December 1, 2022

Central Office Board Room

Minutes

Good morning. Called to order at 9:05 am.

Welcome

Roll Call

Alarcon

Borrego

Sambrano

Loya

GEMS

High School

SPED Counselor

Parents

Dr. Meza-Chavez and Dr. Segovia could not be here, but they said welcome and thank you.

Mr. Jaquez, Food Service

I will be retiring at the end of December. We need continuity, so I would like to welcome Aggie Reyes who is coming from Socorro as the new Director.

AR-will be a sponge for the next 2 weeks.

We have brought a new item that we would like to incorporate into our menus. Students have asked about adding brisquet. For the last week of December, we are doing a festive type week, brisquet, tamales, posole, glazed ham. Items we associate with this time of year. This dish has seasoned potatoes, with some cheese, with brisquet (1 oz). Promote increased in consumption of fruits and vegetables. Students have access at school, but not always eat them. We will start some marketing to get them to eat more outside of school. We are looking at a grant to help support this. Same as whole-grains. Working with liaisons to do other activities and tie in the nutrition portion. We always bring "a little taste of San Eli" so that parents can be advocates for the food being served by the district. Abuelitos Kitchen supports this as well. Show them different foods and how to make better choices in eating habits. Everyone grab some food and then we will continue.

What do you think of the items, all thumbs up. Tri-annual Wellness assessment will be submitted in June. We worked on them last year, but we need to go back and update anything that we need to do.

Voting for calendar (4-day), will affect food services and we are adjusting our budgeting plan to make sure that the students have good meals.

We have something to share with you. I will turn it over to Nora Garcia. Counselor from Alarcon, Sambrano, and Loya presented items made by the students to Mr. Jaquez. The Social Workers thanked Mr. Jaquez. Ms. Flor thanked him on behalf of the parents

Follow up on American Heart Association Activities,

Look at the flyers and let me know if any campuses are doing these activities. I can share the links to their information showing links. February is heart month, so we can start planning.

Mendez-We do stuff like this already, but is there a cost to get the items
I will follow up with Ms. Stansbury about cost.

Vaping:

One of the biggest problems is the vaping. I have included a Parent Tool-Kit in English and Spanish for us to share with our parents. We need their assistance and want to help them be more aware. Ms. Ortega has been doing presentations to parents.

At Loya and the elementaries do presentations to the students on this as well as social emotional concerns. Making better choices. It is all age appropriate. Through PBIS.

Burt's Bees Wax (peppermint) under their eyes, Beezing. Gives them a high. (2016)

Kristen Ortega: good

Loya:

PBIS: Plans for December, muffins, popcorn for the last early release day (16th)

Every classroom has a common area; canopy where the can calm down. Sad, scared/afraid/tired.

Strategies on how to calm,

January-welcome back activities and begin planning for February

Student of the month 8:30 / 10:00

Parent sessions

Nurse: Health screenings done, immunization almost completed updated, gave parents information on the rvs that is going around

Graves: 1-2-3, Military soldiers come in

Alarcon:

PBIS: Teachers working with coordinator, working with STEM, making boats. Student engagement by making it fun for them.

Parent meetings-grown a lot, community is so giving and caring, bullying sessions, love is the foundation

Math Night-Ms. Garcia got 1000 pairs of pants donated so every student walked away with new pants.

There are boxes for the other campuses. Parents were there to participate with their students.

GT Night-c

Christmas give-away: families have been chosen, they will get to meet Santa, meal, et

Extracurricular activities after school various clubs in place, Friendship Club, Coding Club, flag football, volleyball

Military connected campuses

Kindness is priority

Red-ribbon week: DEA Marshalls Sheriff

Calming corner-everyone is aware of the kids that need the most help, so they are watching out for them

10th Annual Dancing with the Stars by Floes, entrance fee is canned goods, donations go to the San Eli Food Bank,

Fitness Gram pre-test
