

Alfonso Borrego Sr. Elementary

Military Family Connected Plan

August 2, 2021

In an effort to recognize our military families, Alfonso Borrego Sr. Elementary is proposing the following Military Families Connected plan for the academic year of 2021-2022.

At Borrego Elementary we currently have 11 Military families at our campus. In order to show our appreciation, we are developing an appreciation/ welcome letter. We will also be recruiting our Military Connected students to be part of RAM Ambassadors. These students would be involved in welcoming new Military Connected Students as well as providing a tour of the campus.

Borrego will continue to recognize our Military Connected Families throughout the year with the following activities:

- We will add a piece on our monthly newsletter featuring one of our MCF or providing interesting facts about military life
- Promote MCF involvement in different campus activities such as Career Week/Day Presentations, Veteran's Day Parade, Classroom presentations, sponsorship of MCF club among others.
- September – Feature our MCF parents during College Pep Rally
- Monthly Activities – Wear Purple or military shirt Thursday, newsletter piece
- November MCF Hall decoration- Each hall will select a different branch of the Armed Forces and decorate accordingly using logos, colors, facts, and careers within that branch
- January – Continue to include military career options during Career Day Presentations
- April – Select a week of various activities such as but not limited to:
 - Wall of Honor – featuring and honoring our Military Connected Youth
 - Wear Purple Day
 - Thank you Notes – Students, Faculty and staff will write thank you notes to our MCF
 - Interesting Facts will be featured on Dojo
 - Armed Forces Day – the different logos and songs of the armed forces will be featured on Dojo and announcements
 - Purple heart ribbons – Decoration of purple heart will go up on the fence
 - MCF tribute around the flag pole.
 - Bulletin board assigned to honor/showcase our military connected families

We will continue to strive toward finding ways to support our military connected students/families. It is a true honor to serve these families that have sacrificed much to serve our community and our country.
