This SUSD Phone User Guide:

This guide includes information about phone features and functions that are used on an everyday basis and in some cases are specific to the phone system in SUSD. Because we are not using all features of the phones covered in the Cisco user guide, we have included only those pages that pertain to our phones. To obtain the complete copy of the Cisco IP Phone 7940 Series User Guide, please go to the district website at: http://www.saratogausd.org/techNew.html and choose the user guide that pertains to you.

Is it possible to adjust/change this on my phone or should I contact the network administrator?

You are able to adjust/change the following (via feature button, navigation and soft-keys) on your own:

- LCD Screen contrast (see pg. 4 of this guide or pg 2/5 of the Cisco User Guide)
- Ring Tone Type (see pg. 2/3 of the Cisco User Guide)
- Ring Volume (see pg. 2/2 of the Cisco User Guide)
- Change Voicemail settings (see pg. 5 of this guide)

You will need to contact the network administrator (Howard) to do the following:

- Increase or decrease the number of times your phone rings before going to voicemail
- If phone lines or internet lines are down
- If you are experiencing “echoing” during a phone call
- If you are experiencing a large number of dropped calls
Q: How do I access inter-campus dialing?

Currently, SUSD campus codes are as follows:

- Argonaut Elementary School: 61
- Redwood Middle School: 62
- Foothill Elementary School: 63
- Saratoga Elementary School: 64
- District Office: 65

- Dial the **campus code** and the **three digit extension** of your party. (For example, if you are trying to reach Amy at the DO from any campus phones except phones at the DO, you would dial 65 + 200)

- Your name will also show up on the person you are trying to reach’s LCD phone screen, identifying you to the person you are trying to reach.

Q: How do I transfer calls using inter-campus dialing?

- Push the transfer key on your digital screen.

- Dial the campus code number.

  - Argonaut: 61
  - Redwood: 62
  - Foothill: 63
  - Saratoga: 64
  - District Office: 65

- Dial the person’s extension you want to transfer the call to.

Q: How do I access voicemail from a remote location?

- Dial your “home base” phone number (Example: district office is 867-3424)
- Wait for the Automated Attendant to answer
- Press 1
- Type in your extension and then press #
- After you hear your message answer, press *
- Type in your extension and then press #
- Type in your password and then press #
- You should be able to access your messages
**Phone ✆ Function FAQs**

**Q: How do I put a call on hold?** (pg. 3/6 of Cisco User Guide)
- Press the **HOLD** softkey on your LCD screen
- To resume the call, press the **RESUME** softkey on the LCD

**Q: How do I change the contrast on the phone LCD screen?** (pg. 2/5 of Cisco User Guide)
- Press the **Settings** button. (It looks like this: ✴)
- From the Settings menu, use the Navigation button to select Contrast. Navigation Button: ◀️

**Q: How do I transfer calls?** (pg. 3/7 of Cisco User Guide)
- During a call, press the **transfer softkey**. This puts a call on hold.
- Dial the extension to which you want to transfer the call.
- Press **transfer** again.
- Hang up the handset.

**Q: How do I forward calls to a different extension?** (pg. 3/14 of Cisco User Guide)
- Press the **CFwdAll** softkey. You should hear two beeps.
- Enter the number to which you want to forward all of your calls, exactly as you would if you were placing a call to that number.
- Press “end call” softkey.
- An animated phone icon with a flashing right arrow appears in the upper-right corner of the LCD screen. The LCD screen also displays a message confirming the number of the extension to which your calls are being forwarded.

**Q: How do I cancel a call forward?** (pg. 3/16 of Cisco User Guide)
- To cancel call forwarding, just press the **CFwAll** softkey again. LCD display should return to normal settings.

**Q: How do I suspend my phone ringing?** (Using Do Not Disturb (DND) feature)
- On the LCD screen, press “more”
- You will see three more options. Choose DND (Do Not Disturb)
- DND will be listed on your LCD screen and your phone will not ring though you will see an “answer” button when a call is coming in.

**Q: How do I cancel the Do Not Disturb (DND) feature?**
- To take off the DND, simply press “more” on your LCD screen again and press DND. You’ll see the DND notification on your LCD screen disappear
