

2023-2024

Glen Cove City School District

District-Wide

School Safety Plan

Phases of Disaster Management Cycle

This District-wide School Safety Plan template has been developed by Nassau BOCES for the exclusive use of Nassau County School Districts participating in the Nassau BOCES Health & Safety Training and Information Service. This guidance document was written to assist school districts in their compliance efforts to meet the requirements of the Safe Schools Against Violence in Education Act (SAVE) and related legislation. This Plan should be customized as necessary to reflect individual school district's specific endeavors to achieve a safe school environment. This is a general overarching document that can be shared with the public and should be posted on the school district website by October 1st of each school year, as required by law. Parts of the Plan which may include names, contacts and personal information can be redacted for posting purposes. This Plan can also serve as an educational tool to help in-district personnel and the public to understand the requirements of the SAVE legislation. This contrasts to the Building-level Emergency Response Plan which details specific emergency response procedures, and as such, is a confidential document which cannot be shared with the public, cannot be foiled and is protected under law.

District-Wide School Safety Plan (Model Compliance Plan)

Policy Statement

The **District-Wide School Safety Plan** (as required by the SAVE Law – Safe Schools Against Violence in Education – Commissioner of Education Regulation 155.17 and Education Law 2801-a) has been established to provide for the safety, health and security of both students and staff and allows for input from the entire school community. This particular component of Project SAVE is a comprehensive planning effort that addresses prevention, mitigation, protection, response and recovery with respect to a variety of emergencies that may occur in the school district and its component school buildings.

The Board of Education has appointed, under the direction of the Superintendent of Schools, a **District-Wide School Safety Team** to develop, implement and maintain all provisions of the Plan. This Plan incorporates all **Building-Level Emergency Response Plans** that have been developed by the **Building-Level Emergency Response Teams** appointed by the **Building Principals**. In the event of an emergency or violent incident, the initial response at an individual school building will be the responsibility of the school building **Emergency Response Team**. Upon activation of the school building **Emergency Response Team** the Superintendent of Schools or designee and appropriate local emergency response officials will be notified. The nature of any given emergency will dictate the degree of interaction with both State and Local Emergency Response Agencies. The local BOCES Health & Safety Office will assist in development of protocols for accessing these services.

The District-Wide School Safety Team reviewed and approved the District-Wide School Safety Plan. The **District-Wide School Safety Plan** was made available for **public comment 30 days prior to its adoption** and provided for participation of the entire school community. By **September 1st of each school year**, the District-Wide and Building-Level Plans are formally **adopted by the School Board after at least one public hearing**. As required by law, the **District-Wide School Safety Plan is posted on the school district website by October 1st of each school year** and will be reviewed annually by the District-Wide School Safety Team **by September 1st of each school year**. **Building-Level Emergency Response Plans will be updated by September 1st of each school year** by the Building-level Emergency Response Team and **filed with both State and Local Police by October 1st of each school year**.

Written information on emergency procedures provided to all staff and students by October 1 st	
Certify that all staff have been trained by 9/15 on the Building-level Emergency Response Plan including components on violence prevention and mental health.	

The school district refuses to tolerate violence or threats of violence on school grounds and, by implementation of this Plan, will make every effort to prevent violent incidents from occurring. We will provide the appropriate authority and budgetary resources in support of this effort. Violence prevention is the responsibility of the entire school community and we encourage participation of all individuals. Our Plan requires the prompt reporting of all violent incidents or threats and assures that victims or reporters of incidents of violence will not be discriminated against. A copy of the District-Wide School Safety Plan is also available upon request at central administration in the office of the Superintendent of Schools. Although the Building-Level Emergency Response Plans are linked to the District-Wide School Safety Plan, in accordance with Education Law Section 2801-a, the **Building-Level Emergency Response Plan will remain confidential and not be subject to disclosure**. This will ensure safety at the building-level and reduce potential for planned sabotage.

DRAFT

Safety Plans - Regulatory Requirements

Elements of the District-wide School Safety Plan: Compliance Checklist

Policies and procedures for:

- ☐ responding to implied or direct threats of violence by students, teachers, other school personnel and visitors to the school, including threats by students against themselves (including suicide) CR155.17(c)(1)(i)
- ☐ responding to acts of violence by students, teachers, other school personnel and visitors to the school, including consideration of zero-tolerance policies for school violence CR155.17(c)(1)(ii)
- ☐ contacting appropriate law enforcement officials in the event of a violent incident CR155.17(c)(1)(iv)
- ☐ contacting parents, guardians, or persons in parental relation to the students of the district in the event of a violent incident or an early dismissal CR155.17(c)(1)(ix)
- ☐ contacting parents, guardians, or persons in parental relation to an individual student of the district in the event of an implied or direct threat of violence by such student against themselves (including suicide) CR155.17(c)(1)(x)
- ☐ the dissemination of informative materials regarding the early detection of potentially violent behaviors, including but not limited to the identification of family, community and environmental factors to teachers, administrators, parents and other persons in parental relation to students of the school district or board, students and other persons deemed appropriate to receive such information CR155.17(c)(1)(xii)

Prevention and intervention strategies, such as:

- ☐ collaborative arrangements with State and local law enforcement officials, designed to ensure that school safety officers and other security personnel are adequately trained, including being trained to de-escalate potentially violent situations, and are effectively and fairly recruited CR155.17(c)(1)(iii)
- ☐ nonviolent conflict resolution training programs CR155.17(c)(1)(iii)
- ☐ peer mediation programs and youth courts CR155.17(c)(1)(iii)
- ☐ extended day and other school safety programs CR155.17(c)(1)(iii)

Arrangements and/or Procedures during emergencies for:

- ☐ description of the arrangements for obtaining assistance during emergencies from emergency services organizations and local governmental agencies* CR155.17(c)(1)(v)
- ☐ the procedures for obtaining advice and assistance from local government officials, including the county or city officials responsible for implementation of article 2-B of the Executive Law* CR155.17(c)(1)(vi)
- ☐ the identification of district resources which may be available for use during an emergency* CR155.17(c)(1)(vii)
- ☐ description of procedures to coordinate the use of school district resources and manpower during emergencies, including identification of the officials authorized to make decisions and of the staff members assigned to provide assistance during emergencies* CR155.17(c)(1)(viii)
- ☐ a system for informing all educational agencies within such school district of a disaster* CR155.17(c)(1)(xviii)
- ☐ The identification of appropriate responses to emergencies, including protocols for responding to bomb threats, hostage-takings, intrusions and kidnappings CR155.17(c)(1)(xv)

Policies and Procedures relating to school building security, including, where appropriate:

The use of school safety or security officers and/or school resource officers:

- ☐ Beginning with the 2019-20 school year, and every school year thereafter, every school shall define the areas of responsibility of school personnel, security personnel and law enforcement in response to student misconduct that violates the code of conduct. A school district or charter school that employs, contracts with, or otherwise retains law enforcement or public or private security personnel, including school resource officers, shall establish a written contract or memorandum of understanding that is developed with stakeholder input, including, but not limited to, parents, students, school administrators, teachers, collective bargaining units, parent and student organizations and community members, as well as probation officers, prosecutors, defense counsels and courts that are familiar with school discipline. Such written contract or memorandum of understanding shall define the relationship between a school district or charter school, school personnel, students, visitors, law enforcement, and public or private security personnel. Such contract or memorandum of understanding shall be consistent with the code of conduct, define law enforcement or security personnel's roles, responsibilities and involvement within a school and clearly delegate the role of school discipline to the school administration. Such written contract or memorandum of understanding shall be incorporated into and published as part of the district safety plan CR155.17(c)(1)(xi)(a)
- ☐ security devices or procedures CR155.17(c)(1)(xi)(b)
- ☐ **Procedures for review and the conduct of drills and other exercises** to test components of the emergency response plan, including the use of tabletop exercises, in coordination with local and county emergency responders and preparedness officials CR155.17(c)(1)(xiv)
- ☐ **Strategies for improving communication** among students and between students and staff and reporting of potentially violent incidents, such as the establishment of youth-run programs, peer mediation, conflict resolution, creating a forum or designating a mentor for students concerned with bullying or violence and establishing anonymous reporting mechanisms for school violence CR155.17(c)(1)(xvi)
- ☐ A **description of the duties of hall monitors** and any other school safety personnel CR155.17(c)(1)(xvii)
- ☐ A **description of the training** required of all personnel acting in a school security capacity CR155.17(c)(1)(xvii)
- ☐ A **description of the hiring and screening process** for all personnel acting in a school security capacity CR155.17(c)(1)(xvii)
- ☐ Protocols for **responding to state disaster emergencies involving public health**; districts must adopt a continuation of operations plan in the event the governor declares a public health emergency involving communicable disease; Due April 1, 2021
- ☐ The designation of the superintendent, or superintendent's designee, as the district chief emergency officer whose duties shall include, but not be limited to: **(a)** coordination of the communication between school staff, law enforcement, and other first responders; **(b)** lead the efforts of the district-wide school safety team in the completion and yearly update of the district-

wide school safety plan and the coordination of the district-wide plan with the building-level emergency response plans; **(c)** ensure staff understanding of the district-wide school safety plan; **(d)** ensure the completion and yearly update of building-level emergency response plans for each school building; **(e)** assist in the selection of security related technology and development of procedures for the use of such technology; **(f)** coordinate appropriate safety, security, and emergency training for district and school staff, including required training in the emergency response plan; **(g)** ensure the conduct of required evacuation and lock-down drills in all district buildings as required by Education Law section 807; and **(h)** ensure the completion and yearly update of building-level emergency response plans by the dates designated by the commissioner. CR155.17(c)(1)(xix)

