelm, Director of Corporate Engagement at cwilhelm@corjesu.org or 314.300.6354.

To register, visit www.corjesu.org/exp

2023 exp3 HOSTS

BAYER ~ STEM/Sustainable Agriculture

700 Chesterfield Parkway West, Chesterfield, MO

Accepting: 8 students • 8:45 a.m. – 1 p.m.

Ideal Personal Attributes: Our researchers create sustainable and safe innovations to help farmers feed the world. This requires not only a STEM background, but also out-of-the-box thinking, the ability to collaborate with others, and a passion for making a difference.

Take a deep dive with Bayer professionals into a look at STEM and Sustainable Agriculture! The day will begin with a tour: A Look at the Past, Present and Future of Agriculture, which will provide a comprehensive look into how innovations in agriculture benefit our planet as a whole, guiding students through a fascinating look into the research and breakthroughs that are shaping what will nourish our growing world. Topics will include:

- **Advances in Breeding:** the unique crops cultivated by Bayer and the science that helps them thrive, specifically seeds and trait innovations.
- **Crop Protection:** how Bayer is harnessing the challenges and opportunities of farming in unique climates, specifically through crop protection innovations.
- **Safety and Testing:** this portion of the tour highlights the growth chambers where Bayer works to develop safe, effective and sustainable solutions for the benefit of all. The tour will be followed by conversations with category experts in the field and a hands-on activity. Lunch will be included. A fun, informative day with time for your questions about this exciting field!

BENRUS SURGICAL ~ Surgery

70 Jungermann Circle, St. Peters, MO 63376

Accepting: 6 students • 7:45 a.m. – 1 p.m.

Ideal Personal Attributes: Compassionate; Hard-working; Determined

Benrus Surgical Associates, Inc. is a five-person medical group that performs a wide variety of surgical procedures. Students will spend the day with a general surgeon and get to see live surgery. They will also have the opportunity to see the DaVinci Surgical robot and use the surgical simulator. The day will conclude over lunch/round table discussion in an informal setting with multiple physicians, allowing students to ask questions about the day and their future career aspirations.

BIRDEYE MEDIA ~ Photography, Videography and Small Business Operation

12627 Elnore Dr. St. Louis, MO

Accepting: 10 students • 8:55 a.m. – 12 p.m.

Ideal Personal Attributes: Creative; Passionate; Hard working

We are a Photography & Videography production company that creates content for small businesses, brands and bloggers as well as documenting personal life milestones such as weddings, newborns, graduations and general family photography. Your visit with Birdeye Media will show you what a day in the life of running your own business looks like. We will go over time management skills for creating your own schedule, pros and cons of being an entrepreneur, how to build your brand and grow your client list. And if you are interested in becoming a photographer or videographer, we can also talk more in depth about those techniques and goals. It will be a fun, informative and creative day!

BURNS & McDONNELL ~ Engineering Consulting

425 S. Woods Mill Road, #300, Chesterfield, MO

Accepting: 10 students • 10 a.m. – 1 p.m.

Ideal Personal Attributes: Self-driven; Diligent; Collaborative

Burns & McDonnell is a full-service engineering, architecture, construction, environmental and consulting solutions firm, headquartered in Kansas City, Missouri. Our staff of 7,000 includes engineers, architects, construction professionals, planners, estimators, economists, technicians and scientists, representing virtually all design disciplines. We plan, design, permit, construct and manage facilities all over the world, with one mission in mind: Make our clients successful. This experience will enable students to see what it's like to be part of the multi-disciplined staff within the St. Louis office. The day will include exposure to mechanical, civil, electrical and chemical engineering. Hands-on exercises that involve critical thinking and problem solving – two important aspects of being an engineer – will be woven throughout the day. Interesting and challenging projects completed by Burns & McDonnell engineers will be showcased to the students, introducing them to the skill sets that Burns & McDonnell utilize to "create amazing" for their clients.

