

Knowledge Bowl is an academic focused extra-curricular activity that begins in mid-October and runs through mid-late March unless we are making a push toward the State Knowledge Bowl Meet. The Minnesota Knowledge Bowl state tournament is held annually at Cragun's resort in Brainerd, MN. The tournament is a two-day event, with the first day consisting of a banquet dinner and the written round, and the second day comprising five oral rounds.

In KB, students work in teams answering all kinds of content-based questions from their classes in invitational meets across the state of Minnesota. Today, Knowledge Bowl has grown to include over 800 teams from across the state and is sponsored by the 11 Service Cooperatives of the State.

KB practices are on Tuesdays and Thursdays after school during the season and the competition season typically starts in mid-December and most of the meets are held on Saturdays. Oh yeah! There is a lot of pizza.

The KB teams are paired with other like-ability teams and no, you do not have to be an Einstein to be a member.