Policies and procedures for annual multi-hazard school safety training for staff and students providing that the district must:

- ☐ certify to the commissioner that all staff have undergone annual training by September 15, 2016 and each subsequent September 15th thereafter on the building-level emergency response plan which must include components on violence prevention and mental health, provided further that new employees hired after the start of the school year shall receive such training within 30 days of hire or as part of the district's existing new hire training program, whichever is sooner. CR155.17(c)(1)(xiii)

The district-wide safety plan must be available for public comment at least 30 days prior to its adoption. CR155.17(3)(i)

- ☐ Such district-wide plans may be **adopted by the school board only after at least one public hearing** that provides for the participation of school personnel, parents, students and any other interested parties. CR155.17(3)(i)
- ☐ Each district shall **submit its district-wide safety plan** and all amendments to such plan to the commissioner, in a manner prescribed by the commissioner, within 30 days after its adoption. Commencing with the 2019-2020 school year, such district-wide plans must be submitted no later than October 1, 2019, and each subsequent October 1st thereafter. CR155.17(3)(i)

Public Health Emergencies – Communicable Disease

Effective April 1, 2021, Labor Law §27-c, amends Labor Law §27-1 and adds a new provision to Education Law §2801-a. Labor Law §27-c requires public employers to develop operation plans in the event of certain declared public health emergencies. Education Law §2801-a requires school districts to develop plans consistent with the new Labor Law requirement. The new law requires public employers to prepare a plan for the continuation of operations in the event that the Governor declares a public health emergency involving a communicable disease. **Educational institutions must prepare plans consistent with Labor Law §27-c as part of their school safety plans pursuant to newly added subsection (2)(m) of Education Law §2801-a.** The Plan must include the following at a minimum:

- 1) A list and description of positions and titles considered essential with justification for that determination.
- 2) The specific protocols that will be followed to enable non-essential employees and contractors to telecommute.
- 3) A description of how the employer will, to the extent possible, stagger work shifts of essential employees and contractors to reduce workplace and public transportation overcrowding.
- 4) Protocols to be implemented to secure personal protective equipment (PPE) sufficient to supply essential workers with 2 pieces of each PPE device needed for each work shift for at least six months. This must include a plan for storage of such equipment to prevent degradation and permit immediate access in the event of an emergency declaration.
- 5) Protocols to prevent spread in the workplace in the event an employee or contractor is exposed, exhibits symptoms, or tests positive for the relevant communicable disease. Such protocols must include disinfection of the individual's work area and common areas. It must also address the policy on available leave with respect to testing, treatment, isolation or quarantine.
- 6) Protocols for documenting precise hours and work locations of essential workers for purposes of aiding in tracking the disease and identifying exposed workers in order to facilitate the provision of any benefits that may be available to them on that basis.
- 7) Protocols for coordinating with the locality to identify sites for emergency housing for essential employees to contain the spread of the disease, to the extent applicable to the needs of the workplace.

Details on this Plan are included in Appendix D (Communicable Disease - Pandemic Plan).

Remote Instruction Due to Emergency Conditions

Effective July 27, 2022, Commissioner of Education Regulations 100.1, 155.17, and 175.5 have been amended to address remote instruction and its delivery under emergency conditions. If a school district would otherwise close due to an emergency, including but not limited to, extraordinary adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of a school building, or a communicable disease outbreak, the school district may remain in session and provide remote instruction. Commencing with the 2023-2024 school year district-wide school safety plans shall include plans for the provision of remote instruction during any emergency school closure to include the following:

1. Policies and procedures to ensure computing devices will be made available to students or other means by which students will participate in synchronous instruction.
2. Policies and procedures to ensure students receiving remote instruction under emergency conditions will access internet connectivity.
3. Expectations for school staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction.
4. A description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate.
5. A description of how special education and related services will be provided to students with disabilities and preschool students with disabilities, as applicable, in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education.
6. For school districts that receive foundation aid, the estimated number of instructional hours the school district intends to claim for State aid purposes for each day spent in remote instruction due to emergency conditions pursuant to section 175.5.

Beginning in the 2022-2023 school year, each chief executive officer shall report to the Commissioner, no later than June 30 of each school year, on a form and format prescribed by the Commissioner, the results of the survey on student access to computing devices and access to internet connectivity

Our Remote Instruction Plan and Student Access Survey can be found in Appendix E.

Alyssa's Law

Effective June 23, 2022, Education Law 2801-a is amended to require schools to consider installation of Silent Panic Alarms in any school when reviewing and amending school safety plans. A Panic Alarm system is a silent security signal generated by the manual activation of a device intended to signal a life-threatening or emergency situation requiring a response from local law enforcement.

The District-wide School Safety Team discussed the issue of Silent Panic Alarms at their meeting on 08/22/2023. It was agreed that the Nassau County RAVE system installed and tested annually in our district meets this need.

School District Chief Emergency Officer

The **Superintendent of Schools is the Chief Emergency Officer** and through designated personnel will provide:

- Coordination of communication between school staff/law enforcement/first responders.
- Assistance in the selection of security related technology and procedures for its use.
- Coordination of safety, security, and emergency training for school staff.
- Assistance in required evacuation and lock-down drills completion as required by law.
- Assurance that all school district staff understands the District-Wide School Safety Plan.
- Assurance that the District-Wide School Safety Plan and Building-Level Emergency Response Plans are completed, reviewed annually and updated as needed.

Superintendent of Schools : Dr. Maria L. Rianna

District-Wide School Safety Team

The District-Wide School Safety Team was **appointed by the School District Board of Education** and will always include the representation noted below at a minimum. The major function of the District-Wide School Safety Team is to create the District-Wide School Safety Plan. The Team will meet routinely and will meet in the 2023-24 school year on **08/22/2023; 09/30/2023; 02/29/2024 ; 05/30/2024** . **Minutes will be kept for each meeting and attendance documented (see Appendix B).**

- **School Board Member** Maureen Jimenez
- **Teacher Representative** Steven Bromberg
- **Administrator** Victoria Galante
- **Director of Facilities** Viktor Tymchynyuk
- **Parent/Teacher Organizations** Alexis DiMaggio and Kelley Montesano
- **School Safety Personnel** Hector Rosario
- **Glen Cove Police Dept.** Christopher Ortiz and/or Peter DiMaggio
- **High School Principal** Allen Hudson III
- **Middle School Principal** Nelson Iocolano
- **Middle School Asst. Principal** Lawrence Carroll
- **Deasy School Principal** Erin Nastri
- **Gribbin School Principal** Randy Arnold
- **Connolly School Principal** Bryce Klatsky
- **Landing School Principal** Jacklyn Burnett
- **Health** Annmarie Baumel
- **Glen Cove Fire Department** Joseph Solomito

Responsibilities of the District-Wide School Safety Team

The District-Wide School Safety Team will be responsible to assess the vulnerability of the school district to violence and recommend to the Superintendent and School Board preventive actions that they feel are necessary. The Team will meet on a regular basis and minutes of each meeting will be kept. An agenda will be established prior to each meeting. The Team will maintain responsibility for auditing the District-Wide School Safety Plan to determine its success in violence prevention. Some of the teams' primary responsibilities will include:

- 1) **Annual multi-hazard school safety training will be completed by September 15th** including training programs for students and staff in **violence prevention and mental health** which may be included in existing professional development. New employees will receive training **within 30 days of hire**.
- 2) Dissemination of information regarding early detection of potentially violent behavior.
- 3) Developing response plans to acts of violence and address threats made by students against themselves, including suicide. Will also address methods for contacting parents/guardians when students make threats of violence against themselves.
- 4) Communicating the Plan to **students and staff and providing written information** about emergency procedures by **October 1st** of each school year. **See Appendix A**
- 5) Reviewing previous incidents of violence and examining existing records to identify patterns and trends that may indicate causes of violence (School Safety and Educational Climate (SSEC) including DASA and VADIR; OSHA 200 Logs; Incident Logs; Worker Compensation Reports; Police Reports; Accident Investigations; Grievances, etc.).
- 6) Making recommendations necessary for change.
- 7) Arranging for annual security analysis including the inspection of all buildings to evaluate the potential for violence. Possible evaluators include County and Local Police Departments, consultants or District-Wide School Safety Team Sub-Committee or Building-Level Emergency Response Team.
- 8) Recommending improved security measures based on school building inspection results.
- 9) Conducting annual school building survey of students and staff to identify the potential for violent incidents.
- 10) Reviewing survey results and recommending actions that are necessary.

Building-Level Emergency Response Team

The Building-Level Emergency Response Team is **appointed by the School Building Principal**. The major focus of this team is to create, monitor, and update the Building-Level Emergency Response Plan. This team, at a minimum will include the following representation:

- Teacher
- Administrator
- Parent Organization
- School Safety Personnel
- Bus Drivers and Monitors
- Community Members
- Law Enforcement
- Fire Officials
- Others

The **Building-Level Emergency Response Team** is responsible for selecting the following:

- **Emergency Response Team** (Core group of actual responders not to be confused with the Building-Level Emergency Response Team which is a larger team for the purposes of planning and monitoring) which has the following representation:
 - School Personnel
 - Law Enforcement Officials
 - Fire Officials
 - Emergency Response Agencies
- **Post-Incident Response Team** (Individuals who can assist in the medical and psychological aftermath of a violent incident or emergency) which has the following representation:
 - Appropriate School Personnel
 - Medical Personnel
 - Mental Health Counselors
 - Others (Psychologists, Social Workers, etc.)

