### NUTRIKIDS POINT OF SALE COMPUTERS

The Food Service Department uses the NutriKids computerized system in all cafeterias. Each student has their own account and pin number, and deposits in any amount may be made to the student's personal account. Any time you have questions about your child's account, you may contact your child(ren)'s cafeteria manager for a "History Transaction Report", which shows all transactions made in a student's account.

[MySchoolBucks](#)

[MySchoolBucks](#) has a smartphone app, which makes paying for school meals even easier during the school year. Now parents have one more way to conveniently pay for their students meals!

Please take advantage of the options to prepay your student's meal accounts. Prepaid meal accounts help the lunch lines go faster and gives students more time to eat. It also gives you the peace of mind of not having to worry about looking for lunch money every day or worry that it might get lost, stolen or used for other things other than lunch.

You can also set up in your account to receive "low balance notification" emails based on the amount you choose. When your child's balance goes below that amount, an email message will be automatically sent to the email address in your user profile.

Hover your mouse cursor over Meal Accounts and click Cafeteria Meal History. A list of purchases made in the cafeteria will appear. Please note that only up to the last 90 consecutive days will be displayed under your child's transaction history.

Things to know about [MySchoolBucks](#):

The convenience fee per transaction is \$ 2.75.

[MySchoolBucks](#) accepts debit, credit, and e-check payments.

MySchoolBucks accepts Visa, Discover, and Mastercard credit card payments

*Parents may fund up to \$120 per student, but a family may pay for all of their students on a single transaction.*

## **On-line Payments**

Online payments are a simple, safe and secure way to make payments to your students account 24 hours a day at your convenience.
