Article 2 Association Dues and Deductions

- 2.1** The Association and its affiliates (WEA Sammamish UniServ Council, WEA and NEA) shall have the right of automatic payroll deduction of membership dues, assessments, and fees for employees.
- 2.2** The Association shall provide an automatic payroll authorization form to each certificated employee. Certificated employees desiring membership shall sign and deliver such authorization to the Association.
- 2.3** The Association shall submit the automatic payroll authorization to the District payroll office for processing. A table of prorated annual dues, assessments, and fees shall be supplied to the District payroll office by the Association to determine monthly dues deductions. The District shall deduct from the salary of each employee who submits written authorization for the dues required for union membership and such dues shall be transmitted to the Association monthly.
- 2.4** The automatic payroll authorization form shall clearly state that it is understood by the certificated employee signing the authorization that continuation of dues deductions until the end of the dues period on August 31 of each year is a binding condition for automatic payroll authorization. The dues deduction form and authorization shall remain in effect from year to year, unless withdrawn in writing to WEA by the employee. Revocation of membership shall be made in writing to the Association and shall become effective at that time. The Association shall promptly submit notice of each revocation to the District payroll office.

- 3.7** Representatives duly authorized by the Association who participate during working hours in negotiations, grievance proceedings, conferences, or meeting with representatives of the District shall suffer no loss of pay. It is, however, the intent of the Board and Association that such activities be conducted at times so as to minimize interruption with classroom instruction.
- 3.8** On or before new employee orientation in August each year, the District shall provide the Association with the following information, if held by the District, regarding each employee in the bargaining unit: name, address, position, hire date, work site, FTE, employee ID number, personal phone numbers, work and personal emails, and any other information mutually agreed upon. This information shall be supplemented and revised monthly as changes occur and provided to the Association.

mutually agreeable to the District and Association when the maximum number of employees are at one location.

Article 4 Employee Rights

- 4.1 Individual Rights:** Employees shall be entitled to full rights of citizenship. Nothing contained herein shall be construed to deny or restrict to any employee such rights as provided under applicable laws and regulations. The rights recognized hereunder shall not be exclusive, but are in addition to those provided elsewhere.
- 4.2 Right to Join and Support Association:** Employees of the District who are represented by the Association shall have the right to freely organize, join, and support the Association. As a duly elected body exercising governmental power under the State of Washington, the Board shall not directly or indirectly discourage or deprive any employee of the enjoyment of the rights conferred by the statutes and constitutions of the State of Washington and the United States; or unlawfully discriminate against any employee with respect to hours, wages, or any terms or conditions or employment by reason of membership in the Association, participation in any grievances, complaint or proceeding under the Agreement or otherwise with respect to terms of conditions of employment.
- 4.3 Just Cause:** No employee shall be disciplined without just and sufficient cause. Any such discipline shall be subject to the grievance procedure.
- 4.3.1 When an administrator decides that a complaint against an employee may require disciplinary action, the employee shall be notified within two (2) workdays of said administrator's decision. In the event the employee is on approved leave, the notice will be given within two (2) workdays of the employee's return to work.
- 4.3.2 When a meeting is scheduled that may lead to discipline of an employee, the employee shall be notified of the purpose of the meeting and that they have the right to have an Association representative present. An Association representative will be present at the meeting provided that this right will not be exercised to delay disciplinary proceedings. It is the employee's responsibility to notify the Association.
- 4.3.3 Employees being reprimanded, warned, disciplined or adversely affected for any reason may request to be accompanied by an Association representative when meeting with the supervisor for a review of the action.
- 4.3.4 The specific grounds forming the basis for formal disciplinary action will be made available to the employee in writing.
- 4.3.5 Any disciplinary action taken will be appropriate to the behavior that precipitates the disciplinary action.

4.4 Non-Discrimination: The provisions of this Agreement shall be applied consistent with legal requirements applicable to nondiscrimination in the workplace without regard to sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability.

Sexual harassment is a form of unlawful discrimination.

4.5 Employee Protection and Support: Employees have the right to work in an environment free from threats or harassment. The District will provide support to employees who are threatened, harassed or injured by a student, parent, co-worker, or administrator. This provision also applies if such threats or harassment occur outside the workplace, can be substantiated, and are workplace related.

The Association will be given the opportunity to provide input to the Superintendent prior to civility or harassment policies being adopted by the School Board.

Article 5 Collaboration

5.1.1 The schedule of meetings will be sent to the Principal's supervisor and Association President.

5.1.2 Prior to the first monthly meeting the Principal and Building Representative(s) will establish a process for how agendas and minutes will be determined and distributed. Meeting minutes will minimally be sent to those in attendance at the meeting, the Association President, and the Principal's supervisor.

5.2 Superintendent/Association Meet and Confer: Association representative(s) shall meet with the Superintendent or designee at least once a month during the school year. The purpose of this meeting will be to discuss current school problems and practices, personnel issues, the administration of this Agreement and to set the agenda for the Mutual Interest Committee. These Association/Superintendent meetings will be tentatively scheduled in August of each year.

5.3 Mutual Interest Committee: A Mutual Interest Committee (MIC) will be formed to collaboratively solve problems, ensure CBA compliance, and seek input. MIC will be composed of five (5) members appointed by the Association and five (5) members appointed by the District. Additional committee members may be added with mutual consent.

5.3.1 The MIC will meet a minimum of four (4) times per year, except in bargaining years when MIC is put on hold during bargaining.

5.3.2 The first MIC meeting will be held by September 30 of each year.

- 5.3.3 MIC topics will be set forth in a Memorandum of Agreement each year.
- 5.4 The District shall invite and include Association representative(s) in the administrative level meetings to provide input during District budget planning.
- 5.5 Professional development will be designed to support the District Strategic Plan and the School Improvement Plans of individual schools. Professional development will be designed in collaboration with staff and allow for annual feedback from staff.

Article 6 Instructional Freedom

- 6.1 Instructional freedom is encouraged for all employees, and no special limitations, except those necessary to accomplish the educational goals and objectives of the District, shall be placed upon study, investigation, methods presentation and interpreting facts and ideas concerning man, human society, the physical and biological world and other branches of learning subject to accepted standards of professional responsibility.
- 6.2 These responsibilities include a commitment to democratic tradition, a concern for the welfare, growth and development of children, and an insistence upon objective scholarship.
- 6.3 Employees have exclusive rights to determine grades and evaluation of students. The District will not alter the grade assigned to any student by a teacher without prior consultation with the teacher, except in extreme circumstances. The employee may appeal, in writing, any grade changes to the Superintendent.

Article 7 Personnel Files

- 7.1 Employees or former employees shall upon request have the right to inspect all contents of their complete personnel file kept within the District. At such time, the Superintendent or designee shall be present. The employee, at their own expense, may duplicate any documents contained therein. A separate file for processed grievances shall be kept apart from the employee's personnel file.
- 7.2 Each employee's personnel file shall contain the following minimum items of information: all of the employee's evaluation reports, copies of annual contracts, teaching or ESA certificate, a transcript of academic records.
- 7.3 Upon request by the employee, the Superintendent or designee shall sign an inventory sheet to verify contents of the personnel file at the time of inspection by said employee.
- 7.4 Any materials placed in the personnel files concerning an individual's evaluation must relate to incidences or visitation which took place within thirty (30) calendar days of the incident. If additions are made after thirty (30) days, the employee shall be notified of such additions.
- 7.5 An employee may attach a written statement to any document contained in their personnel file. Such statement shall be signed and dated by the employee.

- 7.6** Any derogatory material that could form the basis of a disciplinary action or a negative evaluation shall not be placed in the personnel file without the employee’s knowledge.
- 7.7** **Removal of Reprimands:** Written reprimands pertaining to employee conduct or work performance, which are remedial in nature, shall be removed from personnel files three (3) years from the date of notice, at the request of the employee. In accordance with RCW 28A.400.301, no information related to substantiated verbal or physical or sexual misconduct may be removed from any employee file. In accordance with RCW 28A.400.301, information related to alleged verbal or physical abuse or sexual misconduct that has not been substantiated may be expunged at the request of the employee. An employee’s evaluation shall not be deemed to be included within the definition of the term “reprimand” as utilized herein and, therefore, shall not be subject to removal from the files under the terms of this provision.
- 7.8** **Building Files:** Supervisors and principals may maintain an information file, or “working file,” at their work site pertaining to employees for whom they have formal evaluation and/or supervisory responsibility. In keeping with Section 4.3, any issues of concern shall be shared with the employee, in a timely manner, if the employee has not otherwise been sent a copy of the document.
- 7.9** **Public Record Requests:** Prior to the release of any information pursuant to a public record request received by the District in accordance with RCW 42.56.230, the District shall follow Board Policy 4040 and inform any employee and appropriate bargaining unit representative when a record naming the employee has been requested. The employee and representative shall be informed of the District’s intended response to the request.

Article 8 Administrative Responsibility and Authority

The District’s Board of Directors and its agents are legally responsible for the management of the District. Reserved to the District, therefore, is the exclusive authority to manage, determine and operate the educational program and staff, subject to this Agreement. Except as specifically and expressly covered and controlled by the language of this Agreement, all matters relating to program, facilities, budget, personnel and staffing shall be determined and administered by the District through such policies, procedures, and practices as it may select. This statement of District authority shall be deemed the equivalent of a detailed enumeration of all respects in which such authority may properly be exercised.

PART II - GENERAL CONDITIONS

Article 9 Individual Contracts

- 9.1** The District shall provide each employee a contract in conformity with Washington State Law and State Board of Education regulations. All individual employee contracts shall be subject to and consistent with Washington State law and the terms and conditions of this Agreement.
- 9.2** Employees will electronically be issued an annual employment contract that must be signed and returned to Human Resources. Signed contracts are placed in the employee's personnel file.
- 9.3 Release from Contract:** A release from the obligation of a previously signed District contract shall be granted those employees who request one by July 1 for the succeeding year, provided that a written request has been submitted to the Superintendent or designee.
- 9.3.1 A release from the obligation of a previously signed District contract may be granted those employees who request one after July 1 for the succeeding year, provided that a suitable replacement can be found. If the District is unable to obtain a suitable replacement, it shall be the duty of the District to demonstrate to both the employee and the Association upon request that reasonable efforts have been made to obtain a suitable replacement.
- 9.3.2 The written request for release from the contract shall be submitted to the Superintendent or designee at the earliest practicable time to afford the District a reasonable length of time for obtaining a suitable replacement.
- 9.3.3 A release from contract shall be granted in the case of illness or other compelling personal matters that make it impossible for the employee to continue in the District.