Prevention and Intervention Strategies/Risk Reduction

Program Initiatives in the School District include

1. Non-violent **conflict resolution** training programs.
2. **Peer mediation** programs.
3. **Extended day** and other school safety programs.
4. **Youth-run** programs.
5. **Mentors** for students concerned with bullying/violence.
6. We have established an **anonymous reporting process** for school violence and are investigating the **Report It** on-line violence reporting system.
7. As part of the process of exercising emergency plans (lockdown, sheltering, evacuation, etc.) **all students are educated** on the reasons for testing emergency plans and are given an opportunity to ask questions. Specific training is provided on how to respond to emergency situations.
8. The building-level School Bulletin includes the **Safety Tip of the Week**.
9. **Safety Stations** have been established throughout all school buildings.
10. The **Fire Department** conducts annual training in all school buildings.
11. The School District participates in the **Adopt-A-Cop** program.
12. The **Safety Patrol** program.
13. We have implemented **PBIS** (Positive Behavior Intervention System).
14. **Second Step**.

Training, Drills and Exercises

The best way to train students and staff on emergency response procedures is through annual drills and exercises in each school building. After each drill/exercise or real event, teachers in each classroom will review the purpose of the drill with students. Based

on the determination of the District-Wide School Safety Team and the Building-Level Emergency Response Team, at a minimum, the following methods may be used:

- Early Dismissal drill to test communication and transportation (parents to be notified one-week prior to drill).
- Live drill including shelter-in-place, hold-in-place, evacuation, lockdown, and lockout.
- Live drill for specific responses (hostage taking, bomb-threat, etc.)
- Situational Drills
- Tabletop exercises
- Emergency Response Team exercises
- Building pre-clearance searches

The school district recognizes that critical evaluation of drills and exercises is the best learning experience and results in improved response procedures. As a result, the district will invite local agencies to participate in and to help evaluate all exercises. These agencies may include but not be limited to the Police and Fire Departments, Rescue and Ambulance Services, Local Office of Emergency Management and the local BOCES Health & Safety Office. The school district, at least once every school year, shall conduct one test of its emergency response procedures under each of its Building-level Emergency Response Plans including sheltering, lockdown, or early dismissal.

Education Law Section 807 requires eight (8) evacuation and four (4) lockdown drills to be completed in each school building every school year. De-briefings will occur after every drill or actual event.

*** Persons in charge of after school events and programs will inform all attendees of building emergency procedures, including evacuation routes, prior to the beginning of the event.**

Emergency Drills (Minimum Every School Year):

EDUCATION LAW 807	
<ul style="list-style-type: none">• <u>12 Drills Total Required for School Year</u><ul style="list-style-type: none">○ 4 Lockdowns and 8 Evacuations<ul style="list-style-type: none">▪ 4 of the evacuation drills through secondary means of egress▪ 1 drill during lunch or assembly unless instruction is provided during lunch or assembly• <u>2 Additional Drills Required during Summer School</u> (1 during first week)	
September	
October	<u>8 Drills by December 31st</u>
November	
December	
January	
February	<u>4 Drills for</u>
March	<u>Remainder of</u>
April	<u>School Year</u>
May	
June	
July	
August	<u>2 Additional Drills During Summer School</u>

Implementation of School Security

School safety personnel will help carry out the District-Wide School Safety Plan and may include anyone in the school community. These individuals have received appropriate annual training as required under the Regulation. Such training has been conducted in cooperation with the Police Department. These individuals are not to be confused with school security guards that we employ who are regulated under the New York State Security Guard Act that requires specific training, fingerprinting and background checks. All our Security Guards receive 8-hours of pre-assignment and 16-hours of in-service training along with an additional 8-hours of annual refresher training. Our contracted security company is a New York State licensed agency and all our **security guards** are also individually licensed.

Appropriate school building security measures and procedures have been determined by the District-Wide School Safety Team and Building-Level Emergency Response Team after review of school building procedures and practices, emergency response plan, code of conduct, security surveys/audits, and building-level climate surveys. Based on these findings we have implemented the following security measures:

- Entrance guards and hall monitors who received 2 days of staff development every school year.
- The School District has had a security audit/assessment of all school buildings conducted by the Nassau County Police Department in conjunction with our Building-Level Emergency Response Team.
- Visitors to the building will be questioned prior to entry into the building as to their business and if they have an appointment. If there is any question the building principal will be consulted. If this has been confirmed they will be admitted to the building where they will sign-in and be escorted to their destination. Upon completion of their business they will be escorted out of the building.
- Visitor badge/sign-in procedures – we utilize a yellow/red pass badge system. Upon entry into the building the visitor must show photo identification; then receives a red badge and is escorted to the main office. At the main office the person receives a yellow badge and is accompanied to their destination. Anyone in the building without a badge or with a red badge would be immediately questioned by building staff and the Security Director would be informed.
- Video surveillance – closed-circuit TV security.
- NYS certified security guards.
- A designated School District Security Director.
- On-going security audits.
- Random searches may be considered if deemed necessary.
- We will employ any other methods deemed necessary and constantly review our current practices.

Vital Educational Agency Information

Each Building-Level Emergency Response Plan will contain vital information such as school population, number of staff, transportation needs and telephone numbers of key educational officials.

Early Detection of Potentially Violent Behavior (Information & Training)

The District-Wide School Safety Team will make recommendations for appropriate annual training for students and staff in violence prevention and mental health (on-line training may be utilized). Training will include early warning signs of potentially violent behavior and early intervention/prevention strategies (**See Appendix C**). Training will be conducted by in-house staff, local agencies or others as deemed appropriate. New employees will receive training within 30 days of hire. Training for students and staff will be conducted annually and include:

- An explanation of what constitutes school violence and a description of the school Code of Conduct. Written information on early detection of potentially violent behavior and a summary of the Code of Conduct.
- Dissemination of the New York State Office of Mental Health one-page handout *What Every Teacher Needs to Know – Recognizing Suicide Risk in Students* and review of the “FACTS” warning signs.
- The district will utilize any resources available for violence prevention and mental health training including those found at the following websites:
<http://www.p12.nysed.gov/ssd/documents/MentalHealthResourcesforEducators.pdf>
<http://www.p12.nysed.gov/ssd/documents/SVPIRequiredComponents.pdf>.
- A description of the school district’s Violence Prevention Program and Safety Plan.
- Information on how to report incidents of violence including threats and verbal abuse.
- How to recognize and respond to school security hazards.

- Review of measures implemented to prevent school violence such as use of security equipment and safety procedures and how to diffuse hostile situations.
- How to summon assistance in the event of an emergency.
- Special procedures for bomb threats, hostage-taking, intrusions and kidnapping.
- Post-incident procedures including medical follow-up and the availability of counseling and referral.
- Student training will include post-drill or actual event review by classroom teachers.

Other methods for informing parents and students include

- Gang awareness programs with parental involvement.
- Operation Pride through Nassau County.
- Youth Pride.
- School social worker outreach.
- School counselor involvement.
- First and Second Step programs.
- Anger Management programs.
- Mailings twice a year to parents on violence prevention and early recognition.
- 21st Century program.
- Conflict resolution programs.

Records will be maintained of all participants along with their evaluation of the training program. Trainers will be knowledgeable and familiar with our District-Wide School Safety Plan.

Hazard Identification

As part of each Building-Level Emergency Response Plan, each Building-Level Emergency Response Team will determine sites of potential emergencies that may impact the individual school building. Such sites may include but not be limited to all school buildings, playground areas, properties adjacent to schools, off-site athletic fields, buses and off-site field trips. Specifically defined areas of current concern include:

- Long Island Railroad
- YMCA Swimming Pool (Chloride Storage)
- Flood Zone
- Water Tower
- Forest Avenue

Responses to Violence

(Incident reporting, Investigation, Follow-Up, Evaluation, and Disciplinary Measures)

All incidents of violence, whether-or-not, physical injury has occurred (verbal abuse, threats of violence, etc.), should be reported immediately and documented through the **School Safety and Educational Climate (SSEC) Summary Data Collection Form as part of the Dignity for All Students Act (DASA) and Violent and Disruptive Incident Reporting (VADIR)**. With the realization that employees and students may otherwise be reluctant to come forward, we will maintain confidentiality. Individuals will be assured that there will be no reprisal for reporting their concerns. Incidents will be reported as follows:

The School Building Principal/Administrator or Designee will be responsible for receiving and responding to all incident reports including anonymous reports. Information on the reporting process for students and staff will be provided as part of the violence prevention training program. Each incident will be reported to and evaluated by the District-Wide School Safety Team or Threat Assessment Team for the purpose of compiling data and evaluating the Violence Prevention Program.

Relationships have been established with the Police Department and other emergency response agencies at the building level. Representatives from these agencies participate on Building-Level School Safety Teams.

Reporting:

Once an incident has been reported, and depending on its severity, the School Building Principal/Administrator or Designee will assume responsibility as the Incident Commander.

- Report it to the Police Department – 911 will always be utilized as the first emergency contact method.
- Secure the area where the disturbance has occurred.
- Ensure the physical safety/medical management of students/staff remaining in the area as soon as possible.
- Ensure that while responding to the incident, the remainder of the building remains appropriately supervised.
- Quickly assess the area of the incident to determine damage as a result of the incident and if it is safe to remain. If necessary, evacuate or shelter as per the Building-Level Emergency Response Plans.
- Provide incident debriefing to students/staff as needed. Notify parents.

