Reflections of you and me

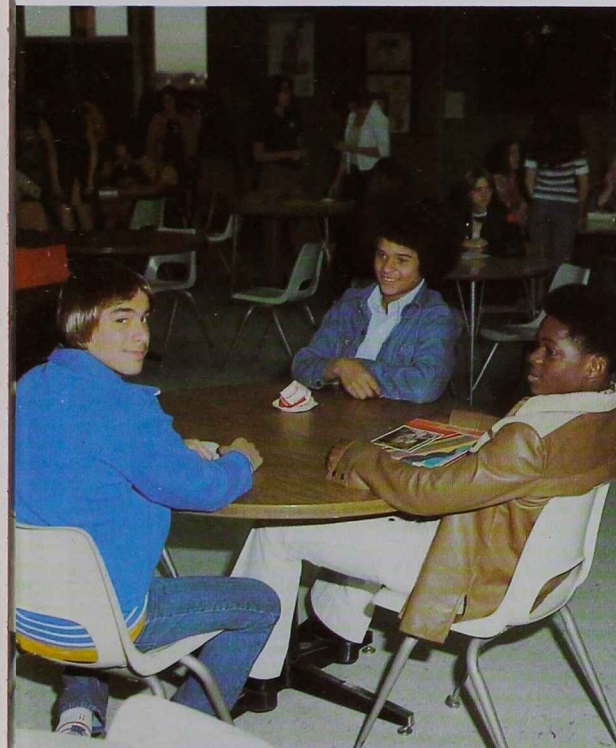

We cannot see the beautiful sun reflecting on the mountains from where we sit. We sit in rooms where there are no windows. These rooms freeze us in the winter and roast us in the spring. When these enclosed classrooms get too stuffy for us, sometimes we ditch to either the back of the school or to the side parking lot for a smoke or just for some fresh air. Once in awhile, we go up to the mountains. Sometimes we see our reflections in the icy streams. And we usually get busted for such behavior.

Once in awhile the school lunches get a bit monotonous,

so we skip out to McDonald's or Taco Bell.