Article 10 Workday

- 10.1** The employee workday shall be as determined by the District. The workday shall be seven and one-half (7.5) hours for all 1.0 FTE employees. The workday shall include a thirty (30) minute duty-free lunch for each employee.
- 10.1.1 The workday for less than full time employees shall be prorated by their FTE.
- 10.1.2 During the workday, as described in the above paragraph, employees shall report to the work locations to which they are directed by the Superintendent, building/program administrator or designee.
- 10.1.3 Travel for Itinerant Employees: Schedules for itinerant employees will be provided at the beginning of the school year and will provide for sufficient travel time. Itinerant employees will receive a mileage reimbursement, at the IRS rate

per mile, for travel between work sites when a personal vehicle is used for such travel.

10.1.4 The teacher workday shall be as defined in Section 10.1. Part time staff shall be compensated at the professional rate for working beyond their contracted workday on District Directed Days and on any other additional non-student days.

10.1.5 It is the District's intent to comply with the amount of instructional hours per year as defined in RCW 28A.150.220. If a need arises to increase instructional hours, the District and the Association agree to meet and bargain those changes that relate to hours, wages and working conditions.

10.2 Two Rivers School: Changes to the Two Rivers School staff start and end times, or to the staff workday or work week shall first be reviewed and agreed upon collaboratively by the Two Rivers staff and administration. Proposed changes shall then be brought to the Association for review for compliance with the Agreement pursuant to Section 5.2.

10.3 Emergency School Closure/Inclement Weather

10.3.1 Each building staff in cooperation with their building administrator(s) will establish a building procedure governing conditions arising from early release days caused by inclement weather and/or emergencies. Adequate student supervision by certificated employees must be provided until all students have safely left the campus.

10.3.2 In the event the District declares a student late start due to inclement weather, employees should arrive to work when safely possible, and no later than one-half hour before the rescheduled student start time, unless otherwise communicated with the building principal or designee.

10.4 Professional Development/Planning Time

10.4.1 Teacher Directed Early Dismissal (ED): Teacher Directed ED time will be at the discretion of the individual teacher for the purpose of planning, preparation, grading, engaging in professional development activities with grade level or department teams, etc. Except in an emergency, no meetings (voluntary or mandatory) will be scheduled by administration during this time. Optional professional development for clock hours may be offered during this time.

10.4.2 Professional Development Early Dismissal: Professional Development ED time will be at the discretion of the school principal, the Learning Improvement Team, and the school Professional Collaboration Groups (PCG) for the purposes of working on the School Improvement Plan (SIP). The schedule of Professional Development ED activities shall be determined by the Learning Improvement Team with a goal of approximately 65 PCG minutes during each Professional Development ED. A Learning Improvement Team may decide to designate one early dismissal as all professional development, and another one as all professional collaboration group, as long as the balance of time remains the same overall.

- 10.4.3 Professional Collaboration Groups (PCG): Certificated employees will be expected to meet in groups relevant to their job assignments which intermittently may include collaboration with people outside their primary group. Employees will come to consensus with their administrator on who their primary collaborative group will be. Collaborative groups will be expected to set a goal for the year that is tied to the building SIP goal. Topics discussed will be focused on furthering school improvement plans and improving student achievement. Administrators may attend meetings to support collaborative groups and can request notes on the topics covered.
- 10.4.4 Based on the total number of early dismissal times available in the school calendar no fewer than 50% of the hours will be designated Teacher Directed ED. The remaining early dismissal times will be designated as Professional Development ED.
- 10.4.5 Staff directly involved with co-curricular activities at the middle and high school level will be able to begin their activity immediately following the dismissal of the students on teacher Directed ED times with the understanding they complete their two (2) hour Professional Development/Planning Time immediately following the conclusion of the activity/practice session.
- 10.4.6 In the spring of each school year, the calendar committee comprised of Association representatives and District administrators will meet to schedule the Teacher Directed and Professional Development ED, including designated dates when specialized groups, like Special Education, can meet on Professional Development days.
- 10.4.7 Learning Improvement Teams will have the discretion to adjust the identified Teacher Directed and Professional Development ED times within the calendar as long as this exchange of days/hours does not exceed the total allocation for each. This adjusted schedule shall be established by the Learning Improvement Teams.

Article 11 Assignment, Transfer and Vacancies

All of these provisions shall be read consistent with any SEBB rules, regulations and policies, some of which may change over time.

Any SEBB decisions made by the District that an employee seeks to challenge shall be appealed by submitting a written request for administrative review in accordance with WAC 182-32-2020 (or other applicable WAC), rather than the grievance procedure in Part VII—Grievance Procedures. - 24.2.1 All school employees and administrators are included under the policy terms as “additional insured”. This means that if any of these personnel is named as a defendant, individually, in a suit arising out of activities in the performance of duties as a school employee, the policy will defend such employee and pay any judgment rendered against them, providing it is an occurrence covered by the policy. Volunteer workers and student teachers are also deemed to be employees.

The wording of this insurance agreement indicates that there would have to be an emergency situation involving students, parents, rioters or vandals to qualify the availability of this coverage.

The information provided above is a general description of coverages and would, of course, be subject to the policy terms and conditions that could enter into some individual situations.

24.3 Employee Safety and Protection: In the event an employee believes that a person(s), including a parent or guardian of a student, is engaging in or imminently threatening to engage in any of the following,

The employee's sick leave will not be charged for this supplementation.

24.7 Employee's Personal Property: Employee's personal property lost, stolen, mutilated, or destroyed while on or in school premises shall be replaced or repaired at the employee's discretion and expense except in case of fire or other District insured catastrophe where District insurance may cover employee's personal losses.

- 35.3.4 A donating employee’s leave balance will be reduced by the number of days (converted to hours) donated to the leave sharing program.
- 35.3.5 All donated sick leave must be given voluntarily. No employee shall be coerced, threatened, intimidated, or financially induced into donating sick leave.
- 35.3.6 Sick leave donations will be withdrawn from the donor’s sick leave balance only as needed and used by the designated recipient.
- 35.3.7 Donations shall be withdrawn from a donor’s sick leave balance in date order received.
- 35.3.8 Employees will be notified if any or all of their donated leave is not needed by the designated leave recipient, and such excess donations will not be charged against the employee’s leave balance.
- 35.3.9 Certificated employees may donate sick leave to classified employees and classified employees may donate sick leave to certificated employees.

35.4 Shared Leave Application Process: The employee seeking shared leave must submit a completed “Application to Receive Shared Leave Form” as indicated on the form.

- 35.4.1 A request for leave donors will be sent to all employees of the District unless the employee seeking shared leave specifies a worksite or worksites for such requests.

35.4.2 Employees who wish to donate leave to an approved employee in need of shared leave must submit a completed Application to Donate Leave Form as indicated on the form.

PART V - INSTRUCTIONAL MATTERS

Article 36 Planning Time

36.1 For the purposes of this section, “elementary” applies to pre-school through grade five (5), and “secondary” applies to grades six (6) through twelve (12).

36.1.1 Elementary certificated employees directly involved in full-time classroom instruction may use any time during which a music, physical education, librarian or other specialist is in charge of their assigned students as preparation time. Elementary preparation time will be 180 minutes each five (5) day work week. To provide additional elementary planning time, the District will allocate to the elementary buildings a dollar amount based on the October 1 FTE elementary employee count times 3.5 days at the daily substitute rate of full time elementary employees including general education classroom teachers, special education teachers, librarians, music teachers, P.E. teachers and other specialists. Said employees are directly involved in classroom instruction. The specific use of these funds for planning time will be determined by those elementary certificated employees directly involved in full-time classroom instruction, including special education teachers, in conjunction with the building administrator(s).

36.1.2 All secondary certificated employees directly involved in full-time classroom instruction in a six (6) period day shall have at least one (1) full class period of preparation time during each instructional school day.

36.1.3 All secondary certificated employees directly involved in full-time classroom instruction in schools with a seven (7) period day, modified or alternating block schedule, shall receive the equivalent of at least five full class periods of personal preparation time, and additional structured or collaborative planning time over the course of the week.

Structured or collaborative planning time may include working on School Improvement Plan goal or activity; conducting business related to ASB, department chair and/or LIT responsibilities; attending a staff meeting in lieu of an after school staff meeting; preparing for advisory lessons; meeting with your evaluator; participating on a PLC, grade level, or department team; participating in state required training (SBA, etc.); participating in instructional rounds, book studies, professional development activities, etc.

36.2 Part Time Employees: Preparation time for part-time employees will be prorated by FTE.

36.3 Loss of Planning Time, Elementary: Elementary teachers directly involved in full-time classroom instruction whose planning time is reduced below the time established in Section 36.1 (Planning Time) in a five (5) day period because of an administrative request or administratively required schedule adjustment (i.e., assemblies, concerts, State

testing, or school-wide activities) will be compensated at the hourly professional rate unless the building administrator provides an alternate plan to restore said reduced time.

36.4 Loss of Planning Time, Secondary: Secondary teachers who lose a planning period because of an administrative request or administratively required schedule adjustment (i.e., assemblies, State testing, or school-wide activities) will be reimbursed at the professional rate unless that building administrator provides an alternate plan to restore said reduced time.

36.5 Covering Classes, Elementary: Whenever a substitute is not available for a classroom teacher and an employee is asked by an administrator/designee to cover the class or class period of another employee during their planning time or workday, the covering employee will be compensated at the professional rate unless the building administrator provides an alternate plan to restore said reduced time. Time paid will be prorated to the nearest quarter of an hour for time so worked.

Whenever a substitute is not available for a classroom teacher and an employee is asked by an administrator/designee to take into their classroom some or all students of another employee when that employee is absent from the building, the covering employee shall be paid at the professional rate, prorated to the nearest quarter of an hour for time so worked. The District will exhaust all other options prior to combining classes.

This provision is not intended to apply to situations when an employee voluntarily covers a class as a favor for a colleague.

36.6 Covering Classes, Secondary: Whenever a substitute is not available for a classroom teacher and an employee is asked by an administrator/designee to cover the class or class period of another employee during their planning time or workday, the covering employee will be compensated at the professional rate unless the building administrator provides an alternate plan to restore said reduced time.

This provision is not intended to apply to situations when an employee voluntarily covers a class as a favor for a colleague.

