

SWEET BITES CAKE CLUB

AFTER SCHOOL IS ABOUT TO GET A LITTLE SWEETER

Does your child love to bake and want to learn to decorate and create the designs they see on Netflix and YouTube?

Treat them to an awesome after-school adventure while learning real-life math, language development and motor skills... all while having fun!

With popular themes and hands-on projects, your child will love every edible adventure they will share with new friends!

Have you thought about your child's after-school activities? As a parent, I know we want extracurriculars that shape their child's natural talents, interests, or curiosities. That's why Sweet Bites Baking School is introducing The Sweet Bites Cake Club, an engaging afterschool program for kids in grades 1-5!

Each class we will enjoy learning:

- Hands-on Decorating with tips from the pros
- Introduction and familiarity to all tools and equipment
- The full baking and decorating processes for a variety of sweet treats. (cakes, cookies, cake pops, donuts, cupcakes...etc)
- To use creativity and imagination to make each project uniquely their own.

RIVERVIEW ACADEMY

AFTERSCHOOL FUN!

The Deets:

- The club will meet once a week (Wednesdays)
- Each class, we will learn new skills, building each week to create more complex designs.
- Kids will create their own designs
- All tools and equipment will be provided
- Each child will take home their projects
- Quarterly competitions (voluntary)
- Recommended for students grades 1st-5th