Investigation:

After the incident has occurred the Emergency Response Team/Threat Assessment Team will conduct a detailed investigation. It is the purpose of the Team to focus on facts that may prevent recurrence, not find fault. The Team conducting the investigation will:

- Collect facts on how the incident occurred.
- Record information.
- Identify contributing causes.
- Recommend corrective action.
- Encourage appropriate follow-up.
- Consider changes in controls, policy and procedures.

Follow-up:

The school district recognizes the importance of responding quickly and appropriately to the medical and psychological needs of students/staff following exposure to a violent incident. All individuals affected by a violent act in the school district will be provided with appropriate medical and psychological treatment and follow-up. Provisions for medical confidentiality and protection from discrimination will be included to prevent the victims of violent incidents from suffering further loss.

Evaluation:

The District-Wide School Safety Team is responsible for ensuring that an initial school building security analysis is conducted and periodically re-evaluated. These physical evaluations will focus on the identification and assessment of school building security hazards and address necessary changes in building practices. These evaluations will review the potential for different types of violent incidents including bomb threats, hostage-taking, intrusions, and kidnapping. Professionals will be utilized from local law enforcement and private consultants as necessary.

Disciplinary Measures:

The school district Code of Conduct will be the basis for determining the appropriate disciplinary measures that may be necessary.

Code of Conduct:

The school district has created a detailed Code of Conduct to describe the expected behavior of students, staff and visitors to school buildings and the disciplinary actions resulting for violations of the Code. The Code, which will be communicated to all students/staff and parents, will serve as a major component of our violence prevention program. The Code will be evaluated annually and revised as necessary to reflect changes in school policies and procedures. A copy of the Code of Conduct will be made available to students, parents, staff and community members. The **Code of Conduct was updated on (fill-in date)**, made available and posted on our website.

Emergency Response Protocols Notification and Activation (Internal and External Communication)

Quick and accurate contact with appropriate law enforcement officials is essential in the event of a violent incident. These relationships have been established by participation of local response officials on Building-Level Emergency Response Teams. These individuals and appropriate means of contact are documented in the Building-Level Emergency Response Plan.

Internal communication is also of prime importance and will be specifically defined in the Building-Level Emergency Response Plan. Depending on the nature of the emergency, some of the communication methods will include telephone, fax/e-mail, district radio system, NOAA weather radio, intercom, local media, emergency alert system, cellular phones, and others as deemed necessary. Appropriate notifications and methods will be determined by the District-Wide School Safety Team.

The Superintendent of Schools recognizes his/her responsibility to notify all educational agencies within the school district of a disaster and has established the following notification list

School	Phone	Fax	E-Mail
High School	516-801-7610	516-801-7619	ahudson@glenceschools.org
Middle School	516-801-7510	516-801-7519	niocolano@glencoveschools.org
Deasy Elementary School	516-801-7110	516-801-7119	enastri@glencoveschools.org
Gribbin Elementary School	516-801-7210	516-801-7219	rarnold@glencoveschools.org
Connolly Elementary School	516-801-7310	516-801-7319	bklatsky@glencoveschools.org
Landing Elementary School	516-801-7410	516-801-7419	jburnett@glencoveschools.org
Thayer House	516-801-7010	516-801-7019	mrrianna@glencoveschools.org
Carriage House	516-801-7051	516-801-7059	adhernandez@glencoveschools.org
Maintenance Shop	516-801-7095	516-801-7078	fzangari@glencoveschools.org
Friends Academy	516-676-0393		
Portledge	516-750-3100		
Boys & Girls Club			

In general, parent/guardian notification will be conducted by means of the phone tree of emergency contacts established in each school building or other mass notification system. However, in some cases it may be necessary to use other means such as local media. Prior arrangements have been established with the appropriate media.

The school district recognizes that many different types of emergency situations may arise resulting in emergency specific responses. A detailed listing of emergency responses are included in each Building-Level Emergency Response Plan, specifically addressing Criminal Offenses, Fire and Explosion, Medical Emergencies, Natural Hazards, System Failure and Technological Hazards. Each Building-Level Emergency Response Team will be responsible for reviewing and updating these responses and communicating them to students and staff. The following emergency situations are of prime importance:

Bomb Threats:

All school district administrators have familiarized themselves with the **Bomb Threat Standards outlined in the Building-Level Emergency Response Plan** so that appropriate decisions may be made depending on the exact nature of the situation. Issues such as searches, pre-clearance, weather conditions, evacuation, sheltering, notification, returning to the building and false bomb threat prevention are addressed in the Building Plan. The **FBI Bomb Threat Call Checklist** will be available at phone reception areas.

Hostage Taking:

The Building-Level Emergency Response Plan for **Missing/Abducted/Kidnapped Student** procedures will be followed in the event of a hostage situation. In general, the following response actions will be taken:

- The first person aware of the situation will immediately notify the principal's office and call 911.
- The school principal or designee will issue the appropriate alert if necessary and isolate the area.
- The school principal or designee will notify the School Superintendent. No response to the media will be given at this time.
- The school principal or designee will turn over authority to the police upon their arrival and assist as requested.

Intrusions:

The Building-Level Emergency Response Plan hazard specific procedures will be followed in the event of an intrusion. In general, the following response action will be taken:

- The first person becoming aware of an intruder or suspicious person will immediately report this information to the principal's office.
- The principal or designee will approach the intruder to determine the nature of their presence and ask them for identification.
- The principal or designee will accompany the individual(s) to the proper office or if no acceptable purpose can be ascertained, ask the individual(s) to leave. The principal or designee should ensure that the individual(s) has exited the building and alert staff to prevent unrecognized re-entry.
- If the individual(s) refuse to leave, inform them that they are in violation of the law and that the police will be notified. Notify building security if available and Dial 911 or other appropriate emergency notification.
- **If the situation escalates, plain language** will be utilized to notify all building occupants to lockdown according to pre-defined procedures.
- The School Superintendent's office will be notified so appropriate resources can be made available to the school district.
- The building principal should be prepared to relinquish authority and assist the first emergency responder from the police or emergency services.

Kidnapping:

The Building-Level Emergency Response Plan procedures will be followed in the event of a kidnapping. In general, the following response action will be taken:

- During school hours, **when a student has already been documented as present**, the first person aware of a kidnapping or missing student will immediately notify the principal's office who will obtain student information and photo I.D. School building staff and security personnel will search the building and also utilize the public announcement system.
- Parent/guardian will be notified. If student is not found, police will be notified.
- The school principal will turn over the investigation to the police upon arrival and assist as requested. No information is to be released to the media.
- Parents will be notified immediately if the student is located.
- During school hours, **when a student has not arrived at school**, parent or guardian will immediately be contacted. Parents should be asked to contact the school if the student is located.
- If a student is not legally absent, he/she could be lost, a runaway or truant (determine if any friends are also missing).
- The student's means of transportation to school should be reviewed. If student is not located, the police should be notified. Student information and photo I.D. will be obtained.
- The School Superintendent will be notified.
- The school principal will turn over the investigation to the police upon arrival and assist as requested. No information is to be released to the media.
- Parents will be notified immediately if the student is located.
- After school hours, **when a student has not arrived at home**, the school may be notified by a concerned parent/guardian.
- Gather any information available on the student and their departure from school.
- Advise parent/guardian to contact friends.
- Advise parent/guardian to contact police if student is not located. School principal or designee should be available for police investigation.
- Ask parent/guardian to re-contact school if student is located.

Responses to Acts of Violence Including Suicide Threats (Implied or Direct Threats)

Response actions in individual buildings will include:

- Implementation of the Incident Command System.
- Use of staff trained in de-escalation techniques.
- Inform building Principal.
- Determine level of threat with Superintendent (Activate Threat Assessment Team).
- Contact law enforcement agency, if necessary.
- Monitor situation, adjust response as appropriate, utilize Building Emergency Response Team if necessary.

Responses to Acts of Violence (Actual)

The following procedures will be followed when responding to actual acts of violence:

- Implementation of the Incident Command System.
- Determine the level of threat.
- If necessary, isolate the immediate area through a Hold-In-Place.
- Inform building Principal/Superintendent.
- If necessary, initiate lockdown procedure and contact appropriate law enforcement agency.
- Monitor situation, adjust response as appropriate, if necessary, initiate early dismissal, sheltering or evacuation procedures.

Response Protocols

Response protocols to specific emergencies will vary but usually will include the following:

- Implementation of Incident Command System
- Identification of decision makers
- Plans to safeguard students and staff
- Procedures to provide transportation, if necessary
- Procedures to notify parents
- Procedures to notify media
- Debriefing procedures

School Building Chain-of-Command Table

School Building	IC #1	IC #2	IC #3	Alternatives
High School	Allen Hudson III	Katie Prudente	Herenia Padilla	N/A
Middle School	Nelson Iocolano	Thomas Pye	Lawrence Carroll	N/A
Deasy Elementary	Erin Nastri	Scott Blanco	Erica Moza-Villalobos	Susan Poulos Lawrence Nadel Ashley Ghiraldi
Gribbin Elementary	Randy Arnold	Albert Plude	A. Lexi Ramos	TBD
Connolly Elementary	Bryce Klatsky	Michael Fitzpatrick	Donna Van Allen	Kristen Schaefer Allison D Hernandez Susan Poulos

Landing Elementary	Jacklyn Burnett	Jason Dipnarinesingh	Cheryl Patterson	Victoria Schilling Kimberly Riso
--------------------	-----------------	-------------------------	------------------	---

Emergency Assistance and Advice from Local Government

Depending on the nature of the emergency, the school district may need to obtain assistance from local government agencies. During an emergency the Incident Commander will contact 911 to obtain emergency services. Other agencies that may be contacted to obtain assistance may include the Red Cross, Fire Department, Local Police Department, Nassau County Office of Emergency (Commissioner), Nassau County Department of Mental Health, Nassau BOCES District Superintendent, Private Industry Groups, Religious Organizations, among others. For specific assistance beyond the scope of the school district's resources, the Nassau County Office of Emergency Management will coordinate with State and Federal agencies and assist in all post-incident response. These contacts are clearly delineated in the Building-Level Emergency Response Plans.