THE CIGNA GROUP ~ IT Careers in the Pharmaceutical Industry

8445 University Place Dr., St. Louis, MO

Accepting: 10 students • 8:45 a.m. – 3 p.m.

Ideal Personal Attributes: Collaborative; Innovative; Open-minded

The Cigna Group is a global health company committed to improving health and vitality. We relentlessly challenge ourselves to partner and innovate solutions for better health. Our global workforce of more than 70,000 colleagues works through Cigna Healthcare and Evernorth Health Services to fulfill our mission to improve the health and vitality of the more than 190 million customer relationships we serve in more than 30 countries and jurisdictions. Students who visit will gain information about our on-site pharmacies as well as insights into the many tech careers represented in Cyber Security, Application Development, Digital & Analytics, AI, & Robotics. We'll overview our internship and rotational employment opportunities and challenge students with fun problem-solving and confidence-building activities while providing lunch and opportunities for networking and professional engagement throughout the day!

CIVIL DESIGN, INC (CDI) ~ Civil Engineering

5220 Oakland Ave., St. Louis, MO

Accepting: 12 students • 8:45 a.m. – 2:30 p.m.

Ideal Personal Attributes: Attention to detail, excellent communication skills, knowing when to solve on your own and when to ask questions; Collaborative

CDI is a woman owned, multi-disciplined civil engineering and land surveying working with clients across the Midwest. At CDI we strive to help our clients create quality infrastructure while also contributing positively to our communities. Our culture is centered around a fundamental commitment to Building Stronger Communities, meaning our team of passionate individuals is dedicated to revitalizing the spaces that contribute to our daily lives.

Throughout the morning, you will have the opportunity to hear from young civil engineers and land surveyors about their respective industries, check out our office space, and learn a bit about our services, some exciting projects we've done in the area, and our uniquely positive company culture. After we serve you lunch, the afternoon will be filled with engaging problem-solving activities—from a mock engineering project to fun-filled team-building exercises,

learn about some typical challenges our engineers face, and how your current math and science classes come into play. We can't wait to share a glimpse of our day-to-day with you!

DESIGN TODAY ~ Interior Design

Meet at Cor Jesu and visit sites around St. Louis

Accepting: 4 students • 8 a.m. – 3 p.m.

Ideal Personal Attributes: Getting along with others; having an open mind to new ideas (essential to creating work that suits the needs of clients); creativity; visual learners/thinkers; attention to detail

Spend the day with a professional who owns her own interior design business which specializes in multiple disciplines within the industry, including interior renovations, room additions, color schemes, floor plans and custom home building. We'll travel to a Designer Showroom, where professional designers go to access furnishings for jobs and often meet clients. After our tour of that facility, we will visit a custom home, a spec home, and an existing residence that needed a freshen up. You will see the many layers of design decisions that take place in these different types of projects.

We'll stop for lunch before returning to CJ where students will have the opportunity to get some fun and valuable hands-on experience by bringing some design excitement to a member of the CJ staff. Throughout the day there will be time to ask questions and better understand what a career in interior design looks and feels like.

DJM ECOLOGICAL ~ Environmental Engineering

Meet at Cor Jesu campus and visit sites around St. Louis

Accepting: 8 students • 7:50 a.m. – 3:00 p.m.

Ideal Personal Attributes: An interest in applied biology, botany, ecology, geology or similar earth science discipline; a willingness to work outdoors in a variety of settings across a wide geographic range (If sweating, bug bites and general environmental discomfort aren't for you, this isn't your gig!); an interest in construction management, project management and personal/professional organization

DJM Ecological Services is a firm that specializes in ecological restoration, erosion control and stormwater infrastructure installation and operation and works on project sites across the STL Metro and Midwest to which you'd never have access unless trespassing! Our clients own green roofs, prairies, wetlands, woodlands and a variety of other natural resources integral to our economy but otherwise unseen. The sites you'll visit are selected based on our current workload but you'll see a variety of project types definitely worthy of a selfie or two! We'll have lunch together and questions/discussion about our work will go on throughout this fun day in the outdoors! Recommended for anyone interested in the great outdoors and in preserving the beauty of nature!