Article 37 Staff Meetings

37.1 Staff meetings will not exceed more than a total of thirty (30) minutes each month past the workday.

37.2 Emergency Staff Meetings: Emergency meetings are exempt from the thirty minute beyond the workday limit, but shall only be used for exceptional cases.

37.3 Part-time employees are expected to make arrangements with their building administrator to attend regular staff meetings. Attendance is limited to the total time of the meeting prorated by FTE. The employee and their administrator will mutually decide how this requirement is applied by choosing one of the following options for the year:

- 37.3.1 The part-time employee will attend all of the meetings scheduled during the year prorated by their FTE. Example: A .5 FTE teacher would attend half of all meetings for the entire scheduled time.
- 37.3.2 The part-time employee will attend a portion of all meetings for a prorated amount of time. Example: A .5 FTE teacher would attend all staff meetings, but would be excused half way through the meeting.
- 37.4** If the building administrator would like to request a part-time employee be present for all staff meetings or for the entire time, they have the option to compensate the employee at the professional rate for the remaining non-contracted time.

Article 38 Elementary Workload

It is the policy of the District to maintain a student-teacher ratio that is both educationally sound, considering state class size recommendations, and within the ability of the District to finance. Building principals will keep class sizes within each grade level, subject or period as balanced as possible in regards to total students with ML needs, behavioral and academic needs, and students with 504s or IEPs.

Teachers will meet and confer with their administrator when they believe the class composition is not balanced equitably between grade level teachers. Teachers will have an opportunity to review final rosters before they are published to families.

38.1 Elementary Class Size

38.1.1 Class size relief triggers for elementary are as follows:

Kindergarten & Grade 1	22 or more
Grades 2-3	24 or more
Grades 4-5	28 or more

38.1.2 Split classes: maximum of the lower class

38.1.3 Librarians, P.E. teachers and Music teachers will not teach more than one class at a time.

38.2 Elementary Classes: Class size will be calculated on the fifteenth (15) school day of each quarter. Each quarter the teacher will have a choice of one of the following remedies for each overload count day:

38.2.1 \$540.00 per overload student; or

38.2.2 One-half day of planning per overload student (if a teacher selects additional planning time, they will work with the building administrator to arrange when the time will be used); or

38.2.3 1 hour of paraeducator time per overload student per week; or

38.2.4 other remedies as determined by the Principal and teacher(s) and approved by the Superintendent.

- 38.3 Elementary Specialist Workload:** In addition to the minimum weekly minutes of elementary planning described in Section 36.1, elementary specialists will receive one (1) ten (10)-minute break per day opposite a scheduled planning time of at least 30 minutes in length. Elementary specialists moving from classroom to classroom within a building shall have reasonable transition time, determined by the location of classrooms and instructional materials, built into the schedule as determined by the specialist and principal.
- 38.4** After the initial staffing allocation each spring, the principal, in consultation with all certificated employees, will prioritize the placement of employees for the upcoming school year. These plans will include alternative placement scenarios in the event of an increase or decrease in student enrollment and/or staffing allocations.
- Any unresolved class size concerns (i.e., class size, class composition, 504/IEP) will be brought to the attention of the Mutual Interest Committee. The Superintendent will make the final decision regarding staffing of District schools.
- 38.5** If the general education class overload includes a home school and/or self-contained student(s) who is in the general education classroom for two or more subject areas (Science, Social Studies, Math, Writing or Reading) the student(s) will be considered part of the count for the purpose of determining overload.
- 38.6** Self-contained special education students, who are being introduced to the general education classroom and routines, may be attended by a special education paraeducator for an initial transition period, with the goal being to reduce and ultimately eliminate the paraeducator's time in the classroom. The general education teacher will be responsible for the grades and curriculum for that student. The specialty teacher will work closely with the general education teacher to ensure the best possible placement and supports for the student.

Article 39 Secondary Workload

After the initial staffing allocation each spring, the principal, in consultation with all certificated employees, will prioritize the placement of employees for the upcoming school year. These plans will include alternative placement scenarios in the event of an increase or decrease in student enrollment and/or staffing allocations.

- 39.1** Class size will be calculated on the fifteenth (15) school day of each quarter.
- 39.2 Middle School Classes:** Teachers qualify for one of the two remedies listed below.
- 39.2.1 Teachers who have 146 or more students in 5 academic classes and PE teachers who have 171 or more students will receive \$560. This does not include music classes. When Health and Fitness are taught as a combined course the trigger for overload will be determined by using a ratio of academic and PE courses.
- 39.2.2 Teachers who have 30 or more students in any academic class or 35 or more students in a PE class will receive \$140 for each class at or over 30 (academic) or 35 (PE) students. When Health and Fitness are taught as a single course, the

overload remedy will be half of what is described above unless the course has 35 or more students. This does not include music classes.

39.3 Comprehensive High School Classes, excluding PE and Music

Teachers qualify for one of the two remedies listed below.

- 39.3.1 Teachers who have 156 or more students in 5 academic classes will receive 1.25 additional planning days or \$560.
- 39.3.2 Teachers who have 33 or more students in any academic class will receive one quarter of an additional planning day or \$140 for each class at or over 33 students.

39.4 Comprehensive High School Classes—PE

Teachers qualify for one of the two remedies listed below.

- 39.4.1 Teachers who have 179 or more students in 5 physical education classes will receive 1.25 additional planning days or \$560.
- 39.4.2 Teachers who have 39 or more students in any physical education class will receive one quarter of an additional planning day or \$140 for each class at or over 33 students.

39.5 Comprehensive High School—Double Prep

Administration imposed double prep will receive \$500, triple prep \$750. Before a teacher is assigned more than one prep in a class period, the teacher will meet with the principal or principal's designee to discuss the needs of students and/or the academic program that precipitates a teacher possibly being assigned multiple preps in a single period.

The descriptors listed below will guide the process for determining when dual and/or triple prep language applies. These descriptors include, but are not limited to:

- 39.5.1 The class period has distinctly different groups of students that require separate instruction, not different ability levels within the same content area (for example, Advanced Placement).
- 39.5.2 Independent Study and Teacher Assistants are not considered multiple preps.
- 39.5.3 This contract provision applies to core curriculum classes (Language Arts, Social Studies, Math, Science). Therefore, CTE, Arts, Foreign Language, and Special Education classes are not eligible for this stipend unless extenuating circumstances exist.
- 39.5.4 To be eligible for this stipend, the multiple preps must be assigned by the principal or designee.
- 39.5.5 Teachers who specifically request multiple preps are not eligible for this stipend.

39.6 Because classroom safety is a priority with teachers and the District, teachers may request administrative assistance to address the types of situations listed below. Solutions to

safety concerns will be determined by the building administrator in consultation with the affected teacher.

- 39.6.1 When chemicals or substances used in class (such as art and science) create safety concerns;
- 39.6.2 When student use of equipment, such as P.E. weight lifting equipment, creates safety concerns; and
- 39.6.3 When the ratio of science lab stations-to-students in a classroom creates safety concerns.

39.7 Middle School Responsibilities

The District will make every effort to assign extra supervision responsibilities (e.g. bus duty, hall duty, etc.) on an equitable basis. Extra supervision responsibilities will not exceed 10 minutes each week. After school extra supervision responsibilities will not be assigned as long as the middle school student day is longer than the high school student day.

Article 40 Special Education Workload

40.1 Special Education teacher caseload numbers will be calculated on the fifteenth (15) school day of each quarter and will be prorated for partial FTE employees. Special Education teacher caseload is the number of IEPs the employee is responsible for writing.

40.1.1 Caseload triggers for special education teachers are as follows:

Preschool Extended Day	9 or more
Early Childhood (Preschool)	11 or more per session
Elementary Resource	24 or more
Elementary Specialty or SEBS	9 or more
Middle School Resource	24 or more
Middle School Life Skills	11 or more
High School Resource	26 or more
High School Supported Resource	16 or more
High School Life Skills	11 or more
Transition Learning Center	11 or more

40.1.2 Special Education Caseload Relief: Each count day the teacher will have a choice of one of the following remedies for each overload count day:

- 40.1.2.1 \$405.00 per overload student; or
- 40.1.2.2 One-half day of planning per overload student (if a teacher selects additional planning time, they will work with the building administrator to arrange when the time will be used); or
- 40.1.2.3 1 hour of paraeducator time per overload student per week; or

40.1.2.4 other remedies as determined by the Executive Director of Student Services and teacher(s) and approved by the Superintendent.

40.1.3 Teachers within a school may agree to have more students on their caseload than the contract allows, so that other teachers within the same school may have reduced total numbers. This allowed overage must be in the best interest of students and approved by the building Principal. The Executive Director of Student Services must approve caseloads of two (2) or more above the caseload trigger when the overload would otherwise be resolved by assigning those students to another case manager.

Individual teachers affected by such a configuration who exceed contractual class size triggers will receive the contractual remedies. Disputes in determining an equitable distribution of caseloads will be resolved by the Executive Director of Student Services.

40.1.4 Early Childhood (Preschool) classrooms will have a maximum of fifteen (15) total students per session, inclusive of students with IEPs and peer models. If a class has sixteen (16) or more students the District and Association will meet to determine a remedy, which may include additional compensation, paraeducator time and/or supplies.

40.2 ESA Caseload: The Executive Director of Student Services and ESA Team Leads will collaborate on caseload assignments, taking into consideration the number of cases, complexity of the cases, and number of work sites of each employee.

40.2.1 Caseload numbers will be calculated on the fifteenth (15) school day of each quarter, and will be prorated for partial FTE employees.

40.2.2 Caseload ratios for Special Education ESAs are as listed below. These ratios are determined by dividing the specified District ESA FTE by the District IEPs the specified ESAs are responsible for.

Occupational Therapist (OT)	more than 1:35
Physical Therapist (PT)	more than 1:35
Speech and Language Pathologist (SLP)	more than 1:45

40.2.3 Special Education ESA Overload Relief: Each count day the ESA will have a choice of one of the following remedies for each overload count day:

40.1.2.1 \$405.00 per overload student; or

40.2.3.2 One-half day of planning per overload student (if a teacher selects additional planning time, they will work with the building administrator to arrange when the time will be used); or

40.2.3.3 1 hour of paraeducator time per overload student per week; or

40.2.3.4 Other remedies as determined by the Executive Director of Student Services and teacher(s) and approved by the Superintendent.

