

# MADJAX 2023 FALL PROGRAMS

MAKER FORCE

## ADULT & COMMUNITY

Join us and explore new areas of innovation, creativity, and connection through one-of-a-kind workshops. Bring friends and meet up at Madjax!

Create your own paper mache masquerade masks. Masks may be customized for cosplay, Halloween, mardi gras, or a costume ball.

Intro to Vinyl is a three week hands-on class series designed to introduce students to the fascinating art of designing, creating, and applying vinyl decals.

Connect with other older adults during this six session class. Learn the basics of hand-building pottery techniques including clay preparation, treatment, and glazing.

Learn to stitch and embellish unique notebooks using ephemera, stamps, waxed linen cording, and upcycled materials. These make lovely upcycled gifts that you can make in batches!

Build a two-string guitar using a cigar box and a round wooden dowel. Install an electric guitar pickup, and learn the basics of tuning and playing the instrument using a guitar slide.

Create your own custom photo ornament! Print a photo onto fabric, then learn basic embroidery stitches and techniques to embellish and creatively adorn your favorite photos.

Design and create your very own custom monogram or image rubber stamp using the Glowforge Laser Cutter.

Create and sculpt your own custom ceramic holiday ornaments made from clay.

## YOUTH & FAMILY

Make memories and fun projects with your entire family! Explore the world of design and fabrication at one of our hands-on workshops.

## FALL FESTIVAL

**OCT 5  
5-8 PM**

In partnership with the East Central Neighborhood Association, bring your family to Madjax for pumpkin carving and fun activities!

Join the Ball State University College of Architecture and Planning for a two-part workshop to explore the processes designers use to shape the world around us.

Come explore the design process through paper airplanes and gliders in this hands-on and interactive workshop for youth and families.

Come join us in creating a canvas tote bag perfect for trick or treating! Design a bag that matches your Halloween costume, or features a character you love.

This delightful and interactive workshop is designed to bring friends and families together with fun, creativity, and bonding through games.

## START YOUR MAKER JOURNEY TODAY. BECOME A DESIGN LAB MEMBER!

Explore all that the Design Lab has to offer with a monthly membership! Get an individual membership for just \$35 per month. Family and organization options also available. To learn more, contact Andrew Arthur, Design Lab Manager, at [andrew@madjax.org](mailto:andrew@madjax.org).

In partnership with the East Central Neighborhood Association, bring your family to Madjax for pumpkin carving and fun activities! Also, explore the Madjax Design Lab and learn about all the tools you can use to make your own spooky costumes and creations!