For more information about exp3 and Cor Jesu's Corporate Partners Initiative, visit www.corjesu.org/exp3

EMERGENCY MEDICAL SERVICES CAREERS ~ *NEW!*

Paramedic and EMT Training

Jefferson College EMS Department, 4400 Jeffco Blvd, Arnold, MO

Accepting: 20 students • 8:15 a.m. – 2:30 p.m.

Ideal Personal Attributes: Empathy; Integrity; Passion

This experiential learning day will be hosted by professionals at Jefferson College, the area leader in EMS education. With a strong emphasis on hands-on learning, students will rotate through multiple stations, learning how to start IVs, drill into bones, insert tracheal tubes and more. Professionals will share their on-the-job stories and answer questions as they guide students to better understand all that it means to be a first responder to emergency situations.

EDUCATION ~ *Career Immersion*

Life For Life Academy campus, 1731 S. Broadway, St. Louis, MO

Accepting: 15 students • 8:45 a.m. – 2 p.m.

Ideal Personal Attributes: Curious, Creative, Caring Committed, Reflective

If you've ever thought about being a teacher or are curious about the idea, this experience will provide participants an opportunity to learn more about careers in the rewarding field of education. The day will be spent at Lift for Life Academy, a pre k-12th grade public charter school sponsored by Southeast MO State University. Student groups that receive services there include those with disabilities and English Language Learners. Students will meet a wide scope of professionals, reflecting a variety of career paths and specialty areas. Lunch will be provided and opportunities for reflection, discussion, and questions with teachers and leaders will be included throughout.

CAREERS IN FORENSIC SCIENCE ~ *Lecture and Demonstration*

Held on the Cor Jesu campus, Room 215

Accepting: 30 students • 8:50 a.m. – 11 a.m.

Ideal Personal Attributes: Proficiency/Interest in Life Sciences; Honesty; Compassion; Attention to detail; Strong oral and written communication skills

During this session you will participate in interactive presentations from both an Autopsy Technician and a Forensic Death Investigator from the St. Louis City Medical Examiner's Office. These women professionals will share their backgrounds and show several case studies for review. This experience will also touch on various careers within the forensic science world including: Forensic Anthropologist, Forensic Odontologist, Autopsy Technician, Crime Scene Investigator, Evidence Technician, Fingerprint Technician, DNA Analyst, Firearms and Toolmarks Examiner. Come prepared with questions for an interesting discussion and experience!

GIRLS ON THE RUN ST. LOUIS ~ *Non-profit NEW!*

Management and Operations

3155 Sutton Blvd, Suite 101, St. Louis, MO

Accepting: 8 students • 9:30 a.m. – 2:30 p.m.

Ideal Personal Attributes: Social justice-focused mindset; Critical thinker; Service-oriented; Collaborative

Girls on the Run St. Louis (GOTRSTL) inspires girls to be joyful, healthy, and confident using a fun, experience-based curriculum that integrates social-emotional learning, life skills, and physical activity to enhance physical and mental health. GOTRSTL serves girls ages 8-14, across 23 counties in Eastern Missouri and Southwestern Illinois. Since 2002, GOTRSTL has positively impacted the physical and mental health of 75,000 girls. Your day with the GOTRSTL team will include a variety of different activities and conversations as these professionals seek to get to know each of you and your motivation for choosing this site for the day. Making sure to keep things active and interesting, students will move through different hands-on activities and projects to experience what a career looks like for this mission-based organization. The GOTRSTL leadership team (Executive Director, Director of Program & Development, and Operations Director) will share their individual career journeys as well as what college majors and early professional choices led them to their current roles. Lunch will be provided, either by going to a local restaurant together or having the meal delivered to the office. It will be a casual, but focused and informative day with time for Q&A throughout!

