Pending or Positive COVID-19 Test Results

Unvaccinated individuals: If you, your child, or a member of your immediate household has been tested for COVID-19, please **STAY HOME** until test results are received.

Vaccinated individuals: Vaccinated persons who have been tested for COVID-19 should also **STAY HOME** until test results are received.

If you or your child receives a positive COVID-19 test result regardless of your vaccination status, please notify your school nurse or building administrator immediately.

Tips for Returning to School & Work Safely

Allow time each morning to complete the screening checklist.

Use the same thermometer on the same spot each day for consistency. When using an oral thermometer, avoid food or drinks for at least 15 minutes prior.

Practice appropriate mask use. Make sure you know how to wear your mask and how to properly take one on and off.

Practice hand hygiene. Make proper handwashing a frequent part of the daily routine (at least 20 seconds ensuring the front, back and in-between fingers are washed).

Practice distancing. Consider ways to visualize a 3-foot distance.

Purchase reusable water bottles. Schools will only have water-refilling stations operating, not water fountains.