40.3 Nurse and Psychologist caseload targets are as listed below. These ratios are determined by dividing the specified District ESA FTE by the District student head count. Should the ratio exceed this target the District will collaborate with impacted employees and supervisors regarding possible support.

Nurse	1:800
Psychologist	1:950

40.4 Counselor and Social Worker ESA caseload targets are as listed below. These ratios are determined by dividing the specified school ESA FTE by the school student head count. Should the ratio exceed this target the District will collaborate with impacted employees and supervisors regarding possible support.

Elementary Counselor	1:550
Middle School Counselor	1:375
High School Counselor	1:375
Social Worker	1:1,600

40.5 Case Management Time (CMT): Case management responsibilities require special education teachers to participate in non-instructional duties in order to fulfill the legal requirements of an IEP. These responsibilities may include but are not limited to: monitoring student progress and program planning; collaborating with general education teachers; meeting/communicating with parents; collaborating with program specialists, instructional coaches, paraeducators, or related services employees; and consulting/observing other special education teachers.

40.5.1 Elementary Resource, Middle School Resource, and SEBS Teachers will be provided one (1) day of release time each quarter for CMT.

40.5.2 Specialty and Life Skills Teachers will be provided one (1) day of release time each month September through May for CMT.

40.5.3 High School Resource Teachers will be provided CMT during each scheduled advisory period and will not be assigned students during this period.

40.5.3 With the exception of activities directly related to their area of expertise, nurses, OTs, PTs, psychologists, and SLPs will be released from building directed activities prior to the start of the school year. The purpose of this time is to ensure timely implementation of IEP/504/IHP plans and communication with general education teachers about student accommodations.

40.6 Co-Teaching: Special Education and General Education teachers who participate in co-teaching will be paid for up to seven (7) hours annually at the professional rate for collaboration time, unless both teachers share a common planning period.

40.7 Additional Day: ESAs and special education teachers will be assigned one (1) extra day of work each year prior to the start of school at the employee’s per diem rate. The day will be equally divided between District directed professional development and self-directed preparation to ensure timely implementation and coordination of services prior to the first day of school.

- 40.8 ESA Team Leads.** ESA Team Leads will provide orientation and mentoring of new employees; collaborate with employees to determine professional development needed on an annual basis; plan, facilitate and coordinate with the Executive Director for department meetings; review, monitor, and make recommendations to the Executive Director regarding department issues and/or services; and collaborate with the Executive Director on workload issues and other concerns from the department.
- 40.8.1 ESA Team Leads, Student Services Program Specialists, and the Executive Director of Student Services will meet at least monthly unless otherwise mutually agreed upon.
- 40.8.2 The following ESA groups shall select a team lead:
- 40.8.2.1 Elementary Counselor,
 - 40.8.2.2 Secondary Counselors,
 - 40.8.2.3 Nurses,
 - 40.8.2.4 OTs/PTs,
 - 40.8.2.5 Psychologists,
 - 40.8.2.6 Speech Language Pathologists.
- 40.8.3 ESA employees who perform team lead responsibilities will receive a stipend of .028 multiplied by the base of BA 0,0. Should multiple employees share team lead responsibilities, the stipend shall be shared equally between the employees sharing the responsibilities.
- 40.9 ESA Work Area:** ESAs will be assigned a work area appropriate for the responsibilities outlined in their respective job descriptions in each building in which they serve students. This area will be clean and ready for use at all regularly scheduled times. When conflicts cannot be avoided, the administrator will notify the involved employee(s) in advance and will make every effort to arrange for an alternative work area during that time.
- 40.10 Nurse Qualifications:** Unless the District is unable to hire a qualified ESA-eligible school nurse in a timely manner, school nurses shall be certificated employees and hold an ESA certificate or be ESA-eligible.
- 40.11 Individual Health Plans:** Nurses will be provided one (1) release day or 7.5 hours at the professional rate for every 10 Individual Health Plans (IHP) managed beyond 65 IHPs.
- 40.12 Health Professional Licenses:** The District will reimburse OTs, PTs, SLPs and Nurses who maintain a Washington State Health Professional License the cost of the license. Reimbursement will be for the standard renewal fee and will not include additional fees such as late renewal, inactive license renewal or duplicate license. Requests for reimbursement will be in accordance with District Procedures.
- 40.13** ESAs who work outside of their contracted hours to cover for absent ESA employees or fill-in for temporarily unfilled ESA positions will be paid at the Professional Rate. Extra work must be preapproved by the Supervisor.

40.14 Special Education Joint Committee: The Special Education Joint Committee members will be responsible for soliciting feedback and input from their constituencies. The Joint Committee will:

- A. solicit and review feedback on District professional development,
- B. review caseload data and equity of special educator caseloads,
- C. review systemic teacher concerns,

- F. review vertical alignment.

40.14.1 One (1) Association representative and one (1) District representative shall serve as co-facilitators who will create agendas and share facilitation of meetings.

40.14.2 The Joint Committee will meet four times a year, ideally in September, December, March and June.

40.14.3 The Joint Committee will have the following composition, with other employees or administrators joining on an as-needed basis:

- 1. Secondary Life Skills Special Education Teacher
- 2. Secondary Resource Special Education Teacher
- 3. Elementary Life Skills Special Education Teacher
- 4. Elementary Resource Special Education Teacher
- 5. One specialized education program representative from the following programs:
 - Social Emotional Behavior Skills (SEBS)
 - Pre-School
- 6. One Program Specialist
- 7. Student Services Administrator
- 8. Secondary Administrator
- 9. Elementary Administrator
- 10. Teaching and Learning Administrator

40.14.4 The six (6) Association members of the Joint Committee shall be compensated for a maximum of eight (8) hours per employee at the professional rate for meetings attended outside of the regular workday.

Article 41 Student Discipline

All matters related to student discipline are subject to the terms and limitations of applicable laws. Nothing contained herein shall be construed to deny or restrict to any employee such rights as provided under applicable laws and regulations.

41.1 Prior to the start of the school year each Learning Improvement Team will designate another representative group (i.e.: MTSS, PBIS, Tier 1 teams) who will use the Shared

Decision-Making Model as described in Article 20, to review, discuss, and update their framework of behavior interventions. This process will include a review of the previous year's data for disproportionality and steps to address any disproportionality. The framework of behavior interventions will be consistent with state law and will minimally include universal practices for behavior interventions and support, teacher-managed and administrator-managed behaviors, and other forms of discipline that must be utilized before classroom exclusion can be exercised. This framework of behavior interventions will be rooted in best practice, collaboratively developed and maintained, and easily accessible to all employees.

- 41.2** Prior to the start of the school year each school staff will receive training on Board Policy 3241, which includes the discipline matrix, continuum of discipline responses, and the student discipline procedures.
- 41.3** Employees will receive professional development at least annually on student discipline that will include best practices for interventions and support.
- 41.4** If an administrator will not be in a building there will be a plan in place for how student discipline matters or emergencies will be addressed.
- 41.5** If an employee needs additional support to assist a student in meeting behavioral expectations, the employee should first attempt to resolve concerns through simple, direct or assisted communication with the building administrator.

If this does not resolve the situation, the employee may request a meeting that minimally includes an administrator, the employee, an Association representative and an additional person with expertise to engage in the conversation. This meeting will take place within five school days of the request unless another date is mutually agreed upon by all parties.

- 41.6** When a school receives information that a student has a history of disciplinary actions, of criminal or violent behavior, or other behavior that indicates the student could be a threat to the safety of educational staff or other students, the school will provide this information and safety planning needs as soon as reasonably possible to the student's teachers and any other personnel who, in the judgment of the principal, supervises the student or for security purposes should be aware of the student's needs.

41.7 Classroom Exclusions

- 41.7.1** Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action.
- 41.7.2** Following a classroom exclusion in which the assistance of an administrator is requested, in no event without the consent of the employee may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the administrator or designee and the employee have conferred. The administrator or designee and the employee will confer in order to debrief the situation, consider appropriate supports to assist the student in meeting behavioral expectations, and agree upon a plan to notify the student's parents regarding the classroom exclusion as soon as reasonably

possible. The administrator or designee and the employee will confer when the employee is not supervising students, which might be before or after school, during a prep period or while another staff member provides class coverage.

- 41.7.3 In addition to classroom exclusions, the administrator and employee will agree upon a plan to notify the parents of the student principally involved anytime a class is removed from the classroom leaving a student behind. Exclusion does not include students with interventions previously determined or comprehensive behavior plans.
- 41.8** Prior to a student reengagement meeting following a long term suspension as defined in WAC 392-410-710, involved employees will have the right to provide input on the re-engagement plan, participate in the re-engagement meeting with the student and family, or receive a copy of the re-engagement plan, and the opportunity to discuss implementation of supports identified in the re-engagement plan.
- 41.9** If a student and/or family appeal a student's discipline, the involved employee will be notified of the request for an appeal.

Article 42 Classroom Visitation

To provide patrons of the District the opportunity to visit classrooms with the least interruption to the education process, all visitors to a school and/or classroom shall obtain the approval of the principal prior to such visitation.

PART VI – CLASSROOM TEACHER AND CERTIFICATED STAFF EVALUATION

Article 43 Introduction

- 43.1** Staff members are professionals who seek to grow and care about students and their learning. Staff and Administration have a shared responsibility to give and accept constructive feedback under the professional growth model evaluation system. Administrators are encouraged and welcomed to visit/pop-in the employee's instructional setting or office throughout the year regardless of evaluation cycle the employee is on.
- 43.2** Both parties agree that the evaluation system is to be implemented in a manner consistent with good faith, collaboration and mutual respect, and as defined in RCW 28A.405.110.
- 43.3** Classroom Teachers will be evaluated with the District's 4-Tiered Rubric Evaluation System based on the eight (8) State Evaluation Criteria and Marzano's Instructional Framework for Teachers, as approved by OSPI. The state evaluation criteria are:
- A. Centering instruction on high expectations for student achievement,
 - B. Demonstrating effective teaching practices,
 - C. Recognizing individual student learning needs and developing strategies to address those needs,
 - D. Providing clear and intentional focus on subject matter content and curriculum,
 - E. Fostering and managing a safe, positive learning environment,
 - F. Using multiple data elements to modify instruction and improve student learning,
 - G. Communicating and collaborating with parents and the school community, and
 - H. Exhibiting collaborative and collegial practices focused on improving instructional practices and student learning.
- 43.4** Certificated Support Personnel including but not limited to Counselors, Deans of Students, Teacher-Librarians, OTs, PTs, Psychologists, SLPs, Nurses, Social Workers, Instructional Coaches, and Program Specialists, will be evaluated with the District's 4-Tiered Rubric Evaluation System. To provide a relevant and meaningful evaluation framework, these positions will be evaluated with a Modified Marzano Instructional Framework as appropriate to the employee's position. The four domains are:
- A. Instructional Support Strategies and Behaviors
 - B. Planning and Preparing
 - C. Reflecting on Teaching
 - D. Collegiality and Professionalism
- 43.5** The District and Association agree they will follow all relevant laws and regulations.