GOVERNMENT AND POLITICS ~ *Career Immersion*

Meet shuttle at Cor Jesu and visit various sites

Accepting: 13 students • 8:45 a.m. – 2:30 p.m.

Ideal Personal Attributes: Interest in current and governmental news and the political process; Adaptable to change; Excellent listening and communication skills; Open to diverse groups and a variety of viewpoints

This day will offer a rare insider view of careers in government and politics, from federal to local levels, as students visit various sites, including St. Louis City Hall. Leaders and staffers at each location will offer tours and explanations of how government operates on a day-to-day basis, and the various careers associated with those operations. Political staffers will discuss the campaign process and what happens after election. Interactive debate and student engagement will be woven throughout the day. Lunch at City Hall will include candid Q&A with a variety of professionals working in these fields and the chance for students to probe areas that piqued their interest. Whether a career in government or politics is in their future or not, this is information every student should know!

GRANT'S FARM ~ *Veterinary/Animal NEW!*

10501 Gravois Road, St. Louis, MO

Accepting: 10 students • 7:30 a.m. – 11 a.m.

Ideal Personal Attributes: Love of animals; Hard-working; Good observation skills

This visit will provide a unique insider opportunity to learn more about what goes on behind the scenes at this popular tourist location and what animal-related careers are represented there. Students will learn about large animal care at deer park, spend time learning about medical care for smaller vs larger animals by meeting and hearing from the teams at both the goat department and the horse stables and end the morning with the animal program department who will provide information and insights about animal training. If you have considered working with animals, this is a great way to see a variety of career options.

**INTERNATIONAL FOOD PRODUCTS ~ Food Science:
Distribution and Manufacturing**

150 Larkin Williams Industrial Ct., Fenton, MO

Accepting: 6 students • 10 a.m. – 2 p.m.

Ideal Personal Attributes: Curiosity; Desire to Learn; Strong math and communication skills; Attention to detail, particularly with regard to health, safety and hygiene; Willingness to investigate and experiment

IFP formulates and delivers a wide range of ingredients and custom-ingredient systems to food and beverage manufacturers and food service distributors across the nation. Have you ever considered all the science related to creating and providing our world's food? If that question intrigues you, this day is for you! After an introduction to the world of food science and the different careers within it, students will shadow research scientists and applications scientists to see first-hand what goes into formulating products for the dairy and food & beverage industries. There will be fun hands-on activities and lunch with professionals as well as time for questions and exploring career interests. A fun and informative day of discovery and exploration into the exciting world of food science!

LAW ~Career Immersion

Meet at Cor Jesu to board a shuttle for downtown

Accepting: 20 students • 7:45 a.m. – 3 p.m.

Ideal Personal Attributes: Leadership skills; Problem solver; Logical thinker; Attention to detail; Excellent communication skills

This experience will focus on both law and leadership aspects of earning a law degree and associated careers. Interaction with leaders in the law profession within the St. Louis area, observing cases at both the Circuit Court and the Court of Appeals, an overview of law school and the opportunity to both learn and network over lunch at SLU Law followed by a Q&A panel with judges will all be part of this fun and informative dive into the wide world of law careers!

MACKEY MITCHELL ARCHITECTS ~Architecture, Problem-Solving and Design

900 Spruce Street, Suite 500, St. Louis, MO

Accepting: 8 students • 8:45 a.m. – 3 p.m.

Ideal Personal Attributes: Curious; Collaborative; Critical Thinker

MMA's mission is to Shape the Inspired. As design professionals, we believe that the strength of our practice comes from our people. We are curious, collaborative, and continually learn from each other and our clients. We strive to create buildings that inspire - whether the projects are Student Housing, Learning Spaces (K-12, Higher Ed, Early Childhood), Allied Health, Civic & Cultural, or any other market sector. Every person in our firm brings a unique perspective that enriches our culture and our work. During this day, students will have the opportunity to meet and learn from a variety of MMA employees including both younger staff and principals to gain a broad sense of the different skill sets required for roles within the firm. As we overview several of our current projects, we'll discuss the academic path to becoming an architect or designer, tour the materials library and office, talk with a Project Manager, Project Architect, Project Designer, Interior Designer, and Marketing lead, and hopefully be able to attend a completed project site visit. Lunch will be provided and include time for Q&A with professionals, followed by a design charette, through which students have the opportunity to work on a design project.

