

# Networking Systems

The Networking Systems program of study explores the occupations and educational opportunities associated with designing and implementing computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. This program of study may also include exploration into analyzing science, engineering, and other data processing problems to implement and improve computer systems.

Level 1	<b>7932P</b> AP Computer Science Principles
Level 2	<b>7410</b> Computer Maintenance <b>7932P</b> AP Computer Science Principles
Level 3	N/A
Level 4	<b>7431</b> Practicum in Computer Technician <b>7499</b> Independent Study Mentorship <b>7391/L</b> Career Preparation I <b>7935H</b> Independent Study: Computer Science

Industry -Based Certifications offered in this Program of Study include:

- CompTIA A+