Article 44 Definitions

- 44.1** “Classroom teachers” shall mean certificated employees who are providing academically focused instruction to students where student growth goals measure the change in student achievement between two different points in time. This shall mean, but not be limited to, general education classroom teachers, special education teachers, music and P.E. teachers. Classroom teachers as defined here will be evaluated on the “TPEP system.”
- 44.2** “Certificated Support Personnel” shall mean but not limited to Counselors, Deans of Students, Teacher-Librarians, OTs, PTs, Psychologists, SLPs, Nurses, Social Workers, Instructional Coaches, and Program Specialists. Non-Classroom Instructional Support Personnel as defined here will be evaluated on the “Non-TPEP system.”
- 44.3** “Artifacts” shall mean any products generated, developed or used by a certificated teacher. Artifacts should not be created specifically for the evaluation system. Additionally, tools or forms used in the evaluation process may be considered as artifacts.
- 44.4** “Comprehensive Evaluation” shall mean, for classroom teachers, this encompasses all eight criteria and student growth rubrics embedded in criteria 3, 6, and 8, and also includes a student growth impact rating separate from the final summative score of eight criteria. For certificated support personnel, they will be evaluated on all 4 domains. The comprehensive evaluation must be completed at least once every six (6) years.
- 44.5** “Criteria” shall mean one of the eight (8) state defined categories to be scored for TPEP evaluation, or one of the four (4) domains in the Non-TPEP evaluation.
- 44.6** “Evaluator” shall mean a certificated administrator who has been trained in observation, evaluation and the use of the specific instructional framework and rubrics. The evaluator shall assist the employee by providing support and resources and in gathering the evidence needed.
- 44.7** “Evidence” shall mean examples or observable practices of the employee’s ability and skill in relation to the instructional framework rubric. Evidence collection is not intended to mirror the National Boards portfolio but rather is a sampling of data to inform the decision about level of performance. It should be gathered from the normal course of employment. Input from anonymous sources shall not be used as evidence. Survey information from students and parents are at the discretion of the employee.
- 44.8** “Focused evaluation” shall mean the required annual performance evaluation for continuing status certificated employees who have received a final summative evaluation rating of proficient or distinguished on their most recent Comprehensive Evaluation. A Focused Evaluation will specify one criterion (for classroom teachers) and one category to be evaluated throughout the school year. Classroom teachers on Focused Evaluations will not receive a student growth impact rating but will monitor growth and achievement during the year.
- 44.9** “Goal setting conference” shall mean the employee and evaluator meet to discuss goals, the self-reflection and clarify any questions and concerns surrounding the evaluation process.

- 44.10** “Inter-rater reliability” shall mean the extent which the scores between the raters have consistency and accuracy against predetermined standards. These standards are the instructional frameworks and rubrics that define the basis for the summative criterion level scores.
- 44.11** “Not Satisfactory” shall mean:
- 44.11.1 Level 1: Unsatisfactory – Receiving a summative score of 1 is not considered satisfactory performance for all teachers or certificated support personnel.
 - 44.11.2 Level 2: Basic – If the classroom teacher or certificated support personnel is on a continuing contract with more than five years of experience in the bargaining unit and if a summative score of 2 has been received two years in a row or two years within a consecutive three-year period.
- 44.12** “Observation” shall mean the gathering of evidence made through classroom or worksite visits, or other visits, work samples, or conversations that allow for the gathering of evidence of the performance of assigned duties for the purpose of examining evidence over time against the instructional or leadership framework rubrics. As appropriate, the evaluation of the employee may include the observation of duties that occur outside of the classroom setting. The District must ensure all employees are observed at least twice each school year for a total of no less than sixty (60) minutes. This will consist of at least one (1) formal observation and may include a number of pop-in visits.
- 44.12.1 “Formal Observation” shall mean an observation that is preceded by a planning and reflection conference with the employee and followed-up with a post-observation conference. Formal observations are the primary method of collecting evidence that will be used as a source of data for the comprehensive evaluation and a rich source of feedback to employees regarding their instructional practice and professional growth. The formal observation consists of an observation of at least 30 minutes. Formal observations shall be conducted in the performance of their majority work assignment unless mutually agreed upon by both parties.
 - 44.12.2 “Informal Observation (Pop-ins)” shall mean an observation that is announced or unannounced and may vary in length of time. These observations are useful for providing additional feedback to employees, acknowledging professional growth, and collecting additional evidence. There is no planning or reflection conference. Informal observations do not require additional meetings or paperwork for the employee unless the evaluator or employee has need for further clarification on evidence or scoring. If the observation is documented, a copy will be provided to the employee in a timely manner. The employee may request a post-informal observation conference to discuss the informal observation. An evaluator may conduct any number of informal observations.
 - 44.12.3 “Targeted Observation” shall mean observation conducted, lasting 5-10 minutes, targeting evidence for a single element. This observation is conducted

at a specific time that is agreed upon by the evaluator and the employee based on when the targeted element will be used during classroom instruction.

- 44.13** “Pre-Observation Conference” shall mean a time for the employee and evaluator time to discuss the lesson prior to the formal announced observation. During this time, employee and evaluator discuss the lesson/session, engage in collaborative decision making, clarify expectations and identify areas where specific feedback will be provided.
- 44.14** “Provisional Staff member” shall mean employees who are in their first, second or third year of employment with the District, and who are provisional staff members within the meaning of RCW 28A.405.220, shall be evaluated and, if appropriate, non-renewed in accordance with the requirements of that statute.
- 44.15** “Summative Rating” shall mean the four (4) performance levels applied using the four-level rating system: Level 1= Unsatisfactory (EMERGING), Level 2= Basic (DEVELOPING), Level 3 = Proficient (APPLYING), and Level 4= Distinguished (INNOVATING). Rating descriptions are State defined; terms in parentheses are Marzano specific language.

Article 47 Procedures

- 47.1** Self-evaluation and Goal setting conference
- 47.1.1 Self-Assessment: All teachers and certificated support personnel prior to the Goal Setting Conference, will complete a Self-Assessment form. The Self-Assessment shall not be used as an artifact or evidence.
- 47.1.2 Goal Setting Conference: Prior to the first formal observation and using the last year's evaluation, if available, and the current year's goal setting form, the evaluator and employee will have a collaborative discussion regarding this year's goals. The employee will choose where they want to show growth or deepen proficiency. The evaluator has final approval of these goals.
- 47.2** Observations
- 47.2.1 All observation(s) and gathering of evidence related to the evaluation process shall be conducted openly and with the knowledge of the employee.
- 47.2.2 When and where conversations and follow-ups occur before and after observations will be by mutual consent.
- 47.2.3 Each employee will be observed at least twice each year, with a total observation time of not less than sixty (60) minutes.
- 47.2.4 An employee in the third year of provisional status as defined in RCW [28A.405.220](#) shall be observed at least three (3) times in the performance of their duties and the total observation time for the school year shall not be less than ninety (90) minutes.
- 47.2.5 First Evaluation of Year

- 47.2.5.1 New employees shall be observed at least once for a total observation time of thirty (30) minutes during the first ninety (90) calendar days of their employment period.
- 47.2.5.2 For all other employees the first observation will take place prior to the December winter break unless mutually agreed upon by the evaluator and employee.
- 47.2.6 Formal observations dates and times will be scheduled in advance. The observations will occur no later than five (5) workdays after the pre-observation unless mutually agreed upon between evaluator and employee. Cancellation of Pre and/or Post meetings and observations by evaluator or employee should only occur under emergency circumstances. This conference, the observation and the post observation conference should be pre-scheduled and should be conducted in a timely manner. (1-5 workdays preceding and following the observation.) If formal observations will occur over several days the post-observation conference will occur at the end of the series.
- 47.2.7 The purpose of the pre-observation conference is to discuss such matters as the professional activities to be observed, their content, objectives, strategies and possible observable evidence to meet the scoring criteria.
- 47.2.8 If there is an area of concern based upon any observation, there must be written documentation of the concern and the documentation must be provided to the employee within five (5) workdays in order for that evidence to be used in the evaluation process.
- 47.2.9 Pop-ins can occur prior to the first Formal observation.
- 47.2.10 If needed, the second formal observation will be planned collaboratively between the employee and administrator to maximize the time for improvement and increase the collection of evidence of professional growth. Ideally, the second observations will occur in different semesters or trimesters with a minimum of six (6) weeks between.
- 47.2.11 The final formal observation shall occur prior to May 1 unless mutually agreed upon by evaluator and employee.
- 47.2.12 A post-observation conference shall be held between the evaluator and employee within five (5) workdays after an observation. The evaluator may provide the employee with a preliminary scoring based on the rubric. At this meeting, the evaluator and employee will discuss areas of strength, areas for further growth, additional evidence and areas that have not yet been observed. The employee and evaluator will have the opportunity to provide additional evidence in this meeting.
- 47.2.13 When goal setting or doing pre and post observation conferences, they may be held in the teacher's employee's room or office for the purpose of accessing and

documenting evidence. Pre and post observation conferences shall occur within the contractual day unless mutually agreed to by both parties.

- 47.2.14 There will be Focused evaluations with a minimum of at least one (1) formal observation with Pre- and Post-conferences. Remaining observations may be Pop-ins without Pre- and Post- Observation Conferences. Focused feedback and evidence should be provided by the evaluator in no more than three (3) workdays. The remaining thirty (30) minutes of observation time may be Pop-ins. Additional observations or a series of observations may be conducted as deemed necessary by either party.