MICROSOFT ~ Information Technology

4220 Duncan Ave., Suite 501, 5th floor, St. Louis, MO

Accepting: 20 students • 9:15 a.m. – 2 p.m.

Ideal Personal Attributes: Curious; Problem-solver; Continuous learner

Microsoft Corporation is an American multinational technology corporation which produces computer software, consumer electronics, personal computers, and related services. During this exciting day students will experience AI in action, participate in a coding exercise and learn how Microsoft brings to life our mission of "Empowering every person and organization on the planet to achieve more". Students will learn about a variety of careers associated with IT, what a day in the life of a software engineer looks like and have a special conversation about women in tech. Lunch is provided for this exciting day on the inside of a tech industry leader!

MSMF WEALTH MANAGEMENT ~ Financial Services

3660 S. Geyer Road, Suite 200, St. Louis, MO 63127

Accepting: 3 students • 9 a.m. – 3 p.m.

Ideal Personal Attributes: Service-driven; Detail-oriented; Critical thinker; Drive to learn; Integrity focused

MSMF is a comprehensive financial services firm that provides individual wealth management services, employee benefit solutions, and insurance brokerage services. This day is designed to expose students to a cross section of the financial services that we provide to both individual and corporate clients. We will discuss various career opportunities that are associated with our work, including insurance, investment, portfolio and financial consulting and dive deeper into your area(s) of interest. This informative day will provide professional networking and is ideal for a student who is interested in a career or exploring the career options in the world of finance.

NISA INVESTMENT ADVISORS, LLC ~ Institutional Financial Investing

101 South Hanley Road, #1700, Clayton, MO

Accepting: 10 students • 9 a.m. – 1:30 p.m.

Ideal Personal Attributes: Enjoy working in a collaborative environment; Have strong math skills; Desire to be a lifelong learner

NISA Investment Advisors, LLC (NISA) offers customized investment solutions for tax-exempt and taxable institutional clients. World-leading organizations rely upon NISA Investment Advisors to design, develop and manage highly customized, risk-controlled investment strategies. NISA manages over \$270 billion in fixed income and equity securities and over \$225 billion in derivative notional value. Our vision includes broadening our creative, customized approach for developing client-focused solutions; responding to clients' needs with flexibility and innovation; and fostering a collaborative environment in which employees grow and thrive. During your visit with NISA, you will learn about finance, financial markets, investments and fixed income trading. You will spend the day meeting with and learning from women at NISA who work in our Portfolio Management, Client Services, Investment Strategies, and Operations departments, learning about their educational and professional backgrounds, and understanding why they find working in the finance industry to be a rewarding career choice.

OBP ~ Marketing Communications, Advertising, Public Relations

914 Spruce Street, St. Louis, MO

Accepting: 10 students • 9:45 a.m. – 3 p.m.

Ideal Personal Attributes: Desire to be challenged; Attention to detail; Interest in marketing and advertising; Interest in agriculture; Ability to build relationship; Enjoys having fun!

Osborn, Barr, Paramore is an independent and women-owned full-service marketing communications agency based in St. Louis with employees nationwide. For more than 30 years, we have served brands across a range of industries, including agriculture, food and tourism. Notable client partners include Bayer Crop Science, the United Soybean Board, Morton Buildings and the Missouri Division of Tourism. Students will spend their day meeting and hearing from women at OBP who are leaders in the marketing and advertising industry. By working on a project which utilizes the creative ideas and strategic thinking that are essential to our success, students will get a taste for what this exciting career and an agency environment is like. Lunch will be provided and there will be opportunities throughout the day to ask questions about our work and about associated careers, all in a fun, creative and informal setting.

