## 2024-2025 APPLICATION FOR ADMISSION

### 2024-2025 SCHOOL INTRODUCTION

#### A BIT OF HISTORY

In August 1990, six families with seventh-grade girls hired a teacher to help provide the type of education they felt would best honor God. They did not want to have to choose between a school with an excellent academic record and one that nurtured a Christ-like attitude. The families were convinced that God was leading them to pioneer an educational setting that would encapsulate all they envisioned. The following year, the school grew to 28 students, three teachers were hired, and The King's Academy began. Because academy implied strong learning and to signify that the school belongs to The King, Jesus Christ, the school was named "The King's Academy."

#### THE SCHOOL TODAY

Over the last 32 years, The King's Academy has grown to over 980 students in grades 6-12, reflecting the cultural and economic diversity of the Bay Area. The overarching purpose of The King's Academy has not changed: to transform lives through Christ-centered education. TKA has retained the warm, family atmosphere and small class size where students receive personal attention. TKA offers a challenging college preparatory program, a spiritual life program that fosters a mentor relationship between teacher and student, a well-known visual and performing arts department, and competitive athletic teams with a myriad of league and division titles.

#### WHO WE ARE, OUR MISSION, AND OUR VISION

*Who We Are:* The King's Academy is an independent, college preparatory school for grades 6-12 which exists to honor and glorify our King Jesus Christ.

*Mission:* The King's Academy is a Christ-centered school that inspires academic excellence, servant leadership, and enduring relationships.

*Vision:* Graduates of The King's Academy are transformed by Christ, live a life that honors God, and use their gifts to influence the world for Him.

#### THE VALUE OF BIBLICAL DIVERSITY AT TKA

The King's Academy, as a Christ-centered school, is determined to follow the teachings and example of our Lord and Savior Jesus Christ and is called to be loving to all we interact with each and every day, regardless of their race, ethnicity, gender, religion, socioeconomic status, or sexual orientation. Believing that God has created all people in His image, The King's Academy values and cultivates racial, cultural, ethnic, and socioeconomic diversity on campus. We recognize all persons are uniquely created by God and are given specific gifts and abilities which foster a well-rounded learning environment. We denounce the sin of racism, and we desire to create a community where students and staff from all racial and ethnic backgrounds feel welcomed and accepted. – *Psalm 139:14, Genesis 1:27, Galatians 3:28, and Acts 10:34-35*

#### ACADEMICS

The King's Academy offers a variety of academic curricula including 9 honors courses and 20 AP courses. With counselor assistance, students are encouraged to choose the curriculum that best suits their interests and goals. Teachers employ a variety of instructional strategies that promote active learning. With TKA's 1:1 technology program, students bring their own device and use applications that enrich learning and engagement. Caring and passionate teachers create a positive and encouraging learning environment at all grade levels.

## SERVICE

Service has been a core component of the mission and values of The King's Academy since the very beginning of our school. Moreover, service is an integral part of the educational experience at TKA. Through the lens of service, education and learning make the most sense and provide the greatest purpose and meaning for life. "For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do." (*Ephesians 2:10*). For TKA, the goal of service is not to go somewhere and simply perform a service, but rather to return transformed into a servant leader for life. An integral component of TKA's high school curriculum is required annual participation in a school-led service trip or project during TKA's Service Week, which is the week before Easter. Students serve alongside classmates, staff, and parents, contributing to the unique bonding experience TKA service trips offer. Alumni continue to testify how service rises to the top as one of the most impactful elements of their TKA education.

## COLLEGE AND ACADEMIC PLANNING

The King's Academy places a high value on counseling our students throughout the academic and college planning process. The College and Academic Counseling program begins in the freshman year and emphasizes a sound foundation for academic and extracurricular planning. Each 9th grade student is assigned a personal college counselor who remains with the student through the senior year. TKA's ratio of student to college counselor is 40:1, enabling a highly personalized college counseling experience. Our comprehensive program includes individualized counseling, informational presentations at each grade level, student workshops on essay writing and applications, and guest speakers on topics such as financial aid. State-of-the-art online tools are available for our students and families to navigate the college admissions process successfully. TKA counselors work closely with families to find colleges and universities that are best aligned with a student's academic and extracurricular interests, career aspirations, and financial aid requirements. The primary goal is to help students find the best "fit" institution, enabling them to apply their God-given gifts to pursue their goals with confidence and maturity.