District Resources Use and Coordination

Building-Level Emergency Response Plans will address the identification, availability, and use of resources. This will include procedures for coordination of these resources including manpower and Chain-Of-Command.

Protective Action Options

Building-Level Emergency Response Plans, which are confidential, address the following response actions as determined by the nature of the emergency. Specific response actions are explained in detail in each building plan:

- **School Cancellation** (Conditions warrant making a decision not to open schools)
- **Early Dismissal** (Conditions warrant returning students to their homes)
- **Evacuation** (Conditions in the building are unsafe warranting relocation)
- **Sheltering** (Conditions warrant movement to a safe place in the building)
 - **Shelter-In-Place (weather related)**
 - **Shelter-In-Place (Generic/Non-specific Bomb Threat)**
 - **Shelter-In-Place (Specific Bomb Threat)**
- **Hold-In-Place** (Conditions warrant isolation of a specific area of the building – usually short-term)
- **Lockdown** (The most serious situation for a school – a threat is in the building)
- **Lockout** (A threat exists outside the school building or in the vicinity)

National Terrorism Advisory System (NTAS)

NTAS advisories – whether they be Alerts or Bulletins – encourage individuals to follow the guidance provided by state and local officials and to report suspicious activity. Where possible and applicable, NTAS advisories will include steps that individuals and communities can take to protect themselves from the threat as well as help detect or prevent an attack before it happens. Individuals should review the information contained in the Alert or Bulletin, and based upon the circumstances, take the recommended precautionary or preparedness measures for themselves and their families.

Bulletin:

Describes current developments or general trends regarding threats of terrorism.

Elevated Threat Alert:

Warns of a credible terrorism threat against the United States.

Imminent Threat Alert:

Warns of a credible, specific, and impending terrorism threat against the United States.

Individuals should report suspicious activity to local law enforcement authorities. Often, local law enforcement and public safety officials will be best positioned to provide specific details on what indicators to look for and how to report suspicious activity. The ***If You See Something, Say Something™*** campaign across the United States encourages the public and leaders of communities to be vigilant for indicators of potential terroristic activity, and to follow the guidance provided by the advisory and/or state and local officials for information about threats in specific places or for identifying specific types of suspicious activity.

Recovery – School District Support for Buildings

The Emergency Response Teams and the Post-Incident Response Teams will be supported in their efforts by all available in-district resources and personnel as required by the nature of the emergency. County and State resources and personnel will be obtained as dictated by the nature of the emergency.

A School District Support Team will be available when necessary to assist all school buildings in their response effort. This Team will be composed of

- | | |
|---|----------------------|
| ➤ Superintendent of Schools or Designee | - Dr. Maria Rianna |
| ➤ School Business Official | - Victoria Galante |
| ➤ Human Resources | - Unal Karakas |
| ➤ Director of Facilities | - Viktor Tymchynyuk |
| ➤ Transportation Coordinator | - Victoria Galante |
| ➤ Technology | - Cory Kindelmann |
| ➤ Food Service Director | - Carly Prusher |
| ➤ Head Nurse | - Annmarie Baumel |
| ➤ School Psychologist | - Dr. Annalise Henry |

Disaster Mental Health Services

The **Building-Level Emergency Response Team** will designate the **Post-Incident Response Team** in each school building to respond in crisis situations and help provide disaster mental health services as outlined in our **Building-Level Emergency Response Plan**. Depending on the scope of the situation, the Nassau County Office of Emergency Management and Department of Mental Health may be contacted to help coordinate a County or State-Wide effort.

Threat Assessment

Threat Assessment is a fact-based investigative and analytical approach that:

- Focuses on what a particular student is doing and saying; and
- Not on whether the student "looks like" those who have attacked schools in the past.
- Threat assessment emphasizes the importance of such behavior and communications for identifying, evaluating, and reducing the risk posed by a student who may be thinking about or planning for a school-based attack.

The Six Principles of Threat Assessment:

1. Targeted violence is the end result of an understandable, and oftentimes discernible, process of thinking and behavior.
2. Targeted violence stems from an interaction between the individual, the situation, the setting, and the target.

3. An investigative, skeptical, inquisitive mindset is critical to successful threat assessment.
4. Effective threat assessment is based upon facts, rather than characteristics or traits.
5. Threat assessment is guided by an integrated systems approach.
6. The central question in a threat assessment inquiry is whether a student poses a threat, not whether a student made a threat.

Please see the following documents and **Appendix F** for further Threat Assessment guidance:

Enhancing School Safety Using a Threat Assessment Model; United States Secret Service, 2018. [Enhancing School Safety Using a Threat Assessment Model \(cisa.gov\)](https://www.cisa.gov/enhancing-school-safety-using-a-threat-assessment-model)

Averting Targeted School Violence; United States Secret Service, 2021. [USSS Averting Targeted School Violence.2021.03.pdf \(secretservice.gov\)](https://www.secretservice.gov/averting-targeted-school-violence-2021-03.pdf)

Forms and Recordkeeping

The success of our Violence Prevention Program will be greatly enhanced by our ability to document and accurately report on various elements of the program along with training staff on our Plan. This will allow us to monitor its success and update the program as necessary. Forms, resources, and training materials have been developed for this purpose and can be obtained on the **Nassau Schools Emergency Planning Consortium Website** at:

www.nassauschoolemergency.org under the **Safety Plans** tab.

APPENDIX A

Parents/Students/Staff Annual Notification

DRAFT

GLEN COVE CITY SCHOOL DISTRICT

EMERGENCY PLANNING • A GUIDE FOR PARENTS/STUDENTS/STAFF

The Glen Cove City Schools have always been serious about being prepared for emergencies. Each year, the District's entire Emergency Plan is reviewed and updated to meet New York State regulations. The plan addresses an enormous range of issues, from dealing with the onset of a crisis situation, to addressing the psychological and emotional needs of students and adults in its aftermath.

When an emergency occurs, the first and foremost concern of every staff member is the safety of the children in our care. This guide provides a brief description of how the school district will manage an emergency and how parents can support those vital efforts.

GENERAL INFORMATION:

The _Glen Cove City School District has established a **District-Wide School Safety Plan (which is posted on our website at <https://www.glencoveschools.org/>** and a **Building-Level Emergency Response Plan** for each School Building in the District. **The Building-Level Emergency Response Plan is a confidential document which cannot be shared with the public.** Each of these plans is coordinated with police, fire and other officials in the county and state-wide agencies.

WHAT ARE THE SCHOOL SECURITY PROCEDURES?

All doors that lead to the outside are locked when school is in session. In order to enter the building, the parent/visitor may only enter through the main entrance and must obtain a visitor's pass. Any unauthorized person on school property will be reported to the school Principal or designee. Unauthorized persons will be asked to leave. School personnel are required to wear photo ID badges for identification purposes. Children are instructed to look for these ID badges. Visitors are required to wear a temporary badge which indicates an individual is an authorized visitor.

HOW WILL THE SCHOOL RESPOND TO AN EMERGENCY?

The Superintendent of Schools or Designee may implement one of the following emergency response procedures:

1. **Go-Home-Early:** Returns students to their homes and family as quickly as possible. Schools maintain the names and contact numbers of family/guardians, and identify students with special needs. **No student will be released to an empty home.**
2. **Shelter:** Keeps students and staff in their buildings in a secure location when it is safer to stay inside than go out. Generally, sheltering is for a short time until it is safe to either evacuate to another building, or to send students home. However, the District is prepared to shelter students as long as necessary. This option may even be utilized during a bomb threat if specific procedures are followed.
3. **Evacuation:** Requires all building occupants to leave the building and go to a pre-determined, safe location outside of the school building. Evacuation could mean going outside to the evacuation site until the danger has passed. It could also mean going to the evacuation site with the intention to be **transferred** to another location. Circumstances in which this could happen would include severe weather outside, or a very dangerous hazard that requires students to be out of the area of the school. Evacuation locations are not given out to the general public

for safety reasons. However, if students are transferred to another location, parents/guardians will be notified as soon as students are settled and safe.

4. **Lockout:** A lockout is a procedure which allows the school to continue with a normal day inside the building, but locks out any unauthorized persons into the building. A situation which could warrant this would be a dangerous person or threat in the community or area. **Students will not be released to parents/guardians when a lockout is in progress.**
5. **Lockdown:** A lockdown of the building requires all students and staff to remain in the room that they are in, lock all doors and stay out of sight. Students and staff that are in the hallway are to go to the nearest classroom. The presence of an intruder is one reason to invoke this type of response. The only way a lockdown can end is by emergency responders physically releasing all locations that are locked down. **Students will not be released to parents/guardians when a lockdown is in progress.**

WHAT KIND OF EMERGENCIES DOES THE SCHOOL DISTRICT'S EMERGENCY PLAN ADDRESS?

- Criminal offenses such as bomb threats, kidnapping or violent behavior
- Natural hazards such as severe weather
- Environmental hazards, for example, exposure to hazardous materials, fire, explosions or plane crash
- Medical emergencies including serious contagious disease, accident or illness of a student or staff member

ARE THERE EMERGENCY PLANNING DRILLS?

