▪ Parent Feedback Survey
AGREEMENTS

Respectful and thoughtful participation

WE WILL MAINTAIN A SAFE SPACE FOR LEARNING AND DISCUSSION
WE BELIEVE:

Parents/caregivers are their children’s primary sexuality educators.
SCHOOLS ARE RESPONSIBLE FOR PROVIDING:

- fact based,
- unbiased,
- medically accurate,
- age appropriate

knowledge and skills in order to promote the best possible health outcomes for ALL students.
Parents/caregivers and schools can work together to meet the needs of the student community.
HIGH QUALITY COMPREHENSIVE SEXUALITY EDUCATION...

- Kindergarten through 12th grade;
- Is age-appropriate, medically-accurate;
- Includes topics related to sexuality: human development, relationships, personal skills, sexual behaviors including abstinence, sexual health, and society and culture; and
- Provides students with opportunities for learning information, exploring their attitudes and values, and developing skills for communication and responsible decision making.
WHAT DO YOU WANT YOUR CHILD TO KNOW AND BELIEVE ABOUT "SEXUALITY"?
WHAT AND WHERE ARE CHILDREN LEARNING ABOUT SEXUALITY NOWADAYS?
WHAT DOES THE RESEARCH TEACH US ABOUT COMPREHENSIVE SEXUALITY EDUCATION?
CSE HAS BEEN SHOWN TO:

- Reduce the frequency of sexual activity
- Reduce number of sexual partners
- Reduce bullying
- Delay sexual initiation
- Increase contraceptive use and reduce unintended pregnancies
- Increase condom use and lower incidence of STDs and HIV

http://www.advocatesforyouth.org/publications/1487
CSE HAS BEEN LINKED TO:

- Preventing child abuse
- Promoting social emotional learning
- Advancing gender equity
- Promoting healthy relationships, reducing risks of sexual assault and intimate partner violence
- Increasing health and well-being and academic success of LGBT youth

http://www.advocatesforyouth.org/publications/1487
EDUCATION IS NOT ENCOURAGEMENT

4 out of 5 of teens believe it would be much easier for teens to delay sexual activity and avoid teen pregnancy if they were able to have more open, honest conversation with their parents about these topics.

*(With One Voice, 2010)*
WHAT YOUNG PEOPLE ARE SAYING...

▪ "Just because I want to learn about sex doesn’t mean I’m having it. And just because you talk to me about sex doesn’t mean I think you’re telling me it’s okay to have it."

▪ "I always hear you say, “Don’t have sex,” but you never want to talk about it. I wish you would tell me why you feel that way, and ask me what I think. If you listen, I’ll listen too."

▪ "I wish I could ask you questions about sex, but I feel like if I do I’ll bring shame on to the family because you’ll think I’m a bad kid."
SO WE KNOW IT WORKS... BUT HOW DO WE KNOW WHAT TO TEACH WHEN... AND TO WHOM?

- National Sexuality Education Standards
- CA Health Education Standards
- CA Healthy Youth Act, amended the existing Ed Code (51930-51939) through the CA legislative process in Fall 2015, went into effect in Jan 2016
- Coalition of supporters include CA School Board Association, CA Teachers Association, CA PTA
1992 – Required HIV/AIDS prevention education in middle school and high school (sex ed optional)

2003 – Established requirements for what to include and how to teach comprehensive sexual education, IF schools chose to teach it
WHY WAS THERE A NEED TO AMEND THE EDUCATION CODE IN 2016?

- Technology - increased access to information
- Sex education in many schools still did not comply with CA Ed Code
  - Missing required content
  - Inaccurate/biased information
  - Outdated materials
- System continued to marginalize segments of the student population

PARENTAL NOTIFICATION & OPT-OUT

Education Code 51938

At the beginning of the school year…* 

Notice: Districts must notify parents of the instruction and provide them with opportunities to view the curriculum and other instructional materials.

Opt-out: Districts must also allow parents to remove their student from instruction if they so choose, using a passive consent (“opt-out”) process in which parents must request in writing that their student not receive the instruction.

Districts may not require active consent (“opt-in”) by requiring that students return a permission slip in order to receive the instruction. This applies to all grades, including elementary.

* Or at time of enrollment, for students enrolling late