47.3 Evidence

- 47.3.1 The evaluator is responsible for collecting evidence. Evidence can be collected by observation and conversation. The employee may provide additional evidence to aid in the assessment of the employee's performance against the instructional framework rubric, especially for those criteria not observed. Such evidence can be provided through conversation between evaluator and employee or incorporated on the negotiated form.
- 47.3.2 All evidence, measures, and observations used in developing the final summative score must be a product of the school year in which the evaluation is conducted.
- 47.3.3 Employees and Evaluators should begin collection of evidence prior to the first Formal Observation. Evidence will be collected for all eight (8) State Criteria.
- 47.3.4 Employees should confirm with their evaluator:
 - A. How much evidence is enough.
 - B. How is the evidence linked to specific components.
 - C. What evidence best describes the level of job proficiency.
- 47.3.5 If the evaluator assigns an employee's summative rating below Proficient, the evaluator must provide at least three (3) pieces of documented evidence for proof of Basic or Unsatisfactory.
- 47.3.6 If the evaluator assigns the employee a summative rating of Distinguished, the evaluator must provide at least three (3) pieces of documented evidence.
- 47.3.7 The employee has the right to provide additional evidence to the evaluator for each criterion to be scored within five (5) school days after receiving the final summative score.
- 47.3.8 The evaluator is responsible for collecting evidence. The employee may provide additional evidence after discussion with evaluator.

47.4 Rating Evaluative Evidence

- 47.4.1 Formal observations will be uploaded into Homeroom.
- 47.4.2 Informal observations, (Pop-ins), will also be uploaded into Homeroom.

- 47.4.3 Employees will be notified when evidence is recorded.
- 47.4.4 Employees may respond in writing or in person to any evidence recorded.
- 47.5** Mid-year reflective conference
 - 47.5.1 Mid-year reflective conferences will occur no later than the February Mid-Winter Break unless mutually agreed upon by evaluator and employee.
 - 47.5.2 The purpose of the mid-year reflective conference is to review the employee's goals and make adjustments if necessary.
- 47.6** Record-Keeping. The District shall adhere to the following:
 - 47.6.1 A copy of the final Summative Evaluation Rating paperwork and the employee's written comments shall be included in the employee's personnel file.
 - 47.6.2 The platform for recording evaluation data and results will be collaboratively agreed upon by the District and Association representatives.
 - 47.6.3 Employees shall have access to their evaluation platform in subsequent years.
 - 47.6.4 Evaluators shall notify the employee of any additional evidence submitted to the platform within forty-eight (48) hours.
 - 47.6.5 Any and all data entered into the platform shall be considered confidential, and not be subject to public disclosure unless required by law.
- 47.7** In the years when a comprehensive evaluation is not required, employees who received a summative evaluation rating of level 3 or above in the previous school year are required to complete a focused evaluation. A focused evaluation includes an assessment of one (1) of the eight (8) Criteria selected for a performance rating plus professional growth activities specifically linked to the selected Criterion. The summative score is determined using the most recent comprehensive summative score. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the employee is placed on focused evaluation. Should an employee provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator. Should an evaluator determine that an employee on a focused evaluation should be moved to a comprehensive evaluation for that school year, the employee must be informed of this decision in writing at any time on or before December 15.

Article 48 Student Growth Goal: TPEP Evaluations Only

- 48.1 Student Growth Data:** The growth in subject-matter knowledge, understanding, and skill over time. It is the change in student achievement between two (2) points in time within the current school year. Assessments used to demonstrate growth must be predominantly originating at the classroom level and be initiated by the classroom teacher. Assessments used to demonstrate growth must be appropriate, relevant, and

may include both formative and summative measures. Article 48 does not apply to certificated support personnel.

48.2 TPEP Student Growth Criterion Score: Student growth data will be taken from multiple sources, and must be appropriate and relevant to the teacher's assignment. It will include teacher initiated formative and summative assessments of student progress. Student achievement that is not calibrated to show growth between two (2) points in time in the current school year shall not be used to calculate a teacher's student growth criterion score.

48.3 Assessments

48.3.1 The following categories of assessments may be used in measuring student growth for the purposes of the evaluation process.

48.3.1.1 District level common assessments, when available, selected or created at the District level with teacher's involvement and feedback.

48.3.1.2 School/Department selected formative assessment (a unit test, quiz, writing assignment or other curricular assessment) mutually agreed to by teachers and the building principal(s).

48.3.1.3 Teacher determined assessments, which could include formative assessments (for example, IEP goals).

48.3.2 Nested student growth goals collaboratively determined by a grade level or subject or team need to be approved by all evaluators of that team. This prevents one evaluator from dismissing team goals that are accepted by another evaluator.

48.4 Procedures for Student Growth Implementation for the Comprehensive Evaluation Process

48.4.1 The teacher who is on a Comprehensive evaluation shall determine a student growth goal for Components SG-3.1, SG-6.1 and SG-8.1 on the Goal Setting form. The goal for SG-6.1 and SG-8.1 may be the same goal. This will be completed in the fall. Update discussions between the teacher and evaluator will occur before the end of first semester or trimester.

48.4.2 Elementary teachers measure student growth for a subject identified by the principal and the Learning Improvement Team. Secondary teachers select a class period or subject matter, as applicable to the teacher's assignment or department for the purpose of measuring student growth. Special Education teachers may alternatively choose a program.

48.4.3 The teacher will administer a pre-assessment in the class period or subject selected.

48.4.4 Teacher will draft their student growth goals and action plan and share it with the evaluator. After collaborative conversation, the evaluator agrees on the student growth goals.

48.4.5 The teacher will also measure student growth by using the following two (2) types of assessments.

48.4.5.1 School/Department selected interim assessment (a unit test, quiz, writing assignment or other curricular assessment) that is mutually agreed upon by teachers and building principal(s).

48.4.5.2 A teacher-determined assessment which may be formative in nature.

48.4.6 The teacher will administer the common post-assessment, if one is available, in the class period or subject matter selected with the time frame established.

48.4.7 Determining the Scores for the Student Growth Components.

Embedded in the instructional framework are five (5) components designated as student growth components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. Evaluators add up the raw score on these components and the teacher is given a score of low, average or high based on the scores below.

5-12	13-17	18-20
Low	Average	High

48.4.8 A group of teachers may focus on the same student growth goals. This collaboration should be initiated by the teacher(s) and no individual shall be required to work on a shared goal. If the group of teachers are evaluated by different evaluators, then the evaluators will need to be in agreement as to what the expectations and outcomes will be.

48.4.9 Impact of Low Student Growth Score

48.4.9.1 A student growth score of one (1) in any of the student growth rubrics (SG3.1, SG3.2, SG6.1, SG6.2, SG8.1) will result in an overall low student growth impact rating.

48.4.9.2 Classroom teachers with a low student growth rating will engage, with their evaluator, in a student growth inquiry.

48.4.10 Within two (2) months of the certificated classroom teacher receiving the low student growth score or at the beginning of the following school year, whichever is later, the evaluator will initiate the following steps:

Initiate a student growth inquiry plan and will examine additional student growth data in conjunction with other student growth evidence previously provided.

48.4.10.1 If the examination still results in a low student growth score, the evaluator will examine extenuating circumstances, which may include one or more the following: goal setting process, content and expectations, student attendance, and/or extent to which standards,

curriculum, and assessments aligned. Documentation of all this inquiry will be given to the teacher.

- 48.4.10.2 If after the above two (2) examinations, the classroom teacher still has a low student growth rating, the evaluator will create and implement a professional development plan to address student growth areas, a copy which will be shared with the teacher. This plan may include monthly conferences focused on improving student growth to include one (1) or more of the following topics: student growth goal revision, refinement and progress, and /or best practices related to student growth data collection and interpretation.
- 48.4.11 If a teacher receives a 4 – Distinguished summative score and a Low student growth score, they must be automatically moved to the 3 – Proficient level for their summative score. If a teacher receives a 1 – Unsatisfactory on any of the five student growth components, it will trigger the student growth inquiry plan. The teacher and evaluator will mutually agree to engage in one of the following:
 - 48.4.11.1 Triangulate student growth measure with other evidence (including observation, artifacts and student evidence) and additional levels of student growth based on classroom, school, District and state-based tools;
 - 48.4.11.2 Examine extenuating circumstances possibly including: goal setting process/expectations, student attendance, and curriculum/assessment alignment.
 - 48.4.11.3 Schedule monthly conferences with evaluator to discuss/revise goals, progress toward meeting goals, and best practices;
 - 48.4.11.4 Create and implement a professional development plan to address student growth areas.
 - 48.4.11.5 What constitutes “adequate” student growth varies between students and classes.
- 48.4.12 Procedures for Student Growth Implementation for Focused Evaluation Process
 - 48.4.12.1 The evaluator will approve the selection of the Criterion for the staff member’s focused evaluation within the parameters of the state requirements.
 - 48.4.12.2 The teacher will select either 3.1 or 6.1 to establish their student growth goal.

Article 49 Comprehensive Strand

49.1 Eligibility

49.1.1 Those employees who have received a summative rating of Basic or Unsatisfactory in the previous school year will be moved from Focused Evaluation to Comprehensive Evaluation.

49.1.2 Employees returning to the District from a leave of two (2) years or more will be assigned to the Comprehensive Evaluation.

49.2 Employees newly hired by the District shall be placed in the Comprehensive Evaluation and shall be observed at least once for minimum of thirty (30) minutes within the first ninety (90) calendar days from the commencement of their employment.

49.3 Provisional 1, 2, or 3 employees will be on the Comprehensive Evaluation.

49.4 All classroom employees shall receive a comprehensive summative evaluation at least once every six (6) years. A comprehensive summative evaluation assesses all eight (8) evaluation criteria and at least 51% of the components contribute to the comprehensive summative evaluation performance rating. The Summative Rating will not occur before April 15 and no later than June 1 unless mutually agreed upon by both evaluator and evaluatee.

49.5 Criterion Selection—TPEP

49.5.1 A Comprehensive Evaluation assesses all eight (8) criteria and contributes to the Summative Evaluation.

49.5.2 A minimum of fifty percent (50%) of each criterion are scored.

49.5.3 One Hundred percent (100%) of the Student Growth Components are scored.

49.6 Criterion Selection—Non-TPEP

49.6.1 A Comprehensive Evaluation assesses all four (4) criteria and contributes to the Summative Evaluation.

49.6.2 A minimum of fifty percent (50%) of each criterion are scored.

49.7 Professional Goals—Comprehensive Evaluation

49.7.1 Employees on a comprehensive evaluation will develop professional goals using the SMART goal format including a plan with timelines.

