By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local

measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2022–23)

Bernal Intermediate School believes that teaching and learning needs to occur in safe environments that support the overall needs of students and adults. Schools, home and community share responsibility for student success through proactive communication and respected “voice” for all stakeholders. At Bernal, teachers and staff maintain high expectations around the belief that all students can, and will, meet and exceed academic and behavioral standards, given the right support. Teachers and staff engage in year round interdisciplinary teams with clear standards of professional practice, monitoring, and accountability. Teachers and staff support each other around instruction and school climate. All students will have access to rigorous curriculum and assessments that are directly aligned to the standards. Instruction uses students’ prior knowledge, learning styles, and cultural background. The COVID-19 pandemic has created conditions at Bernal Intermediate School that compelled us to stop, reflect and identify the impacts that a year-and-a-half of distance learning created for our school community. These impacts have influenced our parent and teacher community with a goal in 2022-23 to prioritize communication with our stakeholders. With regard to the top goal, actions or strategies, our community overwhelmingly wanted to see positive academic gains for all student populations. These and other community activities will be adapted to the current learning environment as we progress through the school year (e.g. virtual, in person, modified). Our core values remain focused on rigorous instruction, safe school environment, collaborative planning and learning, and pride in who we are as a school. Student outcomes are at the center of what we do. Through an interactive and developmental approach, we work as a team to establish a positive and safe school climate, building community, purpose, belonging and school spirit, all to ensure that classroom instruction remains rigorous, relevant and meaningful predicated on strong, positive adult to student relationships. Bernal uses data both formative and summative data to guide instruction as well as social-emotional lessons. Data from department professional learning communities, interdisciplinary teams, district assessments (i.e. iReady Reading and Math Diagnostic), and state assessments (i.e. SBAC, CA Dashboard Overall Academic Performance Levels, ELPAC, reclassification), teacher/department weekly, bi-weekly, and monthly assessments help drive the development of future lessons, and we do student socialemotional check-ins four times a week during school-wide Advisory period. We monitor student progress and student social-emotional well-being daily and weekly during check-ins with staff, department and team meetings, committee meetings, and professional development. Bernal offers unique elective courses such as AVID, Biomedical Engineering, App Creator, Ethnic Studies, Digital Arts and Design, Chess, Symphonic Band, Piano, Art, Advance Art, and Leadership. Our school is trained in Professional Learning Communities, PBIS, Restorative Practices, Cycle of Inquiry, and WICOR (Writing, Inquiry, Collaboration, Organization, Reading) strategies.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Bernal Intermediate School is comprised of a large two story building that houses administration, science, music, locker rooms, kitchen, and multipurpose room on the first floor, a library and classrooms on the second floor; there is a single story building used for physical education and trainer rooms and a large gym that was recently constructed.

Oak Grove School District maintenance staff completed the FIT inspection in January 2023. During the Summer '22, the site received a voluntary seismic modification project thank to local bond measure S. This was the first phase of a multi-year modernization of the roof, new heating ventilation and cooling system, new fire alarm system, and new exterior painting. The District will continue with the modernization Summer '23 and Summer '24.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	40%	N/A	41%	N/A	33%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–

21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2022–23)

OGSD's efforts to solicit stakeholder feedback to inform stakeholders of the reopening plan for the 2022-23 school year, the use of federal categorical monies as it relates to the School Plan for Student Achievement and the Learning Continuity and Attendance Plan, began in June and continued regularly throughout the development process. OGSD's reopening plan explicitly identified research, survey and data collection as the first and foundational phase of planning. Engaging in outreach and surveying stakeholders has provided and continues to provide staff and administration invaluable input to inform the school's planning in Academics, Attendance, Engagement, Culture and Climate, Nutrition Services, and Public Health. In addition to surveys, beginning in June we also convened a Reopening Schools Taskforce with over 84 District Stakeholders. We continue to use digital google meet and zoom meetings in order to gain parent stakeholder input for the development and approval of this plan.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

School Safety Plan (School Year 2022–23)

Providing a safe school is a high priority for Bernal School. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensures success for all students. Prevention education at Bernal includes supplemental programs and policies including Restorative Justice Practices, Positive Behavior Intervention System (PBIS), conflict resolution, conflict/peer mediation, positive discipline, refusal training for students and parents for drugs, gangs, alcohol, substance abuse, bullying, harassment, cyberbullying, and graffiti. Bernal also uses Bronco Bucks to help meet its school climate goals. Bronco Bucks allow our school the opportunity to

monitor forms of student behaviors, document and recognize positive student actions, track student attendance at school events, and assist teachers with classroom management. Bronco Bucks focus on enhancing PBIS systems at the school level to help achieve goals for improving climate and culture, including increasing the ease of school to home communication and notification. Staff will have the ability to walk the school campus and instantly reward students for target behaviors, using our previously established reward system that focuses on acknowledging specific positive social and academic student RISE behaviors. The use of Bronco Bucks will be aligned with school-based reward and recognition programs described in the PBIS plan for a more efficient analysis of the outcomes. Bronco Bucks are designed to reinforce desired learning behaviors and improve the overall quality of the learning experience where:

- Students are provided opportunities for reinforcement of desired behaviors to encourage their positive behaviors and mitigate their not-so-good habits.
- Instructional staff are given the tools they need to enhance their partnership in the immediate reinforcement of positive behaviors for all students.
- Administrators are given the tools to identify and support differentiated strategies for top-performing students and those who may need additional intervention.

Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships. We also have ongoing classroom instruction to focus on the life skills of empathy, anger management, and problem solving. Advisory sessions weekly offered through our teaching staff provided students with opportunities to develop goals, responsibility and high expectations in the middle school setting. We strive to improve the system of publications to students, staff, and community which will include or focus on student awards/recognition, rewards, school activities, achievements, acknowledgments, and announcements.

Types of Services Funded (Fiscal Year 2021–22)

We offer a tiered serve model for programs and services funded during the 2022-23 school year. The initial level of academic behavioral and social emotional services and programs happens in the classroomsSchool Accountability Report Card [https://sarconline.org/public/print/43696256072177/2020-2021\[2/8/2022 9:32:16 AM\]](https://sarconline.org/public/print/43696256072177/2020-2021[2/8/2022 9:32:16 AM]) with teachers. For academics, teachers use board-approved curriculum to support all of the content standards in each grade level. Behaviorally and socially emotionally, teachers use PBIS and RISE expectations that are taught, reinforced, and rewarded each day of the instructional year. For social emotional support, teachers use NearPod, another digital platforms to continue check in, monitor, and address social emotional areas of need that arise from time to time. The next layer of support and program comes from our administrative support team. The services include referrals to in school counseling, referrals to outside community-based agencies such as schooling services, and individual and family out reach that supports basic daily necessities of life. Utilize additional parent support opportunities through parent meeting such as home and school association, school site council, the lack, and coffee klatch. Supplemental academic support is provided through digital tutoring that takes place outside of the instructional day. Supplemental social emotional and behavioral support comes in the form of counselors doing one-to-one check 's, home visits that are socially distant and maintain safety and health standards following county health department guidelines, and check-in's by phone on a regular basis.