PFIZER ~ Pharmaceutical Engineering

875 Chesterfield Parkway West, Chesterfield, MO

Accepting: 15 students • 9 a.m. – 3 p.m.

Ideal Personal Attributes: Collaborator; Problem solver; Passionate about bring new medicine solutions to patients

At Pfizer, we're in relentless pursuit of breakthroughs and revolutionary medicines that change patients' lives. We innovate every day to make the world a healthier place. Your day with us will include hands-on activities that explore the use of bioreactors, separation techniques, the journey of a new medicine to market and much more. Lunch will be provided and you will have the opportunity to speak with scientists and engineers working on a multitude of new medicines during this informative and exciting day!

RANKEN JORDAN PEDIATRIC BRIDGE HOSPITAL ~ Pediatric Physical, Occupational and Speech Therapy

11365 Dorsett Road, Maryland Heights, MO

Accepting: 6 students • 8:15 a.m. – 12 p.m.

Ideal Personal Attributes: Pediatric therapists require strong organization skills, a passion for working with children with a wide range of medical needs and excellent interpersonal skills: both to work with other team members and with caregivers and patients.

Ranken Jordan Pediatric Bridge Hospital is an acute care hospital serving children age birth to 21 years with complex medical needs. We have a 60-bed inpatient unit, providing specialized care, allowing children to transition to home after a hospitalization. We also provide nearly 1,000 outpatient therapy visits each month, focusing on having every child achieve the best version of themselves through the support of physical, occupational, and speech therapy. During their time with us, students will first be given an overview of the three pediatric therapy disciplines, including the academic path associated with each. We'll discuss diagnoses which therapists typically treat in a pediatric setting and, through interactive activities, explore the evaluation tools therapists use. In addition to observing an actual therapy session, students will have the opportunity to learn and ask questions from a variety of professionals during their visit with us.

SAINT LOUIS COUNSELING ~ Counseling

5 Premier Dr., Suite 200, Fenton, MO

Accepting: 20 students • 8:15 a.m. – 12 p.m.

Ideal Personal Attributes: Empathy; Active Listening; Self-awareness

Saint Louis Counseling (formerly Catholic Family Services) provides professional counseling and psychiatric services for children, teens, adults, seniors, and families at seven office locations and 130 schools through our School Partnership Program. The organization is a non-profit federated agency of Catholic Charities of St. Louis.

Do you like helping friends and family members when they need someone to talk to? When you meet with your Wellness Counselor at CJA, do you wonder what her career is like? Have you ever had therapy and are drawn to a career in the field? Then be sure to spend the morning at Saint Louis Counseling and see what is involved when working in the mental-health field as a professional counselor. Your exp3 experience will include:

- Role-playing to get a feel for what a counseling session is like for both a counselor and client.
- Engaging in a brief training of mental-health conditions and illnesses and what it means to be trauma-informed.
- Learning about the different types of therapies that are implemented in treatment plans to help clients with their healing and improved mental health.
- Interacting with the clinicians to learn about their career journeys, undergraduate and graduate degrees, and clinical experiences.
- Understanding the differences between LCSW and LPC licensures.
- Learning about the work we are doing throughout the Archdiocese to break down stigma that prevents people from getting the mental-health care they need.

For more information about exp3 and Cor Jesu's Corporate Partners Initiative, visit www.corjesu.org/exp3

SAINT LOUIS UNIVERSITY SCHOOL OF NURSING ~ Nursing

3525 Caroline St., St. Louis, MO

Accepting: 15 students • Time: 10 a.m. – 3 p.m.

Ideal Personal Attributes: Compassion; Organizational skills; A heart for taking care of others

The Trudy Busch Valentine School of Nursing educates students through an innovative approach to nursing education, diving deeper to discover the strength, spirit and compassion required to serve patients with unparalleled care. Students will engage with a panel of nurse professionals from various backgrounds to learn about various careers within the field. The day's activities will include skills training and hands-on experience in the simulation lab as well as the opportunity to meet and ask questions of our current students, including why they decided to go to nursing school and why they picked SLU. This will be a valuable day of insights about a career in nursing and the steps that lead you there!