Yes, New York State regulations require school districts to test their emergency plans in each school building through exercises and drills. Parents/guardians will be informed of these drills, without specific details, to ensure safety.

SHOULD I PICK UP MY CHILD AT SCHOOL DURING AN EMERGENCY?

Not unless directed to do so. While every parent's natural instinct in an emergency is to go to the school to protect his/her own child, it is important to realize that doing so may significantly affect the District's ability to respond to the situation. For example, cars driving up to the building will restrict access by emergency vehicles that are responding to the emergency, or school buses that are loading children to evacuate them or take them home. The building's staff will be actively working to ensure the safety of all students. It may seem logical that every student taken home by a parent reduces the responsibility of the staff, but in a fast moving situation that requires a great deal of careful coordination and communication, it actually makes the critical task of keeping track of students more difficult.

HOW WILL PARENTS/GUARDIANS AND STUDENTS BE REUNITED?

An area will be designated for parents to pick up students. Photo identification must be shown in order for a student to be brought to the reunification area.

WHAT PROVISIONS ARE MADE FOR STUDENTS WITH DISABILITIES?

Every school building has a plan of action to evacuate any student with special needs.

WHERE CAN I GET INFORMATION DURING AN EMERGENCY?

Chances are that you will have difficulty reaching the school by phone when you try. The school will be making every effort to contact you through automated calling systems and our website. The schools have every child's emergency contact information that they have readily available for emergencies. Other sources of information include the PTA Presidents. School officials may utilize the parent organizations to activate their phone chains. TV News 12 and local media will also be utilized.

WHAT CAN I DO TO PLAN AHEAD?

The two most important things you can do are:

1. **Make sure your child's school has the most up-to-date emergency contact information.**
2. **Review with your child any alternative arrangements you have made in case an emergency prevents you from being home.**

IF YOU NOTICE ANY OF THESE WARNING SIGNS, TAKE ACTION!

Signs that a student may be at risk include the following F-A-C-T-S:

- **FEELINGS** like expressing hopelessness about the future, seeming sad and unhappy, being anxious and worried, or getting angry and aggressive.
- **ACTIONS** like withdrawing from activities or friendships, doing risky, dangerous things like drinking & driving, or researching ways to die online.
- **CHANGES** in the normal mood and behavior of your student. In some ways, this may be what is easiest for you to notice. If you observe changes that concern you, reach out to others in the student's life (i.e., parents, teachers, friends, religious leaders, etc.) to see if they've also noticed changes.
- **THREATS** are sometimes direct like "I'd rather be dead". They can also be vague like "I just don't care about anything anymore."
- **SITUATIONS** are events that can serve as triggers for the suicidal behavior. These can include things like getting into trouble at home or school or with the law, experiencing some type of loss or facing a life change that may be too overwhelming for the student to deal with on their own.

SUICIDE IS PREVENTABLE.

By taking time to notice and reach out to someone you feel is at risk, **you** can be the beginning of a positive solution.

**Youth Suicide Prevention
is Everyone's Business!**

YOUR ROLE AS A TEACHER IS CRITICAL

Does teaching seem to get harder every year?

Are there more requirements, more testing, and less time for you to think—let alone plan?

Are you expected to take more responsibilities for your students, even when they are more challenging and when some of them may be at-risk for suicide?

Did you know that according to national data:

Almost 30% of 9th through 12th grade students have felt so sad or helpless during the course of an academic year that they couldn't do the things they normally do?

Or that there has been a dramatic rise in the suicide attempt rate for 10 to 14 year olds?

Or that suicide is the 2nd leading cause of death for youth in New York State?

Who are these kids?

They're sitting in your classrooms every day.

Although your job is to teach them, not diagnose them, there are ways that can help you better identify these struggling students and get them to someone who is trained to make a more complete assessment of their needs. Students who are thinking about suicide are not concentrating on school work; they are often preoccupied with problems that seem overwhelming and unsolvable.

Your role in this process is critical but very limited and is often the first step in getting students the help they need.

So how do you accomplish this?

By doing what you do best—simply paying attention to your students and knowing where to send them in your school if you notice anything that concerns you.

The majority of those students who are thinking about suicide show direct or indirect warning signs. These are things that reflect a change in the student's behavior, attitude or feelings from as little as two weeks ago.

Some common warning signs are listed on the back panel of this brochure. If you see any of these, your responsibility is to get that student to the appropriate resources in your building.

Remember, your job isn't to figure out what the problem is—It's simply to get this student help.

Be sure to follow up with that resource person to ensure action is being taken and check in with the student to see how things are going. If you continue to be concerned, let that resource person know.

Suicide risk doesn't immediately disappear once an intervention is made, so keep your eyes open!

Noticing and referring potentially at-risk students are only the beginning of the suicide prevention equation. Equally important is your role in encouraging students to seek help if they have a problem and to turn to a trusted adult for support.

Help-seeking is called a protective factor, the kind of thing that can buffer us from life stressors.

The single most important protective factor for youth is a relationship with one trusted adult. As you know too well, many of your students may not have very supportive situations outside of school, so their trusted adult is often someone in their school community.

What does it take to be a trusted adult to a student?

Here's how students describe it:

- Making time to talk, even if your schedule is tight
- Taking my concerns seriously, no matter how trivial they seem
- Not telling me "it will be better tomorrow"
- LISTENING! Recognizing you probably can't fix what I'm worried about but just listening to me talk about it can help
- Being honest if you think you have to tell someone else about my problem
- Taking action when it's necessary
- Remembering what we talked about and asking me about it later

When you review this list, you'll probably find that these are the same things you look for in someone to whom you turn for help—It's no different! While simply listening to a student talk about suicide can be very difficult, remember, it's the first step in the process.

That critical next step is getting that student to the resources in your school that can offer more help!

APPENDIX D

Communicable Disease - Pandemic Plan

2801-a (2)(m) District-wide Safety Plan:

Protocols for a State Disaster Emergency Involving a Communicable Disease

On September 7, 2020, Governor Cuomo signed into law Chapter 168 of the Laws of 2020, as amended by Chapter 30 of the Laws of 2021 that requires public employers, including public school districts, to adopt a continuation of operations plan in the event that the governor declares a state disaster emergency involving a communicable disease. The legislation (S.8617-B/ A.10832) amends subdivision 2 of [section 2801-a of New York Education Law](#) to require that District Safety Plans include protocols for responding to a state disaster emergency involving a communicable disease that are “substantially consistent” with the provisions of section 27-c of the Labor Law. As a result of this change, the Board of Regents adopted amendments to Commissioner’s Regulation §155.17 in April 2021, that were that were made permanent at the July 2021 meeting of the Board of Regents.¹

Pursuant to the amendments to New York Education Law §2801-a and Commissioner's Regulation §155.17, the district-wide school safety team should incorporate required continuation of operations components in the District-wide School Safety Plan. Amendments to the District-wide School Safety Plan must be made available for public comment at least thirty (30) days prior to adoption and may be adopted by the school board (or governing body) only after at least one (1) public hearing that provides for the participation of school personnel, parents, students, and any other interested parties.

a.) A list and description of the types of positions considered essential in the event of a state-ordered reduction of in-person workforce as a result of a state disaster emergencies involving public health. Such designation may be changed at any time in the sole discretion of the employer.

Consider whether cafeteria, transportation and/or other staff may be necessary for meal preparation and delivery to homes; check-ins with students and technology delivery systems; staff providing mental health or technology services; business staff for continued operations, and other staff providing services to students.

<u>Essential Position Type</u>

¹ See April 2021 Regents Meeting Agenda Item: Proposed Amendment to §155.17 of the Regulations of the Commissioner of Education Relating to District-wide School Safety Plans at: <https://www.regents.nysed.gov/common/regents/files/421p12a1.pdf> and July 2021 Regents Meeting Item: Proposed Amendment to §155.17 of the Regulations of the Commissioner of Education Relating to District-wide School Safety Plans at: <https://www.regents.nysed.gov/common/regents/files/721brca9.pdf>

--

b.) A description of protocols the employer will follow for non-essential employees to telecommute including, but not limited to, facilitating or requesting the procurement, distribution, downloading and installation of any needed technology, including software, data, and the transferring of office phone lines to work or personal cell phones as practicable or applicable to the workplace, and may include devices.

Telecommuting Protocol: Technology

c.) A description of how the employer will, to the extent possible, stagger work shifts of essential employees to reduce overcrowding on public transportation systems and at worksites.

Work shift Modification(s)

d.) A description of the protocol the employer will implement, in order to procure the appropriate Personal Protective Equipment (PPE) for essential employees, based upon the various tasks and needs of such employees in a quantity sufficient to provide personal protective equipment to each essential employee during any given work shift. Such description shall also include a plan for storage of such equipment, to prevent degradation and permit immediate access, in the event of an emergency declaration.

Personal Protective Equipment (PPE) Protocol

Plan for Storage/Access

--

e.) A description of the protocol, in the event an employee is exposed to a known case of the communicable disease that is the subject of the state disaster emergency, exhibits symptoms of such disease, or tests positive for such disease in order to prevent the spread or contraction of such disease in the workplace. Include actions to be taken to immediately and thoroughly disinfect the work area of any employee known or suspected to be infected with the communicable disease as well as any common area surface and shared equipment, and employer policy on available leave to receive testing, treatment, isolation, or quarantine.

Consider disinfection protocols, substitute workers, testing and tracing.