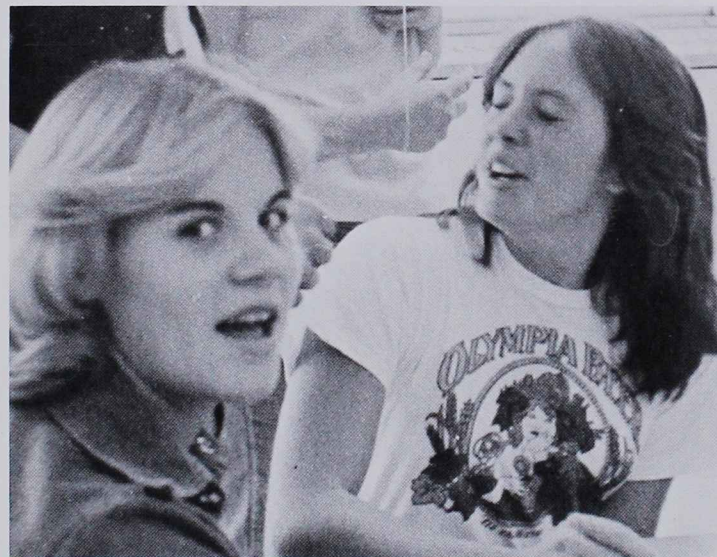

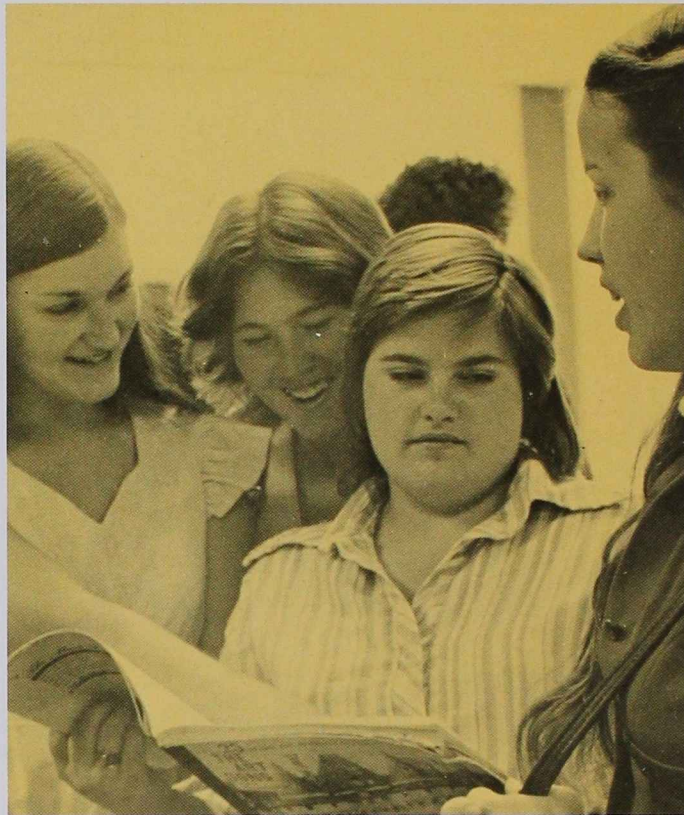

Either driving to lunch, games or when loneliness strikes, our radios blast with the music of Lynard Skynard, Peter Frampton, Bay City Rollers or Three Dog Night. While cruising down Sixteenth Street, we flip the channels to KIMN, Q103, KX, and KDKO. McDonald's is our favorite meeting place after games. We meet wearing those funny looking earth shoes, or sixty dollar hiking boots, faded blue jeans that look ten years old or jean jackets to match; and some of our friends really dig beards and moustaches . . .

Reflections of us

We always try to understand one another's emotions. Sometimes it is very hard because we are growing, and some emotions are new to us; and we haven't really had the time to learn of them. There are times when you just don't feel like coming to school or like talking to me-- even when you know that I need you, my friend, to help me understand myself, and you need me to help you understand yourself.

The 1976 Presidential Election was held November 2. Highland students had a mock election Friday, October 29, during lunches. Carter won.

Video tapes of the three debates were shown during the English classes on September 23, 24, October 7 and 29. These debates, which were shown on all three networks, were sponsored by the League of Women Voters. Mr. Nadon's U.S. Government students held mock debates to inform students on the issues during periods one and six on October 26, 27, 28.

Kennedy and Nixon had the first televised debate in 1960, but Ford and Carter were the first to hold three separate debates: on Sept. 21 they debated domestic issues; on Oct. 6 they debated foreign policy; and on Oct. 22 they debated all issues. The first Vice Presidential debate in the United States history was held on Oct. 15 between Dole and Mondale.

Varsity football

The football team, under head coach Mr. Gerry Houck, finished first place in the National Division of the Skyline League.

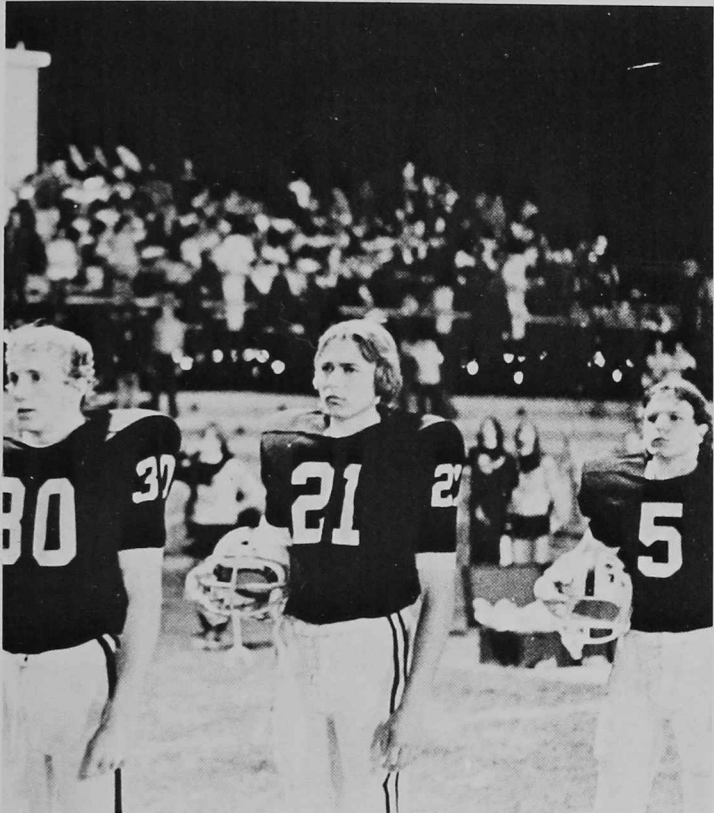

They had a slow start, losing their first four pre-season games. However, they turned to the practice field and to films to find their mistakes. The result was a 5-5 season. In addition they did something no other Highland football team has done -- they won five games in a row.

One of Coach Houck's favorite lines was, "You play like you practice;" and they did just that.

Will ski weather ever come?

This year's ski season seemed like it would never come. The snowfall was so low that some ski resorts considered financial disaster aid. We all had to wait patiently; some of us even day dreamed about how great it would be skiing down a snow - packed slope.

Spring registration

Final registration for the second semester was held January 5.

Student schedules were put together by computers with the selections taken during pre-registration.