49.7.2 The plan will be guided by the Self-Assessment or the prior year's Comprehensive Evaluation.

49.7.3 The plan must include four (4) SMART goals:

- A. One (1) Professional Goal for the Criterion being evaluated. It is highly recommended that the Professional Growth Goal be related to Criteria 1, 2, or 5.
- B. Three (3) Student Growth Goals (SG 8.1, SG 6.1 and SG 3.1).

49.7.4 The employee will monitor their progress and will make adaptations as needed with evaluator input.

49.8 Observations & Evidence Collection

49.8.1 Summative Ratings shall be the only record of teaching performance maintained, other than those required by law, in the employee’s District personnel file unless the employee decides to provide an attachment.

49.8.2 If there is an area of concern, the evaluator will identify specific concerns for the applicable criteria and provide possible solutions to remedy the concern in writing. If there is an area of concern based on any observation, there must be written documentation of the concern provided to the employee within five (5) workdays in order for that evidence to be used in the evaluation process.

49.8.3 When evaluating Criterion 8 (TPEP) or Domain 4 (non-Tpep) on the Comprehensive Strand, professional development and teacher leadership data from up to three (3) years prior may be considered. The classroom teacher will explain how current professional practices connect to contributions from the previous three (3) years. Evaluators are encouraged to use a broad interpretation of teacher leadership.

49.8.4 The Final Summative Evaluation will not occur before April 15 and no later than June 1 unless otherwise agreed upon by evaluator and employee. The final summative score, including the student growth score, must be determined by an analysis of preponderance evidence. This analysis will take an assessment of the employee’s performance over the course of the year.

49.9 Comprehensive Evaluation Summative Score

49.9.1 For TPEP evaluations, employees shall receive a summative performance rating for each of the eight (8) state evaluation criteria. Each employee’s criterion scores are established using at least 50% of the components from each criterion and 100% of the student growth components. The Summative Criteria Score is the sum of the eight (8) criterion scores and is rated based on the summative scoring band, as follows.

Unsatisfactory	=	8-14
Basic	=	15-22
Proficient	=	22-28
Distinguished	=	29-32

49.9.2 For non-TPEP evaluations, criterion-level scores shall be determined based upon a preponderance of evidence of each of the components which comprise the criterion. This evidence will include the growth of the classroom teacher over time and the conditions of the classroom teacher’s work assignment. In the event that the preponderance of evidence leads to an evaluative determination that is evenly split between two criterion scores or the evidence is ambiguous,

the higher of the two criterion scores shall be given and used in the summative performance rating. The final summative rating options are unsatisfactory, basic, proficient, or distinguished.

49.9.2 An annual evaluation conference shall be no later than June 1 of the school year in which the evaluation takes place unless mutually agreed upon between evaluator and employee. At the conference, each criterion to be scored shall be rated using a preponderance of the evidence and based on an assessment of the employee's performance.

49.9.2.1 The employee will sign two (2) copies of the Final Summative Evaluation Report.

49.9.2.2 Signatures of the employee required for the evaluation do not express agreement but merely receipt of that information.

49.9.2.3 Within ten (10) calendar days of receipt of the Summative Evaluation Rating, the employee may submit signed comments that shall be attached to the report in the employee's District personnel file.

49.9.2.4 If there is a dispute between the evaluator and the employee regarding the rating, the parties shall have an opportunity to submit additional evidence within five (5) school days. The final decision is the responsibility of the evaluator.

49.10 Support for employees on Comprehensive may include but not limited to:

49.10.1 Collaboration during the workday.

49.10.2 District professional development and resources.

49.10.3 Instructional Coach support.

49.10.4 Substitutes to release for evaluator/employee conversation.

49.10.5 Participation in Instructional Rounds.

Article 50 Focused Strand

50.1 The Focused Evaluation is used for a Continuing employee who received a summative rating of Proficient or Distinguished the previous school year. The employee may remain on the Focused Evaluation for five (5) years before returning to the Comprehensive Evaluation.

50.2 The following provisions apply to TPEP evaluations only:

50.2.1 Classroom teachers who receive a Proficient or Distinguished summative rating for WA State criteria 1, 2, and/or 5 in the previous school year may select from any of the eight (8) State Criteria.

50.2.2 Classroom teachers who received a Basic or Unsatisfactory rating for WA State Criteria 1, 2, and/or 5 in the previous school year must choose from Criteria 1, 2, or 5.

50.2.3 The number of components that are evaluated varies by Criterion.

Criterion	Minimum of Components
Criterion 1	4
Criterion 2	4
Criterion 3	2
Criterion 4	2
Criterion 5	4
Criterion 6	3
Criterion 7	2
Criterion 8	4

50.3 The selected criteria must be approved by the employee’s evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention.

50.4 A summative score is assigned using the summative score from the most recent comprehensive evaluation. Per WAC 392-191A-120 this score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher or certificated support personnel is placed on a focused evaluation. Should an employee provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator.

Employees who received a summative rating of Proficient the previous school year, in order to be eligible to earn a summative rating of Distinguished, must request a move from the Focused to the Comprehensive Evaluation. This request must be made to the evaluator in writing by September 15.

50.5 Selection of the Criterion and Components must be approved by the evaluator after collaborative conversation. The selected criterion must be approved by the employee’s evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention or as an area of expertise to be further developed. The employee or the evaluator can initiate a move from the Focused to the Comprehensive Evaluation. If an administrator changes an employee from Focused to Comprehensive, written rationale must be provided within ten (10) school days. Should an evaluator determine that an employee on a Focused Evaluation should be moved to a Comprehensive Evaluation for that school year, the employee must be informed of this decision in writing at any time on or before December 15.

50.6 A group of employees may focus on the same evaluation criterion and share professional growth activities. This collaboration should be initiated by the employee (s) and no individual shall be required to work on a shared goal. If the group of employees are

evaluated by different evaluators, then the evaluators will need to be in agreement as to what the expectations and outcomes will be.

50.7 Professional and Student Growth Goals (Focused)

- 50.7.1 Employee will develop professional goals using the SMART goal format including a plan with timelines.
- 50.7.2 The plan will be guided by the Self-Assessment or the prior year's Comprehensive Evaluation and approved by the evaluator.
- 50.7.3 Evaluator and employee will mutually agree on the goals and plan for the school year.
- 50.7.4 Employees will monitor their progress and make adaptations as needed with evaluator input.
- 50.7.5 Classroom teachers must have one (1) Student Growth Goal (SG 6.1 or SG 3.1)

51.1 Continuing employees who are exhibiting deficiencies shall be placed first back on a Comprehensive evaluation strand. Once back on this strand they will be given a Structured Growth Plan.

51.2 Identifying Deficiencies/Creating Structured Growth Plan: Staff members with continuing contracts will be given support through a Structured Growth Plan under the following circumstances:

51.2.1 The Structured Growth Plan must be implemented after at least two (2) observations and conversations between evaluator and employee, and prior to receiving a summative rating of less than proficient in the current school year. The employee will be notified within ten (10) workdays of the decision. The following shall occur if a Structured Growth Plan is to be established.

- C. Means by which the evaluator can provide assistance.
- D. A timeline of meetings with evaluator and the benchmarks to attain for each.

51.2.1.3 The employee shall have at least twenty (20) school days to address the areas of deficiency. At the employee's request, an Association

representative may accompany the employee at any conference between the supervisor and the employee.

- 51.3 Transfer:** The right to transfer will be suspended for any employee who has received a Structured Growth Plan in the current or prior school year until a satisfactory summative rating is received.

Article 52 Probation

- 52.1** An employee whose work is not judged satisfactory per the definition in Section 44.11 shall be subject to probation.

- 52.2** Employees may only be placed on Probation from the Comprehensive Evaluation Strand.

- 52.3** Employees on continuing contracts who have been assigned to teach or work outside of their endorsements shall not be subject to nonrenewal or probation based on evaluations of their effectiveness in the out-of-endorsement assignments.

52.4 Timelines and Procedure

- 52.4.1 At any time after October 15, and provided that the employee was previously given a Structured Growth Plan, an employee on a continuing contract, whose work is judged not satisfactory based on the evaluation criteria shall be placed on probation for no less than sixty (52) workdays and notified in writing.

- 52.4.2 At or near the time of delivery of the written notice of probation, the evaluator will hold a meeting with the employee to review the notice. Prior to such meeting the Association will be notified. The employee will be afforded the opportunity to participate in the establishment of the probation improvement program, and shall have the right to representation from the Association at this meeting. The discussion shall include:

- 52.4.2.1 A review of specific areas of performance deficiency based on the evaluation criteria.

- 52.4.2.2 Specific ways in which the staff member is to improve.

- 52.4.2.3 Measure and benchmarks which will be used to determine the employee's success or failure.

- 52.4.2.4 Types of assistance to be given funded by the District, and the dates supports will be put in place.

- 52.4.2.5 Superintendent will be notified of probation recommendation and written Probationary Plan of Improvement.

52.5 Evaluation during Probation

- 52.5.1 During probation the evaluator shall formally meet with the probationary employee at least twice a month to give feedback, direct action steps for improvement and make a written evaluation of the progress, if any, made by the employee.

- 52.5.2 The probationary employee may request that an additional certificated evaluator become part of the probationary process and the request must be granted. This evaluator may be assigned by the Education Service District (ESD) and will be jointly selected by the District and the Association from a list of evaluation specialists compiled by the ESD.
- 52.5.3 Separate from this second evaluator the Association may appoint additional experts of their own choosing to observe and evaluate the probationary employee's performance.
- 52.6 Length of Probation**
 - 52.6.1 A Probationary period of sixty (52) workdays shall be established. Days may be added if deemed necessary to complete a Probationary Plan of Improvement and evaluate the probationary employee's performance as long as the probationary period is concluded before May 15 of the same school year.
 - 52.6.2 The probationary period may be extended into the following year if the probationary employee has a continuing contract and has a SER as of May 15 of a level two (2) or less.
- 52.7 Informal Observation:** The evaluator may conduct any number of informal observations and include documentation for use in the evaluation process.
- 52.8 Removal from Probation:** The probationary employee must be removed from probation at any time in the probationary period if they have demonstrated and sustained improvement to the satisfaction of the evaluator in those areas specifically detailed in the notice of probation and subsequently detailed in the Probationary Plan of improvement (RCW 405.100.4(b)).
- 52.9 Limit on Transfer or Reassignment during Probation Period:** During the period of probation, the probationary employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment is contemplated by either the individual or the District.
- 52.10 Alternative Assignment:** Immediately following the completion of a probationary period that does not produce performance improvement detailed in the Probationary Plan of Improvement, the probationary employee may be removed from their assignment and placed into an alternative assignment for the remainder of the year. This reassignment may not displace another employee, nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the probationary employee's contract year. If such a reassignment is not possible, the District may, at its option, place the probationary employee on paid leave for the balance of the contract term.
- 52.11 Evaluator's Post Probation Report:** Unless the probationary employee has previously been removed from probation, the evaluator shall submit a written report to the Superintendent at the end of the probationary period which report shall identify whether

the performance of the probationary employee has improved and which shall set forth one (1) of the following recommendations for further action:

52.11.1 That the employee has demonstrated sustained improvement in the stated areas of deficiency to justify the removal of the probationary status and continue to develop their professional growth plans; or

52.11.2 That the employee has not demonstrated sustained improvement in the stated areas of deficiency and action should be taken to non-renew the employment contract of the employee.