Employee Exposure Protocol

Disinfection Protocol

Page 10 of 10

Employer Policy on Available Leave to Receive Testing, Treatment, Isolation, or Quarantine

 Türkiye Cumhuriyeti
 Millî Eğitim Bakanlığı
 Türkiye Cumhuriyeti
 Millî Eğitim Bakanlığı

f.) A protocol for documenting hours and work locations, including off-site visits, for essential employees. Such protocol shall be designed only to aid in tracking of the disease and to identify the population of exposed employees, to facilitate the provision of any benefits which may be available to certain employees and contractors on that basis.

Consider daily symptom checks, absences, and supervisor notification.

Hours and Work Locations Protocol

--	--

g.) A protocol for how the public employer will work with such employer's locality to identify sites for emergency housing for essential employees in order to further contain the spread of the communicable disease that is the subject of the declared emergency, to the extent applicable to the needs of the workplace.

Emergency Housing Protocol

1. Residence Inn Garden City (516-742-2500)
2. Garden City Hotel (516-747-3000)
3. La Quinta (516-705-9000)
4. Hyatt Place (516-222-6277)
5. Hampton Inn (516-227-2720)
6. Long Island Marriott Uniondale (516-794-3800)
7. Hilton Garden Inn Westbury (516-683-8200)
8. Courtyard by Marriott Westbury (516-542-1001)
9. Holiday Inn Westbury (516-997-5000)
10. Red Roof Plus Garden City (516-794-2555)

h.) Other requirements determined by the department of health such as contact tracing or testing, social distancing, hand hygiene and disinfectant, or mask wearing.

Department of Health Requirements

Date draft was presented to employee representative(s): _____

Date finalized: _____

Location of publication: _____

Definitions included in the legislation are provided below.

Essential worker: *is required to be physically present at a work site to perform his or her job. **Such designation may be changed at any time in the sole discretion of the employer.***

Non-essential worker: *is not required to be physically present at a work site to perform his or her job. **Such designation may be changed at any time in the sole discretion of the employer.***

Personal protective equipment: *all equipment worn to minimize exposure to hazards, including gloves, masks, face shields, foot and eye protection, protective hearing devices, respirators, hard hats, and disposable gowns and aprons.*

Communicable disease: *an illness caused by an infectious agent or its toxins that occurs through the direct or indirect transmission of the infectious agent or its products from an infected individual [or via an animal, vector or the inanimate environment to a susceptible animal or human host].*

Retaliatory action: *the discharge, suspension, demotion, or discrimination against any employee, or other adverse employment action taken against an employee in the terms and conditions of employment.*

APPENDIX E

Remote Instruction Plan & Student Access Survey

Remote Instruction Due to Emergency Conditions

Effective July 27, 2022, Commissioner of Education Regulations 100.1, 155.17, and 175.5 have been amended to address remote instruction and its delivery under emergency conditions. If a school district would otherwise close due to an emergency, including but not limited to, extraordinary adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of a school building, or a communicable disease outbreak, the school district may remain in session and provide remote instruction. Commencing with the 2023-2024 school year district-wide school safety plans shall include plans for the provision of remote instruction during any emergency school closure to include the following:

1. Policies and procedures to ensure computing devices will be made available to students or other means by which students will participate in synchronous instruction.

All our students Pre-K - 12 have computing devices already assigned to them by the district. Students in grades Pre-K - 2nd have iPads assigned to them, while students in grades 3rd - 12th have Chromebooks assigned to them.

2. Policies and procedures to ensure students receiving remote instruction under emergency conditions will access internet connectivity.

The school district participates fully in the SED Digital Access Survey along to assess how many students have internet access at home. The district provides hotspots to any families that indicate a need for reliable internet to facilitate access to learning at home for students.

All faculty should have an alternative general activity for students in the instance that

widespread power outages or other disruptions to connectivity occur preventing synchronous connection. If students lose connectivity, then the expectation is they will complete the alternate assignment provided.

3. Expectations for school staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction.

- Attend school online during regular school hours and follow a standard school schedule
- Students' daily schedule will be followed
- Instruction will be both synchronous [live instruction by a teacher via GoogleMeet] and asynchronous [assignments/lessons to be viewed at student's own pace in Google Classroom]
- Complete the work assigned and submit all required assignments by the due dates
- Be present and engaged in virtual instruction each day within the designated schedule, attendance taken
- Access curriculum, assignments, and GoogleMeet links via Google Classroom
- Participate in scheduled "live" GoogleMeet meetings for lessons, and/or small group instruction as scheduled:
 - The virtual day will follow the same schedule framework as the HS, MS, Elementary Schools, and Primary Schools to which the student is assigned. As with all school schedules, appropriate breaks will be included in the daily schedule for students and faculty, including time for lunch. Students will attend all assigned classes at their scheduled time. The method of instructional delivery will vary to facilitate appropriate screen time per age level within these parameters. [Teachers must be available virtually for academic support as they would be for in-person instruction]. Teachers will utilize a combination of synchronous (PreK-12th: Google Meet) and asynchronous instruction (PreK-2nd SeeSaw and 3rd - 12th Google Classroom). There are a variety of content rich, web-based applications

available in ClassLink for the students and staff to utilize for both synchronous and asynchronous instruction. However, synchronous instruction must comprise the majority of instructional time.

- o In addition to GoogleMeet, 6-12 students are encouraged to seek assistance from teachers, guidance counselors, and to advocate for themselves via email.

- o K-6 students may be issued some consumable materials [for long term]

- o Parent meetings and/or conferences may be scheduled to occur virtually

4. A description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate.

During a fully remote lesson, the teacher begins each class period with whole class instruction and may utilize a mix of small group instruction and independent work to provide students with differentiated forms of instruction. Using a variety of methods, teachers will engage students in high quality learning activities. These activities must engage students in the learning process. Teachers will provide assistance to students in this mode of instruction through asynchronous and synchronous methods outlined above.

Our district has developed an emergency remote instruction plan that would support all students. When a remote learning model is necessary, certain groups of students will be

prioritized for in-person learning to the greatest extent possible, depending on the nature of the emergency. This includes, but is not limited to, special education students, English language learners, and students with technology or connectivity needs.

5. A description of how special education and related services will be provided to students with disabilities and preschool students with disabilities, as applicable, in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education.

Students will receive Special Education and Related Services according to their programmatic day schedule, and will be seen in their small related service groups as applicable to each student abiding by their individualized education programs.

It is the expectation that all service providers (e.g., teachers, paraprofessionals, related service providers) will sign-on to the remote learning platform to support students as

needed. This will include large classroom settings in the remote learning environment, as well as the use of breakout rooms or one-on-one virtual meetings as necessary.

6. For school districts that receive foundation aid, the estimated number of instructional hours the school district intends to claim for State aid purposes for each day spent in remote instruction due to emergency conditions pursuant to section 175.5.

For students in full-day Pre-kindergarten, kindergarten and grades 1 through 6, a minimum of 900 instructional hours. For students in grades 7 through 12, a minimum of 990 instructional hours.

DRAFT

APPENDIX F

Threat Assessment Guidance

**U.S. Department of Homeland Security
United States Secret Service
Creating a Comprehensive Targeted Violence Prevention Plan**

The July 2018 report from the United States Secret Service highlights the many factors necessary for creating a school violence prevention plan including physical security, emergency management and violence prevention through a threat assessment process. The basis of this document focuses on violence prevention by the creation of a Comprehensive Targeted Violence Prevention Plan. Components of the Plan include the following:

1. Forming a Multidisciplinary Threat Assessment Team
2. Identifying Behaviors of Concern
3. Establishing Central Reporting Mechanisms
4. Defining the Threshold for Law Enforcement Intervention
5. Establish Threat Assessment Procedures
6. Develop Risk Management Options
7. Promoting Safe School Climates
8. Providing Training to Stakeholders

New York State has been a leader and National model for violence prevention in schools through the creation of the SAVE (Safe Schools Against Violence in Education) legislation in 2000 along with more recent revisions and guidance on the law reflecting lessons learned from violent incidents across the Country. The following information compares the recommendations from the U.S. Secret Service with existing requirements and guidelines in New York State.

U. S. Secret Service Recommendations	NYS Requirements & Guidelines
Step 1: Threat Assessment Team <ol style="list-style-type: none">a. District-wide or School Building Teamb. Variety of Disciplinesc. Specific Designated Leaderd. Protocols and Procedurese. Meet on a Regular Basis	The SAVE legislation requires school districts to have a District-wide School Safety Team; Building-level Emergency Response Team; Emergency Response Team and Post-Incident Response Team . There is cross-sectional representation of the school community with specific leadership. Teams are encouraged to meet at least 4 times annually and many meet monthly.
Step 2: Define Prohibited & Concerning Behaviors <ol style="list-style-type: none">a. Threatening or Violent Actions; Weapons; Bullying/Harassment; Criminal Behavior.b. Performance Decline; Absenteeism; Withdrawal/Isolation; Change in Behavior or Appearance; Drug/Alcohol Use; Depression or other Emotional/Mental Health Symptoms.c. Threshold for Intervention Should be Low.	The SAVE legislation also has requirements for recognizing, reporting and documenting threatening and violent actions through School Safety and the Educational Climate (SSEC) provisions. This consists of the Dignity for all Students Act (DASA) and Violent and Disruptive Incident Reporting (VADIR) which includes Homicide; Sexual Offense; Assault; Weapons Possession; Discrimination, Harassment, and Bullying; Bomb Threats; False Alarms; and Use, Possession and Sale of Drugs and Alcohol. The mandated Code of Conduct sets the Standard.