Many times an unequal balance of students wanted to get into certain classes. This caused conflicts within their own schedules. Annoying hours were spent between teachers and students trying to find classes that fit their schedule needs.

The team as a whole placed seventh in the Skyline League and eighth in League Relays.

The power of the team was made up of four seniors and nineteen returning underclassmen for a strong back-up.

Training was the key

Training was a key formula for Coach Taylor this year as he had the team ready for the '76-77 season. The formula consisted of hard work and dedicated players who filled the positions in the varsity program.

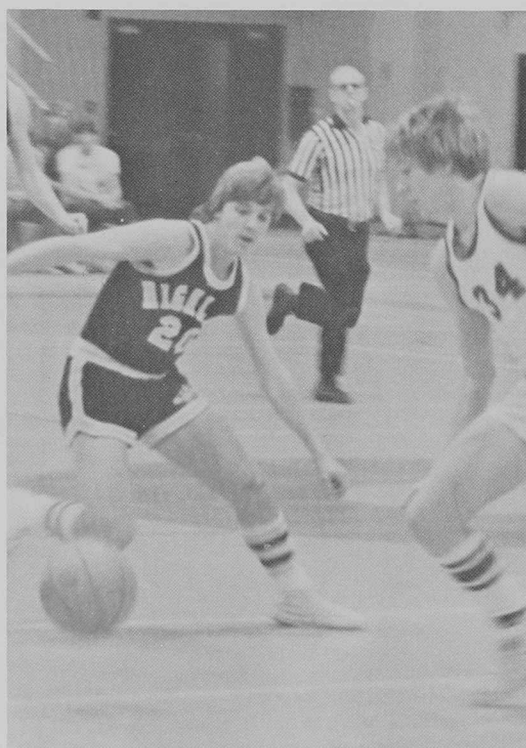

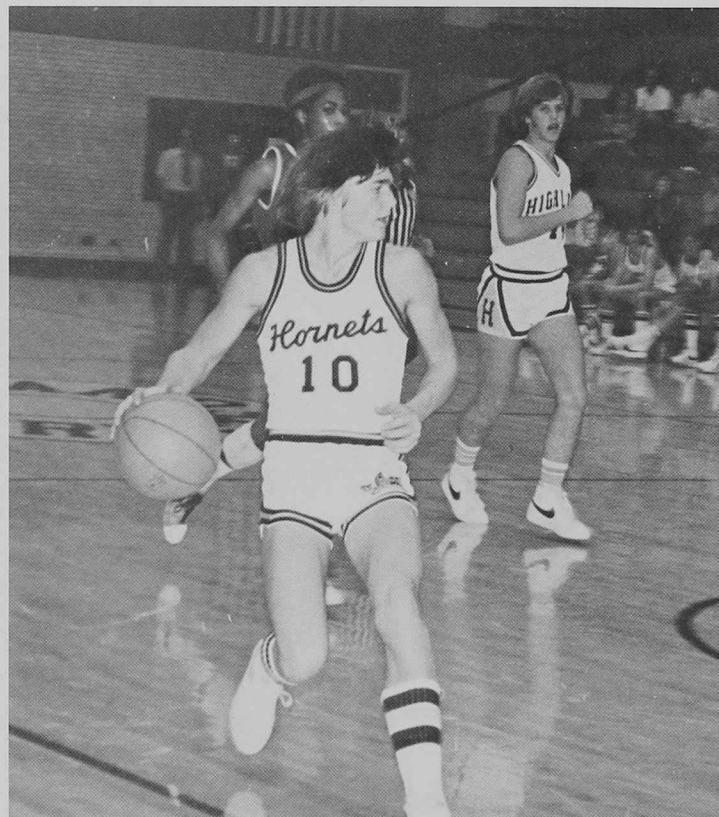

The Hornets were a young group with seven juniors, one freshman and three seniors.

The team entered Districts with a 13-5 record and finished second in the National Skyline League.

Favorite faces

Ninety per cent of the Highland High staff are involved in co-curricular activities. Of these, twenty are coaches and thirty-three are sponsors of clubs, teams, organizations or classes.

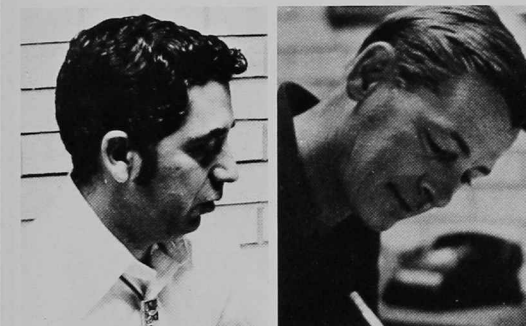

From a survey, I learned that they do this because they want to and enjoy working with the students.

As one teacher said, "It really gives you a great sense of accomplishment when a student does well at something you have helped him learn."