SAINT LOUIS UNIVERSITY SCHOOL OF SCIENCE AND ENGINEERING ~ Biomedical Engineering

McDonnell Douglas Hall, 3450 Lindell Blvd., St. Louis, MO

Accepting: 12 students • 9:30 a.m. – 2:30 p.m.

Ideal Personal Attributes: Curiosity and creativity; Analytical skills; Teamwork

Founded in 1818, Saint Louis University is one of the nation's oldest and most prestigious Catholic universities. SLU is recognized for world-class academics, life-changing research, compassionate health care, and a strong commitment to faith and service. During your day with SLU's School of Science and Engineering, you'll enjoy an in-depth exploration into the field of biomedical engineering. You'll participate in interactive activities to gain hands-on experience with concepts related to tissue engineering and medical robotics through laboratory tours and demonstrations. Lunch will be provided and you'll meet and engage with current biomed engineering students and faculty to discuss college and career paths in this exciting and innovative world of engineering.

SCHOWALTER & JABOURI ~ Accounting

12250 Weber Hill Road, Suite 315, St. Louis, MO

Accepting: 10 students • Time: 12 p.m. – 3 p.m.

Ideal Personal Attributes: 1) Attitude is everything: People want to work with people who have good attitudes. Positive thinkers attract success.

2) Professional Conduct: Be cognizant of surroundings; Learn how to deal with different personalities; Feedback isn't personal, it is helpful; Avoid gossip.

3) Quality counts: Take pride in anything that bears your name; Self-review your work and check for the small things; Be a team player; Look for ways you can help carry the load; Over-communicate project status and progress; Seek more knowledge and share it where applicable.

Schowalter & Jabouri, P.C. (S&J) is a full-service Accounting Firm that offers a broad range of services to our clients. We have an entrepreneurial culture and a great team of professionals who want to see you succeed. During your day at S&J, students will learn about the accounting industry, career opportunities available and the path to becoming a CPA. We'll take you through some of the daily tasks individuals do in different departments and the journey of our professionals, how they started and where they are today. We will provide lunch and the opportunity for you to network, ask questions and further explore this exciting career path!

SSM CARDINAL GLENNON CHILDREN'S HOSPITAL ~

Pediatric Medicine

1465 S. Grand Blvd, St. Louis, MO

Accepting: 30 juniors and seniors • 7:30 a.m. – 12 p.m.

Ideal Personal Attributes: This career requires grit and resilience in the face of significant adversity. Thriving in this career requires a team player who also has leadership skills as well as a high level of clinical curiosity.

SSM Health Cardinal Glennon is a non-profit inpatient and outpatient pediatric medical center located in St. Louis city. Since its founding in 1956, Cardinal Glennon has provided care for children regardless of ability to pay. Cardinal Glennon primarily serves children from eastern Missouri and southern Illinois, but also treats children across the nation and from countries around the world, also serving as a teaching hospital, affiliated with the neighboring Saint Louis University Schools of Medicine and Nursing, and nine other education institutes. Spend the morning with an impressive team of women pediatric professionals who will share their own stories as they overview the academic journey, application process and financial implications of medical school, life as a female physician, training and life as a Nurse Practitioner and share their best practices for personal and professional growth toward success. Simulation stations for hands-on learning will include intubation, suturing, spinal tap and IVs. An exceptional opportunity to meet, network with and learn from some of highly experienced and respected women healthcare professionals!

SSM HEALTH PHYSICAL THERAPY ~ Physical Therapy and Occupational Therapy

1050 Old Des Peres Road, Suite 40, St. Louis, MO

Accepting: 20 students • 7:55 a.m. – 12 p.m.