d. Identify Other Concerning Statements or Actions.	
Step 3: Create a Central Reporting Mechanism <ul style="list-style-type: none"> a. Establish One or More Reporting Mechanisms (on-line, email, phone, etc.) b. Promote and Provide Training on Reporting System. Make sure everyone knows their roles. c. Establish monitoring and response protocols. d. Establish anonymous reporting procedures. e. Act quickly, appropriately and maintain confidentiality. 	Reporting systems exist and anonymous reporting is encouraged. In New York State schools are encouraged to adopt the concept “If You See Something, Say Something.” There are existing requirements for reporting of child abuse in the home along with training for mandated reporters. Additional requirements exist for reporting of suspected child abuse within the educational setting. Timeframes are established for reporting.
Step 4: Threshold for Law Enforcement <ul style="list-style-type: none"> a. Weapons, threats, physical violence, safety of individual. b. Importance of law enforcement representation on team. 	The SAVE legislation requires representation of law enforcement on the Building-level Emergency Response Team. School districts are encouraged to report weapons, threats, physical violence, and anything concerning the safety of an individual to law enforcement.
Step 5: Establish Threat Assessment Procedures <ul style="list-style-type: none"> a. Standardized Incident Form. b. Consider different sources of information. c. Examine online social media, desks, lockers. d. Examine academic, disciplinary, law enforcement and other formal records. e. Establish rapport with student and guardian. f. Evaluate the behavior in the context of age and social/emotional development. g. Investigate Themes: Motives; Communications, Inappropriate Interests; Weapons Access; Stressors; Emotional or Developmental Issues; Desperation or Despair; Violence as an Option; Concerned Others; Capacity to Carry Out an Attack; Planning; Consistency; Protective Factors. 	School districts use standardized incident reporting forms which become the basis for the annual School Safety and the Educational Climate (SSEC) Summary Form. Emergency response procedures are required to be shared with parents, students and staff by October 1 st of each school year.
Step 6: Develop Risk Management Options <ul style="list-style-type: none"> a. Individualized Management Plan. b. Need for Monitoring or Guidance. c. Available Resources. d. Removal and its impact on monitoring and maintaining connection. e. Notify law enforcement immediately if student is thinking about or planning to engage in violence. f. Address the safety of any potential targets. g. Create a situation that is less prone to violence. h. Remove or redirect the student’s motive. i. Reduce the effect of stressors. 	Addressed in the SAVE legislation and required to be defined in the Building-Level Emergency Response Plan.
Step 7: Create/Promote Safe School Climate <ul style="list-style-type: none"> a. Build culture of safety, respect, trust and social/emotional support. b. Encourage teachers/staff to build positive, trusting relationships with students. c. Break down “codes of silence.” d. Help students feel connected to the school community and classmates. e. Identify clubs or teams at school. 	The Dignity for all Students Act (DASA) promotes a safe school climate through requirements for Dignity Act Coordinators in school buildings. DASA Coordinators are required to complete specific training in order to fulfill their responsibilities.

<ul style="list-style-type: none"> f. Support Positive Behavioral Interventions and Supports (PBIS) programs. g. Encourage student involvement. 	
<p>Step 8: Conduct Training for all Stakeholders</p> <ul style="list-style-type: none"> a. School safety is everyone's responsibility. b. All employees require training. c. Students need training on the threat assessment process, reporting process, breaking the code-of-silence and confidentiality. d. Parents need training on their role in the threat assessment process. e. Law enforcement can provide training and should also be aware of the threat assessment process. 	<p>Training is required on many different levels. Teacher/Administrator certification requires 2-hours of training for both Child Abuse and Violence Prevention. Annual school safety training for all students and staff is required to be completed by September 15th of every school year. Parents are made aware of their role by providing them with a copy of the Code of Conduct and summary of Emergency Response Procedures. School districts works closely with law enforcement to provide training and establish procedures.</p>

UNITED STATES SECRET SERVICE ENHANCING SCHOOL SAFETY USING A THREAT ASSESSMENT MODEL

An Operational Guide for Preventing Targeted School Violence

National Threat Assessment Center
July 2018

U.S. SECRET SERVICE SCHOOL SAFETY RESEARCH

Over the last 20 years, the U.S. Secret Service National Threat Assessment Center (NTAC) has conducted research, training, and consultation on threat assessment and the prevention of various forms of targeted violence. Following the tragedy at Columbine High School in April 1999, the Secret Service partnered with the Department of Education on two studies related to school safety. Published in 2002, the *Safe School Initiative (SSI)* examined 37 incidents of targeted violence that occurred at elementary and secondary schools to analyze the thinking and behavior of students who commit these attacks. The report, and accompanying guide, served as the impetus for establishing threat assessment programs in schools. In 2008, the agencies released the Bystander Study, a report that explored a key SSI finding that prior to most attacks, other students knew of the attackers' plans, yet most did not report it to an adult. The report highlighted the importance of creating safe school climates in which students are empowered to share their concerns. Since then, NTAC has continued to provide and update training to schools, law enforcement, and others on threat assessment and prevention practices.

U.S. SECRET SERVICE'S LATEST INITIATIVE REGARDING SCHOOL SAFETY

The tragic events of the February 14, 2018 shooting at Marjory Stoneman Douglas High School in Parkland, Florida, and the May 18, 2018 shooting at Santa Fe High School in Santa Fe, Texas, demonstrated the ongoing need to provide leadership in preventing future school attacks. As such, the U.S. Secret Service, along with many of our partners, have redoubled our efforts and are poised to continue enhancing school safety. As part of these efforts, NTAC created an operational guide that provides actionable steps that schools can take to develop comprehensive targeted violence prevention plans for conducting threat assessments in schools. The guide, titled *Enhancing School Safety Using a Threat Assessment Model: An Operational Guide for Preventing Targeted School Violence*, is available on the U.S. Secret Service website. A condensed overview is outlined on the following page.

KEY CONSIDERATIONS

- In conjunction with physical security and emergency management, a threat assessment process is an effective component to ensuring the safety and security of our nation's schools.
- Threat assessment procedures recognize that students engage in a continuum of concerning behaviors, the vast majority of which will be non-threatening and non-violent, but may still require intervention.
- The threshold for intervention should be relatively low so that schools can identify students in distress before their behavior escalates to the level of eliciting concerns about safety.
- Everyone has a role to play in preventing school violence and creating safe school climates. Students should feel empowered to come forward without fear of reprisal. Faculty and staff should take all incoming reports seriously, and assess any information regarding concerning behavior or statements.

Additional Resources: The full guide provides information and links to additional resources that can help schools create threat assessment teams, establish reporting mechanisms, train stakeholders, and promote safe school climates.

CREATING A TARGETED VIOLENCE PREVENTION PLAN

The goal of a threat assessment is to identify students of concern, assess their risk for engaging in violence or other harmful activities, and identify intervention strategies to manage that risk. This process begins with establishing a comprehensive targeted violence prevention plan that requires schools to:

Step 1: Establish a multidisciplinary threat assessment team of school personnel including faculty, staff, administrators, coaches, and available school resource officers who will direct, manage, and document the threat assessment process.

Step 2: Define behaviors, including those that are prohibited and should trigger immediate intervention (e.g., threats, violent acts, and weapons on campus) and other concerning behaviors that require a threat assessment.

Step 3: Establish and provide training on a central reporting system such as an online form on the school website, email address, phone number, smartphone application, or other mechanisms. Ensure that it provides anonymity to those reporting concerns and is monitored by personnel who will follow-up on all reports.

Step 4: Determine the threshold for law enforcement intervention, especially if there is a safety risk.

Step 5: Establish threat assessment procedures that include practices for maintaining documentation, identifying sources of information, reviewing records, and conducting interviews. Procedures should include the following investigative themes to guide the assessment process:

- **Motive:** What motivated the student to engage in the behavior of concern? What is the student trying to solve?
- **Communications:** Have there been concerning, unusual, threatening, or violent communications? Are there communications about thoughts of suicide, hopelessness, or information relevant to the other investigative themes?
- **Inappropriate Interests:** Does the student have inappropriate interests in weapons, school attacks or attackers, mass attacks, other violence? Is there a fixation on an issue or a person?
- **Weapons Access:** Is there access to weapons? Is there evidence of manufactured explosives or incendiary devices?
- **Stressors:** Have there been any recent setbacks, losses, or challenges? How is the student coping with stressors?
- **Emotional and Developmental Issues:** Is the student dealing with mental health issues or developmental disabilities? Is the student's behavior a product of those issues? What resources does the student need?
- **Desperation or Despair:** Has the student felt hopeless, desperate, or like they are out of options?
- **Violence as an Option:** Does the student think that violence is a way to solve a problem? Have they in the past?
- **Concerned Others:** Has the student's behavior elicited concern? Was the concern related to safety?
- **Capacity:** Is the student organized enough to plan and execute an attack? Does the student have the resources?
- **Planning:** Has the student initiated an attack plan, researched tactics, selected targets, or practiced with a weapon?
- **Consistency:** Are the student's statements consistent with his or her actions or what others observe? If not, why?
- **Protective Factors:** Are there positive and prosocial influences in the student's life? Does the student have a positive and trusting relationship with an adult at school? Does the student feel emotionally connected to other students?

Step 6: Develop risk management options to enact once an assessment is complete. Create individualized management plans to mitigate identified risks. Notify law enforcement immediately if the student is thinking about an attack, ensure the safety of potential targets, create a situation less prone to violence, redirect the student's motive, and reduce the effect of stressors.

Step 7: Create and promote a safe school climate built on a culture of safety, respect, trust, and emotional support. Encourage communication, intervene in conflicts and bullying, and empower students to share their concerns.

Step 8: Provide training for all stakeholders, including school personnel, students, parents, and law enforcement.