Article 53 Provisional Staff

53.1 Notwithstanding any other provisions of this Article, employees who are in their first, second or third year of employment with the District, and who are provisional staff member employees within the meaning of RCW 28A.405.220, shall be evaluated and, if appropriate, non-renewed in accordance with the requirements of that statute.

53.2 A provisional employee who has received an evaluation rating below 2 on the four (4) level rating system established under RCW 28A.405.100 during the third year of employment shall remain subject to the nonrenewal of the employment contract until the employee receives a level 2 rating.

53.3 Employees new to the profession or new to Washington public school teaching (includes private and charter schools) generally remain in provisional status for the first three years of their employment.

53.4 A second-year Provisional employee who receives a summative rating of 3 – Proficient or 4 – Distinguished (for both years) may be granted continuing contract status for the subsequent school year.

53.5 If an employee with less than two (2) years in one district in the Washington public school system moves to another district, the provisional “clock” starts again.

53.6 Employees on continuing status in Washington public schools who move into a new district revert to provisional status for the first year of employment in the new district.

53.7 If the employee has previously completed at least two (2) years of certificated employment in another school district in the state of Washington, then the employee shall be subject to nonrenewal of employment contract pursuant to RCW 28A.405.220 during the first year of employment with the new district.

53.8 Assistance will be provided to all provisional employees with performance concerns.

53.8.1 An employee on a provisional contract who receives a Preliminary Summative Score of 1 Unsatisfactory in a formal observation will result in an additional meeting of the evaluator and employee following the post-observation conference. At said meeting, the evaluator and the employee will discuss the performance concerns, the specific ways in which the employee is to improve,

the types of assistance that will be provided, specific types of assistance, if any, which the employee believes would be helpful, and a timeframe for assistance.

- 53.8.2 At the employee's request, an Association Representation shall accompany the employee at the meeting with the evaluator.

Article 54 Records of Probation

Records of probation and supporting documentation for an unsatisfactory evaluation will be maintained in the probationary employee's personnel file for three (3) years and will, if no further unsatisfactory analysis is made in the interim, be removed and destroyed.

Article 55 Action by the Superintendent

- 55.1 The Superintendent shall review the evaluation report by all pertinent evaluators and in the event a recommendation for non-renewal is made, shall deliver such notice to the affected probationary employee as required by law. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationary employee constitutes grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.220.
- 55.2 When a continuing contract employee receives a summative rating below level two (2) for two (2) consecutive years, the District shall, within ten (10) workdays of completion of the second summative comprehensive evaluation or May 15, whichever occurs first, implement the probationary employee notification of discharge as provided in RCW 28A.405.300.

Article 56 Appeal Rights

- 56.1 Each employee who is, at any time, issued a written notice of probable cause for non-renewal or discharge by the Superintendent pursuant to this Article shall have ten (10) calendar days following receipt of said notice to file any notice of appeal as provided by statute or by this Agreement.
- 56.2 A probationary employee shall have the right to have present a representative of the Association at all probationary conferences if the probationary employee so desires.

Article 57 Procedural Error

If a procedural error occurs in the implementation of a Probationary Plan of Improvement, the error does not invalidate the probationary employee's Plan of Improvement or evaluation activities unless the error materially affects the effectiveness of the Probationary Plan of Improvement or the ability to evaluate the probationary employee's performance.

- 61.8** Each certificated employee shall first be considered for retention within the employment category appropriate to their current position. If the employee is not eligible to be retained in such category in accordance with the qualification criteria set forth in Section 61.5, the employee shall then be considered for retention within such other categories as they may be qualified under Section 61.4.
- 61.9** The provisions of this Article shall be implemented on or before May 15 of the school year prior to the school year in which any staff reductions may be necessary. Appendix E: How to qualify for Co-Curricular

1. Submit an activity approval form to administrator. Administration will review your form and determine whether your activity is appropriate and meets the definition of Co-Curricular. If approved, move to step 2 or 3.
2. If this is a student initiated activity, find a teacher to serve as your advisor. If a certificated supervisor can't be found ask for support from school administration. (Certificated advisors are required for Co-Curricular activities)
3. Advertise your club, and start "acting" like a club. Get posters approved by School administration. Hold regular meetings. Take minutes at every meeting. Once you have 12 members, you are eligible to be recognized by ASB.
4. Develop a constitution and elect officers (president, vice president, secretary, treasurer) present your constitution to the ASB board at the monthly meeting. The general assembly votes to approve the constitution. School administration will then send your constitution to the District office and you will be issued an ASB budget code.
5. Once you have an ASB budget, club members should pay the club fee.
6. Congratulations! You are now official.
7. Any Co-Curricular Club that is dormant for 2 consecutive years will be removed. If a request is made to restart the activity all qualifying criteria must be resubmitted.

Appendix F Shared Decision-Making Guide

Ideal shared decision-making occurs in a positive climate, in an inclusive organization, using effective processes, with continuous evaluation and adjustment. It focuses on student learning through learning improvement programs, services and products within the District mission.

The spirit of shared decision-making should be collaborative and should follow these principles:

DECISION-MAKING PRINCIPLES

1. Positive Climate:

- A. Inspires openness and trust
- B. Discourages hidden agendas/surprises
- C. Presumes others are well intentioned
- D. Encourages participation and collaboration
- E. Values diversity
- F. Encourages innovation and creativity
- G. Allows change with purpose

2. An Effective Process:

- A. Should be clear at the outset, may vary depending on the issue, and could change during the process if necessary and so communicated
- B. Identifies the decision-making method to be used (e.g., consensus, voting, group input-leader decision, leader only decision)
- C. Identifies a communication strategy
- D. Identifies options to meet diverse needs where possible
- E. Trusts that all will take responsibility for positively implementing a decision once made, including those who choose not to participate in the group decision-making process
- F. Ensures that decisions are within legal and contractual parameters

DECISION-MAKING GUIDELINES

The following guidelines are embedded in ideal decision-making:

1. Decision-making at the schools should focus on teaching, learning, student achievement and behavior management, and should support the District's mission.
2. In making decisions, staff should utilize data to identify areas needing improvement.
3. Parameters and timelines for each decision should be identified at the outset.
4. Opportunities should exist at each site for active involvement of other building staff, students, parents, and community members in decision-making.
5. Questions can be raised about decisions made at any level. Decision makers need to be prepared to explain the reasons for decisions that they make.
6. Shared decision-making balances building/department autonomy with the responsibility to be knowledgeable about and consider the impact of decisions on others; buildings/departments must sometimes yield their specific desires to the greater good of all.

7. If a decision cannot be reached within the timeline, and extension of the timeline is not feasible, an interim decision will be made by the administrator. The interim decision will be in effect until such time as a final decision can be reached, or shall stand if the decision cannot be reversed.
8. SVEA and District staff will assist buildings/departments with shared decision-making upon request from the administrator and staff.

METHODS OF DECISION-MAKING

There are many ways by which a group can make a decision. Each decision-making method has value and is appropriate in certain situations. It is imperative the building/department staff or Learning Improvement Team, as applicable to the situation, is given the opportunity to choose the method of decision-making. Each year, each Learning Improvement Team will review and discuss their preferred decision-making methods.

1. **Decision by Majority Rule: Voting and/or Polling**

A procedure where a decision is usually based upon 50% + 1 of the people in a group deciding the course of action for the whole group. This can be an effective method if all members feel they have been given their opportunity to influence the group, and if the whole group has agreed to follow the norm (established prior to the decision-making process) that all agree to implement majority vote decisions.

2. **Decision by Super Majority Vote**

A decision is based upon a percentage greater than 50% (usually between 70-90%) of the people in a group deciding the course of action for the whole group. This can be an effective method where successful implementation of a decision clearly requires more than a simple majority vote of the group. Effective implementation will also depend on the extent to which members feel they have been given a chance to influence the group and if the group has agreed to follow the norm (established prior to the decision-making process) that all agree to implement super majority vote decisions.

3. **Decision by Consensus**

A collective opinion arrived at by a group of individuals working under conditions that permit open communication in a sufficiently supportive climate where members feel that they have individually been given the chance to influence the decision. When a decision is made by consensus, members understand the decision and are committed to supporting it.

Consensus is the best method for producing a decision that:

- A. all members will be committed to implementing
- B. uses the resources of all group members; and
- C. increases the future decision-making effectiveness of the group.

Decisions by consensus take a great deal of time and member motivation, and prove to be very frustrating to group leaders. Group training and practice in consensus decision-making skills are necessary for groups to be effective in using this method. Therefore, the use of

consensus should be limited to significant decisions that require everyone's commitment for successful implementation.

4. Decision by Unanimous Consent

A perfect, but least attainable method where everyone truly agrees on the course of action to be taken. For obvious reasons, this method may be a highly inefficient way to make decisions.

RE: School Psychologists Work from Home Pilot**

The Snoqualmie Valley School District (District) and the Snoqualmie Valley Education Association (Association) enter into the following agreement.

During the 2023-2024 school year the Association and District agree to a work-from-home (WFH) pilot for school psychologists. The purpose of working from home is to complete work-related paperwork and other non-student work associated with their position.

The following restrictions will apply:

- One WFH day may be scheduled each month, September through June, with the exception of December.
- WFH days cannot be used on a Monday or Friday, taken consecutively, or used to extend a vacation or holiday.

- A WFH day is considered a workday and cannot be used on a weekend or swapped for another workday.

The parties agree to meet in the spring of 2024 to review usage and feasibility of the program.

This Memorandum of Agreement remains in place until the last day of the 2023-2024 school year or until superseded by another MoA, whichever comes first.