Ideal Personal Attributes: Empathetic; Inquisitive; Goal-oriented

SSM Health Physical Therapy is a large health care provider in St. Louis offering inpatient as well as outpatient rehabilitation services. We are excited to show students how rewarding a career in Allied Health can be! During their visit, students will spend time with professional staff experiencing all aspects of the Allied Health umbrella including occupational therapy, physical therapy and speech pathology. There will be activities to provide experiential learning, but no direct patient contact. Lunch will be provided and Q&A will happen throughout—a great way to explore if a career in Allied Health is a good fit for your future!

ST. LOUIS SPORTS COMMISSION ~ *Sports Marketing and Events* **NEW!**

308 North 21st St, Suite 500, St. Louis, MO
Accepting: 10 students • 8:55 a.m. – 12 p.m.

Ideal Personal Attributes: Interested in a career in sports or events; Team-oriented, Collaborative; Communicative; Adaptable; Critical Thinker

The St. Louis Sports Commission is the independent, privately-funded nonprofit organization that makes St. Louis a better place to live, visit, work and play through sports. Its efforts focus on attracting, creating and managing major sporting events for the St. Louis region. The organization uses the power of sports to enhance the area's quality of life and to create economic and social benefit for the community. During their day with us, students will learn about the Sports Commission's history of hosting major sporting events and how they impact the city, explore St. Louis' 1904 Olympic legacy and various areas of the industry including marketing, communications, and operations. We'll take some tours of the venues where STL sports happen including CITYPARK, the new home of St. Louis CITY SC, Enterprise Center, home of the St. Louis Blues and Stifel Theatre where we host our annual event, the Musial Awards. We'll talk to marketing, operational and venue staff members, and discuss how the Sports Commission partners with each entity to bid on and host various events. If you enjoy sports and are interested in associated careers, this is an experience you won't want to miss!

WASHINGTON UNIVERSITY DEPT OF PEDIATRICS ~ *Pediatric Medicine*

Held on the Cor Jesu campus

Accepting: 8 students • 8 a.m. – 12:30 p.m.

Ideal Personal Attributes: Good communication skills; problem-solving ability; works well with children; intellectual curiosity; empathy; organization skills; team player

The mission of the Department of Pediatrics at WUSM is to advance the highest quality of patient care, medical research, child advocacy, and the training of future pediatricians. Attendees will meet and be given an overview of the training and day-to-day duties of an academic pediatrician and physician/scientist. Allowing time for discussion and questions with our host, students will also work through typical pediatric disease cases from initial presentation, diagnosis, establishment of a treatment plan, and generation of ideas for future scientific investigation.

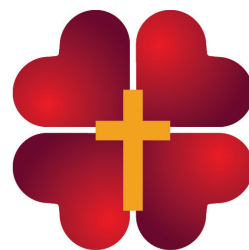

WESTERN ANESTHESIOLOGY ASSOCIATES ~ *Anesthesiology*

9701 Landmark Parkway, Suite 100, Sunset Hills, MO
Accepting: 10 students • 6:25 p.m. – 8:30 p.m.

Ideal Personal Attributes: Interest and aptitude for health sciences; pharmacology, physiology, anatomy; Collaborative, Communicative, Team-oriented; Personable; Dexterity and ability to multi-task; Attention to detail and vigilant; Assertive so as to advocate for patient care; Adaptable—responsive and decisive; Calm under pressure—able to manage intense situations calmly with clarity and focus

WAA is a leading anesthesiology and pain management medical practice serving the St. Louis area since 1970, and providing safe, high-quality care for a wide spectrum of patients at multiple venues, including 3 hospitals, 7 ambulatory surgery centers, 2 pain clinics and multiple dental offices. This session will take place after hours at our Landmark Ambulatory Surgery Center where we will discuss and explore with students various career opportunities within the field, including physician anesthesiologist, certified nurse anesthetist and certified anesthesia assistant. We'll spend time in the OR reviewing and exploring equipment including the anesthesia machine, monitors, drugs and anesthesia equipment used during surgery. Q&A will be available throughout.
