NEW District Goals

Goal #1:

Increase and sustain academic achievement and accountability across the district – (All schools will reach the State Average in All Assessments by 2025)

Goal #2:

Achieve and maintain a sound financial status in the district.

Goal #3:

Increase Parental Involvement and Community Engagement through improved Customer Service District-Wide.

Goal #4:

Increase teacher retention and recruitment to provide the “Highest Qualified Educators” who focus on academic excellence.

Congratulations!

Quitman County School District is a “C”.

Quitman County School District

1362 MLK. HWY/P.O. Box E
 Marks, MS 38646

The District Informer

Vision: Driven by Excellence

Mission: The mission of Quitman County School District is to provide a caring community of excellence committed to successfully preparing students for college and/or the world of work.

Welcome back to

For 2023-2024

Mr. Reginald Griffin

*Assistant Superintendent & Federal Programs Director
 August 26, 1971 – August 23, 2023*

Volume 45- August 2023

Labor Day Holiday - September 4th

Wednesday, August 23, 2023 was a sad day for our district. Our devoted and hardworking federal programs director and assistant superintendent went to be with the Lord. He will be greatly missed. *Mr. Reginald Griffin was an example of what great leadership exhumes. He started work as a correctional officer and several years later started his career in education which spanned over 25 years. Mr. Griffin was committed to and loved working for Quitman County School District. Many of the responsibilities of his job were uncompensated but he did them for the students that he cared for so deeply. He believed in family; his wife and son were the center of his life. As a church pastor, the work of God and his parishioners were always the most crucial components. His life portrayed faith, joy, peace, goodness, kindness, and charity. The remarkable and unforgettable Mr. Reginald Griffin will be remembered by all who knew him.*

*Ascend in Love and Peace, Mr. Griffin!
You will be missed!*

Opening Convocation - August 1, 2023 Quitman County School Board helps with the prizes.

First Day of school at Quitman County Middle School and all the students decided to show up.

Some of the energetic staff of Quitman County Middle School, Spiers, Wheeler, Thompson, Stanton, and Wilson, have on their "ready to come back smiles." Stevenson and Stevenson are looking like, "not ready yet."

Update from Superintendent Robinson

On behalf of the Quitman County School Board and myself, I would like to welcome you back to the 2023-2024 school term. God has been good to our district and we appreciate his guidance and the assistance of every individual that works in this district. Even though students are the primary focus, we must have teachers to teach them, buses to drive them, cafeterias to feed them, support staff to assist with building upkeep, and etc. Every position and person is critical to the success and operation of the district. As we embark on Chapter 23-24, I have committed to work diligently to continue improving the strategies to move our district to another level in academic proficiency, teacher training, customer service, community outreach, and financial solvency. I am proud to say that we received our preliminary MAAP data and when the embargo is lifted, we hope we will have some news in which every stakeholder of this district will be proud. Finally, I would like to tell you how saddened our district is with the passing of Mr. Reginald Griffin whom I loved like a brother. He has worked cooperatively with me for six years in this district and several years in another one. I will miss his hard work, smile, and commitment to Quitman County School District.

New Instructional Material

Quitman County School District has recently invested in updated instructional materials in ELA and math. In the next several months, we will also purchase additional resources in science and history. Professional Development sessions will be planned to train teachers in usage of these materials. In the next month, you will see our teachers issuing books to students. Students will also have workbooks to use in class and to take home. The use of these different materials will help teachers improve student learning in the classroom. Improved student learning prepares our students to do better on assessment and increase their potential as they prepare for college and/ or the world of work.
